School Description

Kit Carson is a jewel in the heart of East Sacramento. Set on a twelve acre campus with Spanish style architecture and red brick accents, our campus is a tranquil setting which evokes images of the rich history of California.

Kit Carson is home of the Pioneers, both in name and in philosophy. The school has an important place in the history of East Sacramento with many generations of local residents having passed through our doors. Long-time residents of the community have fond memories of the original building which was constructed in 1933, and of the storied past of the school.

The “new” Kit Carson, built in 1976, recognizes time-honored Pioneer traditions while at the same time focusing on progressive, forward thinking instructional practices which make us a cutting-edge school of the future.

Our campus is home to many different languages and cultures that truly reflect the diversity of our city. This multi-cultural makeup is something we celebrate, and we believe that diversity enhances the positive experiences for our students.

Currently we serve a student population from many communities of the greater Sacramento area. With college and career readiness being a goal for all Kit Carson students, our unifying slogan is, “The road to college begins here.”

Kit Carson is an International Baccalaureate candidate school offering the IB Middle Years Program in grades 7,8, and 9. The school is in the process of seeking authorization as an International Baccalaureate World School offering grades 7-12. Expansion will occur over a four year period through 2017 with an additional grade level being added each year.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at 916.277.6750 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Textbooks and instructional materials are reviewed and then piloted across the district. Subsequent adoption by the Board of Education is consistent with the cycle of textbook approval by the State, California School Board. Textbooks are chosen for their alignment with California Content Standards, California Frameworks, and appropriateness for Sacramento City Unified School District students. Textbook sufficiency data is collected annually.

School Facility Conditions and Planned Improvements (Most Recent Year)

The main campus was built in 1976. This school has 29 permanent classrooms which include a multipurpose room, a library, and an administrative building. The school also has 7 portables. During the 2005 modernization, renovations and upgrades were made in the following areas: site interior, exterior, plumbing, HVAC, roofing and miscellaneous upgrades.

The district takes great efforts to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all the schools in the district. A summary of these standards is available at the school office, or at the district operations office. The principal works directly with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The State Legislature established the Deferred Maintenance Fund (DMF) in 1980 to assist districts in maintaining facilities and sites. The District has participated in the Deferred Maintenance Program since its inception. The program requires both the local district and the State of California to share equally in the cost of major deferred maintenance projects, with the maximum contribution from the State limited to approximately one-half of one percent of the District's General Fund and Adult Education Fund operating budgets. For fiscal years 2008-09 through 2012-13, the Deferred Maintenance Program has been included in the State's Tier III Flexibility Program. Therefore, DMF funds received by the District are deposited in the General Fund, and are unrestricted. Due to state budget cuts for 2010-11 these unrestricted funds have not been designated to deferred maintenance purposes. The funds were used as part of the Tier III recommendations approved by the Board on the May 6, 2010 Board Meeting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parent involvement is essential to student success and we encourage parents to participate actively in their child's education at Kit Carson.

In our most recent School Quality Review, reviewers included the following statement in their final report. "The school is very welcoming and parents take the opportunities offered to remain in regular contact with the administration, faculty and other staff members."

We are proud of our efforts and continue to seek additional opportunities for deeper and broader participation. Some of the current and ongoing parent involvement activities are as follows: PTO, School Site Council, and ELAC. Parents also volunteer in classrooms, help supervise field trips, and support the school in many other ways.

Please contact Principal Charlie Watters at (916) 277-6750 for more information about parent involvement at Kit Carson.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on ELA Common Core State Standards, Math Common Core State Standards, English Language Learners, Balanced Literacy and Instructional Strategies for Addressing the Needs of Diverse Learners. These areas of focus were derived from needs assessments coupled with the analysis of student learning of specific content and that is ongoing with follow-up opportunities, models effective practices, and uses assessments to guide and monitor progress. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

These learning experiences, which are offered during the school day and after-school are supported with on-site coaching, are in addition to the required 18-hours of professional development designated for teachers to engage in collaborative professional learning at their respective school sites. Such communities of practices, under the leadership and guidance of site administrators, afford our teachers the opportunity to deepen their content knowledge, strengthen their instructional repertoire, improve their assessment strategies, and foster a shared sense of responsibility. As a result, every teacher will help to promote and nurture a community of learners in which the individual school staff is not only enriched, but the district as a whole is enhanced.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
