4. Do you have any reservations about the Bond Oversight Committee?

None at this time.

5. Describe in detail your involvement in the organization/s you cite under the eligibility section of this application as qualifying you for committee membership?

I've been a volunteer for the last year on the Superintendent's Advisory Committee, and worked on the campaign to pass Measures Q and R. Since I worked getting these Measures passed, I'm interested in seeing how they will be implemented. In the campaign we told voters that these bonds would improve their neighborhood schools; I would like to see that promise kept. I'm also aware of the need to prioritize limited proceeds on school facilities that bring real improvements to the school envelop.

6. You may add any additional information.

I have the time and commitment to be an active member of the Committee.

Regular consultations with State Treasurer's staff on above boards and commissions to understand, analyze, and recommend approval or denial of complex projects seeking bond, state and local tax credit, and grant financing.

Bond Covenants Disclosure training by Orrick, Harrington & Sutcliffe, Inc. (November 2011)

**C. Other Pertinent Skills, Experience, or Interests**

Reviewed office building financing plans for state agencies including the Board of Equalization, Department of Transportation, and Department of General Services, and provided recommendations for approval or denial to the Governor's Office and legislators. For example, reviewed the financing plan and infrastructure need for construction of the Department of Transportation's Los Angeles district office building.

On State Controller and State Treasurer's behalf, wrote and lobbied for Senate Bill 784 (Torlakson, 2007), which would have created a Citizens' Bond Oversight Committee for the \$42.6 billion in Proposition 1B, 1C, 1D, and 1E infrastructure bonds (transportation, education facilities, resources, and housing) and established a mechanism for reporting progress and independent audits.

Provided final review and successfully lobbied for legislative remedies related to a major statewide audit of redevelopment agencies, tax increment financing, and pass-throughs. The audit led to an overhaul of how redevelopment agencies "pass through" revenues to counties, schools, and the state. Additionally, this audit resulted in \$180 million in back payments were made to schools and the state and laid the groundwork for the elimination of redevelopment agencies in the state.

As a member of the Controller's Cash Management Team, I review cash and budget reports and forecasts and advise on the need and timing of billions in short-term borrowing, such as RANS, RAWs, and private placement loans.

As a consultant for the Senate Budget and Fiscal Review Committee, I reviewed five-year infrastructure plans for a dozen large state departments.

I am a committed activist for advancing neighborhoods' interests and providing a respectful and open public forum for the expression of those interests. I have served seven years on neighborhood associations, including two years as president of the River Park Neighborhood Association and one year as president of the Land Park Community Association.

I am a former chair and member of the 65<sup>th</sup> Street Redevelopment Advisory Committee, a committee seeking to revitalize a blighted 654-acre community in southeastern Sacramento by providing recommendations on infrastructure needs.

**1. Why do you think you should be appointed? What specifically in your background qualifies you as a candidate?**

As a parent of three with my oldest now in first grade, I am committed to the long-term success of the Sacramento City Unified public schools and believe that the SCUSD Bond Oversight Committee is a fitting venue to couple that commitment with my professional background. My principle qualifications are my service on the debt-financing boards and commissions identified above, as well as a decade of analyzing infrastructure plans and recommending actions for elected officials. From this experience I am well-accustomed to reviewing complex financing proposals and discussing and defending my analysis in a board setting. I strongly support transparency and citizen input in public financing decisions and would actively seek the public's input on issues before the committee.

**2. What do you see as the objective and goal of the Bond Oversight Committee?**

I believe there are two principle objectives of the Bond Oversight Committee. First, the committee must conscientiously review investment and debt issuance material for correctness, legality, and consistency with the district's overall investment plan. Second, the Committee must serve as a responsible conduit with the community, actively seeking their input and participation, while effectively keeping them informed about the activities of the Committee.

**3. What contributions would you bring to the Bond Oversight Committee?**

I expect that my primary contribution to the Bond Oversight Committee would be thorough and tough-minded analysis of financing proposals brought before the committee, ensuring that the committee's actions support the infrastructure plan of the district and responsibly advise the school board and district officials.

In addition, based on my background in community engagement, I believe I could enhance transparency and understandability of board actions. I would seek more citizen input in public financing decisions and would actively seek the public's input on issues before the committee.

**5. Describe in detail your involvement in the organizations you cite under the eligibility section of this application as qualifying you for committee membership.**

I am a parent of a first grader at Leonardo Da Vinci Elementary and have been active in PTC activities such as monthly meetings, tending the school's garden, and I am currently leading the first grade parents in organizing our fall fundraiser.

**6. Additional Information**

In short, I believe I have the professional experience, energy, and commitment that will ensure responsible stewardship of the duties entrusted to members of the SCUSD Bond Oversight Committee. I appreciate your consideration of my merits for this appointment and hope to speak with you soon.
