Recommendation: Approve the 2022-2023 Year End Financial Report Unaudited Actuals

Background/Rationale: At the close of each fiscal year, school districts must complete a financial report. This unaudited financial report is filed with the county superintendent, provided to the auditors as the basis of their annual financial audit, and subsequently filed with the state. The 2022-23 Year End Financial Report includes a summary by fund of revenues and expenditures for the period beginning July 1, 2022, and ending June 30, 2023.

Financial Considerations: District revenue and expenditures for the 2022-23 fiscal year are reported each year and are part of the responsibilities of the Business Services Division. No additional expenses will be incurred nor will any additional revenue be received.

LCAP Goal(s): Family and Community Empowerment; College, Career and Life Ready Graduates; Operational Excellence

Approve 2022-23 Unaudited Actuals (Year End Financial Report)

September 21, 2023

I. OVERVIEW/HISTORY:

Per Education Code 42100(a), the governing board of each school district shall approve an annual statement of all receipts and expenditures of the district for the preceding fiscal year. The unaudited actuals financial report represents the financial position and results of operations of the Sacramento City Unified School District for the fiscal year of 2022-23.

The 2022-23 unaudited actuals represent the actual revenues, expenditures and ending fund balance for all the District's funds for the fiscal year ended June 30, 2023.

II. Driving Governance:

Per Education Code Section 42100 (b), on or before September 15, the governing board of each school district shall approve, in a format prescribed by the Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the district for the preceding fiscal year and shall file the statement, along with the statement received pursuant to subdivision (b), with the county superintendent of schools. On or before October 15, the county superintendent of schools shall verify the mathematical accuracy of the statements and shall transmit a copy to the Superintendent of Public Instruction.”

III. Budget:

The 2022-23 Year-End Financial Report recognizes additional revenue and expenses per Education Code section 42601 and Sacramento City Board Policy 3110 that allow the Superintendent and/or designee to make any necessary budget revisions at year-end to permit payment of obligations. All expenditures were supported by available district funds.

IV. Goals, Objectives and Measures:

Follow the timeline and financial planning calendar for submitting and adopting interim and annual financial reports, take action on all necessary budget adjustments and reductions. Continue to improve the budget development process to comply with Local Control Accountability Plan (LCAP).

V. Major Initiatives:

- Present the 2022-23 Unaudited Actuals (Year End Financial Report) to the Board for consideration and approval
- Use the 2022-23 Year End Financial Report to guide budget development

Approve 2022-23 Unaudited Actuals (Year End Financial Report)

September 21, 2023

VI. Results:

The Unaudited Actuals are filed with the County Superintendent by September 15th. The 2022-23 Unaudited Actuals will be presented by staff at the September 21, 2023 Board meeting.

VII. Lessons Learned/Next Steps:

- Adhere to budget timelines throughout the fiscal year.
- Observe trends and prepare for significant events in the budgeting process.
- Continue to monitor the State budget and its impact on District finances.
- The District will present the 2023-24 First Interim Report at the December 14th Board Meeting. This 2023-24 First Interim report will reflect updated revenues and expenditures that will include carryover funds from the 2022-23 year-end closing process.

Approve 2022-23 Unaudited Actuals (Year End Financial Report)

September 21, 2023

Notes: Explanation of Changes from Estimated Actuals to Unaudited Actuals
1. LCFF is adjusted based on the P-2 apportionment schedule provided by CDE for both unrestricted and restricted resources. Unrestricted LCFF decrease from estimated actuals due to prior year adjustments for transfer in lieu for charter schools.
2. Restricted federal revenues adjustment due to expenditures less than projected in Title programs of \$15.2M, ESSER I, III, III and CCSPF funds of \$30.3M, and federal special education funds of \$2M.
3. The variance in unrestricted state revenues is due to higher lottery revenues of \$2.3M per updated State lottery funding rates. For restricted state revenues the increase of \$1.4M is due to the restoration of the one time Arts Music Instructional Materials block grant of \$9.7M, a new award of \$4.8M for the Kitchen Infrastructure and Training grant and an increase in restricted lottery funding of \$1.7M, offset by a decrease in the Learning Recovery Emergency Block Grant of \$7.8M per the state enacted budget, a decrease in STRS on-behalf of \$4.7M and adjustments to ASES of \$2.4M.
4. The variance in unrestricted local revenues is primarily due to booking \$8.2M more in interest revenue than projected based on county treasury updates and increase in billables collected for district expenditures. Restricted local revenue decrease due to adjustments to school site and department local grant funding resources.
5. Certificated unrestricted salaries decreased by \$4.1M due to a decrease of \$5.9M in regular teacher salaries which includes a \$1.8M reclass for 3 PD days to ESSER funds and a \$1.1M decrease in certificated stipends and temporary salaries offset by an increase of \$3.2M in substitute teacher costs. Restricted certificated salaries decreased by \$3.7M due to a decrease in ESSER salary expenditures of \$1.6M, Title program decrease of \$1.1M in temporary teacher and administrative salary costs, and a \$1.2M decrease in Learning Recovery Emergency Block Grant related to the professional learning board commitment in 2022-23 offset by a slight increase in Medi-Cal certificated costs.
6. Unrestricted classified salaries increased by \$405K due to various adjustments to classified salaries. Restricted classified salaries decreased by \$2.4M due a decrease in temporary classified salary costs in ELOP of \$513K, Title program savings of \$560K in clerical and temporary salary costs. Additional restricted adjustments include savings of \$1.6M in ESSER expenditures related to classified administrative and clerical salaries offset by an increase in medi-cal clerical and classified administrative costs of \$274K.
7. Unrestricted benefits decreased by \$3.6M due to the salary changes listed above including \$467K related to the reclass of the 3 PD days to ESSER funds. Restricted benefits decreased by \$8.8M due to a reduction in the STRS On-behalf amount of \$4.7M and the salary changes listed above.

