CONTRACTOR CERTIFICATION of COMPLIANCE

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that employees who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice (DOJ) must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. Depending on the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, the District may determine that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement, and that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, the Contractor cannot adhere to the conditions stated above, the Contractor shall immediately so inform the District and shall assign only employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, the Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

SERVICE AGREEMENT  
BETWEEN  
K12 HEALTH  
AND  
SACRAMENTO CITY UNIFIED SCHOOL DISTRICT

This Service Agreement is between K12 Health (hereinafter referred to as “Contractor”) and Sacramento City Unified School District (hereinafter referred to as the “District”).

In consideration of the mutual promises contained herein, the parties agree as follows:

The determination of a satisfactory performance shall be in the sole judgment and discretion of the District in light of applicable industry standards, if applicable. The term may be extended by mutual consent of the parties on the same terms and conditions by a mutually executed addendum.

Article III. PAYMENT

The District agrees to pay Contractor for services satisfactorily rendered pursuant to this Agreement as follows:

**Flat Rate:** The total payment to Contractor, including travel and other expenses, shall be Eighty-Four Thousand, Five Hundred Dollars ($84,500).

Payment shall be made within 30 days upon submission of periodic invoice(s) to the attention of Student Support and Health Services, Sacramento City Unified School District, P.O. Box 246870, Sacramento, CA 95824-6870.

Article IV. EQUIPMENT AND FACILITIES

The District will provide Contractor with access to all needed records and materials during normal business hours upon reasonable notice. However, the District shall not be responsible for, nor will it be required to, provide personnel to accomplish the duties and obligations of the Contractor under this Agreement.

Article V. WORKS FOR HIRE/COPYRIGHT/TRADEmARK/PATENT

The Contractor understands and agrees that all matters specifically produced under this Agreement that contain no intellectual property or other protected works owned by the Contractor shall be works for hire and shall become the sole property of the District and cannot be used without the District's express written permission. The District shall have the right, title, and interest in said matters, including the right to secure and maintain the copyright, trademark, and/or patent of said matter in the name of the District. The Contractor consents to the use of the
Article V. WORKS FOR HIRE/COPYRIGHT/TRADMARK/PATENT (cont’d.)

Contractor’s name in conjunction with the sale, use, performance, and distribution of the matters, for any purpose in any medium.

As to those matters specifically produced under this Agreement that are composed of intellectual property or other protected works, the Contractor must clearly identify to the District those protected elements included in the completed work. The remainder of the intellectual property of such completed works shall be deemed the sole property of the District. The completed works that include both elements of the Contractor’s protected works and the District’s protected works, shall be subject to a mutual non-exclusive license agreement that permits either party to utilize the completed work in a manner consistent with this Agreement including the sale, use, performance, and distribution of the matters, for any purpose in any medium.

Article VI. INDEPENDENT CONTRACTOR

The Contractor’s relationship to the District under this Agreement shall be one of an independent contractor. The Contractor, and all of its employees, shall not be employees or agents of the District and are not entitled to participate in any District pension plans, retirement, health and welfare programs, or any similar programs or benefits, as a result of this Agreement.

The Contractor, and its employees or agents rendering services under this Agreement, shall not be employees of the District for federal or state tax purposes, or for any other purpose. The Contractor acknowledges and agrees that it is the sole responsibility of the Contractor to report as income its compensation from the District and to make the requisite tax filings and payments to the appropriate federal, state, and/or local tax authorities. No part of the Contractor’s compensation shall be subject to withholding by the District for the payment of social security, unemployment, or disability insurance, or any other similar state or federal tax obligation.

The Contractor agrees to defend, indemnify, and hold the District harmless from any and all claims, losses, liabilities, or damages arising from any contention by a third party that an employer-employee relationship exists by reason of this Agreement.

Article VII. FINGERPRINTING REQUIREMENTS

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering the school site to determine that they have not been convicted of a serious or violent felony. If the District determines that more than limited contact with students will occur during the performance of these services, the Contractor will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to the District.
Article VII. FINGERPRINTING REQUIREMENTS (cont’d.)

The District has determined that services performed under this Agreement will result in contact with pupils. The Contractor shall obtain fingerprinting clearance for all employees before services can begin. The Contractor will provide a complete list to the District of all employees cleared by the DOJ who will provide services under this Agreement. Failure to provide such written certification before services begin or within thirty days after execution of this Agreement, whichever occurs first, will result in immediate termination.

Article VIII. MUTUAL INDEMNIFICATION

Each of the Parties shall defend, indemnify, and hold harmless the other party, its officers, agents, and employees from any and all claims, liabilities, and costs for any damages, sickness, death, or injury to person(s) or property, including payment of reasonable attorney fees, and including without limitation all consequential damages, from any cause whatsoever, arising directly or indirectly from or connected with the operations or services performed under this Agreement, caused in whole or in part by the negligent or intentional acts or omissions of the Parties or its agents, employees, or subcontractors.

It is the intention of the Parties, where fault is determined to have been contributory, principles of comparative fault will be followed and each party shall bear the proportionate cost of any damage attributable to fault of that party. It is further understood and agreed that such indemnification will survive the termination of this Agreement.

Article IX. INSURANCE

Prior to commencement of services, and during the life of this Agreement, the Contractor shall provide the District with a copy of its policy evidencing its comprehensive general liability insurance coverage in a sum not less than $1,000,000 per occurrence. The Contractor will also provide written endorsement to such policy naming the District as an additional insured, and such endorsement shall also state “Such insurance as is afforded by this policy shall be primary, and any insurance carried by the District shall be excess and noncontributory”. If insurance is not kept in force during the entire term of the Agreement, the District may procure the necessary insurance and pay the premium therefore, and the premium shall be paid by the Contractor to the District.

Article X. TERMINATION

The District may terminate this Agreement without cause upon giving the Contractor thirty days written notice. Notice shall be deemed given when received by the Contractor, or no later than three days after the day of mailing, whichever is sooner.
Article X.  TERMINATION (cont’d.)

The District may terminate this Agreement with cause upon written notice of intention to terminate for cause. A Termination for Cause shall include: (a) material violation of this Agreement by the Contractor; (b) any act by the Contractor exposing the District to liability to others for personal injury or property damage; or (c) the Contractor confirms its insolvency or is adjudged bankrupt; the Contractor makes a general assignment for the benefit of creditors, or a receiver is appointed on account of the Contractor’s insolvency.

Ten (10) calendar days after service of such notice, the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, or this Agreement shall cease and terminate. In the event of such termination, the District may secure the required services from another contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charged to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party or no later than three days after the day of mailing, whoever is sooner.

Article XI.  ASSIGNMENT

This Agreement is for personal services to be performed by the Contractor. Neither this Agreement, nor any duties or obligations to be performed under this Agreement, shall be assigned without the prior written consent of the District, which shall not be unreasonably withheld. In the event of an assignment too which the District has consented, the assignee or his/her or its legal representative shall agree in writing with the District to personally assume, perform, and be bound by the covenants, obligations, and agreements contained in this Agreement.

