- Approval on Consent Agenda
- Conference (for discussion only)
- Conference/First Reading (Action Anticipated: _____)

Recommendation: Receive the budget update.

Background/Rationale: On January 10, 2020 Governor Newsom released the 2020-21 State Proposed Budget including the proposals for K-12 Education. Of the proposals for K-12 Education, there are two items that may have a significant impact on the District's multi-year budget projections, a decrease in COLA and an increase in special education base funding rate.

With all interim financial reports, the District is required to submit a Fiscal Recovery Plan that provides a plan of options to achieve the necessary reductions to avoid a fiscal crisis. As of the 2019-20 First Interim Financial Report the District projected that a \$27 million solution would be required to achieve fiscal solvency.

The First Interim Fiscal Recovery Plan will be presented separately at the February 6 Board Meeting for approval.

Financial Considerations: Identify projected impact to District revenues based on Governor's January Budget Proposal.

LCAP Goal(s): Family and Community Empowerment; Operational Excellence

Governor's 2020-21 Budget Update

February 6, 2020

I. OVERVIEW/HISTORY:

The District approved the 2019-20 First Interim Financial Report at the December 19, 2019 Board Meeting. The 2019-20 First Interim information presented to the Board was based on the 2019-20 Enacted State Budget.

On January 10, 2020 Governor Newsom released the 2020-21 State Proposed Budget including the proposals for K-12 Education. Of the proposals for K-12 Education, there are two items that may have a significant impact on the District's multi-year budget projections, a decrease in COLA and an increase in special education base funding rate.

II. Driving Governance:

- Education Code section 42127 requires the Governing Board of each school district to adopt a budget on or before July 1st. The budget to be adopted shall be prepared in accordance with Education Code section 42126. The adopted budget shall be submitted to the County Office of Education. The County Office of Education will determine if the district will be able to meet its financial obligations during the fiscal year and the subsequent two years. The County Office of Education will either approve, disapprove, or conditionally approve the district's budget.
- Education Code section 42130 requires the Superintendent to submit two reports to the Board of Education during each fiscal year. The first report shall cover the financial and budgetary status of the district for the period ending October 31st. All reports required shall be in a format or on forms prescribed by the Superintendent of Public Instruction.
- Education Code section 42131 requires the Board of Education to certify, in writing, whether the district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent two fiscal years. Certifications shall be based on the Board's assessment of the district budget. Certifications shall be classified as positive, qualified or negative. This education code section also outlines the role of the County Office of Education.
- Education Code section 42131 (3)(e) directs districts to provide additional reports to the County Office of Education as of June 1st, if a Qualified or Negative Certification is reported as of the Second Interim Report.

III. Budget:

The following two key items are included the Governor's Budget Proposal's for the 2020-21 K-12 Education Budget.

Governor's 2020-21 Budget Update

February 6, 2020

The first budget proposal is a projected decrease in COLA starting in 2020-21 fiscal year and continuing through 2022-23. The following tables provide a comparison between what the District was projecting for COLA as of the 2019-20 First Interim report and the Governor's proposed COLAs. As the tables show the proposed COLA changes will result in a projected decrease in LCFF revenue in future years.

2. Special Education Funding Increase to AB 602 Based Rate

The second significant budget proposal is a projected new rate to the existing AB 602 base rate for Special Education on an on-going basis. The proposed new rate per ADA has been estimated to be between \$640 and \$680 per ADA. This proposal may also include a new base formula but the exact details are not yet available. The District applied a rate of \$640 per ADA in the projected calculations. As more definite information becomes available, the District will update this projection accordingly. The table that follows provides the impact of the proposed AB 602 funding rate of \$640 per ADA.

Two additional funding proposals included in the Governor's 2020-21 Budget for special education include possibly eliminating the deficit factor and one-time funding for preschoolers but the preschool funds are restricted to increasing services. It is unclear if the Governor's intent is to eliminate the deficit factor and therefore, this has not been included in the District's budget update.

IV. Goals, Objectives and Measures:

Continue to provide information to the Board and the public including required reporting periods such as First, Second and Third Interim reports.

Follow the timeline, identify all budget cuts and savings, take action to implement such savings as required by law, District policy, and applicable bargaining agreements.

V. Major Initiatives:

Continued analysis of information from the State and its impact on District finances.

VI. Results:

The District must identify potential savings to achieve a \$27 million solution and avoid a State take over.

VII. Lessons Learned/Next Steps:

- Continue to monitor the State budget and its impact on District finances.
- Continue to obtain stakeholders' input, follow the LCAP process and meet with bargaining units to seek cost reductions and long-term budget savings.
- The District's 2019-20 Second Interim Financial Report will include additional information and new updates.
- In May 2020, the Governor will release (May Revise) updated projections for the 2020-21 State Budget. The May Revise will inform the District's 2020-21 budget development and multi-year projections. However, between May Revise and the State Adoption, the State Budget may undergo further revisions that may impact K-12 funding. Therefore,

First Interim Fiscal Recovery Plan

February 6, 2020

I. OVERVIEW/HISTORY:

On October 3, 2019 the Sacramento City Unified School District's ("District") Board approved the 2019-20 revised adopted budget which was disapproved by the Sacramento County Office of Education (SCOE) due to the projected negative ending fund balance in 2021-22. The District's Board voted to waive the formation of the Budget Review Committee which was approved by the California Department of Education. The Fiscal Advisor assigned by SCOE has continued to work with the District providing fiscal oversight and guidance.

As of now, the District has not achieved sufficient reductions to resolve the on-going structural budget deficit which is projected to increase in future years. If corrective action is not taken, the District is at risk of fiscal insolvency and potentially a State takeover.

The current financial status as of the 2019-20 First Interim Financial Report projects that on-going reductions of twenty-seven million dollars (\$27,000,000) are required in order to balance the budget, satisfy the state-mandated 2% reserve and avoid the fiscal crisis (State takeover).

2% Required Reserve	11,569,964	11,756,481	11,694,706

The District's cash flow reports (2019-20 First Interim SACS multi-year report) project a positive cash balance through October 2021 but starting in November 2021 the District is projected to have major cash challenges. Although Districts can manage temporary negative cash balances through interfund transfers until cash is received, the District's projected cash flow needs exceed this temporary solution. Therefore, the District must implement reductions of \$27 million no later than July 2021 in order to prevent a zero cash balance and avoid a fiscal crisis.

The following graph compares the District's projected cash balances for the budget year 2019-20

through the future years 2020-21 and 2021-22 as of the 2019-20 First Interim Financial Report.

Budget Reductions Implemented

Over the past year, the District has identified and implemented more than \$30 million in on-going non-negotiable budget reductions. Identifying further savings from non-negotiable items will be extremely limited or adversely affect student achievement. The additional non-negotiable items considered for budget reductions revealed that any possible budget savings would be inconsistent with the District’s budget balancing priorities and would also result in unintended financial consequences. SCOE supported the District’s conclusion that eliminating any of these programs would negatively impact students and, therefore, should no longer be considered to be part of the budget balancing plan.

