

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION

Agenda Item# 11.2

Meeting Date: February 15, 2024

Subject: 2023-24 Local Control and Accountability Plan Mid-Year Review for
Dependent Charter Schools

- Information Item Only
- Approval on Consent Agenda
- Conference (for discussion only)
- Conference/First Reading (Action Anticipated: _____)
- Conference/Action
- Action
- Public Hearing

Division: Deputy Superintendent's Office

Recommendation: This is an information item. No Board action is recommended.

Background/Rationale: The SCUSD School Board authorizes 5 locally funded or "dependent" charter schools. Each of these schools is their own LEA, with their own local steering committee that reviews use of public funds, but the SCUSD School Board is the ultimate governing body. The California Department of Education has required that all LEAs present a mid-year update on their LCAP by February 28. Each school has presented this information to their local steering committees and each committee has recommended to move forward with presentation to the SCUSD School Board.

Financial Considerations: There are no financial impacts.

LCAP Goal(s): Goal 8: Basic Services and Districtwide Operations/Supports

5. **Public Comment- 10 min max-**

6. Suggestion Box- 5 min max-

Winter show - sound system- parents had a hard time hearing. - Torres responded that for safety reasons they were placed in the back because students were sitting down in the front and students were going in and out.

7. Cooking Club- Anna Ramirez 5min.

We have a lot of ELOP funds. Kids who are at grade level or higher than grade level do not go for tutoring. Ramirez feels like those students would like to do something like tutoring so she found the cooking club. Ramirez and Rincon would start in late February for 10 Fridays. The boxes cover educational items such as Geology, oceanology, etc. It would be roughly about \$6,500. It would be for boxes in class and also one that they can take home. Plus \$100 for Perishable food and the cost of teachers - Rincon and Ramirez- roughly \$800. It would cover 14 second graders. Preference to the students that don't need tutoring and if she has spots she will open them to the students who were her previous second graders but are now third graders. Clarifying questions- A. Chavez- are you going to use the cafeteria?- No, because she will purchase a toaster oven and Torres will let her borrow a toaster oven and it will be in the classroom. R. Martinez- have you shared this with other grade levels?- No but teachers can look into it.

1. Pass the Task-Sylvia- 5 min

Pass the task- it is 10 lessons the students will do. Before the students take the assessment they recommend using the program closer to the dates that they will take the test. Amie Choi looked at and she thought it was okay. We thought there was something like that from the district but there is not. The funds would come out from 007 (free and reduced LCFF). It's available for \$275 for each class which would be around 2,329. At the state level, they are practice tests but they are very easy, and usually is more about how to use the tools.

Clarifying questions- Can we use it for the future? Torres- She doesn't know because it is the first time and they might get it and not see a difference or we could see a difference. M. Hilbert- is this different from the ELPAC? Yes, ELPAC is for the English language performance test and this is for the SBAC in reading and math performance test.

S. Torres- motions to approve Pass the Task for 2,329 from 007 funds. A. Chavez seconds motions. 5 yay, 0 nay, 0 abstain

8. LCAP-Mid-Year Review-Sylvia Torres- min

LCAP in conjunction with McCoy and we have 5 goals in combination. We have met the standards we do have a core educational setting. Our goal starts at 1.5 for CHACON- we budgeted for \$495,550 and at this point, we have used \$247,883.79 We are still in the process of finishing the year. For 1.6 we had allotted 1.4 million and we have spent 1.2 and we are going to have to tap into something else since we had raises for everyone. We are pushing for the district to cover the costs. We want the district to cover the retro and

