Recommendation: Approve the 2020-21 Year End Financial Report Unaudited Actuals

Background/Rationale: At the close of each fiscal year, school districts must complete a financial report. This unaudited financial report is filed with the county superintendent, provided to the auditors as the basis of their annual financial audit, and subsequently filed with the state. The 2020-21 Year End Financial Report includes a summary by fund of revenues and expenditures for the period beginning July 1, 2020, and ending June 30, 2021.

Financial Considerations: District revenue and expenditures for the 2020-21 fiscal year are reported each year and are part of the responsibilities of the Business Services Division. No additional expenses will be incurred nor will any additional revenue be received.

LCAP Goal(s): Family and Community Empowerment; College, Career and Life Ready Graduates; Operational Excellence

Approve 2020-21 Unaudited Actuals (Year End Financial Report)

September 16, 2021

I. OVERVIEW/HISTORY:

Per Education Code 42100(a), the governing board of each school district shall approve an annual statement of all receipts and expenditures of the district for the preceding fiscal year. The unaudited actuals financial report represents the financial position and results of operations of the Sacramento City Unified School District for the fiscal year of 2020-21.

The 2020-21 unaudited actuals represent the actual revenues, expenditures and ending fund balance for all the District's funds for the fiscal year ended June 30, 2021.

II. Driving Governance:

Per Education Code Section 42100 (b), on or before September 15, the governing board of each school district shall approve, in a format prescribed by the Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the district for the preceding fiscal year and shall file the statement, along with the statement received pursuant to subdivision (b), with the county superintendent of schools. On or before October 15, the county superintendent of schools shall verify the mathematical accuracy of the statements and shall transmit a copy to the Superintendent of Public Instruction.”

III. Budget:

The 2020-21 Year-End Financial Report recognizes additional revenue and expenses per Education Code section 42601 and Sacramento City Board Policy 3110 that allow the Superintendent and/or designee to make any necessary budget revisions at year-end to permit payment of obligations. All expenditures were supported by available district funds.

IV. Goals, Objectives and Measures:

Follow the timeline and financial planning calendar for submitting and adopting interim and annual financial reports, take action on all necessary budget adjustments and reductions. Continue to improve the budget development process to comply with Local Control Accountability Plan (LCAP).

V. Major Initiatives:

- Present the 2020-21 Unaudited Actuals (Year End Financial Report) to the Board for consideration and approval
- Use the 2020-21 Year End Financial Report to guide budget development
- Continue to work with the Fiscal Advisor assigned by the Sacramento County Superintendent of Schools

Approve 2020-21 Unaudited Actuals (Year End Financial Report)

September 16, 2021

VI. Results:

The Unaudited Actuals are filed with the County Superintendent by September 15th. The 2020-21 Unaudited Actuals will be presented by staff at the September 16th, 2021 Board meeting.

VII. Lessons Learned/Next Steps:

- Adhere to budget timelines throughout the fiscal year.
- Observe trends and prepare for significant events in the budgeting process.
- Continue to monitor State budget and its impact on District finances.
- The District will present a revised 2021-22 Adopted Budget at the October 7, 2021 Board Meeting. This revised budget will reflect updated revenues and expenditures that will include carryover funds from the 2020-21 year end closing process.

Due to the COVID-19 Pandemic, the District provided distance learning for the 2020-21 school year until April 8, 2021, when it began a phased-in return to in-person instruction. As a result, the District realized one-time savings in personnel costs, supplies and other operating costs. In total, compared to the 2020-21 Revised Adopted Budget the district reduced combined expenditures by \$46.2M. In addition, the district received multiple sources of COVID funding to assist in addressing learning loss and mitigating the spread of COVID-19.

However, the District will carryover \$1.4M in supplemental and concentration funds to school sites due to purchase orders not being filled or processed by the end of the fiscal year. In addition, the table below identifies the potential carryover amounts for restricted programs that may be budgeted within the 2021-22 Budget.

Restricted Program	Carryover Amount

Approve 2020-21 Unaudited Actuals (Year End Financial Report)