Approve 2022-23 Unaudited Actuals (Year End Financial Report)

September 21, 2023

Notes: Explanation of Changes from Estimated Actuals to Unaudited Actuals
8. Unrestricted books & supplies decreased by \$11M due to a shift of \$6.1M in textbook adoption expenditures to the arts music instructional materials grant, a decrease in textbooks of \$3.6M carried over into 2023-24, and \$909K decrease in site and department materials and supplies. Restricted books & supplies decreased by \$24.7M due to a decrease of \$6M in ESSER supplies and non-capitalized equipment, \$11.2M Title program instructional materials and supplies, \$2.3M in ELOG supplies, \$2.3M in restricted lottery, \$1.5M in ELOP materials and supplies, \$819K in CTE and \$1.1M in local restricted resources materials and supplies. Additional adjustments include a decrease in UTK materials and supplies expenditures of \$332K, Special Ed of \$805K, offset by an increase in Arts Music Instructional Materials Expenditures of \$5.5M.
9. Unrestricted services and other operating expenses increase of \$1.9M is due to utilities costs of \$2.5M offset by savings in contracted services, subagreements, and rentals. Restricted services and other operating expenses decrease of \$42M is due to a decrease of \$5.6M in ESSER services and operating costs, \$3.1M in Title programs, \$18.3M in ELOP contracted services, \$9.75M decrease in Special Ed contracted services, \$450K in LREBG, \$1.1M in educator effectiveness, \$250K in local restricted resources, and \$1.5M decrease in after school program expenditures.
10. Unrestricted capital outlay decreased by \$1.4M primarily due to a \$1.3M bus purchase carrying over into 2023-24. Restricted capital outlay decreased by \$13M due to decrease in ESSER expenditures of \$11.9M, RRMA of \$705K and \$1.4M reduction in IPI offset by an increase of \$700K in Arts Music Instructional Materials.
11. Other outgo variance is due to slight decrease in special education excess costs for County programs of \$119K.
12. Indirect costs net change of \$216K due to actual indirect charges to programs based on year end expenditures.
13. Transfers Out decreased due to no contribution necessary for Adult Education as a result of moving expenditures to restricted resources and HEERF funds. Additionally, no contribution needed for charter schools partially due to additional enrollment decline mitigation revenue received for charters.
14. Contributions came in lower than projected due to shifting Special Education expenditures of \$6M to expiring one-time special education resources, and costs coming in lower than expected of \$4.6M under for a total reduction to the special education contribution of \$10.6M.

Approve 2022-23 Unaudited Actuals (Year End Financial Report)

September 21, 2023

Summary

Overall the district's 2022-23 Unaudited Actuals report reflects an unrestricted surplus of \$70.6M, an increase of \$38.7M from the estimated actuals report. The primary factors for the increased surplus are below:

- Increase of \$8.2M in interest revenue per updated information provided by the county treasurer's office
- Increase of \$2.3M in unrestricted lottery funds per the updated State Lottery funding rate
- A \$2.2M shift in certificated salaries & benefits from unrestricted to restricted funds related to the three professional learning days
- A one-time shift of \$6.2M in textbook adoption expenditures to restricted funds
- \$3.6M in textbook encumbrances carried over into 2023-24 due to items not received
- \$1.3M school bus purchase carried over into 2023-24 due to items not received
- Decrease in contributions to the charter fund and adult education fund:
 - Charter fund received \$1.6M in declining enrollment relief funds
 - Adult Education utilized HEERF and other restricted funding sources, eliminating the need for a contribution
- Decrease in the special education contribution of \$10.6M, of which \$6M was due to shifting to expiring one-time special education funding sources
- The remaining variance of \$7.8M is primarily due to additional site and department POs released or carried over into 23-24 and certificated vacancy savings.

Based on the 2022-23 Unaudited Actuals and 45-day Budget Revise, the district is projected to satisfy the 2% required reserve for economic uncertainties in 2023-24, 2024-25, and 2025-26.

1.	Are clear processes and policies in place to ensure that the district’s Local Control and Accountability Plan (LCAP) and budget are aligned with one another? (part 2)	In Progress	<p>Board policies (BPs) and administrative regulations (ARs) adopted by the district related to the LCAP included the following: AR 1220 – Citizen Advisory Committee, BP/AR 1312.3 – Uniform Complaint Procedure, BP 6173.1 – Foster Youth.</p> <p>The California School Boards Association’s online board policy service, known as GAMUT, has one main LCAP/Budget alignment policy, BP/AR 0460, which many districts have adopted. Although the district has a subscription to GAMUT, it has not adopted this policy.</p>	<p><u>9/21/23 Update:</u> We are working on new processes and procedures to ensure there is clear and concise budgetary alignment with the goal of establishing progress monitoring practices. This need and plan to move this work forward was presented during our June 8 and June 22nd Board meetings.</p> <p><u>3/16/23 Update:</u> Staff continue to work collaboratively to ensure that processes and planning align efforts across Business Services and Continuous Improvement and Accountability.</p> <p><u>12/15/22 Update:</u> Staff continue to work collaboratively to ensure that processes and planning align efforts across Business Services and Continuous Improvement and Accountability.</p> <p><u>3/17/22 Update:</u> Staff continue to work collaboratively to ensure that processes and planning align efforts across Business Services and Continuous Improvement and Accountability. Recent efforts include the completion of the LCAP Mid-year report and the one-time supplement to the Annual Update. These processes required collaborative development of estimated actual expenditures for LCAP actions and reporting on the ESSER III Expenditure plan</p>

				<p>actions. The latter have involved a wider collaborative with program staff to understand the implementation status of various personnel-related actions and maintaining ongoing progress monitoring to ensure that unspent funds can be reallocated to already identified actions and open consideration for new actions. Additional collaboration has occurred to ensure that the standard LCAP development is on pace, with advance planning for the 2022-23 projected expenditures occurring as an outgrowth of the mid-year report efforts.</p> <p><u>12/16/21 Update:</u> Staff continue to work collaboratively to ensure that processes and policies are in place to align key planning efforts to the budget. A recent example is the ESSER III expenditure plan development. Business Services and Continuous Improvement and Accountability (CIA) staff collaboratively developed a Request for Funding process that was used by departments. This required departmental staff to describe their proposal in detail including, but not limited to, their intended use of funding, scope across the three-year timeline, and per year and total funding amounts requested. Business services and CIA staff further collaborated to facilitate executive leadership's prioritization process, review proposed expenditures in relation to other CARES funding uses, and ensure that proposed amounts were accurate to staffing</p>