Programs No Longer Considered for Budget Reductions	
Athletics	Leadership Positions for:
Music Equipment	Master Schedule and Instruction
Instructional Technology	Social/Emotional Learning
PSAT/SAT Test Fees	Innovative Schools
College & Career Visits	Gate/AP Programs
Student Interventions for students not demonstrating grade readiness	Research and Data
	New Teacher Induction

The District’s prior reductions also included positions at the District office, administrator level and

staffing adjustments consistent with student enrollment numbers. The District’s projected enrollment is showing declines of approximately 227 students in 2020-2021 and 190 in 2021-22. Staffing adjustments will be implemented as needed but these adjustments are not expected to be as significant as in prior years.

State Auditor Budget Recommendations

The District has reviewed and analyzed the following recommendations from the State Auditor.

Options Subject to Negotiations	
(1) Potential Changes to Salary	
Cut to all salaries by 2%	6,854,000
<i>Source: State Auditor Report 12/10/19</i>	
(2) Staff pay 3.5% of salary to retiree health benefits	
<i>assumes contribution would reduce GF cost</i>	9,997,000
(3) Cap district payment at 80% of the lowest-cost plan for employee only and family plans	\$20,419,000

Student Centered Fiscal Recovery Plan

We believe that students should be at the center of all budget decisions and that we must work collaboratively to protect funding for core academic programs and services. As we continue this work, we are guided by our core values and reminded that these values are not limited to our students, but should be applied when making decisions related to our employees. The District has identified proposed budget reductions necessary to save our schools from a takeover. The District’s \$27 million shortfall will not be resolved without negotiated solutions. While we have considered the type of options proposed by the Auditor, the District has determined not to propose a reduction to employee salaries, but rather to modify health care premium contributions consistent with other comparable districts. The District is seeking to return to District healthcare benefit contributions that are in parity to comparable school districts while maintaining high quality benefit plans for employees.

The table on the following page shows the impact of implementing a \$27 million budget solution effective July 1, 2021.

The District is committed to identifying areas where savings may be achieved in a manner that is fair and equitable without substantial disruptions to our educational programs. The District will continue to evaluate its programs and staffing levels, and other supply and services expenditures in order to determine whether additional non-negotiable savings may be achieved. This analysis will continue throughout the Second Interim period for its report to the Board. The following table provides a list of options.

I. Overview/History of Department or Program

The District will establish a 5% reserve level for general fund expenditures that meets or exceeds the requirements of 5 CCR 15443.

In October 2018, FCMAT conducted a Fiscal Health Analysis Study of the District. The Fiscal Review Report presented to the Board in December 2018 contains the findings of the study. The District has been working with the Fiscal Advisor and staff to implement FCMAT's recommendations.

In March 2019, the District was notified by the California State Auditor's office that an audit of the District would be conducted. The audit was completed and the report was released in December 2019.

The recommendations of both the FCMAT Report and the State Audit Report support the District's decision to revise and implement policies which will guide the District's budget process.

II. DRIVING GOVERNANCE:

- Education Code section 42103 requires the governing board of each school district shall hold a public hearing on the proposed budget in a school district facility, or some other place conveniently accessible to the residents of the school district for public inspection.
- Education Code section 42127 requires the Governing Board of each school district to adopt a budget on or before July 1st. Article XIII section 36(e)(6) requires the Governing Board to approve Education Protection Account proposed expenditures in open session of a public meeting. The budget to be adopted shall be prepared in accordance with Education Code section 42126. The adopted budget shall be submitted to the County Office of Education. The County Office of Education will determine if the district will be able to meet its financial obligations during the fiscal year and ensure a financial plan that will enable the district to satisfy its multi-year financial commitments.

III. BUDGET:

Due to the importance of maintaining reserve levels during stable and volatile economic times, the District will establish a 5% reserve for general fund expenditures. Furthermore, the District shall consider any proposed use of One-Time funding and shall take separate action to approve such uses.

IV. GOALS, OBJECTIVES AND MEASURES:

Maintain fiscal solvency, restore stability and address the long term financial issues of the District.

V. MAJOR INITIATIVES:

Maintain a 5% reserve level to address economic uncertainty.

The Consultant is not authorized to change, revoke, alter, enlarge, relax or release any requirements of the Construction Documents or to approve or accept any portion of the work not conforming to the requirements of the Construction Documents. Communication between the Consultant and Contractor with regard to quality review shall not in any way be construed as binding the Consultant, the Architect, or the District or releasing the Contractor from performing the work in accordance with the Construction Documents. No action taken by the Consultant shall relieve the Contractor of its obligation to perform the work in strict conformity with the requirements of the Construction Documents, and in strict conformity with all other applicable laws, rules and regulations. EXHIBIT A

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall immediately so inform the District and assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

District and Inspector are each a "Party" and together are the "Parties" to this Agreement.

RECITALS:

A. DISTRICT intends to perform core academic renovations on the campus of Luther Burbank High School, hereinafter the "Project".

B. Education Code section 17311 and Title 24 of the California Code of Regulations (hereinafter "Title 24") require DISTRICT to provide for competent, adequate and continuous inspection for each construction project by a project inspector satisfactory to the Architect or Structural Engineer in general responsible charge of observation of the work of construction.

C. DISTRICT desires to retain INSPECTOR to provide inspection services on the Project. Title 24 of the California Code of Regulations, including sections 4-336 and 4-342.

D. Government Code section 53060 authorizes DISTRICT to contract with persons to furnish special services and advice to District in financial, economic, accounting, engineering, legal or administrative matters, if such persons are specially trained and experienced and competent to perform the special services required.

E. INSPECTOR is at least 25 years of age, has had at least three years prior experience in inspection or construction work on building projects of a type similar to the projects for which INSPECTOR is proposed as the inspector, has a thorough knowledge of building materials, is able to read and interpret plans and specifications and has been approved as a project inspector by the Structural Safety Section, Division of the State Architect (hereinafter "DSA").

F. DISTRICT desires to contract with INSPECTOR to provide inspection services to DISTRICT on the terms and conditions set forth below, and INSPECTOR desires the same. INSPECTOR acknowledges that District is required to obtain DSA approval prior to using INSPECTOR'S services on the project. INSPECTOR agrees to do all acts necessary to timely obtain DSA approval.

In consideration of the mutual covenants contained herein, the parties agree as follows:

ARTICLE 1: DUTIES OF THE INSPECTOR

The duties of the INSPECTOR shall include the duties of the inspector set forth in Education Code sections 17309 et seq., and Title 24 of the California Code of Regulations, and future amendments thereto, including the duties set forth below.