September 16, 2021

Notes: Explanation of Changes from Estimated Actuals to Unaudited Actuals
1. LCFF is adjusted based on the P-2 apportionment schedule provided by CDE for both unrestricted and restricted resources.
2. Unrestricted federal revenues came in higher due to larger than expected receipts for the Schools Medi Cal Admin Activities program, Restricted federal revenues variance is due to a change in revenue recognition from adopted budget for ESSER I/II and GEER funds totaling \$63.8M, the remaining variance of \$10.8M is due to expenses coming in lower by \$3.1M for Title I, \$2.9M for SIG, \$.9M for CSI, \$1.9M for Federal Special Ed. IDEA, \$1.3M for Title II, III, IV and \$.7M for other federal programs.
3. The variance in unrestricted state revenues is due to higher lottery revenues of \$1.7M. For restricted state revenues the variance is primarily due to the recognition of revenue for the In Person Instruction and ELO grants totaling \$15.4M, the remaining variance is due expenses coming in lower for After School programs of \$1.6M, \$1.3M for career technical education, \$1.8M for Low Performing Block grant which is offset by increased revenues of \$1.0M for Lottery and \$2.8M for STRS on Behalf.
4. The variance in unrestricted local revenues is primarily due to receiving less revenues for leases & rentals of \$600k and \$325k in interagency fees. The restricted local revenue variance is due to not spending out \$500k related to 79 local grants.
5. Certificated unrestricted salaries increased by \$2.8M due to transferring a portion of school psychologist salaries from restricted to unrestricted resources of \$2.04M, an increase of \$629K for substitute teacher costs, increase of \$742K for temporary teacher costs and increase of \$229K in temporary principal costs, offset by a decrease of \$480K in regular teacher salaries and a decrease of \$365K in administrator salaries. Restricted certificated salaries decreased by \$4.1M due to transferring school psychologist salaries of \$2.4M from special education to unrestricted resources, decrease of \$1.29M in temporary teacher costs, \$1.23M decrease in substitute teacher costs, and decrease of \$900K in COVID/CARES salaries offset by an increase of \$1.2M for special education teacher salaries and \$505K increase in Title I teacher salaries.
6. Unrestricted classified salaries decreased by \$97K due to one time savings in operations staff salary costs. Restricted salaries decreased by \$1.2M due to a \$402K decrease in COVID funded classified salaries, \$582K decrease in substitute and temporary instructional aide salaries, \$108K decrease in operations salaries, \$115K decrease in clerical substitute, temporary and OT salaries, \$200K decrease in transportation salaries, \$211K decrease in support staff salaries, offset by a \$343K increase in regular instructional aide salaries and \$148K increase in regular clerical salary costs.
7. Unrestricted benefits has increased \$653K due to increased STRS costs of \$311K as a result of increase in unrestricted salary costs, \$600K increase in Health/Welfare Medicare offset by a \$308K decrease in PERS costs. Restricted benefits had a net increase of \$267K due to an increase in STRS costs.
8. Unrestricted books & supplies decreased by \$1.37M due to one-time savings related to school closures which includes savings to instructional supplies, athletics programs, transportation, technology and operations. Restricted books & supplies decreased by \$1.45M due to a decrease of \$1.1M in instructional supervision supplies, \$474K in health services supplies, \$84K in library supplies, \$99K in operations savings and \$40K in transportation savings offset by an increase of \$342K in instructional supplies.
9. Unrestricted services and other operating expenses variance is due to spending less on contracted services by \$1.7M, \$.7M for rentals & repairs, \$.2M for travel & membership fees, \$.2M for telecommunications and this is offset by increased utility expenses of \$1.1M. The restricted variance of \$ 10.7M is due to less expenses in Title I of \$.9M, SIG for \$1.1M, \$1.2M in CARES funds, \$.3M in Title II/III/IV funds, \$.3M for career technical education funds, \$1.2M in after school funding, \$3.9M in special education funding, \$1.0M for the low performing block grant, \$.5m in routine, repair & maintenance account and \$.3M for other grants.
10. Unrestricted capital outlay decreased by \$51K due to a decrease in capital outlay expenditures in transportation, operations and facilities. Restricted capital outlay decreased by \$188K due to decrease in COVID funded capital outlay.
11. Other outgo variance is due to increased costs related to the county office of education transfer of funding for \$127K and state special schools expense in the amount of \$38k.
12. Indirect costs increased by \$90K due to indirect cost charges to programs.
13. Transfers In came in less than projected by \$484,000 by were offset by transfers out difference of \$108K
14. Contributions came in lower than projected due to less expenditures in special education of \$7.7M (which included the transfer of salaries/benefits of \$3.3M to supplemental/concentration funding) and a \$1.7M lowered contribution to the Routine, Repair & Maintenance account.

Total	\$89,516,120	\$ 80,098,676	\$ (9,417,445)

The contribution variance for special education is due to projected expenditures coming in lower for Non-Public Schools/Agencies of \$4.1M and the transfer of \$3.3M in salaries and benefits to supplemental/concentration funds for psychologists. For the Routine, Restricted and Maintenance Account the variance is less due to recalculating the 3% contribution on actual expenditures.

Contributions To Other Funds			
Other Funds	2020-21 Estimated Actuals	2020-21 Unaudited Actuals	Difference
Charter Fund	392,960	245,201	(147,759)

Cafeteria Fund	-	39,818	39,818
Totals	1,538,926	1,430,985	(107,941)

The contribution to the charter fund was less than expected due the New Tech charter school having less expenditures than projected. The contribution to the Cafeteria Fund is to cover “paid meals” outstanding balances; this cannot be covered with cafeteria funds and needs to be covered with unrestricted general funds.

Summary

The reduced spending on operating costs helped improve the unrestricted general fund beginning balance for the 2021-22 fiscal year by an additional \$8.1M. However, the impact is a one-time improvement and the projected deficits remain relatively unchanged. The District is projected to satisfy the 2% required reserve for economic uncertainties in 2021- 2022, 2022-2023 and in 2023-2024.

However, the District's projected unrestricted deficit spending is projected to persist as follows: - \$ 6.7M in 2021-22 -\$18.2M in 2022-23 -\$24.9M in 2023-24. At the February 4, 2021 Board Meeting, the Board of Trustees approved a Fiscal Recovery Plan in the amount of \$4.5M approximately. Based on the multi-year projections, the District projects an ongoing needed solution of \$24.9M. Therefore, an ongoing budget solution is still required in order for the District to achieve fiscal solvency.

1.	Are clear processes and policies in place to ensure that the district’s Local Control and Accountability Plan (LCAP) and budget are aligned with one another? (part 2)	In Progress	<p>Board policies (BPs) and administrative regulations (ARs) adopted by the district related to the LCAP included the following: AR 1220 – Citizen Advisory Committee, BP/AR 1312.3 – Uniform Complaint Procedure, BP 6173.1 – Foster Youth.</p> <p>The California School Boards Association’s online board policy service, known as GAMUT, has one main LCAP/Budget alignment policy, BP/AR 0460, which many districts have adopted. Although the district has a subscription to GAMUT, it has not adopted this policy.</p>	<p>Board Policy Staff are in the process of developing an initial draft of BP 0460: Local Control and Accountability Plan. BP 0460 was initially provided to the Board Policy Committee on 5/24/19 and will be scheduled for a detailed review by the Board Policy Committee and full Board action at a later date. On 11/19/19 the topic of Budget/LCAP/SPSA policy efforts was included on the Policy Committee agenda but no recommendation was made. The policy will be scheduled for a subsequent review by the Board Policy Committee and full Board action at a later date.</p> <p>11/30/2020 Update: Board Policy Staff have developed an initial draft of BP 0460: Local Control and Accountability Plan. BP 0460 was initially provided to the Board Policy Committee on 5/24/19.</p> <p>9/16/21 Update: Throughout 2019-20 and 2020-21 staff in Business Services and State and Federal Programs have developed processes to increase alignment between budget and LCAP. These include program coding for funds allocated to school sites to more accurately account for planned expenditures in the LCAP, realignment of</p>

				<p>resource coding for LCFF S&C funds, and development of shared tools to prepare projected and estimated actual expenditures. These efforts have been supported by regular meetings between Business Services and LCAP staff with the explicit goal of increasing LCAP-budget alignment. Business Services staff have also collaborated on multiple LCAP presentations to the Board of Education.</p>
2.	<p>Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 1)</p>	In Progress	<p>Since 2006, the county office of education has identified the need for the district to develop a viable plan to fund its long-term other post-employment benefits (OPEB) liability, which has not been measurably addressed.</p>	<p>3/10/2020 Update: On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019.</p> <p>The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p>

