EXHIBIT A

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this contract. The District has also determined that the employees assigned to work at a school site under this contract will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall immediately so inform the District and assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.