A. General. INSPECTOR shall provide competent, adequate, and continuous inspection during construction or alteration satisfactory to the Project Manager, Architect and DSA. INSPECTOR shall act under the direction of the Architect, or Structural Engineer if applicable, as

the Board of Education of DISTRICT may direct. While performing the services contemplated by this Agreement, INSPECTOR agrees to comply with all applicable laws and regulations.

B. Continuous Inspection Services. In fulfilling Inspector's responsibilities, INSPECTOR shall represent DISTRICT as the inspector on the Project job site. INSPECTOR shall have personal knowledge, obtained by his personal and continuous inspection of the work of construction at all stages of its progress, that the requirements of the approved plans and specifications are being completely executed.

Continuous inspection means complete inspection of every part of the work to insure a workmanlike job is constructed in conformity with the contract documents, all applicable requirements of the DSA and all applicable federal and state laws and local ordinances.

Work such as concrete work or brick work which can be inspected only as it is placed will require the constant presence of INSPECTOR. Other types of work which can be completely inspected after the work is installed may be carried on while INSPECTOR is not present. In any case, INSPECTOR must personally inspect every part of the work. In no event shall INSPECTOR have or assume any duties which will prevent INSPECTOR from continuous inspection of the work of construction in all stages of its progress at the site where INSPECTOR is responsible for inspection.

C. Personal Knowledge. INSPECTOR may obtain personal knowledge of the work of construction, either on site or off site, performed under the inspection of a special inspector or inspector, if any (Section 4-333 of Title 24), from the reporting of others on testing or inspection of materials and workmanship for compliance with the plans, specifications and applicable standards. The exercise of reasonable diligence to obtain the facts shall be required.

D. Relations With Architect Or Engineer. INSPECTOR shall work under the general direction of the Architect or Structural Engineer. All inconsistencies or seeming errors in the plans and specifications shall be reported promptly to the Architect or Structural Engineer for interpretation and instructions. In no case, however, shall the instruction for the Architect or Structural Engineer be construed to cause work to be done which is not in conformity with the approved plans, specifications and change orders.

E. Job File. INSPECTOR shall keep a file of approved plans and specifications (including all approved addenda or change orders) on the job at all times, and shall immediately return any unapproved documents to the Architect or Structural Engineer for proper action. INSPECTOR shall have and maintain on the job at all times all codes and documents referred to in the plans and specifications.

F. Semimonthly Reports. INSPECTOR shall keep the Architect or Structural Engineer thoroughly informed as to the progress of the work by making semimonthly reports in writing as required by Section 4-337 of Title 24, signed by the INSPECTOR. A copy of each such report shall be sent to the DISTRICT's Deputy Superintendent/CFO as designee of the Board of Education of DISTRICT, and to DSA. Failure to comply with Section 4-337 is cause for DSA to withdraw approval of INSPECTOR.

G. Notifications to Division of the State Architect. INSPECTOR shall notify the DSA (1) when work is started on the Project or restarted if previously suspended per no. 4 below, (2) at least 48 hours in advance of the time when foundation trenches will be complete, ready for footing

forms, (3) at least 48 hours in advance of the first pour of foundation concrete and 24 hours in advance of any subsequent and significant concrete pour, and (4) when all work is suspended for a period of more than two weeks.

All such records of construction procedure shall be kept on the job until completion of the work, and shall be made a part of the permanent school records.

I. Deviations. INSPECTOR shall notify the contractor, in writing, of any deviations from the approved plans and specifications which are not immediately corrected by the contractor when brought to contractor's attention. Copies of such notices shall be forwarded immediately to the Architect or Structural Engineer, and to the DSA. INSPECTOR shall safeguard the interest of the District in the construction of the project.

Failure on the part of INSPECTOR to notify the contractor of the deviations from the approved plans and specifications shall in no way relieve the contractor of any responsibility to complete the work covered by contractor's contract in accordance with the approved plans and specifications and all laws and regulations.

J. Verified Reports. From time to time, as the work of construction or alteration progresses, INSPECTOR shall prepare and submit to the DSA verified reports, signed by the Architect or Structural Engineer and INSPECTOR, upon forms prescribed by the DSA, based upon INSPECTOR'S personal knowledge (as defined in Education Code section 17309 that the work during the period covered by the report has been performed and materials have been used and installed, in every material respect, in compliance with the approved plans and specifications, setting forth such detailed statements of fact as are required by the DSA in accordance with Section 4-336 of Title 24. INSPECTOR and his/her/its employees and agents performing services related to this Agreement are not agents or employees of DISTRICT and are not entitled to participate in any DISTRICT pension plans, retirement, health and welfare programs or any similar programs or benefits as a result of performing such services.

E. INSPECTOR and his/her/its agents and employees performing services related to this Agreement are not employees of DISTRICT for federal or state tax purposes or for any other purpose. DISTRICT shall have no obligation to pay wages to such persons or to withhold payroll taxes from compensation paid to such persons for services under this Agreement. INSPECTOR shall be solely responsible for payment of wages, if any, and employer's payroll tax liability related thereto. INSPECTOR agrees to indemnify, defend and hold the District, its Board members, agents, officers and employees harmless from any liability which INSPECTOR may incur to the Federal or State governments as a consequence of this Agreement. All payments to INSPECTOR shall be reported to the appropriate State and Federal tax authorities as required.

F. It is further understood and agreed by the parties hereto that in the performance of INSPECTOR's obligations under this Agreement, INSPECTOR is subject to the control or direction of DISTRICT merely as to the designation of tasks to be performed, and results to be accomplished by the services agreed to be rendered and performed under this Agreement, and not as to the means and methods for accomplishing the result.

G. If in the performance of this Agreement any third persons are employed by DISTRICT, such persons shall be entirely and exclusively under the direction, supervision and control of DISTRICT. All terms of employment, including hours, wages, working conditions, discipline, hiring and discharging, or any other terms of employment or requirements of law, shall be determined by DISTRICT, and INSPECTOR shall have no right or authority over such persons or the terms of such employment. Nothing contained in the Agreement shall be deemed to create any contractual relationship between the INSPECTOR and the Architect or contractor, nor shall anything contained in this Agreement be deemed to give any third party any claim or right of action against the District, the Architect or the INSPECTOR which does not otherwise exist.

ARTICLE 7: FINGERPRINTING REQUIREMENTS

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering to determine that they have not been convicted of a serious or violent felony. If the DISTRICT determines that more than limited contact with students will occur during the performance of these services by INSPECTOR, INSPECTOR will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to DISTRICT.

DISTRICT has determined that INSPECTOR'S services will result in limited contact with pupils. INSPECTOR is required to comply with the conditions listed in Exhibit A, Contractor's certification of compliance with District fingerprinting and security requirements. If INSPECTOR is unwilling to comply, INSPECTOR'S employees may not enter any school site until INSPECTOR provides certification of fingerprinting clearance by the DOJ for employees providing services. These requirements apply to self-employed inspectors.

