

PUBLIC NOTICE TO CONTRACTORS

Notice is hereby given that the Sacramento City Unified School District will update its List of Qualified Contractors to be notified of public projects advertised under the informal bidding rules (PCC §22032 aka California Uniform Public Construction Cost Accounting Act, "CUPCCAA") for 2023. SCUSD has contracted with Colbi Technologies QualityBidders to provide a web-based process for submittal of applications. Licensed contractors interested in being included on this list should go to www.qualitybidders.com and follow the instructions for submitting a CUPCCAA Application to SCUSD. Applicants will receive notification of approval by email. Email tina-alvarez-bevens@scusd.edu or qbsupport@colbitech.com with any questions.

In addition to the CUPCCAA Application, all General Contractors (A and B) and Mechanical, Electrical and Plumbing Contractors and Subcontractors interested in bidding on projects in excess of \$1,000,000 need to complete the Prequalification Application, also available from QualityBidders.
