

Math Common Core Summer Institute

Day 5 –

Welcome

New Unit of Study

Revisiting our work from yesterday

- Assessments
- Lesson Sequence

Lesson Planning

Make sure your lesson plan aligns to the rubric we used on Tuesday to revise lessons.

Lesson Planning

Resources to use:

- Textbook
- Van de Walle
- Mathematics International
- Free online resources

Be mindful of:

- Resources
- Budget

Lesson Planning

After lunch

- We will use the Tuning Protocol to review lessons in small groups
- Share out lessons with the whole group

Lunch
1 hour

Revision of Lesson Plans

- Share lessons with a neighboring group
- Use the Tuning Protocol to review each other's lessons
- Revise lessons, as needed

Presentation of Lesson Plans

- Share your lesson plan
- What do you hope a student would tell his/her parents about the lesson you wrote?

Reflection

On the back of your district evaluation:

- What's the biggest thing you will take away from the institute this week?
- What support will you need to continue implementation of the Common Core Standards in your classroom?