No.	FCMAT Finding	Status	District Response	Progress
				<p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District's OPEB irrevocable trust fund in addition to the decreases noted above. In other words, these continued contributions to the OPEB trust help not only in increasing the trust assets, but also in stabilizing or improving the discount rate used to calculate the Total OPEB Liability.</p> <p>This is a significant improvement, but the liability will continue to grow without continued efforts to decrease it. 11/30/20 Update: On September 2, 2020 the District received its updated Other Post Employment (OPEB) liability amount in the recent GASB 75 actuarial report for the fiscal year ended June 30, 2020. The key points are:</p> <ul style="list-style-type: none"> • The District's Net OPEB liability increased by \$41.7M year over year from \$526M FYE 2019 to \$568M FYE 2020. • The increase is due to annual costs and a decrease in the discount rate assumption from 4.25% to 3.90% • The Actuarially Determined Contribution (ADC) is \$30.8M. The district contributed \$26.7M in 19-20, leaving a contribution deficit of \$4.1M.

No.	FCMAT Finding	Status	District Response	Progress
				<ul style="list-style-type: none"> • If the District were to increase its contribution to the ADC amount it would help in two ways: <ul style="list-style-type: none"> o Fund the Net OPEB liability o Per GASB 75, allow the actuary to gradually increase the discount rate used (3.90%) to the asset return rate used (7.0%) in between 1-5 years' time. In dollars, if all else is equal, the Total OPEB liability would be closer to \$430M instead of the \$654M projected currently. <p>The District has made some progress but due to changes in assumptions, the Net OPEB liability has increased. To maximize progress, the district would need to contribute the full ADC amount each year.</p> <p>3/1/21 Update: The District realized excess savings in its Dental and Vision funds and applied the savings towards its OPEB contribution. The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p>5/1/21 Update: The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year</p>

				<p>span, will substantially decrease the Net OPEB liability.</p> <p>9/16/21 Update: The District is expecting to receive an updated actuarial report in the next few weeks which will provide the status of the OPEB liability.</p>
3.	Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 2)	In Progress	<p>In letters dated December 7, 2017, January 16, 2018, and April 16, 2018, the county office discussed and outlined its concerns with the district’s ongoing structural deficit, and the need for the district to submit a board-approved budget reduction plan to reverse the deficit spending trend.</p> <p>On August 22, 2018, the county office disapproved the district’s 2018-19 adopted budget, and the district was instructed to revise its 2018-19 budget and submit a balanced budget plan that supports ongoing expenditures from ongoing revenue sources, and that has a timeline showing when and how adjustments would be implemented no later than October 8, 2018. On October 11, 2018, the county office notified the district that its revised adopted budget was also disapproved based on their review. That budget showed that the district’s unrestricted general fund balance would decrease by approximately \$34 million in 2018-19,</p>	<p>Ongoing: Working towards a balanced budget. Student Centered Fiscal Recovery Plan presented to Board and adopted at the 3/27/19 Board Meeting. Reductions in central staff and non-negotiable items have resulted in over \$20m in savings and as a result at 2nd interim: \$2.2m (19/20) and \$50m (20/21). 6/13/19 Update: District has made approximately \$45 million in adjustments through the 2019/20 Proposed Budget. Additional adjustments of \$26 million are needed through negotiations. As of the 2019-20 Revised Adopted Budget the District has implemented \$50.2M in ongoing budget adjustments and \$12.1M in one-time budget adjustments. These adjustments were made during the period of December 2018 through September 2019 and are not in addition to the previous adjustments listed above. Additional adjustments of \$27M are still needed to eliminate the deficit and achieve fiscal solvency. This information can be found in the Revised Adopted Budget 2019-20 presented at the October 3, 2019 Board Meeting.</p> <p>3/10/2020 Update: The 2019-20 First Interim Financial Report and FCMAT Update was</p>

			<p>approximately \$43 million in 2019-20 and \$66.5 million in 2020-21. The district was instructed to develop a viable board-approved budget and multiyear expenditure plan that would reverse the deficit spending trend, and to submit this plan with its 2018-19 first interim report, which is due December 14, 2018.</p>	<p>presented at the December 19, 2019 Board Meeting with a negative certification. A negotiated solution will be required to address the District's \$27M shortfall. The Fiscal Recovery Plan was presented at the February 6, 2020 Board Meeting and included proposals to achieve the \$27M solution. These proposals require negotiations.</p> <p>5/12/2020 Update: At the April 2, 2020 Board Meeting, the 2019-20 Second Interim Financial Report was approved with a negative certification and an update on the FCMAT matrix was also presented. At the May 7, 2020 Board Meeting, a State Budget update and impact on the District's finances using 3 LCFF COLA scenarios was presented to assess the impact on the District's revenue and cash flow for the 2020-21 and 2021-22 fiscal years. Under any of the 3 scenarios, the District's fiscal condition is worse and the cash challenges are projected to accelerate by a few months.</p> <p>11/30/2020 Update: Over the past two years, the District has identified and implemented more than \$50 million in on-going non-negotiable budget reductions. However, these reductions have not been sufficient to address the structural deficit. As of the 2020-2021 1st Interim financial report, the District is projecting a \$56 million budget deficit and must implement an on-going solution to achieve fiscal solvency and avoid a State Loan. At the December 10, 2020 Board Meeting the Board will consider a Fiscal</p>

				<p>Recovery Plan to address some of the deficit but this plan alone will not be sufficient to resolve the projected \$56M deficit.</p> <p>3/1/21 Update: On the February 4, 2021 Board meeting, the Board approved a reduction of approximately \$4.5M.</p> <p>5/1/21 Update: As of the 2020-2021 2nd Interim financial report, the District is projecting an unrestricted deficit spend of (\$11.2M) in 2021-22 and (\$26.4M) in 2022-23.</p> <p>9/16/21 Update: In Progress</p>
4.	Are all balance sheet accounts in the general ledger reconciled, at a minimum, at each interim report?	In Progress	Although balance sheet accounts are reconciled multiple times each fiscal year, a reconciliation is not done at each interim.	<p>In 2019-20, staff will reconcile at each interim report period.</p> <p>5/8/2020 Update: This item remains outstanding and staff have been assigned some balance sheets to reconcile.</p> <p>5/1/21 Update: Staff are developing a plan to reconcile remaining balance sheet items on an interim basis.</p> <p>9/16/21 Update: In Progress</p>
5.	Does the district have sufficient cash resources in its other funds to support its current and projected obligations?	In Progress	During FCMAT's fieldwork, the district was projected to be cash insolvent as early as October 2019 if budget reductions are not made. A more recent cash flow projection prepared by the district at the 2018-19 first interim shows the cash insolvency date as November 2019 without budget reductions.	<p>The Third Interim and 2019-20 Proposed Budget Cash Flow reports were completed. Both reports showed an improved cash position due to the budget adjustments. The District projects a positive cash balance through October 2020.</p> <p>3/10/2020 Update: The 2019-20 First Interim Report presented at the December 19, 2019 Board Meeting states that major cash</p>