ARTICLE 8: INDEMNIFICATION AND EXCULPATION

INSPECTOR shall indemnify, hold DISTRICT and its Board members, agents, employees and officers harmless from and defend DISTRICT against all claims, demands, actions or liability for injury or damage, including attorney's fees and costs, to persons or property arising for any reason from the services to be performed by INSPECTOR under this Agreement.

ARTICLE 9: INSURANCE

INSPECTOR shall maintain comprehensive general liability insurance during the life of this Agreement and shall provide the DISTRICT with a current certificate of insurance evidencing its general liability insurance coverage in a sum not less than \$1,000,000 per occurrence, and such certificate or policy shall name the District as an additional insured. INSPECTOR shall carry workers' compensation coverage for INSPECTOR's employees rendering services to DISTRICT under this Agreement. DISTRICT assumes no liability for workers' compensation or for loss, damage or injury to persons or property in the performance of the services rendered by INSPECTOR under this Agreement. The insurance shall protect the INSPECTOR from the claims set forth below that may arise out of or result from the INSPECTOR'S performance of services or failure to perform services under this Agreement:

- a. Claims under Workers' Compensation, disability benefits and other similar employee benefits acts that are applicable to the work performed;
- b. Claims for damages because of bodily injury, occupational sickness or disease or death of Inspector's employees, agents or invitees;
- c. Claims for damages because of bodily injury or death of any person;
- d. Claims for damages insured by usual personal injury liability coverage that are sustained (1) by any person as a result of an offense directly related to the employment of such person by the Inspector or (2) by any other person
- e. Claims for damages, other than to the work itself, because of injury to or destruction of tangible property, including loss of use therefrom; or
- f. Claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.

The Inspector's comprehensive general and automobile liability insurance shall be written for not less than the following limits of liability:

Comprehensive General Liability

Personal Injury: \$1,000,000 Each Occurrence \$1,000,000 Aggregate	Property Damage: \$1,000,000 Each Occurrence \$1,000,000 Aggregate

EXHIBIT A

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall so inform the District and shall assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement.

Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to terminate the Agreement at any time for noncompliance.

7.3 Board Committee Assignments **Conference/Action**

President Ryan shared that, over the last year and a half, the Board has undergone a Board governance journey that has delved into ensuring that they are doing the difficult work of putting in place the processes and practices that will continue beyond the current Board members. They have done monthly trainings which dove into the role of board members, understanding what it means to lead urban school districts with a focus on student achievement and how to evaluate gains in equity as a board and in partnership with the Superintendent. Most recently, they have trained around budget to ensure that they can find the budget skills necessary to carry through these difficult times. Part of the Board governance training also looked at the best practices of effective school governance committees and governance teams throughout the state. One of the things unveiled was that effective school governance illustrates that board committees are sometimes problematic in that decisions should be made at the purview of the full board. Thus, as the Board continues to be committed to effective

governance, in keeping students at the core of all decisions, the Board has had a conversation about moving forward in looking at reimagining the role of committees. President Ryan shared that tonight the Board would entertain whether or not to continue with the committee structure or disband committees and go to full discussions for the benefit of the public and the Board. She acknowledged that, although good work has occurred in the individual committees, the Board believes that it is critical that these conversations be held for the benefit of all Board members and the public at large. The Board sees that the Fiscal and Accountability Committee has been a place where critical work has been done to establish policies and practices around budgeting that were critically lacking and have been documented as lacking in years past. Under the leadership of Member Murawski, significant gains have been made on that front. So after the Board entertains how to move forward with the Board committees, she requested discussing a proposal for how the Board will tackle the work that's been done on Fiscal Transparency and Accountability Committees and how they might use that work as a tool for continuing to grow capacity moving forward.

*Public Comment:
Cecile Nunley*

Board Member Comments:

Member Vang said, as Chair of the Policy Committee, that she was making a motion to bring the Board from committees to bringing the work back to the full dais. She gave various reasons for her belief that this will be better moving forward. She also added that each committee has done great work and that the Board will need to figure out how to summarize that work and bring it to the Board as a whole.

Member Murawski spoke about the large amount of work done by the Fiscal Transparency and Accountability Committee over the last year, and she shared some of the work done. She is excited to bring their work to the full Board. She does not want to lose the focus on fiscal accountability and transparency in the new structure.

President Ryan added an amendment to the motion made by Member Vang. She suggested that the Board commit, from January through June, to do a best practice to have one regular Board meeting per month and have the second Board meeting per month dedicated to the budget. She also asked that the second Board meeting per month, from January through June, be rotated across school sites. Member Murawski seconded.

Second Vice President Minnick said he agrees with the focus but has concerns about limiting focus for an entire Board meeting per month. He suggested carving out a section in the Board workshops that is specific to a budget presentation once per month. He appreciates bringing committee work to the whole Board for consistency of information for all Board members and their resulting decisions. He is also concerned about the amount of time that committees take away from staff.

Member Garcia also appreciates having a new structure of bringing policy conversations to the full Board. She wants to make sure that, as some of these conversations start coming before the Board, that the Board have the conversations over multiple meetings.

Vice President Pritchett said she supports this new structure and thanked President Ryan for the amendment to this Item. She said what is happening in committees is important, but that it is happening in more of a silo. She thinks it is better to work on issues together as a Board.

President Ryan noted that there is a motion and a second to not have committees at all and from January through June the Board will move to once monthly meetings dedicated to budget

and other topics as necessary to do a deep dive, rotating throughout the community and continuing the good work of looking at best practice in budgeting to address fiscal challenges. The motion to move this Item from Conference to Action was then unanimously approved. President Ryan moved to approve the item and Vice President Ryan seconded. The motion passed unanimously.

Superintendent Aguilar underscored his appreciation to each Board member for their commitment around effective governance.

9.3 *Superintendent’s Report (Jorge A. Aguilar)*

Information

Superintendent Aguilar wished all students, staff, and families a happy holiday. Recognizing difficulties that many families will continue to face during the winter break, Superintendent Aguilar went over information on District provided winter lunch meals. He also thanked SEIU for organizing their annual can drive which provided almost 500 pounds of non-perishable food items that were donated to the community. The Superintendent congratulated Camilla Basic Elementary School for being recognized as a 2020 Distinguished Schools Award by the California Department of Education. Six Sacramento County elementary schools also received this award. The Superintendent also reported on the recently released State audit report and different options that the District has, of which he would like to focus on students and meeting their needs.

