Recommendation: Approve the 2021-22 First Interim Financial Report with a Qualified Certification.

Background/Rationale: Education Code Section 42130 requires school districts to prepare Interim Financial Reports each year. The intent of these reports is to provide an “early warning” system to indicate whether a district can meet its current or future year financial obligations. This is the first of three interim financial reports presented to the Board of Education for the 2021-22 fiscal year. The report provides financial information as of October 31, 2021, projections for the remaining 2021-22 fiscal year and multi-year projections for 2022-23 and 2023-24 fiscal years.

Financial Considerations: The District is working closely with the Sacramento County Fiscal Advisor to address the projected deficit spending for fiscal years 2022-23 and 2023-24. A Fiscal Recovery plan is being presented for the Board’s consideration. The Fiscal Recovery plan was a condition set forth with the approval of the 2021-22 Adopted Budget.

The 2021-22 First Interim Financial Report projects that the district is deficit spending in 2022-23 and 2023-24 but will meet the required 2% Reserve for Economic Uncertainty for all three fiscal years.

LCAP Goal(s): Family and Community Empowerment; College, Career and Life Ready Graduates; Operational Excellence

2021-22 First Interim Financial Report

December 16, 2021

I. OVERVIEW/HISTORY

Interim financial reports provide information on district’s financial condition for the fiscal year and two subsequent years. The Governing Board of a school district certifies the district’s financial condition to the county office of education through these reports. The First Interim Report reflects actual financial activity for the period of July 1st through October 31st, 2021 and projects financial activity through June 30th, 2022. The First Interim Report contains summarized and detailed budget information, multi-year projections, and estimated cash flow reports. The State budget and budget guidelines provided by the California Department of Education, Department of Finance, county offices of education, School Services of California, and other professional organizations provide the guidance for districts to develop and modify their budgets. This is the first of the interim financial reports presented to the Governing Board for the 2021-22 fiscal year.

The 2018-19 disapproved budget qualified the District to receive independent auditing support from the Fiscal Crisis and Management Assistance Team (FCMAT). At no cost to the District, FCMAT conducted a Fiscal Health Risk Analysis Study of the District in October 2018. FCMAT presented the findings to the Governing Board at the December 13, 2018 Board Meeting. A matrix titled FCMAT Fiscal Health Risk Analysis was created to track the District’s progress to correct the findings. The District and the SCOE assigned Fiscal Advisor have worked together to implement FCMAT’s recommendations.

The District provides regular updates on the progress made to address the FCMAT findings with each interim financial report. Following is a summary of the findings attempted, completed and remaining as of December 16, 2021:

2021-22 First Interim Financial Report

December 16, 2021

A report of the updated findings is included in the First Interim documents and is found on the District's financial webpage at <https://www.scusd.edu/fcmat>.

II. Driving Governance

- Education Code Section 42130 requires school districts to prepare interim financial reports each fiscal year. The requirement includes filing two interim financial reports. The First Interim Report, as of October 31st, requires Board approval by December 15th. The Second Interim Report, as of January 31st, requires Board approval by March 15th. If the District is in qualified or negative status, a third financial report is required as of April 30, and requires Board approval by June 1st. All reports required shall be in a format or on forms prescribed by the Superintendent of Public Instruction.
- Education Code section 42131 requires the Board of Education to certify, in writing, whether the district is able to meet its financial obligations for the remainder of the fiscal year and, based on current projections, for the subsequent two fiscal years. Certifications shall be based on the Board's assessment of the district budget. The certifications provided with the first and second interim reports are classified as positive, qualified, or negative. A "positive" certification indicates that the district will meet its financial obligations for the current fiscal year as well as the two subsequent fiscal years. A "qualified" certification means that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A "negative" certification means that the district is unable to meet its financial obligations for the remainder of the current fiscal year or the future fiscal year. This education code section also outlines the role of the County Office of Education.
- The SCUSD Board of Trustees has revised Board Policy 3100 to establish and maintain a general reserve for economic uncertainty that meets or exceeds the requirements of CCR 15443. The reserve for economic uncertainty for the District will be established at no less than 5% of total general fund expenditures. Under BP 3100 it is acknowledged that one-time funding should be used for one-time expenditures and shall only be used for an on-going expenditure as a last resort. As part of the approval of the annual budget, the Board shall consider any proposed use of one-time funding and shall take separate action to approve such uses