The 2020-21 First Interim Cash Flow Report projects major cash challenges beginning in May 2021 unless further budget adjustments are made.</p> <p>5/1/21 Update: Due to one-time savings as a result of the COVID-19 pandemic and approval for cash deferral exemptions from CDE, the 2020-21 Second Interim Cash Flow Report projects a positive cash balance for the 2020-21, 2021-22 and 2022-23 fiscal years.</p> <p>9/16/21 Update: In Progress</p>

6.	Are all charters authorized by the district going concerns? (part 1)	In Progress	The district has transferred funds to some of its authorized charter schools when those schools were in financial need. In 2017-18, the district transferred a total of \$239,697.59 to charter schools, and it is projecting a transfer of \$300,000 in 2018-19.	<p>Update: SCOE Fiscal Expert currently conducting analysis on all charter schools. Due 6/30/2019.</p> <p>7/23/19 Update: During budget development, the fiscal consultant analyzed the five dependent charter schools who are governed by the SCUSD Board of trustees noting overspending in several of the schools. Contributions from the District's general fund are budgeted in both the budget year and continuing in the MYP. During the fiscal year, continued analysis and budget-balancing by staff will be needed to remove the general fund contribution to the charter school fund.</p> <p>3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to address the projected transfers from the District. 3 of the 4 schools have implemented the necessary adjustments to eliminate or reduce the need for a transfer. New Tech Charter School will require a transfer to support operations due to ongoing enrollment decline.</p> <p>5/8/2020 Update: The 2019-20 Second Interim Report was presented at the April 2, 2020 Board Meeting reported a decrease of \$218,466 in general fund transfers to the 3 charter schools.</p>

				<p>11/30/2020 Update: The Revised Adopted Budget for 2020-2021 projects that two dependent charters will require a contribution: 1. New Tech \$521K and 2. George Washington Carver \$315K. The District is assisting both schools to identify solutions to resolve the budget issues.</p> <p>3/1/21 Update: No projected changes at this time.</p> <p>5/1/21 Update: The 20-21 2nd Interim financial report projected a lower contribution for New Tech at \$392,960 and no contribution for George Washington Carver due to staff adjusting each of the charter schools LCFF funding.</p> <p>9/16/21 Update: With the 2020-21 Year End closing process, only \$245,201 contribution was made to the New Tech Charter School and no contribution was made to the George Washington Carver School.</p>
7.	Are all charters authorized by the district going concerns? (part 2)	In Progress	<p>Of most concern is the district’s ongoing support of the Sacramento New Technology Charter School for several years. Because this is an ongoing fiscal burden on the district, it needs to be discussed and remedied.</p> <p>The district has also given financial assistance in the past to George Washington Carver Charter School, though not every year.</p>	<p>Update: SCOE Fiscal Expert currently conducting analysis on all charter schools. Due 6/30/2019.</p> <p>7/23/19 Update: Over the next several months, SCOE's fiscal advisor is performing a comprehensive review of the processes and documentation of the District's authorized charter schools, focusing on the ten independent charter schools operating in the</p>

			<p>The district also needs to further study Sacramento Charter High School operated by St. Hope Public Schools to determine whether it is a going concern.</p> <p>The district’s charter schools are dependent from the standpoint of governance because they are part of the district and are under the authority of the district’s governing board. However, charter schools are not intended to have budget deficits that make them dependent on a district financially. Under California Code of Regulations (CCR), Section 11967.5.1(c)(3)(A), a charter school must have a realistic financial and operational plan. Part of that includes having a balanced budget and financial plan. The district should take steps to ensure that approved charter schools do not require assistance from the district to stay solvent.</p>	<p>District as direct funded charter schools with their own boards and separate financial system and audit reports. As of the 2019-20 Revised Adopted Budget, four dependent charters schools were projected to need financial assistance from the District in future years. The District has since met with each school to address the fiscal issues and three of the four have revised their budgets or are working on a plan that will remedy their deficit. New Technology Charter (New Tech) remains a concern. Over the years, New Tech has experienced an ongoing enrollment decline which has reduced the revenue and although expenditures have been reduced, the deficit is projected to persist. The Cabinet will continue to work with New Tech. The remaining work to be finalized is the comprehensive review of the processes and documentation of the ten independent charter schools. This work is being completed by the SCOE Fiscal Advisor. 3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to address the projected transfers from the District. 3 of the 4 schools have implemented the necessary adjustments to eliminate or reduce the need for a transfer. 8.	Did the district conduct a pre settlement analysis and identify related costs or savings, if any (e.g., statutory benefits, and step and column salary increases), for the current and subsequent years, and did it identify ongoing revenue sources or expenditure reductions to support the agreement?	In Progress	<p>The district entered into a multiyear agreement with the Sacramento City Teachers Association (SCTA) on December 7, 2017. The agreement granted salary increases of 2.5% effective July 1, 2016, an additional 2.5% effective July 1, 2017, and an additional 6.0% (2.5% and an additional 3.5% to restructure the salary schedule) effective July 1, 2018. Based on multiyear financial projections prepared at the time of the collective bargaining disclosure, it appeared that the district would be able to meet its required reserve for economic uncertainties in fiscal years 2017-18 and 2018-19 but would need to make budget reductions of approximately \$15.6 million to meet the minimum reserve requirement for fiscal year 2019-20. At that time, the district estimated that its unrestricted ending fund balance would decrease from \$73 million on July 1, 2017 to negative \$4 million on June 30, 2018 if no budget reductions were made. A budget reduction plan was not submitted with the collective bargaining disclosure.</p> <p>All of this information, including the fact that the increase was not affordable as agreed to without identified budget reductions, was communicated by the county office to the</p>	<p>7/22/19: The District and SCTA have been meeting on the new salary schedules. 9.	Has the district settled the total cost of the bargaining agreements at or under the funded cost of living adjustment (COLA), and under gap funding if applicable?	Complete	The district entered into a multiyear agreement with the SCTA on December 7, 2017. The agreement granted salary increases of 2.5% effective July 1, 2016, an additional 2.5% effective July 1, 2017, and an additional 6.0% (i.e. 2.5% and additional 3.5% to restructure the salary schedule) effective July 1, 2018. The district and the SCTA disagree on the implementation date of the additional 3.5%, and the matter is being pursued in superior court. If the additional 3.5% is implemented on the date SCTA interprets as correct, it would result in a fiscal impact in 2018-19 of close to 7% for salary rescheduling rather than the 3.5% the district agreed to.	7/22/19: No new agreements at this time. District currently reviewing impact of contribution decision for 2019-20 and future years. The 2018-19 retro is planned for September 2019. 3/10/2020 Update: The SCTA Retros have been issued. The first SCTA Retro was paid on October 11, 2019 and the second SCTA Retro was paid on November 25, 2019. 3/1/21 Update: SCTA Retros paid. No outstanding COLAs.
10.	Does the district have a plan to reduce and/or eliminate any increasing contributions from the general fund to other resources?	In Progress	Most of the district's general fund contributions are to special education programs and to the routine repair and maintenance account. Total contributions increased from \$62,581,129 in 2015-16 to \$67,759,639 in 2016-17 and to \$77,505,592 in 2017-18. The district's 2018-19 through 2020-21 budgets include continuing contributions for a total of \$89,134,727 in 2018-19, \$96,425,490 in 2019-20, and \$104,000,050 in 2020-21.	Update: Program analysis was conducted and completed by SCOE Expert. The District has worked with the dependent charter schools to address the financial assistance projected during the 2019-20 Adopted Budget and has reduced the contribution for two of the four schools. The District is working with the remaining two schools to address the deficits. 3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to

