Questions to Ask:

- What is the program's philosophy?
- What is the competitive nature of the program?
- What are the program's stated expected outcomes?
- What is the training of the staff and administration in the field of Gifted Education?
- What level of experience do the staff members have both at this program and in gifted education in general?
- How is the program accredited?
- What is the student-to-counselor (instructor) ratio?
- What is the percentage of returning participants?
- Where do participants come from (local, state, national, international)?
