Re: Classification and Status of CTE Teachers

Dear Mr. Fisher,

This letter follows the request from the Sacramento City Teachers Association (“SCTA”) for confirmation of the status of the District’s Career Technical Education and the District’s response to same in February 2020.

As we stated in our February 2020 letter, the District reexamined its classification of Career Technical Education (CTE)-credentialed teachers based on the current structure of its CTE/ROP Program and how CTE education is being provided to students in the District. We further stated that following that review, the District has determined that its CTE teachers have the ability to attain permanent status pursuant to Education Code section 44929.21, subsection (b), unless there is a valid basis for classifying them as temporary employees consistent with the relevant Education Code sections governing temporary status for certificated employees.

Attached please find a list of all of the District’s current CTE teachers, their classification and their seniority date. Once you review the classification and seniority date of the current CTE employees, please let us know if you have any questions.

Sincerely,

Jorge A. Aguilar
Superintendent