13.	Does the district have a plan to fund its liabilities for retiree benefits?	In Progress	<p>The district commissioned an actuarial valuation dated June 30, 2016, in accordance with Governmental Accounting Standards Board (GASB) Statement 75, Actuarial Report of OPEB Liabilities.</p> <p>The actuarial report estimates the district's total other post-employment benefits (OPEB) liability to be \$780,518,410 for the fiscal year ending June 30, 2018, and its net OPEB liability (i.e., factoring in employer contributions to the trust, net investment income, benefit payments, and administrative expenses) to be \$725,760,458 for the same period.</p> <p>The district has established an irrevocable OPEB trust with assets dedicated toward paying future retiree medical benefits. GASB 75 allows pre funded plans to use a discount rate that reflects the expected earning on trust assets. However, the actuarial report states:</p> <p>. . . the district expects to yield 7.25% per year over the long term, based on information published by CalPERS as of the June 30, 2016 actuarial valuation date. However, total net contributions to the trust have averaged 31% of the amount that would have been needed</p>	<p>The Superintendent plans to establish an OPEB commission to further address the outstanding liability once a balanced budget is adopted.</p> <p>3/10/2020 Update: On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019.</p> <p>The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p> <p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District's OPEB irrevocable trust fund in addition to the decreases noted above. In other words, these continued contributions to the OPEB trust help not only in increasing the trust assets, but also in stabilizing or</p>

15.	Is the district able to maintain the minimum reserve for economic uncertainty in the two subsequent years?	In Progress	The district will fall short of its 2019-20 and 2020-21 minimum reserve requirement based on its revised (October 4, 2018) adopted 2018-19 budget projections, which show unrestricted ending fund balances of (\$17,491,788.17) in 2019-20 and (\$66,494,314.95) in 2020-21.	The 2019/20 Proposed Budget shows the District will have their minimum reserve for the 19/20 and 20/21 fiscal year. However, if no adjustments are made the 21/22 fiscal year the district will have a negative reserve. District is working on a negotiated solution. Although the District has made significant budget adjustments in the amount of \$50.2M in ongoing and \$12.1M in one-time resulting in improving the unrestricted fund balances to \$51.6M in 2019-20 and \$23.5M in 2010-21, the third year 2021-22 remains a challenge

21.	Is the district using its restricted dollars fully by expending allocations for restricted programs within the required time?	In Progress	The district has seen a 129% increase in its total restricted ending fund balance from 2014-15 to 2017-18. This increase indicates that the district is not fully expending its restricted funding allocations. In addition, staff stated that some federal funds have gone unspent and have been returned to the federal government.	<p>For the 2019-20 budget, most of the title type current year allocations for the year have been programmed for the upcoming year. This includes Title I and Title II. Some Title III funds still need to be programmed and team members are working on this matter. Title IV first year allocations have been programmed. Title IV second year has not been allocated at this time. While Title I funds have been allocated, the multi-year conservatively assumes \$1.5 million in Title I funds will not be spent by June 30 and utilized in 2020-21. Medi-Cal has a \$1.4 million carryover that needs to be programmed. SIG carryover of \$4 million will be spent over 2019-20 and 2020-21. These funds require discussions with the consortium as to the best option on spending carryover funds. Staff will monitor projected restricted carryover, so that plans can be developed to utilize these one-time carryover funds appropriately.</p> <p>5/1/21 Update: Staff is working with sites and departments to encumber and spend SIG, CSI and carryover Title funded programs to ensure these funds are not lost, also when needed the District will file for extension waivers.</p> <p>9/16/21 Update: In Progress</p>

22.	Are the district's financial system's access and authorization controls reviewed and updated upon employment actions (i.e. resignations, terminations, promotions or demotions) and at least annually?	In Progress	The district does not regularly update authorization controls, and discrepancies based on changes in positions are often found many months later. The district relies on a digital change form that requires manual signatures, which slows the process or results in lost forms. The district should move to a digital form process to increase efficiency.	<p>Yes. The district discusses districtwide facility needs whenever it sells general obligation bonds, which occurs approximately every two years; this does not occur on the same cycle as budget adoption, but the district does allocate 3 percent of general fund expenditures to the Routine Repair and Maintenance account to address facility maintenance needs.
38.	Is the district using the same financial system as its county office of education?	Complete	The county office of education uses Quintessential Control Center (QCC) (part of the Quintessential School Systems financial system) and the district uses Escape.	SCOE staff were trained by District staff on accessing data, data entry, and how to run reports. SCOE is currently working in ESCAPE for our District.
39.	If the district is using a separate financial system from its county office of education and is not fiscally independent, is there an automated interface with the financial system used by the county office of education?	Complete	There is no automated interface between the two systems. When the district processes payroll and accounts payable warrants, information related to these transactions is uploaded to the county via a file transfer protocol (FTP). This process is started manually once payroll and accounts payable warrant processing is complete. No other electronic interface exists between the two systems.	SCOE is currently working in Escape for District oversight and data entry.