9.4 *President’s Report*

Information

Present Ryan thanked the Superintendent and continued some of the Superintendent’s message, speaking about the needs of students and also inequalities. She asked the community to work with the District to address challenges. She reported that, in partnership with Patrick Kennedy, we sponsored 100 tickets to the Oak Park Nutcracker performance. She also shared information on a free screening of a Linda Ronstadt documentary.

9.5 *Student Member Report (Olivia Ang-Olson)*

Information

Student Member Ang-Olson explained Title 9, which protects students from discrimination based on sex in education programs or activities that receive federal financial assistance. From her discussion with students, she feels that the District needs to re-evaluate the implementation of Title 9 guidelines on school campuses and gave specific reasons and examples to show why re-evaluation could be warranted. She also gave several specific suggestions and solutions. She also spoke about the possible discontinuation of molecular biology at C. K. McClatchy High School and a forum that was held on the

matter. She strongly urged, on behalf of herself and her peers, that the District and Superintendent maintain student input at the center of the decision.

9.6 Information Sharing by Board Members

Information

Member Garcia spoke to the public comments regarding the recent State auditor report on the District's finances. She requested that the Executive Committee agendaize a formal presentation to the full Board by the State auditor's team and that the presentation happen at the next Board meeting on January 16th. She also requested that the presentation include a mechanism for the public to submit questions prior to the meeting. She would like to see from this a clear understanding of what the scope of the audit was, the data used, and how we move forward.

Member Pritchett shared that quarterly she and the Superintendent meet with the City of Rancho Cordova for a two by two meeting, as she has schools in her trustee area that are in the City of Rancho Cordova. Although our summer learning programs were cut, the City of Rancho Cordova had Measure H funds from which they were able offer a summer learning program at A. M. Winn K-8 School. Great strides in learning came from that in grades 4, 5, and 6, so she is hoping that the City of Rancho Cordova will fund this again and that other cities and counties will take note.

Member Murawski thanked Student Member Ang-Olson for the two issues she shared. She said that the District is looking at the Title 9 concerns and also shared information on the molecular biology forum that was held. She thanked the Superintendent and Assistant Superintendent of Curriculum Matt Turkie for re-evaluating the decision regarding the offering of molecular biology. She also thanked the individuals that have come to the Fiscal Transparency and Accountability Committee over the past year to engage in the public process, and she appreciates their continued engagement as we move forward to a new structure.

10.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

10.1 Graduation and College and Career Indicator Update (Chad Sweitzer and Mary Hardin Young)

Information

Instructional Assistant Superintendent Mary Hardin Young began the presentation and introduced three additional presenters of Item 10.1, the Coordinator of GATE and Advanced Placement Programs Kari Hanson-Smith, LCAP/SPSA Coordinator Steven Fong, and Principal of Hiram Johnson High School Garrett Kirkland. They gave an update on the 2019 graduation and college and career indicator rates.

Public Comment:
Alyandro Cabrera
Kenya Martinez

Board Member Comments:

President Ryan said she appreciated the detailed presentation on both progress and racial disparities in graduation and college readiness. She asked the presenters to speak on the role of master scheduling in ensuring equitable opportunity. She said she would like to understand more about subgroups that have not seen the gains seen in other student populations. Guidance and Counseling Director Christina Espinosa replied to these questions. She shared that regular meetings on master scheduling have been instituted this year with associate principals and that her department is now meeting pretty regularly with liaisons of subgroups, such as foster youth. President Ryan commended Principal Kirkland for his work at Hiram Johnson High School. She is proud of gains in high school graduation and college readiness; however, she is concerned about plateaus.

Superintendent Aguilar asked staff to illustrate master scheduling for advanced placement and spoke on how to address the plateau effect. He noted that one way the state measures college and career readiness is by looking at passing advanced placement test scores. However, the District believes that this indicator potentially has the effect of reducing opportunities for students because of our implicit biases around who might pass advanced placement tests. We therefore hold to the idea that we have to increase the number of students that are eligible to take an advanced placement course. This can only be done if we are offering rigorous and robust first year instruction to students. High school principals want to see that the vast majority of students are eligible to take an advanced placement course. The Superintendent then explained that we would then also know how many seats we must make available to students that are eligible to enroll in an advanced placement course. If successful in retention, we would want to see all students take the advanced placement test. The Board has committed, this year, to cover the cost of the advanced placement tests. Finally, of those that we successfully retained that took an advanced placement test, we then look at how many of them obtained a passing score.

Member Murawski asked if pre-registration will help make staffing more aligned with what is thought is needed on the first day of school. Principal Kirkland answered yes, definitely, and he elaborated on that.

Member Garcia asked for more information on Capital City and American Legion regarding low numbers in graduation and college and career. Instructional Assistant Superintendent Chad Sweitzer explained the different factors that determine the lower numbers. Member Garcia asked if students there are graduating at a slower pace. Mr. Sweitzer said that it depends on the amount of credits students have when they come in. Member Garcia asked, now that these schools are at capacity since mid-October, what options do the

students have? And if their only option is to stay at the comprehensive high school, what supports are provided? Mr. Sweitzer said that Hiram Johnson High School was the first to fill their after school credit recovery program; then it becomes a matter of waiting for a seat to become available. There are some conversations about summer school; that is, to see if sites are able to fund and have classes as well. Member Garcia said she looks forward to hearing, now that we are pre-registering at 9th grade for A-G classes, about providing access and about student completion rates of courses.

Member Pritchett asked if D or lower grades come up as an indicator in the system. She also asked about the effect of staffing restrictions. Principal Kirkland explained how subsequent courses depend on prior courses and how not passing a course and having to retake it takes up a future spot. As an example he said that one of the most important things to keep a student on track is for the student to pass fitness in 9th grade Physical Education. If the student passes, he/she can go into an A-G elective or A-G extension in 10th grade. If they do not pass, they must take Physical Education again. Principal Kirkland said that they have to try and define priorities in making the master schedule, that doing registration beforehand helps, and he gave the reasoning for this. Member Pritchett asked how the system catches and keeps the student from being placed in a higher Math class when a student has a D in a Math course. Principal Kirkland said that, again, it is priorities, and if a student has a D in a Math class the first thing they look at is all of the student's classes. If the student is A-G eligible everywhere else, they will do something about the D so that the student will remain college eligible. However, if the student is not A-G eligible and is a junior or senior, the priority is to make sure that the student graduates. He also said that if there are a certain amount of after school or credit recovery seats or summer school time, he will prioritize the students that are going into senior or junior year because he has less time to get them caught up. Member Pritchett said she sees that this system is making it easier for us to catch those students so that they are not falling through the cracks. Principal Kirkland said that Hiram Johnson High School has 300 new registered students. The site needs to make sure that their transcripts are up to date and, if that is done, the tool is perfect because it shows by year or by A-G what the student has. The counselors have this at their fingertips. The site has to make sure that the clerical and support staff are keeping up with 300 transcripts. Member Pritchett said she knows this is not an easy task and that she appreciates all the hard work.