				<p>amounts requested. The ESSER III plan is closely aligned to the LCAP and other recent district plans, making this collaboration a key step in the 2021-22 development of the 2022-23 LCAP.</p> <p><u>9/16/21 Update:</u> Throughout 2019-20 and 2020-21 staff in Business Services and State and Federal Programs have developed processes to increase alignment between budget and LCAP. These include program coding for funds allocated to school sites to more accurately account for planned expenditures in the LCAP, realignment of resource coding for LCFF S&C funds, and development of shared tools to prepare projected and estimated actual expenditures. These efforts have been supported by regular meetings between Business Services and LCAP staff with the explicit goal of increasing LCAP-budget alignment. Business Services staff have also collaborated on multiple LCAP presentations to the Board of Education.</p> <p><u>11/30/20 Update:</u> Board Policy Staff have developed an initial draft of BP 0460: Local Control and Accountability Plan. BP 0460 was initially provided to the Board Policy Committee on 5/24/19.</p> <p>Board Policy Staff are in the process of developing an initial draft of BP 0460: Local Control and Accountability Plan. 2.	Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 1)	Complete	Since 2006, the county office of education has identified the need for the district to develop a viable plan to fund its long-term other post-employment benefits (OPEB) liability, which has not been measurably addressed.	<p><u>12/15/22 Update:</u> The district has made progress towards funding at the Actuarially Determined Contribution (ADC) level and for the 2021-22 fiscal year funded at 100%. Funding at the ADC to the OPEB trust has resulted in the District's net OPEB liability decreasing from \$567M as of June 30, 2020 down to \$308M as of June 30, 2022. The District plans to continue funding at the actuarially determined contribution level.</p> <p><u>3/17/22 Update:</u> The District is continuing to review options to fully fund at the Actuarially Determined Contribution level for the 2021-22 fiscal year to continue its progress towards funding the OPEB liability.</p> <p><u>12/16/21 Update:</u> On November 2nd, 2021 the District received an updated actuarial study that reflects an improvement in the District's total OPEB liability. Due to increased contributions in FY 2021, the District funded 97.6% of its Actuarially Determined Contribution. The higher funding level allowed for a change in the actuarial methodology that contributed to a decrease in total OPEB liability from \$654M as of June</p>

				<p>30, 2020 to \$415M as of June 30, 2021, or a 44% decrease. To continue to maximize progress, the district plans on fully funding at the Actuarially Determined Contribution level for the 2021-22 fiscal year.</p> <p><u>9/16/21 Update:</u> The District is expecting to receive an updated actuarial report in the next few weeks which will provide the status of the OPEB liability.</p> <p><u>5/1/21 Update:</u> The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p><u>3/1/21 Update:</u> The District realized excess savings in its Dental and Vision funds and applied the savings towards its OPEB contribution. The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p><u>3/10/20 Update:</u> On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019. The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of</p>

				<p>the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability. The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District's OPEB irrevocable trust fund in addition to the decreases noted above. In other words, these continued contributions to the OPEB trust help not only in increasing the trust assets, but also in stabilizing or improving the discount rate used to calculate the Total OPEB Liability. This is a significant improvement, but the liability will continue to grow without continued efforts to decrease it. 11/30/20 Update: On September 2, 2020 the District received its updated Other Post Employment (OPEB) liability amount in the recent GASB 75 actuarial report for the fiscal year ended June 30, 2020. The key points are:</p> <ul style="list-style-type: none"> • The District's Net OPEB liability increased by \$41.7M year over year from \$526M FYE 2019 to \$568M FYE 2020. • The increase is due to annual costs and a decrease in the discount rate assumption from 4.25% to 3.90%

No.	FCMAT Finding	Status	District Response	Progress
				<ul style="list-style-type: none"> • The Actuarially Determined Contribution (ADC) is \$30.8M. The district contributed \$26.7M in 19-20, leaving a contribution deficit of \$4.1M. • If the District were to increase its contribution to the ADC amount it would help in two ways: <ul style="list-style-type: none"> o Fund the Net OPEB liability o Per GASB 75, allow the actuary to gradually increase the discount rate used (3.90%) to the asset return rate used (7.0%) in between 1-5 years' time. In dollars, if all else is equal, the Total OPEB liability would be closer to \$430M instead of the \$654M projected currently. <p>The District has made some progress but due to changes in assumptions, the Net OPEB liability has increased. To maximize progress, the district would need to contribute the full ADC amount each year.</p>
3.	Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 2)	In Progress	<p>In letters dated December 7, 2017, January 16, 2018, and April 16, 2018, the county office discussed and outlined its concerns with the district's ongoing structural deficit, and the need for the district to submit a board-approved budget reduction plan to reverse the deficit spending trend.</p> <p>On August 22, 2018, the county office disapproved the district's 2018-19 adopted budget, and the district was instructed to revise its 2018-19 budget and submit a balanced budget plan that supports ongoing</p>	<p>9/21/23: Update: As of the 2022-23 Unaudited Actuals and 2023-24 45- Day Revise Budget, the district is projecting an unrestricted surplus of \$70.6M in 2022-23, \$26.9M in 2023-24, \$10M in 2024-25, and \$1.2M in 2025-26.</p> <p><u>3/16/23 Update:</u> As of the 2022-23 Second Interim Report the district is projecting an unrestricted surplus of \$39.2M in 2022-23, 24.6M in 2023-24 and \$1M in 2024-25.</p> <p><u>12/15/22 Update:</u> As of the 2022-23 First Interim Report the district is projecting an unrestricted surplus of \$30.5M in 2022-23,</p>