40.	If the district is using a separate financial system from its county office of education, has the district provided the county office with direct access so the county office can provide oversight, review and assistance?	Complete	The county office of education has not been able to access the district's Escape system online, but conversations continue between the two agencies about how this will be accomplished. The software needed to access the Escape system has been installed on some systems at the county office, but there has been no training. The county office has had to create a second set of books for the district in its QCC system so it can attempt to monitor financial transactions and balances at the major object level. This requires much manual entry by county office staff since the district sends the county office only limited data related to warrant processing.	SCOE now has access to and training in Escape and is working in the system. SCOE and District staff are developing the process of reconciling in Escape.
41	Does the district account for all positions and costs?	Complete	The district must improve its position control process. The district currently uses the same position control number for multiple positions, and for full-time equivalent (FTE) positions that have the same title, instead of creating a unique position control number for each board-approved position or FTE. The district's current practice leads to lack of clarity about which positions are being filled and about the site to which each belongs, because the same position number can exist at multiple sites if the same title is assigned. The district needs to use a unique identifier, or position control number, for each board-authorized position.	Staff has negotiated with Escape to receive no-cost support to expedite implementation of the position control changes recommended by FCMAT. To be completed by 7/1/2019. 6/12/19 Update: Interdepartmental project team has concluded extensive testing of the technical solution and obtained approval from the Executive Cabinet to proceed with implementation in the production environment. Roll-out of new position control system planned for the week of June 17, 2019. Update 7/22/19: Position Control conversion completed. Although the Position Control (PC) conversion has been completed, the District is

			<p>Another area to improve on in the position control process involves the ramifications of the one-stop process, because confusion often arises when employees are transferred between sites and departments without a paperwork trail since the information was input directly into the system and the typical forms are not used during one-stop meetings. In addition, as employee transfers and changes are discussed and made later in the year, position control system information about which positions are open and about employees' work locations is often found to be inaccurate. Because paperwork is not generated during one-stop meetings, it is often more difficult to determine the history and details of past decisions.</p>	<p>continuing to implement additional PC features and provide staff training on these features. Recent progress includes using Escape to analyze the changes in FTE from a past reporting period to the current reporting period; this was implemented November 15, 2019 with the assistance of the SCOE fiscal advisor. The next Escape tool to be implemented is budgeting for vacancies. The SCOE fiscal advisor introduced this feature to District staff on November 15, 2019 and the plan is to have this implemented for use by 2nd Interim. Escape's budgeting for vacancies feature will improve the accuracy and efficiency.</p>
42.	<p>Does the district use a budget development method other than a rollover budget, and if so, does that method include tasks such as review of prior year estimated actuals by major object code and removal of one-time revenues and expenses? (part 1)</p>	Complete /Ongoing	<p>Although the district uses a one-stop method for budget development rather than a rollover budget, it appears that the primary driving force behind this method is to develop a list of employees who will receive a preliminary layoff notice on March 15 rather than to truly develop a reliable budget. The budget development process needs to be further refined so that all revenues and expenditures are reviewed and adjusted, not only those budgets with larger staffing allocations. A comprehensive budget development process</p>	<p>Monthly reviews are conducted of the District's Revenues and Expenditures. 3/23/2020 Update: The District will be utilizing budget models in Escape for budget development. 			is needed for the entire budget to ensure all revenues and expenditures are understood and used according to the district’s goals and objectives.	
43.	Does the district use a budget development method other than a rollover budget, and if so, does that method include tasks such as review of prior year estimated actuals by major object code and removal of one-time revenues and expenses? (part 2)	Complete	The district uses its one-stop method in January and February. During that time, site administrators and department managers are scheduled to meet in a district office conference room on days set aside for that specific site or department. The site administrators and department managers are provided a funding estimate from the business department, then work collaboratively with the business and human resources staff (using updated staffing costs) to determine staffing and other expenditure levels for the upcoming budget year. All information is input into the financial system during the meeting, and because appropriate approval authorities are physically in the conference room, approvals are obtained and actual staffing is determined for the next fiscal year. This is a more expedited process than the typical routing of position change forms between departments to obtain various approvals, and it ensures that staffing decisions, and thus layoff notices for the next school year, are determined by the March 15 deadline.	Ongoing: Personnel Requisitions are now required for all changes, signed off by the Business Office and submitted to H.R. for processing.

No.	FCMAT Finding	Status	District Response	Progress
			The above process is efficient for meeting the March 15 deadline. However, not all budgets are assessed using this method. As additional staffing decisions are made during other one-stop meetings, or even after budget development ends, confusion can arise when employees are transferred between sites and departments without a paperwork trail since the information was input directly into the system and the typical forms are not used at the one-stop meetings.	
44.	Has the district's budget been approved unconditionally by its county office of education in the current and two prior fiscal years?	Complete	Although the district's budgets were approved by the county office in 2016-17 and 2017-18, the district's 2018-19 adopted budget was not approved. The district submitted a revised budget dated October 4, 2018, which the county office disapproved on October 11, 2018.	Fiscal Recovery Plan submitted with Second Interim and presented at the March 21 Board Meeting. SCOE Vetted.
45.	Are clear processes and policies in place to ensure that the district's Local Control and Accountability Plan (LCAP) and budget are aligned with one another? (part 1)	Complete	No evidence was provided that the LCAP and the budget are aligned with one another. Information obtained during interviews indicates that the business department has not been engaged in the LCAP process in the past, although the current administration plans to work with teams to integrate the work more closely.	6/5/19 Update: 1. LCAP/Budget staff schedule quarterly meetings to review milestones and project goals. (Dates: 9/24/18, 12/19/18, 4/5/19, 4/16/19) 2. School site budgets are now aligned to the LCAP goals and state priorities in the California School Dashboard as part of the One-Stop Staffing process. 7/23/19 Update: 1. The budget office and LCAP staff worked closely in developing the public hearing and