III. Goals, Objectives and Measures

Follow the timeline and take action on all necessary budget adjustments. It will be important to reduce the reliance on one-time funds used to balance the budget.

IV. Major Initiatives

- Use the First Interim Financial Report information to guide budget development for FY 2022-23 and 2023-24.
- Continue to work with the Fiscal Advisor and staff to implement FCMAT's recommendations.

V. Results

Budget development for 2022-23 will follow the calendar and timeline approved by the Board. Required Board actions will take place in a timely manner to ensure a balanced Adopted Budget is in place on or before July 1, 2022.

VI. Lessons Learned/Next Steps

- Follow the approved calendar with adjustments made as necessary.
- Continue to monitor the state budget and its impact on the district finances.
- Continue to monitor the District and state fiscal health.
- Continue to engage stakeholders in the budget development process through community budget meetings.
- Meet and communicate with bargaining unit partners.
- Ensure compliance with all LCFF and LCAP requirements.

2021-22 First Interim Financial Report

School district budgets are not static, but instead are constantly being revised to respond to decisions at the State and Federal levels, as well as to the expenditure needs of the district. District staff closely monitor enrollment, average daily attendance, State and Federal revenue and other areas that could impact the budget in the current or outlying years. The District's 2021-22 1st Interim financial report is budgeted assuming a 5.07% COLA for 2021-22, 2.48% for 2022-23 and 3.11% for 2023-24.

The First Interim Financial Report includes assumptions and projections made with the best information available for the reporting period, and the documents attached are primarily State-required reports but also include District documents that provide additional related financial details. Key information includes the budget assumptions, multi-year projections, and cash flow reports.

Federal Funding

Due to the passage of the \$1.9 trillion America Recue Plan approved in March 2021, K-12 LEAs are expected to receive approximately \$15.3 billion of Elementary and Secondary School Emergency Relief (ESSER III) funds. Since this mass inflow of these funds combined with previous one-time federal COVID funds can easily obscure normal operating deficits, districts ***must remove the one-time funding in the subsequent years*** and either discontinue the expenditure or budget for such expenditures with unrestricted funds unless another allowable restricted funding source is available.

The American Rescue Plan Act (ARPA) also contains a one-time increase to Individuals with Disabilities Education Act (IDEA) funding of \$256.4 million for Pre-K through 12 and 21.4 million for preschool. Additionally, for the federal fiscal year starting October 1, 2021, the Biden Administration has proposed an on-going increase similar to the one-time funding provided through ARPA:

- \$15.5 billion (a \$2.6 billion increase) for grades Pre-K through 12
- \$732 million for early intervention services for infants and toddlers with disabilities (an increase of \$250 million above the 2021 enacted level)

Reserves

District Reserve Requirements: The 2014 State Budget Act and the passage of Proposition 2 in November 2014 established a hard cap on district reserves, if all the following conditions are met:

1. Proposition 98 must be funded based on Test 1
2. Full repayment of the maintenance factor prior to 2014-15
3. Proposition 98 provides sufficient funds to support pupil attendance growth and the statutory COLA
4. Capital gains exceed 8% of General Fund revenues

Prior law specified that in any fiscal year immediately following a year in which a transfer of any amount is made to the Public School System Stabilization Account, a district's assigned or unassigned fund balance (including Fund 01 and Fund 17) may not exceed two times the reserve for economic uncertainty (three times the reserve for economic uncertainty for districts with more than 400,000 ADA).