On October 11, 2018, the county office notified the district that its revised adopted budget was also disapproved based on their review. That budget showed that the district's unrestricted general fund balance would decrease by approximately \$34 million in 2018-19, approximately \$43 million in 2019-20 and \$66.5 million in 2020-21. The district was instructed to develop a viable board-approved budget and multiyear expenditure plan that would reverse the deficit spending trend, and to submit this plan with its 2018-19 first interim report, which is due December 14, 2018.</p>	<p>\$23.3M unrestricted surplus in 2023-24 and unrestricted surplus \$7.6 M in 2024-25. <u>3/17/22 Update:</u> As of the 2021-22 Second Interim report the District is projecting an unrestricted surplus of \$19.86M in the current year, an unrestricted surplus of \$10.45M in 2022-23 and projected unrestricted deficit of (\$6.17M) in 2023-24. <u>12/16/21 Update:</u> As of the 2021-22 First Interim financial report the District is projecting an unrestricted deficit of (\$16.5M) in 2022-23 and (\$23.2M) in 2023-24. <u>5/1/21 Update:</u> As of the 2020-2021 2nd Interim financial report, the District is projecting an unrestricted deficit spend of (\$11.2M) in 2021-22 and (\$26.4M) in 2022-23. <u>3/1/21 Update:</u> On the February 4, 2021 Board meeting, the Board approved a reduction of approximately \$4.5M. <u>11/30/20 Update:</u> Over the past two years, the District has identified and implemented more than \$50 million in on-going non-negotiable budget reductions. However, these reductions have not been sufficient to address the structural deficit. As of the 2020-2021 1st Interim financial report, the District is projecting a \$56 million budget deficit and must implement an on-going solution to achieve fiscal solvency and avoid a State Loan. At the December 10, 2020 Board Meeting the Board will consider a Fiscal Recovery Plan to address some of the deficit</p>

				<p>but this plan alone will not be sufficient to resolve the projected \$56M deficit.</p> <p><u>5/12/20 Update:</u> At the April 2, 2020 Board Meeting, the 2019-20 Second Interim Financial Report was approved with a negative certification and an update on the FCMAT matrix was also presented. At the May 7, 2020 Board Meeting, a State Budget update and impact on the District's finances using 3 LCFF COLA scenarios was presented to assess the impact on the District's revenue and cash flow for the 2020-21 and 2021-22 fiscal years. Under any of the 3 scenarios, the District's fiscal condition is worse and the cash challenges are projected to accelerate by a few months.</p> <p><u>3/10/20 Update:</u> The 2019-20 First Interim Financial Report and FCMAT Update was presented at the December 19, 2019 Board Meeting with a negative certification. A negotiated solution will be required to address the District's \$27M shortfall. The Fiscal Recovery Plan was presented at the February 6, 2020 Board Meeting and included proposals to achieve the \$27M solution. These proposals require negotiations.</p> <p><u>6/13/19 Update:</u> District has made approximately \$45 million in adjustments through the 2019/20 Proposed Budget. Additional adjustments of \$26 million are needed through negotiations. As of the 2019-20 Revised Adopted Budget the District has</p>

These adjustments were made during the period of December 2018 through September 2019 and are not in addition to the previous adjustments listed above. Additional adjustments of \$27M are still needed to eliminate the deficit and achieve fiscal solvency. This information can be found in the Revised Adopted Budget 2019-20 presented at the October 3, 2019 Board Meeting.</p> <p>Update: Working towards a balanced budget. 4.	Are all balance sheet accounts in the general ledger reconciled, at a minimum, at each interim report?	In Progress	Although balance sheet accounts are reconciled multiple times each fiscal year, a reconciliation is not done at each interim.	<p><u>9/21/23 Update:</u> Staff have begun preliminary reconciliation of balance sheet items and a plan is in development to reconcile balance sheet items on a regular basis.</p> <p><u>3/16/23 Update:</u> Staff have begun preliminary reconciliation of balance sheet items and a plan is in development to reconcile balance sheet items on a regular basis.</p> <p><u>12/15/22 Update:</u> Staff have begun preliminary reconciliation of balance sheet items and a plan is in development to</p>

5.	Does the district have sufficient cash resources in its other funds to support its current and projected obligations?	Complete	During FCMAT’s fieldwork, the district was projected to be cash insolvent as early as October 2019 if budget reductions are not made. A more recent cash flow projection prepared by the district at the 2018-19 first interim shows the cash insolvency date as November 2019 without budget reductions.	<p><u>3/17/22 Update:</u> The 2021-22 Second Interim Report projects a positive cash balance in 2021-22, 2022-23 and 2023-24 fiscal years. 7.	Are all charters authorized by the district going concerns? (part 2)	In Progress	<p>Of most concern is the district’s ongoing support of the Sacramento New Technology Charter School for several years. Because this is an ongoing fiscal burden on the district, it needs to be discussed and remedied.</p> <p>The district has also given financial assistance in the past to George Washington Carver Charter School, though not every year. The district also needs to further study Sacramento Charter High School operated by St. Hope Public Schools to determine whether it is a going concern.</p> <p>The district’s charter schools are dependent from the standpoint of governance because they are part of the district and are under the authority of the district’s governing board. However, charter schools are not intended to have budget deficits that make them dependent on a district financially. Under California Code of Regulations (CCR), Section 11967.5.1(c)(3)(A), a charter school must have a realistic financial and operational plan. Part of that includes having a balanced budget and financial plan. The district should take steps to ensure that approved charter schools do not require assistance from the district to stay solvent.</p>	<p><u>9/21/23 Update:</u> As of the 2022-23 Unaudited Actuals report, the district has no contributions to the charter fund. The remaining \$163K was a contribution to New Joseph Bonnheim. The 2022-23 First Interim budget projects a \$116K contribution to the charter fund. The district and the SCTA disagree on the implementation date of the additional 3.5%, and the matter is being pursued in superior court. 				<p>review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p><u>3/10/20 Update:</u> On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019.</p> <p>The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p> <p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District's OPEB irrevocable trust fund in addition to the decreases noted above. In other words, these continued contributions to the OPEB trust help not only in increasing the trust assets, but also in stabilizing or improving the discount rate used to calculate the Total OPEB Liability.</p> <p>This is a significant improvement, but the</p>