A cross department group of staff from State and Federal, LCAP, school leadership and fiscal met June 27-28 to debrief and identify lessons learned in the LCAP, Budget, SPSA and continuous improvement process integration effort. The goal is to apply these learnings for the 2020-2021 budget, LCAP and SPSA processes with a focus on continuous improvement</p>
46.	Does the district develop and use written budget assumptions and projections that are reasonable, are aligned with the Common Message or county office of education instructions, and have been clearly articulated?	Complete	Guidance provided in the May Revision Common Message stated that districts were “not to balance their budgets based on one-time revenues.” The narrative included with the district’s 2018-19 budget presented to its governing board on June 21, 2018 states that the district is using “\$13.2 million of one-time funds to meet the increase of labor contract negotiations.” The district cited and used appropriate assumptions related to percentages and amounts per unit of average daily attendance (ADA); however, the district did not follow the guidance included in the Common Message, the governor’s statement about one-time funds, or other industry-	<p>This is no longer the philosophy of the Superintendent or Board beginning July 1, 2018. The revised adopted budget was taken to the Board in October 2018.</p> <p>3/10/2020 Update: In order to maintain fiscal solvency, restore stability and address the long term financial issues, the District presented for consideration revisions to Board Policy (BP) 3100: Business and Noninstructional Operations which include: 1. The increase of the general fund expenditure reserve from the minimum 2% to a 5% reserve level. 2. One-Time funding should be used for one-time expenditures and shall only be used for an on-going expenditure as a last resort. As part of</p>

			<p>standard guidance, which expressly state not to budget one-time funding for ongoing costs. That one-time funding was an estimated \$344 per ADA at that time. The approved state budget enacted subsequent to the May Revision decreased the one-time per-ADA funding amount from an estimated \$344 per ADA to \$185 per ADA, which created an approximately \$7.4 million deficit in the district's 2018-19 budget due to the district's action to fully commit the one-time funds to ongoing costs. This action will also have severe impacts on future years because the one-time funding will likely be unavailable to the district, leaving a \$13.2 million deficit moving forward.</p>	<p>the approval of the annual budget, the Board shall consider any proposed use of One-Time funding and shall take separate action to approve such uses. BP 3100 was presented to the Board at the February 6, 2020 Board Meeting as a First Reading. 5/8/2020 Update: The proposed policy BP 3100 was scheduled for further Board review and discussion in March or April 2020 Board meetings but this was delayed due to the impact of the COVID-19 pandemic on District operations. BP 3100 will be presented to the Board at the May 21, 2020 Board Meeting as a First Reading for further review and discussion.</p> <p>Update 11/30/2020: BP 3100 was presented at the June 18, 2020 and June 25, 2020 Board Meeting as a Second Reading. 47.	When appropriate, does the district budget and expend restricted funds before unrestricted funds?	Complete	<p>The district's restricted general fund ending fund balance increased from \$4,456,029 in 2014-15 to \$10,224,117 in 2017-18. This indicates unrestricted funds are being expended before restricted funds, which creates a potential liability because the district may be required to return unspent restricted funds to the grantor.</p>	Ongoing: Monthly monitoring

48.	Does the district forecast its cash receipts and disbursements at least 18 months out, updating the actuals and reconciling the remaining months to the budget monthly to ensure cash flow needs are known?	Complete	During interviews, staff indicated that the accountant prepares the cash flow for a 24-month period. However, it was not being relied on because major concerns had been expressed regarding the accuracy of the information. During FCMAT's visit a separate cash calculation and projection was prepared by the county office's fiscal advisor that concluded that the district will become cash insolvent in October 2019 based on current budget projections. This projection was different and showed more cash deficiency than the district-prepared cash flow projection. A more recent cash flow projection prepared by the district for 2018-19 first interim shows the cash insolvency date as November 2019, one month later than the projection prepared during FCMAT's fieldwork.	SCOE and staff have agreed on cash flow methodologies. SCOE will continue to do a secondary review.
49.	If the district has deficit spending in funds other than the general fund, has it included in its multiyear projection any transfers from the general fund to cover the deficit spending?	Complete	Although the district's multiyear financial projection includes transfers from the general fund to cover deficit spending in other funds, FCMAT believes that those transfers are inadequate based on prior year deficits. Without a specific plan to reduce deficit spending, specifically in the child development fund, the budgeted transfers are likely inadequate to cover the increasing costs of salaries and benefits.	Board took action to reduce the size of the Child Development program by returning slots to the grantor (SETA) and thus the contribution to the Child Development program.

			<p>Based on unaudited actuals data, the following transfers were made from the general fund to the child development fund:</p> <p>2015-16: \$1,500,000 2016-17: \$322,344 2017-18: \$502,296</p> <p>Based on 2018-19 Standardized Account Code Structure (SACS) data, transfers to the child development fund are projected to be as follows:</p> <p>2018-19: \$2,345,207 2019-20: \$382,178 2020-21: \$382,178</p> <p>Assuming revenue and spending patterns remain the same, even if the current projected transfers of \$382,178 in 2019-20 and 2020-21 are included, the district's shortfall in cash would be as follows:</p> <p>2019-20: (\$791,940.93) 2020-21: (\$2,754,969.93)</p> <p>The district must develop a plan to ensure its expenditures are equal to or less than expected revenues, but until that time it must ensure that its budget is revised to include adequate transfers to all funds, including the</p>