However, Senate Bill (SB) 751 which became effective January 1, 2018 made changes to the school district reserve cap law in the following manner:

- It requires that the reserve cap is triggered in a fiscal year immediately after a fiscal year in which the amount of moneys in the Public School System Stabilization Account is equal to or exceeds three percent of the combined total of General Fund revenues appropriated

for school districts and allocated local proceeds of taxes (Proposition 98 funding), as specified, for that fiscal year

- Adjusts the reserve cap from a combined assigned and unassigned ending fund balance based on the size of the district to a combined assigned or unassigned ending balance, in the General Fund (01) and the Special Reserve Fund for Other Than Capital Outlay (17), of 10% of those Funds for all districts
- Reserves would be capped at 10% as long as the amount in the Public School System Stabilization Account remained at 3% or greater of the Proposition 98 amount in each preceding year
 - The State must notify local educational agencies when the conditions are and are no longer applicable
- Basic aid school districts and districts with fewer than 2,501 average daily attendance are exempt from the reserve cap requirement

Since the four conditions stated above are met, and the Proposition 98 reserve balance will be 8.1% (exceeding the minimum 3% threshold), LEAs will have the statutory reserve cap described above beginning 2022-23. Therefore, applicable school districts may need to spend down their reserves and/or commit funds. LEA's could consider board action to commit funds for specific costs such as special education cost increases, increasing CalSTRS/CalPERS contributions, enrollment decline or other LEA priorities.

Significant Statutory Changes Since Budget Adoption

On June 30, 2021, the statutes that established distance learning in Senate Bill (SB) 98 became inoperative. The instructional time and attendance accounting requirements that were effective in 2019-20 and prior years are again in effect for FY 2021-22. As in years prior to FY 2020-21, LEAs must meet the requirements of independent study to generate average daily attendance (ADA) for students not scheduled for physical in-person instruction. While AB 130 did not change the method used to generate a day of attendance for apportionment purposes in independent study, both temporary changes for 2021-22 and permanent changes to independent study program requirements were made and are conditions of apportionment.

Another new law that came into effect in 2021-22 relates to the new Local Control Accountability Plan (LCAP) requirements that include the following:

- The requirement for a mid-year, one-time supplement to the annual update
- Carryover requirements for actions, expenditures, and qualitative improvements contributing to increased and improved services for targeted pupils
- Demonstration of how the additional concentration grant add-on funding is being used to increase the number of staff providing direct services in high needs schools

Education Protection Account

Proposition 30 provides that a portion of K-14 general purpose funds must be utilized for instructional purposes. Revenues generated from Proposition 30 are deposited into an account called the Education Protection Account (EPA). The District receives funds from the EPA based on its proportionate share of statewide general purpose funds. A corresponding reduction is made to its state aid funds. Illustrated below is how the District's EPA funds are appropriated for 2021-22. The amounts will be revised throughout the year based on information received from the State.

Education Protection Account (EPA)	
Fiscal Year Ending June 30, 2021	
Actual EPA Revenues:	
Estimated EPA Funds	\$ 99,152,785
Actual EPA Expenditures:	
Certificated Instructional Salaries	\$ 99,152,785

Routine Restricted Maintenance Account

Per Education Code Section 17070.75, school districts are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total General Fund expenditures and other financing uses for that fiscal year. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total General Fund expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the General Fund)
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures
- The actual contribution will be audited as part of the School Facility Program Bond Audit
- Currently, LEAs are allowed to exclude the following programs from its calculation of required contributions to routine restricted maintenance:
 - State pension on-behalf payments
 - ESSER I, GEER I, Coronavirus Relief, & State LLM
 - State supplemental meal reimbursements
- The most recent funds relating to coronavirus impacts (i.e In-Person, & Extended Learning) currently remain included in the calculation assumptions.