Article XII.  NOTICES

Any notices, requests, demands or other communications required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given on the date of service if served personally on the party to whom notice is to be given, or on the third day after mailing, if mailed to the party to whom notice is to be given, by first class mail, registered or certified, postage prepaid, or on the day after dispatching by Federal Express or another overnight delivery service, and properly addressed as follows:

This Agreement contains the entire agreement between the parties and supersedes all prior understanding between them with respect to the subject matter of this Agreement. There are no promises, terms, conditions, or obligations, oral or written, between or among the parties relating to the subject matter of this Agreement that are not fully expressed in this Agreement. This Agreement may not be modified, changed, supplemented, or terminated, nor may any obligations under this Agreement be waived, except by written instrument signed by the party to be otherwise expressly permitted in this Agreement.

Article XIV. CONFLICT OF INTEREST

The Contractor shall abide by and be subject to all applicable District policies, regulations, statutes or other laws regarding conflict of interest. The Contractor shall not hire any officer or employee of the District to perform any service covered by this Agreement. If the work is to be performed in connection with a Federal contract or grant, the Contractor shall not hire any employee of the United States government to perform any service covered by this Agreement.

Article XV. NONDISCRIMINATION

It is the policy of the District in connection with all services performed under contract that there will be no discrimination against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, handicap, religious creed, sex, age, or marital status. The Contractor agrees to comply with applicable federal and California laws including, but not limited to, the California Fair Employment and Housing Act.

Article XVI. SEVERABILITY

Should any term or provision of this Agreement be determined to be illegal or in conflict with any law of the State of California, the validity of the remaining portions or provisions shall not be affected thereby. Each term or provision of this Agreement shall be valid and be enforced as written to the fullest extent permitted by law.

Article XVII. RULES AND REGULATIONS

All rules and regulations of the District’s Board of Education and all federal, state and local laws, ordinance and regulations are to be strictly observed by the Contractor pursuant to this Agreement. Any rule, regulation or law required to be contained in this Agreement shall be deemed to be incorporated herein.
Article XVIII. APPLICABLE LAW/VENUE

This Agreement shall be governed by and construed in accordance with the laws of the State of California. Subject: Approve Revised 2014-15 Local Control Accountability Plan (LCAP)

Division: Communications Office

Recommendation: Approve the revised 2014-15 Local Control Accountability Plan (LCAP).

Background/Rationale: Pursuant to Ed Code 52060, SCUSD's Board of Education adopted a Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education. The LCAP is effective for three years with annual updates, must be aligned to SCUSD's budget and will include the district's annual goals in each of the eight specified state priorities. The plans must include both district-wide goals and goals for specific subgroups with the district.

Following adoption of SCUSD's LCAP, the district received direction from the Sacramento County Office of Education (SCOE) to make specific additions and/or amendments to Section 2, Section 3C and Section 3D. Additionally, the final version includes additional expenditures included in the 2014-15 budget revision, adopted by the Board at the July 17, 2014 Board meeting.

Financial Considerations: None

Approved by: José L. Banda, Superintendent
I. Introduction:
In July 2013, the state Legislature approved a new funding system for all California public schools. This new funding system, Local Control Funding Formula (LCFF) requires that on or before July 1, 2014 every school district is expected to adopt a Local Control and Accountability Plan (LCAP) and budget.

The LCAP is the funding formula’s vehicle for transparency and engagement. It must describe for each school district, and each school within the district, the annual goals and specific actions to achieve those goals for all students and each subgroup of students identified in Education Code 52052, including students with disabilities. Through the LCAP, districts must describe the specific actions that districts will take to achieve the goals it has identified with budget details that show the type of state expenditure made to support these actions.

The state priorities are expressed as metrics for which districts are expected to develop performance measures to demonstrate how LCFF and the LCAP support student outcomes. The State Board of Education adopted an LCAP template that groups the LCAP’s eight State Priorities in three areas: Pupil Outcomes, Engagement and Conditions of Learning.

Pupil Outcomes
- **Priority 1:** Student Achievement: Pupil achievement as measured by multiple indicators including, but not limited to, assessment data, college readiness and language proficiency.
- **Priority 3:** Other Student Outcomes: Pupil outcomes, if available, in the subject areas comprising of a broad course of study.

Engagement
- **Priority 2:** Student Engagement: Pupil engagement as measured by multiple indicators including, but not limited to, rates associated with attendance, chronic absenteeism, dropout (middle and high school) and high school graduation.
- **Priority 4:** School Climate: School climate as measured by multiple indicators including, but not limited to, pupil suspension and expulsion rates as well as other local measures assessing safety and school connectedness.
- **Priority 5:** Parental Involvement: Parental involvement, including efforts the school district makes to seek parent input in making decisions for the school district and each individual school site, and including how the school district will promote parental participation in programs for economically disadvantaged pupils, English-learners, foster youth and individuals with exceptional needs.
Conditions of Learning

- **Priority 6:** Basic Services: Demonstrating compliance with Williams Act requirements. This includes reporting appropriate teacher assignment, sufficient instructional materials and facilities in good repair.

- **Priority 7:** Implementation of Common Core Standards: Implementation of the academic content and performance standards adopted by the State Board of Education (SBE), including how the programs and services will enable English-learners to access the Common Core academic content standards and the English Language Development standards.

- **Priority 8:** Course Access: The extent to which pupils have access to, and are enrolled in, a broad course of study that includes core subject areas (i.e., English, mathematics, social science, science, visual and performing arts, health, physical education, career and technical education, etc.), including the programs and services developed and provided to economically disadvantaged pupils, English-learners, foster youth and individuals with exceptional needs.

II. Driving Governance:
Pursuant to Ed Code 52060, SCUSD’s Board of Education adopted a Local Control and Accountability Plan (LCAP) on June 19, 2014 (prior to the July 1 deadline) using the template adopted by the State Board of Education. The LCAP is effective for three years with annual updates, must be aligned to SCUSD’s budget and will include the district’s annual goals in each of the eight specified state priorities. The plans must include both district-wide goals and goals for specific subgroups with the district.

Following adoption of SCUSD’s LCAP, the district received direction from the Sacramento County Office of Education (SCOE) to make specific additions and/or amendments to Section 2, Section 3C and Section 3D. Additionally, the final version includes the addition of additional expenditures included in the 2014-15 budget revision, adopted by the Board at the July 17, 2014 Board meeting.

III. Revisions to Plan:
The Final LCAP includes the following additions and/or amendments per direction from the SCOE (Note that a version of the Board-adopted LCAP with changes tracked is included as an attachment):

**Section 2: Goals and Progress Indicators**

- Goals and progress indicators were added regarding the district’s implementation of English Language Development (ELD) standards.

- Goals and progress indicators were added regarding the district’s implementation of

Next Generation Science standards.
- Goals and progress indicators were added regarding “Sufficiency of Textbooks” based on 2013-14 Williams Inspection results.
- Goals and progress indicators were added regarding “complete course access to all students” in the district.
- Goals and progress indicators were added regarding expulsion rates.
- Goals and progress indicators were added regarding middle school drop out rates.
- Goals and progress indicators were added regarding school safety and climate survey results (using results from the most recent California Healthy Kids Survey).
- Goals and progress indicators were added regarding parent engagement: the number of schools with active parent organizations, the number of parents (and EL parents) participating in the district’s Parents as Partners program and the response rate (and demographics) from the district’s LCAP survey.
- Language was added to Section 2 specifically noting that each goal is applicable to all students, including low-income students, English-learners and foster youth.

