10.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

10.1 Resolution No. 3279 of the Board of Education of the Sacramento City Unified School District Designating Certain General Funds as Committed Fund Balance (Rose Ramos)

Action

This item was heard second under 10.0. Chief Business Officer Rose Ramos presented. She gave an overview and background information on the resolution. She also went over 2022-23 proposed budget reserves, options to address a ten percent cap limitation, and 2022-23 proposed commitments.

*Public Comment:
Taylor Kayatta*

Board Comments:

Member Villa said the cap limitation is a good problem to have, and she recommends spending continuously what can be spent for students for the long-term.

Member Woo said that, since this is a ten percent cap on reserves, he asked if the District should be raising the three percent cap currently in place. Ms. Ramos said that certainly can be done and is a Board decision. Member Woo said that, under Board Policy 3100, he is wondering if it should be raising to five or ten percent to put more money in reserve, as three percent is not very much. He noted that three percent is only one month of salary. He said an increase would take care of all the foreseeable rainy day funds, which the District is already dipping into in the following years. Setting aside more money would be prudent.

Member Murawski reminded that the District has an infusion of federal dollars that the District has been spending, and struggling to spend in some cases. She said that such one-time money, as these reserves are, can pose some challenges. She is excited to see the textbook adoption as a one-time item included. She asked if the items presented would be commitments for the following school year, barring any Board action. Ms. Ramos said that is correct. Member Murawski then asked if the three percent additional reserve was reviewed by the county to ensure that this is an allowable commitment. Ms. Ramos said that is correct. Member Murawski reminded that the federal government recommended reserve level is 17 percent.

Member Phillips asked Member Woo if it seems like the District is stashing money away by raising the reserve. She said it seems like at some point the District has to know how to spend its money. Member Woo replied that a reserve is a reserve for uncertainty. We do not spend it because it is uncertain what the District is going to need; it is there for emergencies, and most school districts hold a reserve of about 15 to 17 percent. For this District, it is about \$97 million, and we are already dipping into it in subsequent years. He said he is suggesting raising the reserve so that the District will not dip into it unless it is for an emergency. Member Phillips clarified that he wants to use it for the District's rainy day fund. Member Woo replied yes, as that is its purpose. Member Phillips said to her it feels like that is operating out of fear of what might happen. She feels that the District should be spending money on students. Member Woo commented that there is a certain point where money should be

saved; the District should not be spending everything it has because in the future the District may not have that much. Member Phillips said there are people that do not have anything now who cannot save. Member Woo answered that the District cannot count on this money. Member Phillips said we cannot then count on any money that we have and will always be projecting that the District will have a deficit and projecting that there will be something taking up the funding. She said that none of the items committed, such as textbooks and professional learning, sound like an immediate and continued improvement for students.

Vice President Garcia said that districts in the state are doing this, i.e., trying to figure out how to spend dollars down to meet the new requirement. She also noted that this will be a requirement for the following years until something changes, such as a recession at the state level. She asked Ms. Ramos to speak on this. Ms. Ramos said that the governor is proposing, in the 2022-23 budget, to make additional deposits into the stabilization account, which in effect means it would trigger the ten percent in 2023-24 for school districts again. That would impact the District, assuming reserves were in excess of ten percent of the cap, but we do not know, however, what that number will be, as there is a lot of one-time money in the reserve fund balance for the District. There is an amount of one-time money in the amount of \$49 million in the reserve that is currently unrestricted, but if it becomes restricted the District then has to build in expenses that equal that amount and reduce the reserve. This will all be clarified in August, however. Vice President Garcia then asked how the proposed commitments were identified. Ms. Ramos answered that the Business Office works with the Academic Office to identify any funded needs. Superintendent Aguilar further responded by noting students' needs, especially in regard to the pandemic and textbook needs. Vice President Garcia asked what the allocated \$5 million for summer school entails. Superintendent Aguilar answered, due to funding, the program this year is not as robust as hoped, but planning for the following year's program is part of this. Vice President Garcia asked about how student support for counselors and social workers fit in. Superintendent Aguilar asked the Director of Student Support and Health Services, Victoria Flores, to give an update on this. Ms. Flores said that the department has on boarded 21 new staff members this year. Additionally, seven new social workers have accepted positions and will be starting next year.

Member Phillips requested that increasing the reserve be put on a future agenda in the next academic year for discussion. Vice President Garcia proposed having the Board discuss amending

resolution 3100, specifically in consideration of changing the three percent reserve amount as part of the 2023-24 budget. Member Phillips concurred.

Member Villa motioned to approve this item with the amended, latest draft of \$60,000 for Communications, and Member Woo seconded. The motion passed unanimously, with President Pritchett absent.

Member Woo motioned to approve this item, and Member Murawski seconded. The motion passed unanimously, with President Pritchett absent.

**10.3 2022-23 Local Control and Accountability Plan Adoption
(Steven Ramirez-Fong)**

Action

*Public Comment:
Rich Vasquez*

Board Comments:

Member Murawski asked how the LCAP can be better communicated to the public. Mr. Ramirez-Fong said that

earlier on they worked with the Communications Department. He added that parents have taken the lead on this.

Member Villa said she would like information to be provided to the school sites.

Vice President Garcia thanked Mr. Ramirez-Fong for the presentation. She is glad that the Parent Advisory Council (PAC) is making the information more digestible and accessible for parents.

Member Villa motioned to approve the item and Member Woo seconded. The motion passed unanimously, with President Pritchett absent.