14.	Has the district developed measures to mitigate the effect of student transfers out of the district?	Complete	The district authorizes all interdistrict transfers out of the district and does not require the parents of students who receive interdistrict transfer permits to reapply annually.	<p><u>12/15/22 Update:</u> The district has partnered with SchoolMint to help support the Intra/Inter district permit process. This process will allow us to inform our community on how our Intra/Inter permit process is structured.</p> <p>Currently, we have extended our evaluation process for the inter district permit requesting to leave SCUSD. We required documentation from the parent to support the reason(s) for the request to leave SCUSD. If these requests do not meet certain criteria they will be denied. If parents want to appeal any denials, they will have 30 days to support the appeal in writing. Appeals are reviewed with CSO department, the EC director, and the IAS.</p> <p><u>3/17/22 Update:</u> Currently working to provide our current School Board with the necessary information to support a decision on moving forward with a third party vendor to support the Inter and Intra district permit process.</p> <p><u>12/16/21 Update:</u> Currently looking at third party vendors that support a robust online Inter and Intra district permit submission and tracking system. 18.	If the district has unfunded or contingent liabilities or one-time costs, does the unrestricted fund balance include any assigned or committed reserves above the recommended reserve level?	In Progress	<p>The district's unrestricted ending fund balance does not include amounts for the following liabilities:</p> <ul style="list-style-type: none"> * Because the district and the SCTA disagree on the implementation date of a 3.5% increase included in the December 7, 2017 negotiated agreement, * There is a potential fiscal impact for 2019-20 and beyond of a 7% increase related to salary schedule restructuring rather than the 3.5% stated in the agreement. * The district's net contributions to the irrevocable OPEB trust established to pay future retiree medical benefits have averaged 31% of the amount that will be needed to ensure that total OPEB contributions equal the actuarially- defined contribution. Complete	The district does not regularly update authorization controls, and discrepancies based on changes in positions are often found many months later. The district relies on a digital change form that requires manual signatures, which slows the process or results in lost forms. The district should move to a digital form process to increase efficiency.	<p><u>12/15/22 Update:</u> A new Palo Alto (PAN) firewall has been installed. Staff requiring remote access via VPN are being moved to the PAN after manager approval and Multi-Factor Authentication (MFA). All tech staff now have MFA enabled and new staff are added daily. All Escape backups are now immutable with offsite backups to Wasabi cloud storage. Staff password requirements are now 12 characters requiring complex characters with all passwords checked against the Microsoft password dictionary. Only U.S. logins are allowed. In addition, access to the network is ended automatically on the ending of employment status in our HR System. When an employee is terminated, their access is terminated.</p> <p><u>3/17/22 Update:</u> HR annually conducts a review of personnel transactions to ensure accurate staffing. The Information Technology Department is in the process of implementing a computer system (UMRA) to perform this task electronically. The District is about to implement a process in Escape that will allow for automatic and timed employment status changes when folks are hired and when they are separated. This change should allow a clear delineation of the automated network access process through UMRA, allowing for automatic network access/denial for those whose status changes. The Palo Alto firewall installation continues to move forward with a mid-April go live.</p>

				<p><u>12/16/21 Update:</u> The district completed a network security audit in June, 2021, that included a review of the Escape servers. We are currently using Illumio software on the Escape servers to monitor how the servers are accessed and by whom. Once the review is complete, Escape servers will be locked down to restrict access. The district is moving Infinite Campus, the Student Information System, to the cloud over the Winter break to increase security. The recent move from an on-premises Exchange email server to the cloud-based O365 is also part of the security move to mitigate phishing attempts and data loss. A new Palo Alto 5260 firewall, with threat prevention and zero-day attack virus detection, has been approved with matching E-Rate funds, ordered the first week of November. We are still working on cleaning up data in our Escape system to allow for UMRA account creation to take place. We are meeting this month to make refinements to our script and process to bring this about quicker. We are also working with a newly hired Escape contractor/developer to automate our onboarding and separation processes. This will improve our data quality.</p> <p><u>9/16/21 Update:</u> We continue to work on data clean up so that we can turn on UMRA for the creation of accounts. UMRA is being used to disable staff accounts as soon as their employment status shows that they should no longer have access. We should be ready for</p>

We will have this done very soon. We have also seen a significant switch in changes in the initial data entry causing fewer data issues. HR has made changes in the way data is entered and made it operational.</p> <p><u>3/1/21 Update:</u> UMRA was enabled on 2/11/21 to manage the deactivation of active directory accounts. Creation of accounts has been put on pause while data issues are addressed within the system of record, Escape.</p> <p><u>11/30/20 Update:</u> The first phase of the rollout will be implemented by mid-January. Phase 1 – Active Directory: email account creation/deactivation. Subsequent phases would use UMRA to create user accounts for primary programs like Escape, Infinite Campus.</p> <p><u>3/11/20 Update:</u> The implementation will continue after the new Chief Information Officer is hired.</p>

24.	Does the district ensure that duties in the following areas are segregated, and that they are supervised and monitored? • Payroll	In Progress	The payroll process appears properly supervised and monitored; however, the business department prints the warrants rather than having a separate department, such as technology, do so to ensure separation of duties. One department should input the information and a different department should print warrants.	<p>9/21/23 Update: The district payroll warrant process ensures secure issuance of cashable checks by separating duties among Technology Services, Payroll, and County Treasury. Payroll staff generates the check in the system, Technology staff prepares the FTP (File Transfer Protocol) file containing warrant information and securely sends the file to the County Treasury. The County Treasury personnel will verify and reconcile the file and provide clearance notification to the District to print the checks and mail them out accordingly. The County Treasury maintains fiscal oversight of the district cash revolving bank account. 37.	Does the district include facility needs when adopting a budget?	Complete	The district discusses districtwide facility needs whenever it sells general obligation bonds, which occurs approximately every two years; this does not occur on the same cycle as budget adoption.	The district discusses districtwide facility needs whenever it sells general obligation bonds, which occurs approximately every two years; this does not occur on the same cycle as budget adoption, but the district does allocate 3 percent of general fund expenditures to the Routine Repair and Maintenance account to address facility maintenance needs.
38.	Is the district using the same financial system as its county office of education?	Complete	The county office of education uses Quintessential Control Center (QCC) (part of the Quintessential School Systems financial system) and the district uses Escape.	SCOE staff were trained by District staff on accessing data, data entry, and how to run reports. SCOE is currently working in ESCAPE for our District.
39.	If the district is using a separate financial system from its county office of education and is not fiscally independent, is there an automated interface with the financial system used by the county office of education?	Complete	There is no automated interface between the two systems. When the district processes payroll and accounts payable warrants, information related to these transactions is uploaded to the county via a file transfer protocol (FTP). This process is started manually once payroll and accounts payable warrant processing is complete. No other	SCOE is currently working in Escape for District oversight and data entry.