Section 3: Actions, Services and Expenditures
- **Section 3A** - On July 17, 2014, the SCUSD Board of Education adopted revisions to the 2014-15 budget, including $200,000 in expenditures to begin to implement Restorative Practices programs in the district. In order to ensure that the Final LCAP is in alignment with the final adopted budget, that expenditure has been added to Section 3A (under Goal 2: Schools will provide students with a clean, healthy, physically and emotionally safe learning environment).
- **Section 3C** – Section 3C was rewritten to provide significantly more specificity regarding the calculations of number of non-duplicated subgroup students in the district, as well as more specificity regarding district-wide expenditures (all expenditures listed in Section 3C are also included in Section 3A).
- **Section 3D** – Section 3D was rewritten to provide significantly more specificity regarding how additional LCFF resources are being spent to specifically meet the needs of low-income students, English-learners and foster youth.

IV. Major Initiatives:
Budget forums, community meetings and development of LCAP. Simultaneously working with Budget team to receive budget updates.

V. Results:
Staff recommends the SCUSD Board of Education approve the 2014-15 Local Control and Accountability Plan.

VI. Next Steps:
- Following SCUSD Board approval, the Final 2014-15 Local Control and Accountability Plan will be sent to SCOE for approval.
Introduction:

LEA: Sacramento City Unified School District  Contact Dr. Sara Noguchi, Interim Superintendent, superintendent@scusd.edu  (916) 643-7400

LCAP Year: 2014-2015

**Local Control and Accountability Plan and Annual Update Template**

The Local Control and Accountability Plan (LCAP) and annual update template shall be used to provide details regarding local educational agencies’ (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs should comply with instructions and use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.
State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to engage parents, pupils, and the community and how this engagement contributed to development of the LCAP or annual update. Note that the LEA’s goals related to the state priority of parental involvement are to be described separately in Section 2, and the related actions and expenditures are to be described in Section 3.

Guiding Questions:

1) How have parents, community members, pupils, local bargaining units, and other stakeholders (e.g., LEA personnel, county child welfare agencies, county office of education foster youth services programs, court-appointed special advocates, foster youth, foster parents, education rights holders and other foster youth stakeholders, English learner parents, community organizations representing English learners, and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?

3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process?

4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?

5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representative parents of pupils identified in Education Code section 42238.01?

6) In the annual update, how has the involvement of these stakeholders supported improved outcomes for pupils related to the state priorities?

Community Engagement Process through Public Education Volunteers

PEV Cycle #2: Mar 24 – April 21

Committee, who shared their feedback, concerns, and questions. Responses to their questions have been posted to www.scusd.edu/LCAP.

Each school site was asked to engage their parents in a discussion of the Local Control Funding Formula and the State Priorities. Principals presented at their standing meetings-School Site Council meetings, PTA meetings, English Learner Advisory Council (ELAC), Collaborative Planning Time (CPT) and staff meetings. Feedback was collected through surveys. 100% of sites were engaged.

This is a grassroots model utilized to gather authentic input and feedback on LCAP. The Community Engagement Process relies on key community organizing strategies of empowering community members as Public Education Volunteers (PEVs) to solicit their personal and professional networks to share information and gather input. The feedback is used to inform decisions, draft, develop, and share with stakeholders early before anything is “finalized.”

SCUSD trained over 115 PEVs. PEVs include community members, parents, community partners, school board members, DELAC, DAC, Department of Social Justice, and Foster Family Agencies.

PEVs distributed LCAP surveys to their respective networks. PEV Cycle #1: Over 1,200 respondents to survey.

The Community Planning Process was especially critical in ensuring that the voice of those who represent LCFF

Subgroups was heard. 62% of the more than 1,200 respondents represented low-income students. 46% of the more than 1,200 respondents represented English learners. District personnel attended District Advisory Group meetings, presented the DRAFT LCAP, and gathered feedback from each of these critical stakeholder groups. A survey on the DRAFT LCAP was created and PEVs shared the survey through their networks. Answers to questions gathered at these meetings are posted along with the answers to those posted by the Parent Advisory Committee at www.scusd.edu/LCAP.

The draft LCAP was posted on the district website and shared broadly at various advisory committee and community group meetings in order to gather feedback from all stakeholders.

LCAP discussions were included on agendas of regular meetings with all labor partners throughout the engagement process to ensure their involvement in discussions. Surveys and information on LCAP meetings were all distributed widely to all district staff.

Responses to the draft LCAP and updates to the 2014-15 budget from the May Revise were instrumental in developing revisions to the draft and the completion of the final LCAP which was brought to the local Board of Education for approval with the District 2014-15 budget.
Section 2: Goals and Progress Indicators

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, for each state priority and any local priorities and require the annual update to include a review of progress towards the goals and describe any changes to the goals.

Instructions: Describe annual goals and expected and actual progress toward meeting goals. This section must include specifics projected for the applicable term of the LCAP, and in each annual update year, a review of progress made in the past fiscal year based on an identified metric. Charter schools may adjust the chart below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33. The metrics may be quantitative or qualitative, although LEAs must, at minimum, use the specific metrics that statute explicitly references as required elements for measuring progress within a particular state priority area. Goals must address each of the state priorities and any additional local priorities; however, one goal may address multiple priorities. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site. The goals must reflect outcomes for all pupils and include specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Guiding Questions:

1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
3) What are the LEA’s goal(s) to address state priorities related to “Engagement” (e.g., pupil and parent)?
4) What are the LEA’s goal(s) to address locally-identified priorities?
5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
6) What are the unique goals for subgroups as defined in Education Code sections 42238.01 and 52052 that are different from the LEA’s goals for all pupils?
7) What are the specific predicted outcomes/metrics/noticeable changes associated with each of the goals annually and over the term of the LCAP?
8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority and/or to review progress toward goals in the annual update?
9) What information was considered/reviewed for individual school sites?
10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
11) In the annual update, what changes/progress have been realized and how do these compare to changes/progress predicted? What modifications are being made to the LCAP as a result of this comparison?

requirements. We’ve continued to invest in professional development for teachers and principals that accelerates student learning by giving children ample opportunities to think critically, work with others, solve problems, struggle with difficult tasks, and enjoy school. Financial challenges have slowed, but not curtailed our efforts to develop clear expectations about what students need to know and master at every grade level. With increased funding, we look forward to developing comprehensive early learning programs, effective multi-tiered support systems, and replicating strategies used by our highest-performing schools and programs. We have strategic partnerships that expose students to career pathways through internships.

Section 3: Actions, Services, and Expenditures

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47604.5 require the LCAP to include a description of the specific actions an LEA will take to meet the goals identified. Additionally, Education Code section 52604 requires a listing and description of the expenditures required to implement the specific actions.

Instructions: Identify annual actions to be performed to meet the goals described in Section 2, and describe expenditures to implement each action, and where these expenditures can be found in the LEA’s budget. Actions may describe a group of services that are implemented to achieve identified goals. The actions and expenditures must reflect details within a goal for the specific subgroups identified in Education Code section 52052, including pupils with disabilities, and for specific school sites as applicable. In describing the actions and expenditures that will serve low-income, English learner, and/or foster youth pupils as defined in Education Code section 42238.01, the LEA must identify whether supplemental and concentration funds are used in a districtwide, schoolwide, countywide, or charterwide manner. In the annual update, the LEA must describe any changes to actions as a result of a review of progress. The LEA must reference all...
Guiding Questions:

1. What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

2. How do these actions/services link to identified goals and performance indicators?

3. What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

4. In the annual update, how have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?

5. In the annual update, how have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?

6. In the annual update, how have the actions/services addressed the identified needs and goals of specific school sites and did the provision of those actions/services result in the desired outcomes?

