The Personal Insight Questions are designed with the goal of getting to know a student better — their life experience, interests, ambitions and inspirations. Responses to the questions should be given as though a student is in an interview, telling their personal story.

Students will respond to any 4 of the 8 questions that they choose. Each response is limited to a maximum of 350 words.

Learn from an expert in UC applications and admissions how to coach students to be reflective and open, to find their individual voice and express it.
