REQUEST FOR PROPOSALS
FOR VOTER OPINION SURVEY SERVICES

I. PURPOSE

The Sacramento City Unified School District, located in Sacramento, Sacramento County, California ("District") is requesting proposals from qualified public opinion analysis firms that are experienced in providing California school districts with voter opinion surveys and analysis services for ballot measures dealing with general obligation bond measures and parcel tax measures.

II. OVERVIEW OF THE DISTRICT

The Sacramento City Unified School District, located in Sacramento County, California (the "County"), is the 12th largest school district in the State of California (the "State") in terms of student enrollment. The District provides educational services to the residents in and around the City of Sacramento (the "City"), the State capital. The District operates under the jurisdiction of the Superintendent of Schools of Sacramento County, although the District has attained “fiscal accountability” status under the State Education Code. The District’s estimated average daily attendance for fiscal year 2010-11 was 48,450 and the District’s 2010-11 budgeted general fund expenditures are approximately $416 million as of the second interim financial report.

The District is governed by a Board of Education (the “Board”) consisting of seven members and one student member. The regular members are elected to staggered four-year terms every two years. Beginning in 2008, board member elections are no longer held District-wide, but instead are held among voters who reside in each of seven trustee areas. The day-to-day operations are managed by a board-appointed Superintendent. Jonathan P. Raymond was appointed Superintendent on July 23, 2009 and his term commenced on August 21, 2009. Patricia A. Hagemeyer is currently employed by the District as its Chief Business Officer.

III. **SCOPE OF SERVICES**

Firms wishing to be considered for selection by the Board of Education must agree to meet District’s requirements and provide the services outlined below to include, but not limited to, the following:

A. **Research Prior Opinion Polls and/or Surveys**

The consultant will research and compile existing information from available elections, prior opinion polls and/or surveys within the last five years to assess the success, public awareness and opinions regarding general obligation bond measures and parcel tax measures in other California school districts.

B. **Preparation of Draft Survey Instrument**

Prior to meeting with representatives of the District, the consultant will prepare a draft survey instrument for a voter opinion poll on a general obligation bond measure and parcel tax measure. **Both types of measures shall be analyzed in one voter opinion survey.** The questions included in the survey shall address both a general obligation bond measure and parcel tax measure and should be based on limiting the estimated time required to conduct each interview to approximately **20 minutes.** The voter opinion poll shall include responses from at least **800 likely voters** who have consistently voted in primary and general elections in the past three (3) elections. **The survey must also be made available in Spanish and one other language as appropriate.** In addition, the consultant will be required to document the sample survey methodologies and processes proposed to conduct the survey and to analyze the survey results (a detailed polling work plan including recommendations on polling instrument(s), sample size and margins of error, etc.).

C. **Meetings with District Representatives**

Following completion of the draft survey instrument, the consultant will meet with District representatives to review the draft survey instrument and the sampling and survey methodologies and processes. Following the meeting, the consultant will revise the survey instrument and the sampling and survey methodologies and processes based upon recommendations from District representatives.

D. **Conduct Survey and Compile Results**

After final approval of the survey instrument by the District, the consultant will be responsible
for identifying and interviewing at least 800 “likely” registered voters residing within the boundaries of the Sacramento City Unified School District who have voted in the last three (3) statewide primary/general elections. The likely voters surveyed shall reflect the demographics of the District (age, ethnicity, party affiliation, etc.). The survey will be based on a 20 minute interview and be made available in Spanish and one other language as appropriate.

E. Analysis of Survey Results

The consultant will analyze the survey results incorporating the following items:

- A tabulation of the outcome of all calls or contacts made during the course of the surveys (number of refusals, disconnected numbers, numbers that were busy or not answered after three attempts and language used to administer the survey).
- A tabulation of survey results, cross tabulations as appropriate, key findings, detailed findings, conclusions, recommendations and other relevant information reported for the entire District and by Congressional District, Legislative District and School Board trustee area if requested by the District.

F. Preparation of Administrative Report

The survey results will be compiled into an Administrative Report to be reviewed with District representatives. The District may request format changes to this report.

G. Preparation and Presentation of Final Report

The consultant will prepare and deliver an original plus five (5) bound copies of the final report; an original and five copies of an Executive Summary; plus a CD or flash drive of the report and Executive Summary. Consultant will present this information through the use of a powerpoint presentation to the Board of Education for review and comment at a public meeting of the Board of Education. EXHIBIT A

CONTRACTOR CERTIFICATION of COMPLIANCE

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that employees who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice (DOJ) must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. Depending on the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, the District may determine that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement, and that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, the Contractor cannot adhere to the conditions stated above, the Contractor shall immediately so inform the District and shall assign only employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, the Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.