2021-22 First Interim Financial Report

December 16, 2021

Cash Flow

The 2021-22 First Interim report and multi-year projections the District projects having a positive cash balance through June 2024. Cash will continue to be closely monitored in order to ensure the District has sufficient cash reserves to satisfy its obligations.

Conclusion

The District is projecting to satisfy the 2% required reserve for economic uncertainties and maintain a positive cash flow in 2021-2022, 2022-2023 and 2023-2024. However, the unrestricted General Fund balance projects deficit spending of (\$19.46M) in 2022-23 and (\$26.2M) in 2023-24 which is primarily due to declining enrollment. Considering the growing deficit and declining enrollment along with unsettled negotiations for both certificated and classified bargaining units, as costs from any new settlement agreements are not included in the First Interim financial report, the District self certifies with a “qualified” certification.

At the February 4, 2021 Board Meeting, the Board of Trustees approved a Fiscal Recovery Plan in the amount of \$4.5M approximately. Based on the multi-year projections, the District projects an ongoing needed solution of \$26.2M. SCOE approved SCUSD’s 2021-22 adopted budget with the condition that the Board approve a fiscal recovery plan by December 15, 2021 to address the ongoing structural deficit. Staff will present a proposed Fiscal Recovery Plan for the Board’s consideration at the 12/16/21 Board Meeting.

1.	Are clear processes and policies in place to ensure that the district’s Local Control and Accountability Plan (LCAP) and budget are aligned with one another? (part 2)	In Progress	<p>Board policies (BPs) and administrative regulations (ARs) adopted by the district related to the LCAP included the following: AR 1220 – Citizen Advisory Committee, BP/AR 1312.3 – Uniform Complaint Procedure, BP 6173.1 – Foster Youth.</p> <p>The California School Boards Association’s online board policy service, known as GAMUT, has one main LCAP/Budget alignment policy, BP/AR 0460, which many districts have adopted. Although the district has a subscription to GAMUT, it has not adopted this policy.</p>	<p>Board Policy Staff are in the process of developing an initial draft of BP 0460: Local Control and Accountability Plan. BP 0460 was initially provided to the Board Policy Committee on 5/24/19 and will be scheduled for a detailed review by the Board Policy Committee and full Board action at a later date. On 11/19/19 the topic of Budget/LCAP/SPSA policy efforts was included on the Policy Committee agenda but no recommendation was made. The policy will be scheduled for a subsequent review by the Board Policy Committee and full Board action at a later date.</p> <p>11/30/2020 Update: Board Policy Staff have developed an initial draft of BP 0460: Local Control and Accountability Plan. BP 0460 was initially provided to the Board Policy Committee on 5/24/19.</p> <p>9/16/21 Update: Throughout 2019-20 and 2020-21 staff in Business Services and State and Federal Programs have developed processes to increase alignment between budget and LCAP. These include program coding for funds allocated to school sites to more accurately account for planned</p>

These efforts have been supported by regular meetings between Business Services and LCAP staff with the explicit goal of increasing LCAP-budget alignment. Business Services staff have also collaborated on multiple LCAP presentations to the Board of Education.</p> <p>12/16/21 Update: Staff continue to work collaboratively to ensure that processes and policies are in place to align key planning efforts to the budget. A recent example is the ESSER III expenditure plan development. Business Services and Continuous Improvement and Accountability (CIA) staff collaboratively developed a Request for Funding process that was used by departments. This required departmental staff to describe their proposal in detail including, but not limited to, their intended use of funding, scope across the three-year timeline, and per year and total funding amounts requested. Business services and CIA staff further collaborated to facilitate executive leadership’s prioritization process, review proposed expenditures in relation to other CARES funding uses, and ensure that proposed amounts were accurate to staffing amounts requested. The ESSER III plan is</p>

2.	Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 1)	In Progress	Since 2006, the county office of education has identified the need for the district to develop a viable plan to fund its long-term other post-employment benefits (OPEB) liability, which has not been measurably addressed.	<p>3/10/2020 Update: On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019.</p> <p>The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p> <p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District's OPEB irrevocable trust fund in addition to the decreases noted above. In other words, these continued contributions to the OPEB trust help not only</p>