Member Garcia asked from where the 300 new students came and how the site is adjusting to 300 new students. Principal Kirkland said they come from everywhere, move into the area, and come from other high schools within the District and from outside the District. Some students are coming from other countries and without education. He said that this is something he has gotten used to quickly as it is something that is not new at Hiram Johnson High School; it happens every year. This is why they created the transcript trackers. Member Garcia said she has been on the campus; she knows that it is very diverse and that the needs are great because there is so much diversity. She asked how he prepares for the right amount of staff. Principal Kirkland said that in the Spring they will be given an estimate of incoming Freshmen, but the

actual number can be off by 150 students. Therefore, they go to every school with incoming students and give them a form which asks them to list their classes. They then look at their transcripts and look to see if they have special education accommodations or if they are able to go into a native speaker language class. If they can go into a native speaker language class, this can propel them through world language up to advanced placement faster and which gives them extra credits for college and their GPA. They do this also because if the student is not planning to attend Hiram Johnson High School, they want to know right away. This way they have a better chance of having an accurate enrollment estimate to get the right staffing and the right classes for the students. He said that the Assistant Principals are agents of change and that they need to be mini principals at a comprehensive high school. For all these reasons he pays great attention to the master schedule, as there are very few things more important than the master schedule.

Superintendent Aguilar acknowledged the effort that has been undertaken to get to a place to collaborate with different departments so that we essentially are pre-registering students for core courses. He said he wanted to distinguish that this is, for this year, a mighty task to get to a place where students are pre-registered for core courses. He said also that eventually we will look to pre-register students for advanced and honors courses using the same philosophy of taking data, identifying students that are eligible and those that have demonstrated advanced placement potential when they take their PSAT test, and a variety of other multiple measures.

President Ryan thanked all the presenters for their work and said that she appreciated the presentation.

10.2 2019-20 First Interim Financial Report and FCMAT Update Conference/Action
(Rose Ramos)

Chief Business Officer Rose Ramos began the presentation by introducing consultant Jacquie Canfield who co-presented. Ms. Canfield is currently filling in for the vacant Budget Director position. They presented the financial reporting requirements and District's fiscal status, went over a November deficit reduction letter from the Sacramento County Office of Education (SCOE), budget changes to the first interim 2019-20 since the revised adopted budget, multi-year projections, and the budget calendar, gave a FCMAT matrix update, and summarized the 2019-20 first interim budget.

Board Member Comments:

President Ryan asked Ms. Ramos to restate why we are finding ourselves in qualified status. She also pointed out that there is perception that we found a

“pot of gold” when, in actuality, we have done very difficult work to cut, save, and make adjustments to put ourselves in a better fiscal position. Even with this, our multi-year projections create fiscal challenges. President Ryan said to ignore this is very concerning, and she would like to hear a response. Ms. Ramos repeated the three major indicators that recommended, for her, that we should file as negative. Firstly, there is a major structural deficit that remains beyond this year. Secondly, we still have a cash flow issue. Ms. Ramos noted that, by saving this year, all we did was kick the can down the road a bit. Thirdly, we cannot meet the two percent required reserve over the next three years.

Member Murawski commented that stakeholders had spoken to her last June about a District pattern of under projecting revenues and over projecting expenditures. She recognized now, as she had then, that our budgeting practices put into place this year have included a lot of reforms to address that situation. Some of these reforms are identifying revenue that was regularly projected too low and lowering expenditure projections based on staffing and other areas. She commended the presenters and recognized that these practices have changed. Member Murawski also addressed a public comment by stating that she has called for scenarios, as spoken about in the audit, for a balanced budget and also for the Board to bring forward a reserve policy. She asked about the change in the \$27 million dollar target savings amount and asked if this is to wipe out the deficit spending. Ms. Ramos replied that it will wipe out the deficit spending in 2021-22 and will achieve the two percent required reserve, but what we need to do now is add the 2022-23 year so that we will see what the impact will be on the out years. She is being cautious about saying yes before answering confidently because she does not know what kind of COLA we can look forward to in January which could then be included in the final fourth year. Member Murawski asked if that’s essentially how the \$27 million dollar figure was derived, to actually close the deficit. Ms. Ramos answered yes. Member Murawski requested a much better display of program and cost data for Special Education. She also requested that the full impact of the SIG grant reductions be brought to the Board. She asked if a decline in federal funds mentioned by Mr. Fisher is a part of this. Ms. Ramos said that in the federal funds we also have CSI which were one time monies that are expiring in June of 2021. Member Murawski asked Ms. Ramos to also address the books and supplies line item. Ms. Ramos said that after the books are closed we have carryover or leftover balances in various accounts; what districts do is put those carryover funds into the books and supplies 4000 account. It is like a holding account until sites and departments can determine the best way to allocate their carryover funds; it is a common practice. Member Murawski said she also asked Ms. Teri Ryland of SCOE if this was a common practice, and she also said this is what school districts do throughout the state.

Member Garcia said it was a great presentation with a lot of information. She asked about what happened regarding under identified students and less revenue for unduplicated students. Ms. Ramos replied said she is not sure that we under identified as much as that students truly could be transitioning out of English language programs and so would not be counted. She said we are still looking into the information on this. Ms. Ramos said that in her former districts, what was seen was that a decline was due to families not wanting to identify. Districts

would see a reduction in the free and reduced lunch count due to fear of being identified. So until we know exactly what is happening in this district, Ms. Ramos stated that she cannot say, but she knows that we had a 300 count decline for sure. Ms. Canfield said that if you look at last year's unduplicated count you can see that we have less English language learners, and that is because the District has been working hard to redesignate English language learners. Member Garcia said there was another state audit relative to the District's identification of homeless youth and said maybe we can look at the recommendations from that report at some point. Member Garcia then noted that the District has identified and acted on most non-negotiable items and asked the presenters to share what has not been acted on that is remaining and non-negotiable. Ms. Ramos answered that what is left is very little and some of that was identified tonight. She noted that personnel costs make up 90% of unrestricted general funds and the majority of the remaining 10% is fixed operating costs. Member Garcia then asked, if we were to get additional Special Education dollars on an on-going basis, would that reduce the \$27 million needed dollar for dollar. Ms. Ramos said that could be possible provided that any new dollars do not have any new initiatives or programs attached. President Ryan added that there is a collaborative of large, urban school districts that will be submitting a request to the governor's office and members of the legislature.

Member Murawski moved to move the item from Conference to Action. Second Vice President Minnick seconded, and the motion passed unanimously. Member Vang then motioned to approve, and Vice President Pritchett seconded. The motion passed unanimously.