7. In the annual update, what changes in actions, services, and expenditures have been made as a result of reviewing past progress and/or changes to goals?

A. What annual actions, and the LEA may include any services that support these actions, are to be performed to meet the goals described in Section 2 for ALL pupils and the goals specifically for subgroups of pupils identified in Education Code section 52052 but not listed in Table 3B below (e.g., Ethnic subgroups and pupils with disabilities)? List and describe expenditures for each fiscal year implementing these actions, including where these expenditures can be found in the LEA’s budget.

C. Describe the LEA’s increase in funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5). Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charter wide manner as specified in 5 CCR 15496. For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state priority areas. (See 5 CCR 15496(b) for guidance.)

Sacramento City Unified School District (SCUSD) serves over 43,859 students (2013 CBEDS) on 72 campuses. The student population reflects significant diversity: 37.1% Hispanic or Latino; 17.4% Asian; 1.7% Pacific Islander; 1.1% Filipino; 17.7% African American; 18.8% white, and .8% American Indian. About 6% of students are of two or more races or ethnicities. Residents within SCUSD speak more than 40 languages; 38% of students do not speak English at home and 22.7% of students are designated as English Language Learners. Approximately 74.6% of students are designated as low income, and 1% or 576 students are Foster Youth. In SCUSD, the percentage of total students within the target subgroups is approximately 75% of the overall student population or 3 out of 4 students meet the definition of unduplicated students. The estimated supplemental and concentration grant funding is $30,614,870. Out of this amount, approximately $9,227,176 of LCFF supplemental and concentration grant funds was budgeted district-wide for expenditures to meet the needs of all students. Through an examination of student data and feedback from our parent advisory and stakeholder groups, the following expenditures were identified as best practices for serving our target subgroup students on a district wide basis:

- Increased staff time for professional development and professional learning communities in order to increase the effectiveness of staff, examine students data and plan instruction for students based on data: End of furlough days - $1,598,407
- Counselors – additional needed to work with target subgroup students and their families to assist with educational planning and success: $3,000,000
- Restoration of custodians and plant managers to maintain clean and healthy learning environments: $2,650,000
- Restorative Justice Programs - $200,000
- School Resource Officers – to augment and support safe schools/anti-bullying programs: $300,000
- District librarians – to provide supplemental literacy support to target subgroup students through increase hours and assistance and with maintenance of school libraries and media centers: $1,000,000
- District wide translation services for students and families: $678,769
D. Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

The calculated percentage by which services must be increased for the unduplicated students is 10.95%. As mentioned above in Section 3C, these funds were allocated to all schools that have low income and English Learner populations. Schools that previously did not get an allocation for these groups of students due to low percentages, are now getting a portion of LCFF supplemental funds. These school sites will now be able to provide increased services to these students. Proportionally, schools with higher concentrations of low income, ELs, and Foster Youth and students with disabilities are getting higher LCFF funding. We must increase our spending for low income students, Foster Youth, and English Learners as follows: 2014-15: $3,353,299; 2015-16: $2,324,809; 2016-17: $1,703,638. Each SCUSD school has a diverse students population with varying and differing needs. School sites employ staff working in supplemental positions and implemented specific support programs based on their student needs. SCUSD allocated $9,800,000 to 61 school sites based on their unduplicated numbers of EL, Low Income, and Foster Youth to ensure that schools could make decisions to best meet the needs of the targeted subgroups at their sites, based on stakeholder feedback. Examples of school site expenditures to support their target subgroup students include:

- Site instruction coordinators to guide, support and ensure effective Common Core instruction and supplemental support - $1,128,371
- Teacher Extra Duty Pay for teacher professional development and to provide instruction during extended learning time for students - $632,861
- Training specialists to provide additional professional development to teachers in order to meet the instructional needs of low income, English learners, and foster youth - $354,231
- Resource teachers to provide a variety of learning supports including differentiated instruction - $2,243,605
- Additional counselors to provide support and guidance specifically to EL, low income, and foster youth and their families/guardians - $314,781
- Instructional Assistants to provide support additional assistance in the classroom in order to allow the teacher small group assistance time - $715,839
- Student Outreach Workers, Learning Supprt Specialists, and Social Workers to provide support to low income students, ELs, and Foster youth and their families with academic and attendance issues - $354,346
- Supplemental instructional books and materials to enhance instruction for EL, low income and foster youth, including primary language materials - $1,683,701
School staff and School Site Councils aligned their Single Plans for Student Achievement (SPSA) to the goals and action in the approved LCAP. School sites will need to reference the LCAP and SPSAs when submitting requisitions to ensure than expenditures of LCFF supplemental and concentration grant funds meet the intent of the LCAP actions and provide support to target subgroup students.

SUMMARY

The Sacramento City Unified School District formed Sacramento City Unified School District Community Facilities District No. 2 (CFD #2) for the purpose of financing new and improved school facilities for students generated by new development within the District. CFD #2 was formed after receiving over two-thirds support (on an acreage voting basis) from property owners included within the Community Facilities District. The special tax proceeds from this CFD are being used to finance school construction bonds and / or provide public school facilities. This Report summarizes the fiscal year 2014-15 Special Tax, Method of Apportionment, and other related data.

There are currently 1,382 parcels in CFD #2, which includes both subdivided and non-subdivided parcels. As of June 30, 2014 1,320 building permits for new homes within the Community Facility District have been issued, 17 parcels have prepaid their CFD #2 tax obligation in full. The total annual special tax to be collected within CFD #2 for fiscal year 2014-15 is $1,510,651.95. Table 1 summarizes the current and historical Special Tax data by year.

**NOTES:**

[1] The mitigation rate is the rate multiplied by residential square footage for the first fiscal year of new constructed SFR and MFR units.

[2] The multiplier is the rate at which the annual special tax is calculated by applying to the mitigation rates * assessable space minus any prepayments.

* The total tax and number of special tax units listed are the amounts submitted to the County Auditors (after any revisions for property changes).
ADMINISTRATION OF COMMUNITY FACILITIES DISTRICT

GENERAL ADMINISTRATIVE REQUIREMENTS

The Mello-Roos Community Facilities District Act of 1982 (the Act) requires that a Special Tax Report be prepared annually to identify the Special Tax Rate for all parcels to be assessed in the upcoming fiscal year. The levy data must subsequently be filed with the County Auditor before August 15 for inclusion on property tax bills.

After submission of the Special Tax levies, the final levies should be confirmed with the County Auditor prior to the preparation of tax bills, which typically occurs in October. The Special Tax is collected in two equal installments on the tax bills that are due on December 10 and April 10.

DELINQUENCY PROCEDURES

The District participates in the “Teeter Plan” whereby the Counties pay all delinquent special taxes to the District and in return the Counties institute collection proceedings and, when collected, keep all delinquent payments with interest and penalties. This plan allows the District to maintain reliable special tax revenues and reduces the cost of collection.

The District reviews the Tax Collector's public records annually by June 30 to determine the amount of special tax revenues and delinquencies during the fiscal year. If the amount of collections is less than 95% of the amount of special tax levy in such fiscal year, the School District has covenanted with bondholders to institute foreclosure proceedings no later than October 31 to enforce the lien against delinquent installments. The District is also obligated to institute foreclosure proceedings in the case of a single property owner who is delinquent by more than $2,000. No property owner is currently delinquent by such amount and the delinquency rate on the special taxes is below 5%, so there is no requirement to commence foreclosure proceedings at this time.