we will cover the increases. 1.7- We budgeted \$419,434.00 and we have used 101,928. 1.8- SPED services and oversight and we have budgeted \$758,652 and we haven't spent anything its because we don't pay the district until the end. Goal 2- ELA dashboard 2022- 58 points below and 2023 44.1. points below and increased by 13.7 and we had said we wanted to be at least 33.5 points below standard and this is based on SBAC. ELA- students with disabilities 2022 - dashboard 120 points below standard and we had said no more than 80 points standard and we were at 94.7 points. Math 2022- 72 points, 2023 57.6 points and increased 14.5 and we are at 36.7 points. For math students with disabilities, we are at 108.2 points and our desired outcome was 95 points we are very close. 2.4- intervention- we lost two years of instruction because of COVID we are trying to put in teachers that are doing SIPPS and a good number of teachers are doing after-school tutoring and we have aides and we are trying to support the students and we budgeted for 215,716.00 and we have spend 73,253.59. 2.5 class reduction across the board and we have classrooms that are sitting below class sizes and we have budgeted for 669,007 and we have spent 277,143.93. We are yet to hire a library tech and we have budgeted \$26,737.00 we haven't spent anything and next year we will extend the hours. 2.7- intervention- we have aides that stay extra hours and they started after this report. ELPAC is 55%, making progress right now we are having 43% progress towards proficiency and hoping language learners are making some progress. We are going to schedule the second round of academic progress. Translation services and only a handful of teachers that need support and we do offer translation for them. Chronic absenteeism- with African American- McCoy has a bigger population and we don't have that big of subgroups. With disabilities, we did improve by 7.2%. We are a Title 1 school - disadvantaged students and we went down to 4.4 %. We do have a clerk who makes calls every day when students are absent and we allow parents to call up to 9:30. We do ask teachers to call if absent more than 3 days Students who are absent 18 days they are already absent 10% of the school year. Tardies are also a big one. The social worker did give out free kids meals and certificates for trimester 1 for students that are here on time and present. Mccoy doesn't have a clerk. Families and supporting communities and we do have a full-time social worker and we budgeted \$147,569 and we have spent \$48,937 and the social worker is newer to the district. For 5.5 we cover the cost of the fingerprinting and we provide snacks and do ELAC and steering we have budgeted \$2,4111 and we have spent \$96. This is the last time we look at this LPAC. Where do we want to put our money moving forward? LCAP dictates what we spend our money.

[Charter oversight-Slide Deck](#) Amanda Goldman- **min**

Amanda Goldman is the district charter oversight person at the district level and liaison between the charter and the district. This is a response to the question of what is our reserve. Dependent - closer relationship with the authorizer and we have 6 schools in the

district, charter staff are employees of SCUSD, and they have a local steering committee. Locally funded- how many students do you have (ADA). District places all funds allocated to the school in an account and pays the schools costs out of that account; District board approves budgets and accountability plans. The school and local steering committee create accountability plans and make spending decisions for the school based on annual allocation and total fund balance. School district is basically the bank account. The costs Staff Salary and Benefits, Instructional Materials, Facility “Lease” and Utilities, Special Ed. Contribution, District Oversight (1%), and other selected Services. Those schools pay the district through invoices. All of the money goes to the bank account. Locally funded are responsible for their funds and the district still approves from the local steering committee. Moving forward and priorities “Ensure that fund balance / reserves are correctly allocated and visible in charter budgets by May 2024
Ensure that 24-25 budgets are set up correctly, including all grants and allocations by september 2024. Establish an MOU that clarifies and codifies how the fiscal relationship between charter and district (processes, calculations, fees for service) by june 2025
Train on, Communicate, and Refine those Processes and Calculations (including budget development, budget adoption, LCAP development, and board approvals) by 2025-2026”
The goal is to be transparent. It's just not us that have questions about the reserve and it is probably all our dependent charters and she is trying to keep us on the same page and there is work to be done

9. End of year ordering- Sylvia Torres-10 min.

Every year our teachers get 1,000 to get supplemental orders- teachers can use it for science and replace the books that they use for reading groups. We have a little bit more of 007 we have more money so the teachers can use \$2,000 it would be around \$30,000, Teachers usually order from school especially, lakeshore, and scholastic. We are getting a new building in the future. We don't want to upgrade desks and bookshelves and hoping that we can upgrade our stuff then. I don't know how much would it be to replace broken stuff. I know we have to replace broken stuff and some teachers need to replace their computers and replace Chromebooks.

