Board Policy

Use Of School Facilities

BP 1330

Community Relations

The Governing Board recognizes that district facilities are a community resource whose primary purpose is to be used for school programs and activities. The Board authorizes the use of school facilities by community groups for purposes provided for in the Civic Center Act when such use does not interfere with school activities.

(cf. 6145.5 - Student Organizations and Equal Access)

Vision

We envision strong and vibrant neighborhoods making use of and bringing physical, financial, and human resources to our community's schools to help our students and all community members learn, recreate, and receive needed support services.

We envision schools as safe, clean, and welcoming full-service neighborhood service centers addressing community concerns in a welcoming, positive and safe environment by supporting:

- Â· Parent and community involvement and commitment
- Â· Sharing and coordination of community resources, including the school's computers and other technology, to serve the needs and interests of local citizens from pre-school through senior citizens
- Â· Health, educational, cultural, and recreational opportunities to meet the needs and interests of the communities they serve
- Â· A wide range of neighborhood activities
- Â· Use by a diverse population of community members
