Recommendation: Approve Resolution No. 2778: Resolution Regarding Establishment of a School-Based Health Center at Hiram Johnson High School and Exemption from Division of State Architect (DSA) Approval.

Background/Rationale: WellSpace Health, a California nonprofit corporation, in partnership with SCUSD received a federal grant under the Affordable Care Act and intends to use the grant to establish a school-based health center at Hiram Johnson High School because there are no health care services readily available to students and families in the school's neighborhood.

Pursuant to section 17296 of the Education Code, the establishment of a health center facility may be exempted from review and approval by the Division of State Architect (DSA) provided the facilities meet the requirement with all local building codes and licensing requirement for providing services at the health center.

Financial Considerations: None.