NOTICES OF SPECIAL TAX LIEN

The Act states “For purposes of enabling sellers of real property subject to the levy of special taxes to satisfy the notice requirements of subdivision (b) of Section 1102.6 of the Civil Code, the designated office, department, or bureau shall furnish a Notice of Special Tax to any individual requesting the notice or any owner of property subject to a special tax levied by the local agency within five working days so receiving a request for such notice. The local agency may charge a reasonable fee for this service not to exceed ten dollars.” A copy of this notice is included as Exhibit A.

In addition, any developer, subdivider or his or her agent or representative shall not sell or lease any property subject to the Special Tax until the prospective purchaser or lessee has been furnished with and signed a written notice of Special Tax Lien.

This notice is designed to clearly and accurately provide information about the special tax and the levy for the subject property.
SCI Consulting Group has developed a custom software system that will locate any property in the District and, among other functions, print customized notices of special tax lien. This software is included as a standard component of our administrative services.

**Reporting Requirements**

**Public Information**

Property owners and other interested persons can obtain information regarding special tax levies and other information by contacting the District or SCI Consulting Group at telephone number (800) 273-5167. The telephone number for SCI Consulting Group is also included with property tax bills.

**Assessor and Auditor Filing and Reporting**

Pursuant to the Act, the Mello-Roos Community Facilities Annual Report along with all special tax levies for the upcoming fiscal year must be filed with the County Auditor by August 15. The report and special tax levies will be submitted and confirmed for the fiscal year 2014-15.

**CDIAC Reporting**

Article 53359.5 of the Act stipulates that any bonds sold on or after January 1, 1993 must provide the California Debt and Investment Advisory Commission (CDIAC) with annual reports not later than October 30, including the following information:

1. The principal amount of any bonds outstanding.
2. The balance in the bond reserve fund.
3. The balance in the capitalized interest fund, if any.
4. The number of parcels which are delinquent with respect to their special tax payments, the amount that each parcel is delinquent, the length of time that each has been delinquent, and when foreclosure was commenced for each delinquent parcel.
5. The balance in any construction funds.
6. The assessed value of all parcels subject to the special tax to repay the bonds as shown on the most recent equalized roll.
RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

EXHIBIT B - THE SPECIAL TAX FORMULA

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
COMMUNITY FACILITIES DISTRICT NO.2
RATE AND METHOD OF APPORTIONMENT

A Special Tax, determined as described below, shall be levied each Fiscal Year by the Sacramento City Unified School District (the "District") within the boundaries of Community Facilities District No.2 ("CFD No. 2") to pay the Authorized Costs of the CFD No. 2, in accordance with the terms and conditions set forth herein.

1. **Definitions.** The following definitions shall apply:

   A. "Assessable Space" means a quantity equal to the area (expressed in square feet) within the perimeter of a residential structure, not including any carport, walkway, garage, overhang, patio, enclosed patio, detached accessory structure or similar structure. This quantity shall be determined by the Superintendent in accordance with the standard practice used by the building department of the city or county issuing the building permit when calculating structural perimeters.

   B. "Assessor's Parcel" ("Parcel") means a parcel of land designated on a map of the Sacramento County Assessor and assigned a discrete identifying number.

   C. "Authorized Costs" means all authorized costs and expenses of the CEO set forth by law, and all costs necessary to administer the bonds, collect and administer the special taxes, and administer the CFD, including but not limited to funds to pay current debt service on the bonds, to accumulate funds for future debt service, to pay amounts delinquent on the bonds (or to become delinquent based upon past special tax delinquencies), to replenish the reserve fund to its proper level (or to reimburse payment to be made from the reserve fund based upon past special tax delinquencies), to pay directly for any authorized facilities or to accumulate funds for that purpose.

   D. "Board" means the District's and CFD's Governing Board.

   E. "CFD" or "CFD No. 2" means the Community Facilities District No. 2 of the Sacramento City Unified School District.

   F. "District" means the Sacramento City Unified School District.

   G. "Escalation Factor" means a rate of not more than 4.75 % per annum to be annually determined by the Board at the time taxes are levied and to be used to
calculate the Mitigation Rate.

H. "Fiscal Year" means the period starting on July 1 and ending on the following June 30, except that the first Fiscal Year shall commence on the date the Board adopts the Resolution of intention to form CFD No. 2 and shall end on the next succeeding June 30.

I. "Mitigation Rate" means, for calculations of the Special Tax payable in the first Fiscal Year, with respect to Multifamily Residential Property, $2.42 per square foot of Assessable Space and, with respect to Single Family Residential Property, $4.15 per square foot of Assessable Space and, for calculations of the Special Tax payable in each Fiscal Year thereafter, such amounts increased each Fiscal Year by the Escalation Factor and otherwise adjusted as provided in Section (B) hereof.

J. "Multifamily Residential Property" means Residential Property for which a building permit for multifamily dwelling units is expected to be issued.

K. "Residential Property" ("Property") means an Assessor's Parcel within CFD No. 2 that is zoned for residential use.

L. "Single Family Residential Property" means Residential Property for which a building permit for a single family detached dwelling unit is expected to be issued.

M. "Special Tax" means the special tax or special taxes authorized to be levied within CFD No. 2.

N. "Superintendent" means the District Superintendent or the Superintendent's designee.

O. "Tax Collection Schedule" means document to be prepared annually by the Superintendent for use by the Sacramento County Auditor in collecting the annual installments of the Special Tax each Fiscal Year.

P. "Tax-Exempt Property" means any property within CFD No. 2 that in accordance with Section 2 hereof will not be taxed.

Q. "Territory to be Annexed" means any territory that is within District boundaries but not included within the boundaries of CFD No. 2 upon formation.

2. **Tax-Exempt Property:**

   Governmental property owned by the state, federal or other local governments will not be taxed except:
A. If a public agency owning property including property held in trust for any beneficiary, that is exempt from a special tax pursuant to Government Code Section 53340 grants a leasehold after January 1, 1988, or other possessory interest in the property to a nonexempt person or entity, the Special Tax shall, notwithstanding Government Code Section 53340, be levied in the leasehold or possessory interest and shall be payable by the owner of the leasehold or possessory interest.

B. If property not otherwise exempt from a special tax is acquired by a public entity other than the District through a negotiated transaction, or by gift or devise, the Special Tax shall, notwithstanding Government Code Section 53340, continue to be levied on the property acquired and shall be enforceable against the public entity that acquired the property.

C. If property subject to a special tax is acquired by a public entity through eminent domain proceedings, the obligation to pay the Special Tax shall be treated as if it were a special annual assessment. For this purpose, the present value of the obligation to pay the Special Tax to pay the principal and interest on any indebtedness incurred by the CFD prior to the date of apportionment determined pursuant to Section 5082 of the Revenue and Taxation Code shall be treated the same as a fixed lien special assessment.

Parcels that are not Residential Property shall not be taxed

A. At the beginning of each Fiscal Year, the Superintendent shall classify each Assessor's Parcel in CFD No. 2 as Tax-Exempt Property or as either Multifamily or Single Family Residential Property by reference to the standard practices of the city or county issuing building permits (or similar authorizations) for such Parcel.

B. At the time taxes are levied each Fiscal Year, the Board shall determine the Escalation Factor and calculate the Mitigation Rate applicable for such Fiscal Year.

