

## STRING GEOMETRY

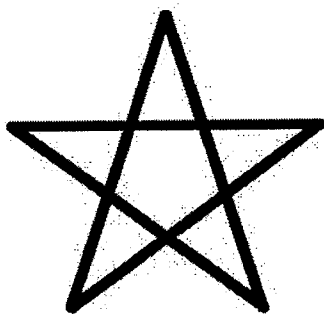

The goal of this task is to create geometric shapes out of one piece of string as a group.

Please make sure everyone in your group participates!

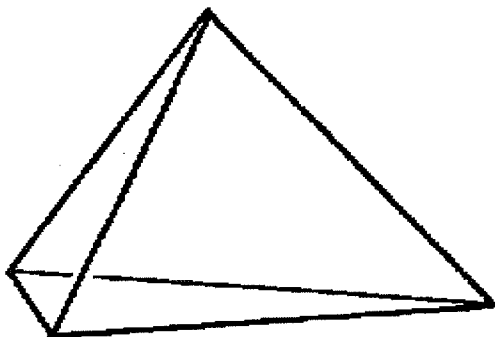

A. SQUARE

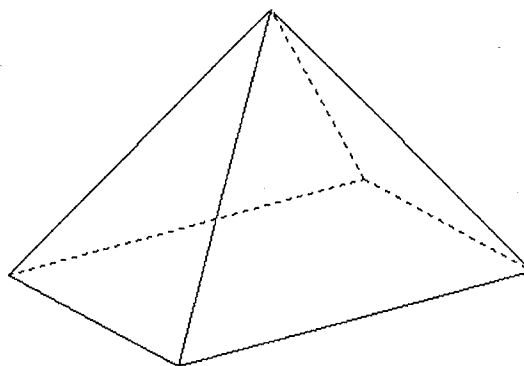

B. FIVE POINTED STAR

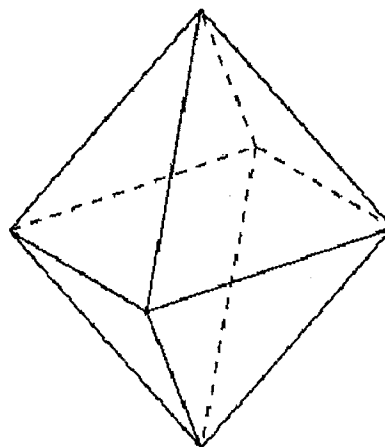

C. TETRAHEDRON

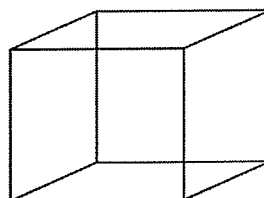

D. SQUARE BASED PYRAMID

E. OCTAHEDRON

F. CUBE

If your group is finished early, use your yarn to come up with some interesting geometric shapes (try three dimensional shapes). On a piece of paper, draw the shapes your group created as best as you can.
