Recommendation: Receive information regarding the Elementary K-8 segment

Background/Rationale:
Sacramento City Unified School District currently operates 58 Elementary K-8 schools. The Strategic Plan 2010-2014 Pillar 1: A College and Career Ready student requires that we continue to raise the achievement bar for all students in the district. “We will provide students with a relevant, rigorous and well-rounded education that includes 21st century career exploration, visual and performing arts and that meets four-year college and university requirements. Our goal is for all schools to hold students to the highest academic expectations.”

This report will include data from a four year period (2007-08 to 2010-11) on student achievement, attendance, and suspensions.