			electronic interface exists between the two systems.	
40.	If the district is using a separate financial system from its county office of education, has the district provided the county office with direct access so the county office can provide oversight, review and assistance?	Complete	The county office of education has not been able to access the district's Escape system online, but conversations continue between the two agencies about how this will be accomplished. The software needed to access the Escape system has been installed on some systems at the county office, but there has been no training. The county office has had to create a second set of books for the district in its QCC system so it can attempt to monitor financial transactions and balances at the major object level. This requires much manual entry by county office staff since the district sends the county office only limited data related to warrant processing.	SCOE now has access to and training in Escape and is working in the system. SCOE and District staff are developing the process of reconciling in Escape.
41.	Does the district account for all positions and costs?	Complete	<p>The district must improve its position control process. The district currently uses the same position control number for multiple positions, and for full-time equivalent (FTE) positions that have the same title, instead of creating a unique position control number for each board-approved position or FTE. The district's current practice leads to lack of clarity about which positions are being filled and about the site to which each belongs, because the same position number can exist at multiple sites if the same title is assigned. The district needs to use a unique identifier, or position control number, for each board-authorized position.</p> <p>Another area to improve on in the position</p>	<p><u>Update 7/22/19:</u> Position Control conversion completed. Although the Position Control (PC) conversion has been completed, the District is continuing to implement additional PC features and provide staff training on these features. Recent progress includes using Escape to analyze the changes in FTE from a past reporting period to the current reporting period; this was implemented November 15, 2019 with the assistance of the SCOE fiscal advisor. The next Escape tool to be implemented is budgeting for vacancies. The SCOE fiscal advisor introduced this feature to District staff on November 15, 2019 and the plan is to have this implemented for use by 2nd Interim. Escape's budgeting for vacancies</p>

			<p>control process involves the ramifications of the one-stop process, because confusion often arises when employees are transferred between sites and departments without a paperwork trail since the information was input directly into the system and the typical forms are not used during one-stop meetings. In addition, as employee transfers and changes are discussed and made later in the year, position control system information about which positions are open and about employees' work locations is often found to be inaccurate. Because paperwork is not generated during one-stop meetings, it is often more difficult to determine the history and details of past decisions.</p>	<p>feature will improve the accuracy and efficiency. Update: Staff has negotiated with Escape to receive no-cost support to expedite implementation of the position control changes recommended by FCMAT. To be completed by 7/1/2019. 6/12/19 Update: Interdepartmental project team has concluded extensive testing of the technical solution and obtained approval from the Executive Cabinet to proceed with implementation in the production environment. Roll-out of new position control system planned for the week of June 17, 2019.</p>
42.	<p>Does the district use a budget development method other than a rollover budget, and if so, does that method include tasks such as review of prior year estimated actuals by major object code and removal of one-time revenues and expenses? (part 1)</p>	Complete /Ongoing	<p>Although the district uses a one-stop method for budget development rather than a rollover budget, it appears that the primary driving force behind this method is to develop a list of employees who will receive a preliminary layoff notice on March 15 rather than to truly develop a reliable budget. The budget development process needs to be further refined so that all revenues and expenditures are reviewed and adjusted, not only those budgets with larger staffing allocations. A comprehensive budget development process is needed for the entire budget to ensure all revenues and expenditures are understood and used according to the district's goals and objectives.</p>	<p>Monthly reviews are conducted of the District's Revenues and Expenditures. 3/23/2020 Update: The District will be utilizing budget models in Escape for budget development. Budget staff will analyze the budget and compare it to prior year estimated actuals by major object. One time revenue and expenses will be removed during this process.</p>

43.	Does the district use a budget development method other than a rollover budget, and if so, does that method include tasks such as review of prior year estimated actuals by major object code and removal of one-time revenues and expenses? (part 2)	Complete	<p>The district uses its one-stop method in January and February. During that time, site administrators and department managers are scheduled to meet in a district office conference room on days set aside for that specific site or department. The site administrators and department managers are provided a funding estimate from the business department, then work collaboratively with the business and human resources staff (using updated staffing costs) to determine staffing and other expenditure levels for the upcoming budget year. All information is input into the financial system during the meeting, and because appropriate approval authorities are physically in the conference room, approvals are obtained and actual staffing is determined for the next fiscal year. This is a more expedited process than the typical routing of position change forms between departments to obtain various approvals, and it ensures that staffing decisions, and thus layoff notices for the next school year, are determined by the March 15 deadline.</p> <p>The above process is efficient for meeting the March 15 deadline. However, not all budgets are assessed using this method. As additional staffing decisions are made during other one-stop meetings, or even after budget development ends, confusion can arise when employees are transferred between sites and departments without a paperwork trail since</p>	Ongoing: Personnel Requisitions are now required for all changes, signed off by the Business Office and submitted to H.R. for processing.