S. Torres motions to increase the teacher's end-of-the-year supplemental orders to 2K and broken classroom equipment (anything that makes the classrooms sustainable) and spend no more than \$100,000 using ESSER funds. C.Snyder seconds and 6 yay, 0 nay, 0 abstain

Goal 1

Goal Description

1. Create the foundation to support high quality teaching and learning in supporting EL's. We will increase the number of students approaching proficiency in English Language Arts and Mathematics, particularly our underserved subgroups. NJB serves 54.7% English learners. Everything we do academically must be done with that context in mind. Our English learners will not make adequate progress without specific attention to their academic and social-emotional strengths and needs. At NJB, English Learners at 41.03% (43 EL scholars) Kinder- 3rd grades are not meeting Foundational Standards and are off track, receiving a 1 or 2 (did not meet standards) on their Trimester 2 and Trimester 3 report card.

NJB has identified a need to address early literacy and foundational reading skills in grades K-3rd.

2. There is a need for integrated curriculum to support EL's in both ELA and Math. Supplemental foundational skills in the SIPPS program and EL leveled texts are used along with instructional invention to support EL's to meet and exceed grade level standards and mastery of skills. Goal 2

Goal Description

There is a need to create an organizational culture that supports and sustains high quality teaching and learning, and builds family and community engagement and inclusionary practices for African American and Hispanic/Latino scholars. We will increase the sense of community pride on campus.

1. All students will be provided access to a responsive school community as well as case- management, mental-health services, with particular attention paid to African American and Hispanic/Latino students and families.
2. There is a need for highly trained teachers to support the charter and getting every child to grade level readiness and support social-emotional growth within the charter's tenets and agricultural focus in science that supports children of color, cultural and language diversity to be ready for the 21st Century college and careers in science. Agriculture is shifting from rural to urban areas in the United States. By providing an educational program unique to NJB, such as the school and community farm, bio-diversity environments, 4-H programs and other science agricultural programs such as sustainability, we are closing the gap in achievement, promoting critical thinking and learning, and providing more hands on, inclusionary programs in science to engage our scholars. Participating in California Agriculture Conference in Sept 2023
3. Continue participation in the Parent Teacher Home Visit Program, and implement the Academic Parent Teacher Team model for conferences. Develop the Leader In Me program in creating a nurturing and empowering school culture and climate.
4. Provide the opportunity for members of the Steering Committee (staff and parents) to attend the Spring Charter School Leadership Institute to learn more about governance, budgeting and instruction and serving cultural/racial diversity
5. Provide training to staff regarding race and poverty, vocabulary, and attendance.

Goal 5

Goal Description

Children with special needs

Certainly some children have developmental issues that may require different teaching strategies because of biological differences (such as having Autism or because of life experiences (such as living with toxic stress) or both. They need teachers with special skills to recognize and meet their needs. Other children—the vast majority—are typically developing and need a genuine opportunity to learn the foundational skills and knowledge expected by schools. During the preschool years, children need to be assessed for biological and social difficulties, with interventions provided as needed. However, all children—whether they have special needs or not—need to be fully engaged so they become enthusiastic learners of their schools' curricula.

Goal 2

Goal Description

School and classroom learning environments will become safer, more inclusive, and more culturally competent through the active dismantling of inequitable and discriminatory systems affecting BIPOC students, LGBTQ+, Students with Disabilities, English Learners, Foster Youth, and Homeless Youth. We are exploring behaviors and restorative ways to address both the harmed and the perpetrator. We are also in need of supports for student attendance, which contributes to student success and appropriate behaviors related to attendance. Our goal is to keep students at school learning, understanding

barriers to behaviors and attendance to increase student success. This goal is essential to Carver's development as a social and environmental justice school, committed to addressing white dominant culture in the school system. it is important that we build in supports for all learners, review policies that act as barriers to success and increase the graduation rate to 100%. We also want to enhance and invigorate the holistic portfolio review and our graduate profile to better support all student learning and demonstrating learning.

Goal 1

Goal Description

Promote academic success for all students.

Provide rigorous standards-aligned curriculum, intervention and enrichment to increase academic proficiencies while closing the achievement gaps for all students, based on a culture of collaboration, community, and a supportive working environment that promotes independent learners, values collaboration among stakeholders, and is centered is centered on data-driven decision making (MTSS).

Increase student success in ELA and math by organizing the database that houses Met curriculum. Over the course of the existence of The Met curriculum and documents were created and placed into a database. Due to the large value of documents collected over the 20 years it has become difficult to access these files. To better access the information, the database will be cleaned out and re-organized in different categories to allow easier access to curriculum materials per content area.