C. At the beginning of each Fiscal Year, the Board shall levy the Special Tax as follows:

(1) For Tax-Exempt Property, no tax shall be levied.

(2) For each parcel for which a building permit issues during such Fiscal Year, the Board shall levy the Special Tax in an amount equal to the product of the Mitigation Rate and the Assessable Space of such Parcel.
If, after the annual levy and before a building permit is issued, a Parcel ceases to be or becomes Tax-Exempt Property or changes its classification from Single Family Residential Property to Multifamily Residential Property or from Multifamily Residential Property to Single Family Residential Property, then the Board shall revise the Special Tax to be levied against such Parcel.

4. **Payment of the Special Tax.**

   A. **The Special Tax is due upon the issuance of a building permit, or similar authorization for mobilehomes, for any Residential Property.** Payment shall be made to the Superintendent by cashier’s check or certified check payable to the CFD, and the Superintendent shall issue a receipt for payment showing the date and amount. If the Special Tax is not paid in Full, or if the owner elects (in accordance with the requirements of subsection B below) to pay all or part of the amount due in annual installments, the amount of the Special Tax that remains unpaid (the "Carryover Amount") shall be payable in annual installments (with interest) over a thirty-year period, calculated as described in subsection C below.

   B. **A Parcel owner may elect to pay the Special Tax in annual installments.** Such election shall be made at the time a building permit or similar authorization for the Parcel is issued, shall be in writing on a form provided by the Superintendent, and shall be accompanied by payment of any part of the Special Tax that such owner elects to pay immediately.

   C. **If all or part of the Special Tax will be paid in annual installments, the amount payable in each year after the Special Tax has become due shall be the product of the Carryover Amount and the installment factor listed in the table below for such year:**

D. At the beginning of each Fiscal Year, beginning in 1992-93, the Superintendent shall prepare a Tax Collection Schedule that includes the amount of annual installments of Special Taxes to be collected in such Fiscal Year. The Superintendent shall present the Tax Collection Schedule to the Board for its approval. The Superintendent shall deliver the Tax Collection Schedule, as approved by the Board, to the Sacramento County Auditor and request the Auditor to place the annual installments on the secured property tax rolls for the current Fiscal Year. The Superintendent shall deliver the Tax Collection Schedule to the Auditor not later than the date required by the Auditor for such inclusion.
5. **Collection of Installments of the Special Tax**

Installments of the Special Tax that are to be collected annually shall be collected upon the applicable Assessor's Parcels in the CFD in the same manner as ordinary ad valorem property taxes are collected and in accordance herewith; provided, however, that the CFD may collect installments at a different time or in a different manner if necessary to meet its financial obligations. All annual installments of Special Taxes shall be subject to the same penalties and lien priorities in the case of delinquency as is provided for ad valorem taxes. The Board shall cause the actions required above to be done for each Fiscal Year in a timely manner to assure that the Tax Collection Schedule is received by the Auditor of the County of Sacramento for inclusion with billings for ad valorem taxes for the applicable Fiscal Year.

6. **Termination of the Special Tax**

The owner of a Parcel for which the Special Tax was not paid in full when due may, at any time thereafter, pay and permanently satisfy the Special Tax levied against such Parcel by paying to the Superintendent, by cashier's check or certified check payable to the CFD, an amount equal to the product of the Carryover Amount and the prepayment factor for the Fiscal Year in which such payment is made as shown in the table under paragraph 4(C) above.

In the event the Special Tax has been paid and permanently satisfied with respect to a Parcel, the Board shall record a Notice of Cancellation of Special Tax Lien as to that Parcel pursuant to Section 53344 of the Government Code. The Notice of Cancellation of Special Tax Lien shall identify with particularity the Special Tax that has been paid and permanently satisfied, shall contain the book and page number in the records of the county recorder where the Notice of Special Tax Lien being canceled is recorded, shall contain the legal description and assessor's parcel number of the particular Parcel of land subject to the lien, and shall contain the name of the owner of record of the Parcel. The Board may specify a charge payable by the owner of record for the preparation and recordation of this notice.

7. **Appeals and Interpretation Procedure**

Any taxpayer subject to the Special Tax claiming that the amount or application of the Special Tax or an annual installment thereof has not been properly computed may file a notice with the Superintendent appealing the levy or collection of the Special Tax or annual installment. The Superintendent will promptly review the appeal and, if necessary, meet with the applicant and decide the appeal. If the findings of the Superintendent verify that the tax should be modified or changed, the Tax Collection Schedule shall be corrected if necessary and, if applicable, a refund shall be granted in accordance with Section 8 hereof. Any dispute over the decision of the Superintendent shall be referred to the Board, and the decision of the Board with respect to the Special Tax or annual installment shall be final.
Interpretation may be made by resolution of the Board for purposes of clarifying any vagueness or uncertainty as it relates to the application of the Special Tax rate, the calculation of the amount of any annual installment or prepayment amount, the application of the method of apportionment, the classification of Parcels, or any definition applicable to the CFD.

8. **Claim for Refund.**

All claims for refund of Special Tax (or annual installment thereof) collected on behalf of the CFD shall be filed with the Superintendent not later than one year after the date the Special Tax (or annual installment) has been paid to the County or to the Superintendent on behalf of the CFD in cases where the tax is not collected by the County. The claimant shall file the claim within this time period, and the claim shall be finally acted upon by the Board as a prerequisite to the claimant’s bringing suit thereon. Pursuant to Government Code section 935(b), the claim shall be subject to the provisions of Government Code sections 945.6 and 946.

The Board acting on its own behalf and on behalf of the CFD shall respond to a timely claim within the time period required and in the manner specified by Government Code sections 912.4 and 912.6. Should said sections be amended or repealed, they shall apply according to their terms in effect on July 1, 1991.

The procedure described herein shall be the exclusive procedure for claimants' seeking a refund of Special Tax (or annual installments thereof). The decision of the District in response to any claim for refund shall be final.

9. **Annexation of Territory.**

Any territory to be annexed to the CFD shall, in addition to payment of Special Taxes at the rates set forth above, be subject to payment of any costs incurred by the CFD and District in conducting the annexation process and such additional tax within the territory to be annexed as may be necessary to compensate for the interest and principal previously paid by the existing community facilities district; provided that in no event shall the additional tax authorized herein be allowed to exceed the Special Tax applicable to the Parcels being annexed.
The tax roll listing the fiscal year 2014-15 Special Tax for all Assessor’s Parcels of land within the boundaries of the Community Facilities District No. 2 (CFD #2) of the Sacramento City Unified School District has been filed with the District and is included herein by reference. The tax attributed to each parcel was computed in accordance with the Rate and Method of Apportionment of Special Tax summarized beginning on Page 8.

Any parcels within CFD #2 for which building permits for residential construction were not issued as of June 30, 2014 are not taxed for the 2014-15 fiscal year. These parcels are shown with a $0.00 Annual Special Tax on the Tax Roll. Any governmentally owned parcels are also listed with a $0.00 Special Tax.

- John Perryman, a teacher in the District, feels the revised policy lacks skeptical analysis regarding the changes related to suspensions.
- Maylik Camara, a student at J.F. Kennedy High School and a member of the Men’s Leadership Academy, spoke in support of the revisions to the policy.