Information

- *SCTA – David Fisher reported on behalf of SCTA*
- *SEIU – No report given*
- *TCS – No report given*
- *Teamsters – No report given*
- *UPE – No report given*

Vice President Pritchett requested from the Superintendent that the Board receive a formal dollar amount for the cost of public record requests from SCTA. She also asked the Superintendent to remind her and the community the purpose of filing for impasse. Superintendent Aguilar said that we decided to file for impasse; it is part of the negotiations process to seek support and help to engage in good faith bargaining. We see it as a process that we sought given the fact that we need to start the process of negotiations. It is what the state auditor also recommended, and it is the vehicle that we think has to be used in order for us to address the crisis that we are in. President Ryan

asked to clarify that Vice President Pritchett requested a dollar amount for all costs of legal fees associated with public record act requests from SCTA. Vice President Pritchett responded yes, that is correct.

8.2 District Parent Advisory Committees:

Information

- *Community Advisory Committee – Kenya Martinez and Sarah Williams Kingsley reported on behalf of the CAC. They requested that a Board member be liaison for their committee. Member Murawski said she will do that. Vice President Pritchett said she will serve as a back-up.*
- *District English Learner Advisory Committee – No report given*
- *Local Control Accountability Plan/Parent Advisory Committee – Frank DeYoung reported on behalf of LCAP. Second Vice President Minnick asked when their meetings are held. Mr. DeYoung said that they usually meet on the last Monday of the month and that anyone is welcome to attend.*

8.3 Superintendent’s Report (Jorge A. Aguilar)

Information

Superintendent Aguilar wished all a happy new year and thanked all custodian and nutrition staff that worked over the holiday break to provide free meals to students. He also invited all to a screening of a documentary on Linda Ronstadt at C. K. McClatchy High School on January 18th. Lastly, he reminded that registration has begun for Kindergarten and that the deadline is January 28th to register students for their neighborhood school.

8.4 President’s Report (Jessie Ryan)

Information

President Ryan spoke about the women’s march and said she will be co-hosting, with Member Murawski, the free screening of the documentary about the life and legacy of Linda Ronstadt at C. K. McClatchy High School. The film showing was made possible by support of a sponsor. She also reported that she will participate in the Martin Luther King day of service at Father Keith B. Kenny Elementary School adopted by Kaiser. She invited all community members to join Monday at the site.

8.5 Student Member Report (Olivia Ang-Olson)

Information

Student Member Ang-Olson reported that a student forum

was held January 14th at West Campus High School and that Second Vice President Minnick was in attendance. They took note of student concerns which included a lack of accessible student rights information and the sure and ineffective current sex education program. She will follow up on these and other issues with the Student Advisory Council and District staff. Within the Student Advisory Council, they have organized two initiatives planned for the year: the evaluation of sex education in schools and the establishment of care closets to provide clothing for students in need in our District schools. She also reported that she and her fellow students feel that there is an utter lack of administrative accountability and proper leadership which has been culminating over the past three and a half years that she has been at C. K. McClatchy High School. She said she echoes whole heartedly what her fellow students have said tonight, that there needs to be substantial reform of leadership and administration at the school.

8.6 Information Sharing by Board Members

Information

Second Vice President Minnick reported that Kaiser has also adopted Fern Bacon Middle School, and so he will be there Monday for the day of service. He also thanked Student Member Ang-Olson and reported that there were at least 100 students in attendance at the forum held at West Campus High School. They spoke about emotional supports, mental health, reproductive rights, and reproductive health. Also the need for availability of professional development was discussed for staff and teachers.

Member Murawski thanked all who came out from C. K. McClatchy High School to speak. She reported that she received more than 75 e-mails and will be responding to everyone. She is committed to making sure that all students at the school have access to a world class education. She was also pleased to report that the molecular biology course will continue to be offered at C. K. McClatchy and John F. Kennedy High Schools. She thanked the Superintendent and staff for engaging with the community on this issue.

9.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

Information

9.1 *Special Education Update (Christine Baeta, Judy Elliot, and Becky Bryant)*

Chief Academic Office Christine Baeta began the presentation which went over the District's core value and guiding principle, background of the Council of Great City School (CGCS) Report, some current realities, critical components of a multi-tiered system of support (MTSS), system design, current and planned work, some comparative data, the California Collaborative for Educational Excellence (CCEE) partnership, focus of support, an overview of the Special Education budget, Special Education trends, expenditures, revenues, state funding, and next steps. Chief Business Officer Rose Ramos gave an overview on the Special Education budget, David Gordon of the Sacramento County Office of Education was invited to speak, and Tom Armelino of CCEE also spoke.

Board Member Comments:

President Ryan thanked Ms. Baeta for her work to ensure that we are meeting a moral obligation to our special education students. She also thanked Dr. Elliot for bringing her state and national expertise. She appreciates the focus on full inclusion, and she would like to see seamless integration within the classroom at all District schools. Ms. Baeta said we must make sure we are taking the rights steps to continue to move forward and that it is important to do things right and be successful rather than move too quickly. She and Dr. Elliot have identified immediate, short-term, mid-term, and long-term goals.

Vice President Pritchett thanked the presenters for a very thorough presentation and Ms. Baeta for her work and commitment.

Member Murawski thanked all the staff, Dr. Elliot, and for support we are getting from the Sacramento County Office of Education (SCOE). She noted some things she learned from the presentation and appreciates the focus to move student

achievement forward. She is happy to have Ms. Baeta as Chief Academic Officer and Ms. Rose Ramos as Chief Business Officer. She also stated that the data given on the Special Education programs is wholly insufficient. She feels it is difficult to have accountability in that program when the line items are huge buckets of money. There are also huge jumps in the dollar amounts of expenditures year over year, and she does not know why. She said she does not expect a response as this is something they will follow up on, but she wanted to encourage a robust budget presentation.

Member Garcia said that she is excited to see that there is a plan with concrete steps. She asked the presenters to share information on school selection. Ms. Baeta said they are looking at starting with about 25 schools; they think that is the amount there is the capacity to support. They want to build capacity within this first group as they move a second group forward. She went over what is needed in the first year and stated that they are looking for schools that have more readiness components than others. Member Garcia said she appreciates the highlighting of “sent homes”, and she asked for information on suspensions. She wanted to know if suspended students receive make-up work. Ms. Baeta said that Director of Constituent Services Stephan Brown has been looking into this and found that we do not do a good job of this. More importantly to her is the missed learning than effect on grade. She is working with Mr. Brown to put together a policy and also to make sure that principals know what needs to be done around the data; to make sure that if a student is absent due to a suspension that they can have their work, and we can accept it as make-up work. Member Garcia said that she saw in the presentation professional development for administration in terms of discipline but did not see educators/teachers there, and she wonders how this will trickle down into the classroom. Ms. Baeta said she thinks this is always one of our challenges so what we are leaning into and listening for are strategies that are working in our system to be sure to get the teachers to the table so that they will come and learn. When they start to build training for MTSS next year, they will have their leaders invite teams that will include teachers.