44.	Has the district's budget been approved unconditionally by its county office of education in the current and two prior fiscal years?	Complete	Although the district's budgets were approved by the county office in 2016-17 and 2017-18, the district's 2018-19 adopted budget was not approved. The district submitted a revised budget dated October 4, 2018, which the county office disapproved on October 11, 2018.	Fiscal Recovery Plan submitted with Second Interim and presented at the March 21 Board Meeting. SCOE Vetted.
45.	Are clear processes and policies in place to ensure that the district's Local Control and Accountability Plan (LCAP) and budget are aligned with one another? (part 1)	Complete	No evidence was provided that the LCAP and the budget are aligned with one another. Information obtained during interviews indicates that the business department has not been engaged in the LCAP process in the past, although the current administration plans to work with teams to integrate the work more closely.	<p><u>7/23/19 Update:</u></p> <ol style="list-style-type: none"> The budget office and LCAP staff worked closely in developing the public hearing and board adoption documents for both the June 6th and June 20th board meetings. 46.	Does the district develop and use written budget assumptions and projections that are reasonable, are aligned with the Common Message or county office of education instructions, and have been clearly articulated?	Complete	Guidance provided in the May Revision Common Message stated that districts were “not to balance their budgets based on one-time revenues.” The narrative included with the district’s 2018-19 budget presented to its governing board on June 21, 2018 states that the district is using “\$13.2 million of one-time funds to meet the increase of labor contract negotiations.” The district cited and used appropriate assumptions related to percentages and amounts per unit of average daily attendance (ADA); however, the district did not follow the guidance included in the Common Message, the governor’s statement about one-time funds, or other industry-standard guidance, which expressly state not to budget one-time funding for ongoing costs. That one-time funding was an estimated \$344 per ADA at that time. The approved state budget enacted subsequent to the May Revision decreased the one-time per-ADA funding amount from an estimated \$344 per ADA to \$185 per ADA, which created an approximately \$7.4 million deficit in the district’s 2018-19 budget due to the district’s action to fully commit the one-time funds to ongoing costs. This action will also have severe impacts on future years because the one-time funding will likely be unavailable to the	<p><u>3/1/21 Update:</u> Revised BP 3100 adopted at 3/4/21 Board Meeting.</p> <p>Update 11/30/2020: BP 3100 was presented at the June 18, 2020 and June 25, 2020 Board Meeting as a Second Reading. The increase of the general fund expenditure reserve from the minimum 2% to a 5% reserve level. 2. One-Time funding should be used for one-time expenditures and shall only be used for an on-going expenditure as a last resort. 			district, leaving a \$13.2 million deficit moving forward.	will be presented to the Board at the May 21, 2020 Board Meeting as a First Reading for further review and discussion. Update: This is no longer the philosophy of the Superintendent or Board beginning July 1, 2018. The revised adopted budget was taken to the Board in October 2018.
47.	When appropriate, does the district budget and expend restricted funds before unrestricted funds?	Complete	The district's restricted general fund ending fund balance increased from \$4,456,029 in 2014-15 to \$10,224,117 in 2017-18. This indicates unrestricted funds are being expended before restricted funds, which creates a potential liability because the district may be required to return unspent restricted funds to the grantor.	Ongoing: Monthly monitoring
48.	Does the district forecast its cash receipts and disbursements at least 18 months out, updating the actuals and reconciling the remaining months to the budget monthly to ensure cash flow needs are known?	Complete	During interviews, staff indicated that the accountant prepares the cash flow for a 24-month period. However, it was not being relied on because major concerns had been expressed regarding the accuracy of the information. During FCMAT's visit a separate cash calculation and projection was prepared by the county office's fiscal advisor that concluded that the district will become cash insolvent in October 2019 based on current budget projections. This projection was different and showed more cash deficiency than the district-prepared cash flow projection. A more recent cash flow projection prepared by the district for 2018-19 first interim shows the cash insolvency date as November 2019, one month later than the projection prepared during FCMAT's	SCOE and staff have agreed on cash flow methodologies. SCOE will continue to do a secondary review.

49.	If the district has deficit spending in funds other than the general fund, has it included in its multiyear projection any transfers from the general fund to cover the deficit spending?	Complete	<p>Although the district’s multiyear financial projection includes transfers from the general fund to cover deficit spending in other funds, FCMAT believes that those transfers are inadequate based on prior year deficits. Without a specific plan to reduce deficit spending, specifically in the child development fund, the budgeted transfers are likely inadequate to cover the increasing costs of salaries and benefits.</p> <p>Based on unaudited actuals data, the following transfers were made from the general fund to the child development fund: 2015-16: \$1,500,000 2016-17: \$322,344 2017-18: \$502,296</p> <p>Based on 2018-19 Standardized Account Code Structure (SACS) data, transfers to the child development fund are projected to be as follows: 2018-19: \$2,345,207 2019-20: \$382,178 2020-21: \$382,178</p> <p>Assuming revenue and spending patterns remain the same, even if the current projected transfers of \$382,178 in 2019-20 and 2020-21 are included, the district’s shortfall in cash would be as follows: 2019-20: (\$791,940.93)</p>	Board took action to reduce the size of the Child Development program by returning slots to the grantor (SETA) and thus the contribution to the Child Development program.

No.	FCMAT Finding	Status	District Response	Progress
			<p>2020-21: (\$2,754,969.93)</p> <p>The district must develop a plan to ensure its expenditures are equal to or less than expected revenues, but until that time it must ensure that its budget is revised to include adequate transfers to all funds, including the child development fund, so they have adequate cash to close the fiscal year. Unless an approved plan to reduce spending, or increase revenues, is implemented in 2018-19, these shortfalls in 2019- 20 and 2020-21 will increase the district’s liabilities and further increase its projected general fund deficits. If this increased deficit is not remedied in 2018-19, it could cause the district to become cash insolvent prior to November 2019, based on current budget projections.</p>	
50.	Has the district’s enrollment been increasing or stable for the current and three prior years?	Complete	The district’s enrollment has been declining for the last 15 years.	Adopted FCMAT recommendation of using Cohort Survival Method for staffing and enrollment purposes.
51.	Are the district’s enrollment projection and assumptions based on historical data, industry-standard methods, and other reasonable considerations?	Complete	<p>The district tracked the number of children who enter kindergarten as a percentage of countywide live births five years earlier to project kindergarten enrollment for the 2018-19 school year.</p> <p>However, to project enrollment in grades one through 12 for the same period, it used simple grade level progression rather than the more commonly used cohort survival method.</p>	Adopted FCMAT recommendation of using Cohort Survival Method for staffing and enrollment purposes.