9.2 2014-2015 Local Control Accountability Plan (Gabe Ross)
(Previously Item 9.1)

Conference
Chief Communications Officer, Gabe Ross, provided the Board with the background of the Local Control Accountability Plan (LCAP) legislation. Mr. Ross reviewed the timeline, the community engagement process, the goals for the LCAP, gave an update on the Plan and outlined the next steps. Mr. Ross thanked District staff who worked on the LCAP.

The Public Hearing was opened.

Public Comment
- Carl Pinkston, representing the Black Parallel School Board and the Sacramento City Community Priority Coalition, thanked the staff for improving the plan and including
community input, but was disappointed that it did not include class-size reduction, professional development, and expansion of early intervention programs.

- Darlene Anderson feels the plan does not include certain students.
- Rashed Johnson, representing Students First California and Sacramento area parents, encouraged the District to engage all stakeholders, especially parents.
- Magdalenea Logan, student from J.F. Kennedy High School, feels the District should focus on creative programs such as music, art, and science for the younger generation.
- Ivan Arriaga, student from Kit Carson Middle School, spoke about students being bored in school and that learning should be fun so they look forward to going to school. The Local Control Funding Formula (LCFF) funds should include more hands-on interaction.
- Jessica Arriaga, a parent in SCUSD, feels the District should begin having conversations about implementing class-size reduction and professional development for teachers.
- Zelia Gonzales, a student from The MET Sacramento High School, spoke about youth engagement within the LCAP and reported she created a survey to get students’ opinion about the LCAPP and for students to identify their priorities for using the funds. The top three priorities identified were supplies and materials for classrooms, school-provided lunches, and extracurricular cultural events and field trips. Since LCFF funds cannot be used for school lunches, the next priority identified was art programs. She suggested the survey be given to other students and thanked the Board for their efforts.
- Alex Visaya, Jr., an advocate for students and families, spoke about needing strong site leaders and every school needing a parent resource center.
- Sue Vang, representing Hmong Innovating Politics (HIP), applauded the District on the improved LCAP plan, but pointed out that it is difficult to read and understand, especially for non-English speaking parents. She feels more work needs to be done and looks forward to working with the District on the LCAP.
- Loretta Murray, representing the 3rd District P.T.A. Arts Education, Community Partners Coalition, and California Lines for Arts Education, spoke about the LCFF legislation and how arts education improves students academically and socially and teaches critical thinking and problem solving creativity. She urged the Board to add a goal that increases access to visual and performing arts for students and art professional development for teachers.
- Howard Lawrence, representing Leadership of Sacramento Area Congregations Together, recognized the efforts by District staff on the LCAP process. He feels there has been improvement from the previous draft, but noted most parents in the community do not understand the Local Control Funding Formula.
- Manny Hernandez, representing La Familia Counseling Services, spoke about three areas of the LCAP in critical need - reduce class size, beef-up professional development, and early intervention.
- David Banuelos, representing La Familia Counseling Services, also spoke about class-size reduction, after school programs, and cultural support.
- Terrence Gladney spoke about class-size reduction and suggested the District consider what is possible.
- Liz Guillen, representing Public Advocates, congratulated the Board and commended staff’s hard work on the LCAP. She also wanted to point-out that more stakeholder engagement is an area where there is room for improvement.

Board Comment
- Vice President Woo had questions about what the District’s responsibilities are over the review of the LCAPs and budget for the independent Charter Schools. Budget Director Gerardo Castillo responded that each independent Charter school must provide the District with their LCAP process and budget for review and the District then forwards the LCAP and
Member Rodriguez thanked staff for their work. She feels that there were many good comments made by the public and asked staff if it would be possible to incorporate any of the suggestions. Mr. Ross said the Board can make adjustments to the LCAP, but that adjustments would also need to be made to the budget. Member Rodriguez asked Chief Business Officer Ken Forrest if it would be possible to provide numbers for the recommendations made tonight. Mr. Forrest responded that he recommends revisiting those items during the 45-day revision period for the budget because it is an opportunity for the District to make changes. The District will have a clearer picture of the funds available. Mr. Ross addressed Member Rodriguez’s concerns about parent engagement needing to include low income families. He reported that 100% of the District’s schools participated in the parent engagement process over the last six months and the District will continue to support schools in the process.

Member Cuneo thanked staff for their hard work. He commented against tracking API over time because the District will be comparing apples to oranges and feels proficiency numbers are more accurate. He also had a question about the engagement process, if it included site-level parent/teacher associations. Mr. Ross responded that the process included parent resource centers at the school sites and spoke about the API needing to be included because it was requested by the County. Member Cuneo also commented about the early literacy in Pre-K mentioned in the LCAP. He feels it is a “heavy-lift” item and worries that it will not be taken seriously. He also expressed that there should be more focus on the Whole Child Policy. Mr. Ross responded that more work will be done and revisions will be made each year of the three-year Plan.

Member Arroyo acknowledged audience member Manny Hernandez as a former member of the School Board who dedicated many years to the District. Member Arroyo had questions about the Sacramento County Office of Education (SCOE) having approval authority of the District’s LCAP. He suggested the District and/or SCUSD Board members and SCOE Board Members have a closer relationship for alignment purposes. Dr. Noguchi assured Member Arroyo that SCOE is supporting the District in the process and believes they would be happy to meet with the Board and offered to set-up a meeting with interested SCUSD Board Members and SCOE to get answers to their questions and give feedback. Mr. Ross responded that staff has on-going communication with SCOE and their support has mostly been technical assistance. SCOE is learning and interpreting the legislation as we go, as is the District. SCOE has not given input on how the District should spend funds. Member Arroyo restated that he would like site councils established at every school and asked how the LCAP would ensure that would happen. Mr. Ross responded the District has an opportunity to create a more authentic process and will confer with the Family/Community Engagement Office to provide strategy information back to the Board. Member Arroyo expressed that it is extremely important for parents to be involved. He also commented about stakeholder input. Interim Superintendent Noguchi responded there will opportunity for stakeholder input next school year in developing the Strategic Plan. Member Arroyo suggested moving forward the District change the structure of the dialogue with stakeholders so that their input is incorporated before coming to the Board. Mr. Ross responded that changes are in process for next year.

The Public Hearing was closed.

9.3 Proposed Fiscal Year 2014–2015 Budget for All Funds (Ken A. Forrest) (Previously Item 9.2)

Chief Business Officer Ken Forrest provided information about the Governor’s May revision to the budget and that it had many items that were not addressed, including funding adequacy. He pointed out that California is 49th in the nation for funding and is 5th highest for cost-of-living.
The Legislature’s and the Governor’s proposals are still pending. The District’s proposed 2014-15 budget was developed using the state-adopted Criteria and Standards and includes expenditures necessary to implement the Local Control And Accountability Plan (LCAP).

The Public Hearing was opened.

**Public Comment**
- Carl Pinkston, representing the Community Priority Coalition, presented an alternate budget they prepared for the Board to consider that includes class-size reduction, professional development, after school programs. The Board can compare and contrast to District staff’s proposed budget.
- Bob Hammes, representing the Community Priority Coalition, spoke about the budget the Coalition prepared.
- Darlene Anderson commented about the gaps in education. She feels nothing is done for students who are not reading at grade level. The tax dollars are for educating all of the students.
- Karen Swett spoke about the proposed budget and complimented Ken Forrest for his work. She offered to assist the District in working on the budget now and not wait for the new software.
- Jonathan Tran, representing Hmong Innovating Politics, supports the alternative budget that was presented to the Board by the Community Priority Coalition. He also commented on the enrollment figures and that they are affected by last year’s school closures.

