

French Classes from Toddlers

Alliance Française
de **Sacramento**

...to Teens!

Learn French through immersion! In a fun and relaxed atmosphere, students of all levels will discover French language and culture, basic grammar and vocabulary while being encouraged to interact in French through age-appropriate activities based on role-playing, music, arts and crafts, and games.

This program is also designed to teach children how to introduce themselves and others in French, talk about their immediate environment and be able to express their wishes, needs and desires. Teens will practice and reinforce their oral French skills!

Call the office for info– we will be happy to help you!

Tuesday: 5:45-7:15pm

JOIN ANYTIME!!

Children who learn a secondary language show enhanced spatial relations and problem solving skills, stronger overall communications skills, and higher elementary and SAT test scores. They also gain an expanded world view, a greater intercultural appreciation and sensitivity, and an ability to learn additional languages more easily.