Member Woo asked what nps and npa means. Ms. Baeta said it stands for non-public school and non-public agency. Member Woo asked if this is the first year or is next year the first year. Ms. Baeta answered that next year is year one. She said they have been bringing in some small groups this year to build capacity and to lean in and listen to hear some strategies so that they are ready to better launch next school year. Member Woo asked of what the small groups are comprised. Ms. Baeta said we are calling them our “District leadership teams”, and they

are comprised of principals across the District and a wide variety of central office staff. Member Woo asked if the principals represent more than the 25 sites that will be part of year one. Ms. Baeta replied that we do not have all 25 schools formally identified. The principals invited are the ones that have been participating in the MTSS work groups.

Member Vang thanked staff, advocates, and parents present. She expressed that she is excited about the work and asked for more information on the advocacy plan for funding. President Ryan suggested the Superintendent speak about ten large urban school districts that are working together with a shared agenda of state advocacy, both with the administration and legislature on special education funding. Superintendent Aguilar said they have had conversations with our entire delegation of elected officials at the state capitol about increasing funding around special education. In addition, we have also signed onto a request from several large urban school districts asking for a meeting with Governor Newsom specifically on this topic as well to make sure that we are addressing what Ms. Ramos mentioned in terms of just the increased costs that are coming to us. We are obligated to these costs and commit to providing services to our students. There are a variety of things that are shaping up as the legislature just convened. Member Woo asked if there are any ideas on how to enhance federal funding. He noted that they give us about eleven percent, although under the law they are supposed to give us 40 percent. He said he will probably be back in Washington D. C. in March, and that would be the time to advocate for this if there are any ideas.

President Ryan brought up the problem of special education students being moved year after year from one school to the next to be able to get appropriate services. She asked Dr. Elliot what we could do to make structural changes to end this practice. Superintendent Aguilar interjected that he did not want to keep anyone at the meeting too much longer and expressed gratitude to Mr. Armelino, Dr. Elliot, and Mr. Gordon for being part of the presentation. He also thanked CCEE for their support.

9.2 *Approve Addendum to Superintendent Employment Agreement to Extend Term (Jessie Ryan)*

Action

Member Woo summarized what is before the Board for discussion and as an Action item. He explained that the current term of the Superintendent's agreement is scheduled to expire June 30th of this year. Based on the Superintendent's performance and two positive evaluations, the addendum would extend the term through June 30th of 2023. Therefore, if the Superintendent receives a positive annual evaluation in any subsequent year, the term of the agreement would

be extended an additional year. All other terms of the Superintendent's agreement will remain the same without modification or amendment. The Superintendent's compensation continues as stated in the Superintendent's employment agreement.

President Ryan noted that one of the themes in the state auditor's report was the need for consistent leadership.

Board Member Comments:

Vice President Pritchett pointed out the importance of continuity and consistency of leadership in the District and with our current Superintendent. She said that our Superintendent possesses a leadership style that is outstanding and uplifting. She said that she has served on the evaluation committee pretty much since his hiring, and his positive leadership has led to positive evaluations each time with the entire Board in agreement. She expressed how inspiring it is to see his work on the focus of increasing student achievement. She moved that this Item be approved. Member Woo seconded the motion.

Member Garcia said that she understands this is a recommendation by FCMAT and probably by other audits conducted over the years in terms of establishing a policy to have a system in place to be able to support whomever is the Superintendent. She asked if it is correct that if the Superintendent receives two evaluations that are positive, they would automatically get an extension. She wanted to clarify if it is just for this Superintendent or if it is a policy that the District will have in place as part of our system. President Ryan replied that her understanding is that the addendum to this contract is an evergreen clause that is quite common for superintendents across the state, that is, with a positive evaluation one gets a one year extension. She said she thinks they can have a Board conversation beyond tonight outside of the action they are taking on this Superintendent's contract about a Board policy that would live beyond the current Superintendent. Member Garcia asked if this comes before the Board at any point in time for discussion after a future positive evaluation. President Ryan said that the Board will still do annual evaluations, and the annual evaluation that would next occur would require a positive annual evaluation

to further extend the contract. Member Garcia asked how many more positive evaluations will be necessary in order to trigger this extension. President Ryan answered that for every positive evaluation there is a one year extension. Member Garcia asked when will the Board consider the second positive evaluation for the extension until 2023. President Ryan said this is the extension for 2023 because there have been two consistent positive evaluations.

Member Murawski said that she agrees that students deserve stability, continuity, and leadership. She asks those that are frustrated with the pace of change to give the District the benefit of the growth mindset. Some in the District are mired in mindsets because they have not gotten responsive leadership support from the central office. She supports moving forward with this Item tonight and wants to commend the Superintendent for always responding to her requests and consistently providing answers.

Member Woo said that only one contract has been extended since he has been on the Board, which was for Jonathan Raymond, and so this is indeed an unusual situation for us.

President Ryan noted that the role of Superintendent is an extraordinarily difficult job and that Superintendent Aguilar is both a state and nationally known equity leader. Weekly she hears from individuals like Dr. Elliot who come to the District to give their expertise because they believe in this Superintendent. She said this is a statement of confidence in his leadership and willingness to stay the course in the most dire of circumstances, because if he will not give up on our children, we will not give up on him. She then asked for a vote. The Item passed unanimously.

Superintendent Aguilar expressed his gratitude for the vote of confidence from the Board. He sees the vote not as something about himself, but rather a shared commitment from the Board and making the vote about our community. He noted that in Spanish the root of the word community comes from “as a union”. He sees this as a reflection of a level of confidence that this is not about the traditional relationship between Superintendent and Board, but rather about piercing through finally and creating a new paradigm in Sacramento in which he is not going to spend his limited capital energy trying to keep four Board members in support of him while other political forces are trying to gather four members to get rid of him. This is why he thinks this is about this community and not about one individual. He said this is also about community because this is his community; he lives in the City of Sacramento, his children attend District schools, he was blessed to see his eldest daughter cross the graduation stage last year, and his youngest will graduate in seven years. The Superintendent said that we can become a high poverty but high achieving school district. The commonality of those districts is very different than what we have experienced in this city, which is the paradigm that Superintendents strive to maintain a four member majority while everyone else is trying to create a four member majority. As a progressive community, we owe it to our students to lean in really hard and lift up the truth of the inequities and injustices from which the vast majority of our students suffer.

Superintendent Aguilar noted that Father Keith B. Kenny has no green space, only asphalt on which to play. This is as an example of how equity, access, and social justice cuts across every aspect such as facilities, instruction, selection, and open enrollment criteria. He looks forward to this continued partnership, expressed his gratitude to the Board for their commitment to continue on their journey of effective governance, and thanked each Board member for their support and the community for holding all accountable.
