Attendees: Danny Hernandez, Lorena Carrillo, Sandra Enriquez, Sara Noguchi, Michelle Hinds, Benerisa Perez, Diane Fore, Sylvia Gonzalez, Phyllis Wendt

1. Update on enrollment: 130 students are scheduled to be transferred to Ethel Phillips (E.P.) from Maple. This is the figure after Open Enrollment was completed. E.P. currently has 14 teachers and will need 18 for the fall. Teachers will be allowed to move with Maple students to EP or they can surplus themselves. There were 65 students who applied for Open Enrollment from Maple. The Open Enrollment registration window will be from May 13-24. Parents can register their students at Maple instead of going to Serna to complete Open Enrollment process. There is no plans for transportation for after school students. 40% of the applications from EP will go to afterschool and 40% from Maple and 20% is for discretionary use.

2. Summer School: Since there will construction on EP site to be ready for the fall, no summer school will occur this year.

3. Parking: Currently, Tracey Lopez is looking at safe bus drop off/pick up locations at EP. Measures Q and R funding will reconstruct a bus drop off at EP. There is an idea to utilize one of the parking lots and have one entry and one exit. It was recommended that a website for transportation be created so parents know the time and locations of bus stops.

4. Playground and Outdoor Project: EP has been working on an outside reading area. They have some private donation to fund concrete patio and some picnic tables. Each school will receive $20,000 for a quick strike project. Maple would like to place 2 benches on their field and donate the rest of their funding to EP. They would like to place some seating areas and a shade structure with a dedication from Maple. Maple was awarded $200,000 for the green project which will continue. The Green Project will fund a new soccer field with a running track. The field will be open for the community to use. It will be fenced off from the rest of the school.

5. Parent Participation: For our next meeting parents will be invited to help plan transition activities. A question was posed on how much of a budget do we have for transition activities.

6. Next Meeting May 8th at 2:30 at EP.