Unless an approved plan to reduce spending, or increase revenues, is implemented in 2018-19, these shortfalls in 2019- 20 and 2020-21 will increase the district’s liabilities and further increase its projected general fund deficits. If this increased deficit is not remedied in 2018-19, it could cause the district to become cash insolvent prior to November 2019, based on current budget projections.</p>	
50.	<p>Has the district’s enrollment been increasing or stable for the current and three prior years?</p>	Complete	<p>The district’s enrollment has been declining for the last 15 years.</p>	<p>Adopted FCMAT recommendation of using Cohort Survival Method for staffing and enrollment purposes.</p>
51.	<p>Are the district’s enrollment projection and assumptions based on historical data, industry-standard methods, and other reasonable considerations?</p>	Complete	<p>The district tracked the number of children who enter kindergarten as a percentage of countywide live births five years earlier to project kindergarten enrollment for the 2018-19 school year.</p> <p>However, to project enrollment in grades one through 12 for the same period, it used simple grade level progression rather than the more commonly used cohort survival method.</p> <p>The cohort survival method groups students by grade level upon entry and tracks them through each year they stay in school. This method evaluates the longitudinal relationship</p>	<p>Adopted FCMAT recommendation of using Cohort Survival Method for staffing and enrollment purposes.</p>

			<p>of the number of students passing from one grade to the next in a subsequent year. This method more closely accounts for retention, dropouts and students transferring to and from a school or district by grade. Although other enrollment forecasting techniques are available, the cohort survival method usually is the best choice for local education agencies because of its sensitivity to incremental changes to several key variables including:</p> <ul style="list-style-type: none"> * Birth rates and trends. * The historical ratio of enrollment progression between grade levels. Changes in educational programs. * Migration patterns. * Changes in local and regional demographics. 	
52.	Does the district ensure that one-time revenues do not pay for ongoing expenditures?	Complete	<p>As mentioned in the budget development section of this analysis, the district stated in its 2018-19 budget narrative that one-time funding was used to pay for salary increases. This action will also have severe effects on the budget in future years because the one-time funding will likely not be available to the district, leaving a \$13.2 million deficit moving forward.</p>	<p>3/10/2020 Update: BP 3100 was presented to the Board at the February 6, 2020 Board Meeting as a First Reading. 53.	Does the district consistently account for all program costs, including allowable indirect costs, for each restricted resource?	Complete	<p>The district does not charge allowable indirect costs to special education, and as a result there is underreporting of the total cost of the program. If the indirect cost rate of 4.21% for 2018-19 were applied to the district's 2018-19 annual special education expenditures of \$107,398,026, the resulting allowable indirect cost would be \$4,521,457. The district's total actual indirect charge for special education has been approximately \$100,000 per year. The industry-standard practice is to consistently account for indirect costs in all restricted resources, including special education. The district is not correctly identifying the true cost of its special education programs.</p>	<p>The 2019/20 Proposed Budget includes charging indirect to all appropriate grants.</p>

54.	Is training on the budget and governance provided to board members at least every two years?	Complete	There was no evidence that budget or governance training is provided to board members regularly.	The Superintendent has been conducting Board Learning Sessions. Board governance trainings has been an ongoing and regular practice for the Board of Education for the past two years. Budget trainings have not previously been provided outside of the regular meeting setting over the past couple of years, but will begin with the 2019-20 academic year.
55.	Does the district use its most current multiyear projection when making financial decisions?	Complete	It appears that the district used multiyear projections when making financial decisions until the 2017-18 fiscal year, but that this practice ceased in that year, during which it also entered into a multiyear agreement with the SCTA (December 7, 2017) that granted ongoing salary increases without a budget reduction plan to maintain minimum reserves through 2020-21.	Current budget philosophy is to understand fourth year budget implications of financial decisions.
56.	Are the sources of repayment for non-voter-approved debt stable {such as certificates of participation (COPs), bridge financing, bond anticipation notes (BANS), revenue anticipation notes (RANS) and others}, predictable, and other than unrestricted general fund?	Complete	The district has \$67,920,000 in outstanding lease revenue bonds. The annual debt service payment is approximately \$5,400,000 and continues through fiscal year 2025-26. The annual debt service payments are made from a combination of unrestricted general fund revenue and developer fees.	Debt payment transferred outside of the General Fund to Mello Roos tax collections.

No.	FCMAT Finding	Status	District Response	Progress
57.	Does the district analyze and adjust staffing based on staffing ratios and enrollment?	Complete	<p>The district did not provide evidence that regular analysis of staffing ratios is compared with actual enrollment or that adjustments are made in accordance with sites' or departments' needs after the one-stop budget and staffing process occurs in January or February of each year during the budget development process. During one-stop, because the primary purpose appears to be developing the March 15 notice list, staffing ratios are compared against enrollment projections, and staffing is scheduled accordingly.</p> <p>Although this process is efficient for meeting the March 15 deadline as well as initial budget development projections, the decisions made during one-stop need to be reassessed as the year proceeds and actual enrollment numbers are known.</p>	Yes. Allocations to staffing are based on contract class size ratios and adopted Cohort Survival Method for enrollment projections.
58.	Does the district reconcile budget, payroll and position control regularly, meaning at least at budget adoption and interim reporting periods?	Complete	It is best practice to have a position control system that is integrated with, or at least reconciled with, budget, payroll and human resources records. The district does not reconcile these records regularly to ensure that its budget represents the amount the district should set aside for such costs. In interviews, employees indicated that the number of open positions shown in financial	Position Control true-up conducted with the support of SCOE fiscal experts. Regular bi-weekly meetings are now being conducted to ensure position control is reconciled.

			<p>reports is usually inflated.</p> <p>At interim reporting times, the district identifies variances between budgeted and actual amounts, and salary and benefit budgets are often revised based on that analysis. By contrast, standard industry practice is to reconcile actual human resources and payroll records to ensure that only open, authorized positions are shown as such in the budget; if an open position exists that should be closed, the appropriate paperwork is completed to do so, and the budget is updated.</p>	
59.	Does the governing board approve all new positions before positions are posted?	Complete	The governing board approves new positions after employees have been hired rather than when the position is vacant or posted.	New process established: Cabinet Member to bring forth new positions to the Cabinet meeting for review and discussion. If allowed, the new position moves forward to Deputy and Superintendent for approval. Approved position is then submitted to the Budget department for assignment of position control identifying number. Budget then sends completed position requisition to H.R. for posting (Business Process Map was created for this new process and is currently being revised).

GENERAL FUND

General Fund Definition

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. The General Fund also contains categorical programs such as Educator Effectiveness, Every Student Succeeds Act (ESSA), Title I, After School Education and Safety (ASES) and others.

PROPRIETARY FUNDS

Proprietary Funds Definition

Proprietary Funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the LEA, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting. This classification includes the Self-Insurance Fund, which includes the Dental/Vision Fund.