**Board Comment**
- Member Cuneo asked for clarification about the amount of money the District is receiving in the 2014-15 school year. Mr. Forrest pointed out that the District will be receiving about an additional $9 million dollars this year and explained how the funds will be disbursed - $2 million towards additional custodians, $1 million to go to the reserve, $1 million to other post-employment benefits, and about $5 million to cover the ongoing increase in health benefits and step raises for staff. There are no cost-of-living raises for staff. Member Cuneo asked for staff to provide information about the cost to implement the suggestions made by the public and what those suggestions would look like. He also commented about the loss of Assistant Principals over the last few years. Mr. Forrest thanked Member Cuneo for his input and will work to make the information presented in a more detailed and understandable way.
- Vice President Woo concurred with Member Cuneo regarding priorities and class-size reduction. He requested the dollar amounts for reducing class-size. He had a question about Adult Education funding. Mr. Forrest responded that discussions are ongoing and it has not been decided where it will land (with District’s or Community Colleges). Vice President Woo commented about the Governor’s May Revise and pointed out inequities and hoped the Legislature will make recommendations to resolve the inequities. Mr. Forrest thanked him for his insightful comments.
- Member Rodriguez thanked Mr. Forrest for his work and the information he provides. She commented about the contracts and reimbursables. Mr. Forrest spoke about several contracts that provide reimbursements or subsidies that off-set the contract cost. A presentation on Capital projects that includes cost-avoidance will be prepared and provided to the Board in the next few months. Member Rodriguez would like the report to show where dollars saved will be directed. Mr. Forrest responded that it would not be possible to do that on utility contracts because the savings lowers the cost of increases in utility costs. Member Rodriguez addressed the Contracts Committee and would like the committee to find savings.

Subject: Parent Engagement Leadership Pathway

Information Item Only

Department: Accountability Office/Family and Community Engagement

Recommendation: Receive updated information on the parent engagement course offerings and efforts.

Background/Rationale: In response to parents’ request to create additional learning opportunities for parents, the office of the Family and Community Engagement has created a Parent Leadership Pathway to support the development and engagement of parents in our district. This work supports the district’s strategic plan, pillar two, in our offering of classes, courses, and workshops that enable families to help their children succeed in school.

Financial Considerations: Parent Leadership Pathway is currently supported through a Target grant and District Title 1 funds.

Board of Education Executive Summary
Family and Community Engagement
Parent Engagement Leadership Pathway
August 7, 2014

I. OVERVIEW / HISTORY

The department of Family and Community Engagement (FACE) provides support for a variety of parent engagement efforts. The FACE office supports the Matriculation and Orientation Center (verbal and written translation of all items as needed for parent access), supports and collaborates with community partners such as the Parent Teacher Home Visit (PTHV) Project, and provides direct support and training for our parents in the district.

Our district’s strategic plan, Pillar II, explicitly calls out the value of engaging our families and community as a means to increase student achievement. For this reason, our department has provided opportunities to support our parents, with the focus of building a strong partnership between the school and home. One of the recommendations in our strategic plan calls for our district to “offer classes, courses and workshops that enable families to help their children succeed in school.” And, for the past four years, our department has provided opportunities for this. However, as a result of successful experiences by many of our parents, our parent participants are asking for additional opportunities that grows on their last opportunity. Furthermore, the US Department of Education recently released its publication, “Partners in Education: A Dual Capacity-Building Framework for Family-School Partnerships,” in April, 2014. The Dual Capacity-Building Framework components include:

1. A description of the capacity challenges that must be addressed to support the cultivation of effective home-school partnerships;
2. An articulation of the conditions integral to the success of family-school partnership initiatives and interventions;
3. An identification of the desired intermediate capacity goals that should be the focus of family engagement policies and programs at the federal, state and local level; and
4. A description of the capacity-building outcomes for school and program staff as well as for families.1

Thus, the Parent Leadership Pathway is created as an opportunity to meet our parents’ needs. Our hope is that our parents will have a clear learning opportunity pathway that will help empower and engage them, to be more assertive and proactive in serving on their local school and district leadership teams.

II. DRIVING GOVERNANCE

The Parent Leadership Pathway supports Pillar II of the SCUSD Strategic Plan, Family and Community Engagement, by providing learning opportunities for parents and families to be part of school improvement, support their child’s learning, and be part of the educational process.
III. BUDGET

Currently, district Title 1 funding and a Target grant is used to support the Parent Leadership Pathway.

IV. GOALS, OBJECTIVES, AND MEASURES

The goal of the Parent Leadership Pathway is to create a dual capacity model where both parents and school personnel feel comfortable and communicate easily to building and enhancing the school’s programs and parent leadership groups.

Parent and staff input will be collected to assist the department in building a pathway that is mutually beneficial for the student, parent and school.

V. MAJOR INITIATIVES

N/A

VI. RESULTS

Our previous academies (Parents as Partners and Leadership Academy) this past year alone resulted in over 300 parent participants who have completed the course offerings. We have served 22 sites this year and want to increase our efforts with engaging our parents.

VII. LESSONS LEARNED / NEXT STEPS

A Parent Leadership Pathway will be created to meet the needs of our parents and schools.

Recommendation: Adopt the Declaration of Need for Fully Qualified Educators for the 2014-2015 School Year.

Background/Rationale: The 2014-2015 Declaration of Need allows the district to apply for and the Commission on Teacher Credentialing to issue Emergency Crosscultural Language and Academic Development (CLAD), Bilingual Crosscultural Language and Academic Development (BCLAD), Resources Specialist, Teacher Librarian Services, Clinical Rehabilitative Services, or Limited Term Assignment for teachers.

English learners identified in K12 public schools are required to receive services designated to meet their linguistic and academic needs based on assessments made by the school district. If it has been determined that a student requires English Learner services, the teacher providing this service must hold an appropriate English learner authorization.

The Declaration of Need indicates to the Commission on Teacher Credentialing that the district may request emergency permits for teachers who are in the process of receiving training to acquire their CLAD, BLCAD, or other appropriate certification.

I. OVERVIEW/HISTORY:

Title 5 of the California Code of Regulations requires school districts to submit to the California Commission on Teacher Credentialing (CCTC) an annual Declaration of Need for Fully Qualified Educators. The Declaration of Need for Fully Qualified Educators will enable the District to request Limited Assignment Permits for Multiple or Single Subject and/or Emergency Permits.

In 2001, the Office of Administrative Law (OAL) permanently approved amendments to the California Code of Regulations, Title 5, Section 80027, Declaration of Need for Fully Qualified Educators. The regulations make a number of changes to the requirements for the Limited Assignment Multiple or Single Subject Teaching Permits.

EFFORTS TO RECRUIT CERTIFIED PERSONNEL
The employing agency declares that it has implemented in policy and practices a process for conducting a diligent search that includes, but is not limited to, distributing job announcements, contacting college and university placement centers, advertising in local newspapers, exploring incentives included in the Teaching as a Priority Block Grant (refer to www.cde.ca.gov for details), participating in state and regional recruitment centers and participating in job fairs in California.

If a suitable fully prepared teacher is not available to the school district, the district made reasonable efforts to recruit an individual for the assignment, in the following order:

- A candidate who qualifies and agrees to participate in an approved internship program in the region of the school district
- An individual who is scheduled to complete initial preparation requirements within six months
