Effective July 1, 2014

New Healthy Food Rules for ALL School Fundraising

New federal and state regulations will require that **ALL food and beverages** sold to students on a school campus meet certain nutritional standards.

WHY: These regulations are meant to improve the health of children and teach them a lifelong lesson about the importance of good nutrition.

APPLIES TO:

- All foods sold to students before school, during school and through one-half hour after the end of after-school programs.
- All foods sold for the purpose of fundraising.

**NOTE:** Regulations define “sold” as the exchange of food for money, coupons, vouchers or order forms on a school campus.