No.	FCMAT Finding	Status	District Response	Progress
			<p>The cohort survival method groups students by grade level upon entry and tracks them through each year they stay in school. This method evaluates the longitudinal relationship of the number of students passing from one grade to the next in a subsequent year. This method more closely accounts for retention, dropouts and students transferring to and from a school or district by grade. Although other enrollment forecasting techniques are available, the cohort survival method usually is the best choice for local education agencies because of its sensitivity to incremental changes to several key variables including:</p> <ul style="list-style-type: none"> * Birth rates and trends. * The historical ratio of enrollment progression between grade levels. Changes in educational programs. * Migration patterns. * Changes in local and regional demographics. 	
52.	Does the district ensure that one-time revenues do not pay for ongoing expenditures?	Complete	<p>As mentioned in the budget development section of this analysis, the district stated in its 2018-19 budget narrative that one-time funding was used to pay for salary increases. This action will also have severe effects on the budget in future years because the one-time funding will likely not be available to the district, leaving a \$13.2 million deficit moving forward.</p>	<p><u>3/1/21 Update:</u> Revised BP 3100 adopted at 3/4/21 Board Meeting. <u>11/30/20 Update:</u> BP 3100 was presented at the June 18, 2020 and June 25, 2020 Board Meeting as a Second Reading. One-Time funding should be used for one-time expenditures and shall only be used for an on-going expenditure as a last resort. As part of the approval of the annual budget, the Board shall consider any proposed use of One-Time funding and shall take separate action to approve such uses.</p>
53.	Does the district consistently account for all program costs, including allowable indirect costs, for each restricted resource?	Complete	<p>The district does not charge allowable indirect costs to special education, and as a result there is underreporting of the total cost of the program. If the indirect cost rate of 4.21% for 2018-19 were applied to the district's 2018-19 annual special education expenditures of \$107,398,026, the resulting allowable indirect cost would be \$4,521,457. The district's total actual indirect charge for special education has been approximately \$100,000 per year. The industry-standard practice is to consistently account for indirect costs in all restricted resources, including special education. The district is not correctly identifying the true cost of its special education programs.</p>	<p>The 2019/20 Proposed Budget includes charging indirect to all appropriate grants.</p>

54.	Is training on the budget and governance provided to board members at least every two years?	Complete	There was no evidence that budget or governance training is provided to board members regularly.	The Superintendent has been conducting Board Learning Sessions. Board governance trainings has been an ongoing and regular practice for the Board of Education for the past two years. Budget trainings have not previously been provided outside of the regular meeting setting over the past couple of years, but will begin with the 2019-20 academic year.
55.	Does the district use its most current multiyear projection when making financial decisions?	Complete	It appears that the district used multiyear projections when making financial decisions until the 2017-18 fiscal year, but that this practice ceased in that year, during which it also entered into a multiyear agreement with the SCTA (December 7, 2017) that granted ongoing salary increases without a budget reduction plan to maintain minimum reserves through 2020-21.	Current budget philosophy is to understand fourth year budget implications of financial decisions.
56.	Are the sources of repayment for non-voter-approved debt stable {such as certificates of participation (COPs), bridge financing, bond anticipation notes (BANS), revenue anticipation notes (RANS) and others}, predictable, and other than unrestricted general fund?	Complete	The district has \$67,920,000 in outstanding lease revenue bonds. The annual debt service payment is approximately \$5,400,000 and continues through fiscal year 2025-26. The annual debt service payments are made from a combination of unrestricted general fund revenue and developer fees.	Debt payment transferred outside of the General Fund to Mello Roos tax collections.
57.	Does the district analyze and adjust staffing based on staffing ratios and enrollment?	Complete	The district did not provide evidence that regular analysis of staffing ratios is compared with actual enrollment or that adjustments are made in accordance with sites' or departments' needs after the one-stop budget and staffing process occurs in January or	Yes. Allocations to staffing are based on contract class size ratios and adopted Cohort Survival Method for enrollment projections.

			<p>February of each year during the budget development process. During one-stop, because the primary purpose appears to be developing the March 15 notice list, staffing ratios are compared against enrollment projections, and staffing is scheduled accordingly.</p> <p>Although this process is efficient for meeting the March 15 deadline as well as initial budget development projections, the decisions made during one-stop need to be reassessed as the year proceeds and actual enrollment numbers are known.</p>	
58.	Does the district reconcile budget, payroll and position control regularly, meaning at least at budget adoption and interim reporting periods?	Complete	<p>It is best practice to have a position control system that is integrated with, or at least reconciled with, budget, payroll and human resources records. The district does not reconcile these records regularly to ensure that its budget represents the amount the district should set aside for such costs. In interviews, employees indicated that the number of open positions shown in financial reports is usually inflated.</p> <p>At interim reporting times, the district identifies variances between budgeted and actual amounts, and salary and benefit budgets are often revised based on that analysis. By contrast, standard industry practice is to reconcile actual human resources and payroll records to ensure that only open, authorized positions are shown as</p>	Position Control true-up conducted with the support of SCOE fiscal experts. Regular bi-weekly meetings are now being conducted to ensure position control is reconciled.

			such in the budget; if an open position exists that should be closed, the appropriate paperwork is completed to do so, and the budget is updated.	
59.	Does the governing board approve all new positions before positions are posted?	Complete	The governing board approves new positions after employees have been hired rather than when the position is vacant or posted.	New process established: Cabinet Member to bring forth new positions to the Cabinet meeting for review and discussion. If allowed, the new position moves forward to Deputy and Superintendent for approval. Approved position is then submitted to the Budget department for assignment of position control identifying number. Budget then sends completed position requisition to H.R. for posting (Business Process Map was created for this new process and is currently being revised).
60.	Do managers and staff responsible for the district's human resources, payroll and budget functions meet regularly to discuss issues and improve processes?	Complete	Staff indicated that those responsible for human resources, payroll and budget meet two times per year. Scheduled meetings should be conducted at least monthly to resolve ongoing issues and problems, as well as improve processes, between the departments.	H.R. and Business Services now meet bi-monthly.

GENERAL FUND

General Fund Definition

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. The General Fund also contains categorical programs such as Every Student Succeeds Act (ESSA), Title I, After School Education and Safety (ASES), and others.

PROPRIETARY FUNDS

Proprietary Funds Definition

Proprietary Funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the LEA, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting. This classification includes the Self-Insurance fund, which includes the Dental/Vision fund.