	2. cont.			<p>in increasing the trust assets, but also in stabilizing or improving the discount rate used to calculate the Total OPEB Liability.</p> <p>This is a significant improvement, but the liability will continue to grow without continued efforts to decrease it. 11/30/20 Update: On September 2, 2020 the District received its updated Other Post Employment (OPEB) liability amount in the recent GASB 75 actuarial report for the fiscal year ended June 30, 2020. The key points are:</p> <ul style="list-style-type: none"> • The District’s Net OPEB liability increased by \$41.7M year over year from \$526M FYE 2019 to \$568M FYE 2020. • The increase is due to annual costs and a decrease in the discount rate assumption from 4.25% to 3.90% • The Actuarially Determined Contribution (ADC) is \$30.8M. The district contributed \$26.7M in 19-20, leaving a contribution deficit of \$4.1M. • If the District were to increase its contribution to the ADC amount it would help in two ways: <ul style="list-style-type: none"> o Fund the Net OPEB liability o Per GASB 75, allow the actuary to gradually increase the discount rate used (3.90%) to

In dollars, if all else is equal, the Total OPEB liability would be closer to \$430M instead of the \$654M projected currently.</p> <p>The District has made some progress but due to changes in assumptions, the Net OPEB liability has increased. To maximize progress, the district would need to contribute the full ADC amount each year.</p> <p>3/1/21 Update: The District realized excess savings in its Dental and Vision funds and applied the savings towards its OPEB contribution. The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p>5/1/21 Update: The District is continuing to review options and develop a plan to fully fund at the ADC level which, over a five-year span, will substantially decrease the Net OPEB liability.</p> <p>9/16/21 Update: The District is expecting to receive an updated actuarial report in the next few weeks which will provide the status of the OPEB liability.</p> <p>12/16/21 Update: On November 2nd, 2021 the District received an updated actuarial study that reflects an improvement in the</p>

	2. cont.			<p>District's total OPEB liability. Due to increased contributions in FY 2021, the District funded 97.6% of its Actuarially Determined Contribution. The higher funding level allowed for a change in the actuarial methodology that contributed to a decrease in total OPEB liability from \$654M as of June 30, 2020 to \$415M as of June 30, 2021, or a 44% decrease. To continue to maximize progress, the district plans on fully funding at the Actuarially Determined Contribution level for the 2021-22 fiscal year.</p>
3.	Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 2)	In Progress	<p>In letters dated December 7, 2017, January 16, 2018, and April 16, 2018, the county office discussed and outlined its concerns with the district's ongoing structural deficit, and the need for the district to submit a board-approved budget reduction plan to reverse the deficit spending trend.</p> <p>On August 22, 2018, the county office disapproved the district's 2018-19 adopted budget, and the district was instructed to revise its 2018-19 budget and submit a balanced budget plan that supports ongoing expenditures from ongoing revenue sources, and that has a timeline showing when and how adjustments would be implemented no</p>	<p>Ongoing: Working towards a balanced budget. Student Centered Fiscal Recovery Plan presented to Board and adopted at the 3/27/19 Board Meeting. Reductions in central staff and non-negotiable items have resulted in over \$20m in savings and as a result at 2nd interim: \$2.2m (19/20) and \$50m (20/21). 6/13/19 Update: District has made approximately \$45 million in adjustments through the 2019/20 Proposed Budget. Additional adjustments of \$26 million are needed through negotiations. As of the 2019-20 Revised Adopted Budget the District has implemented \$50.2M in ongoing budget adjustments and \$12.1M in one-time budget adjustments. These adjustments were made during the period of December 2018 through September 2019 and are not in addition to the previous adjustments listed above.</p>

	3. cont.		<p>later than October 8, 2018. On October 11, 2018, the county office notified the district that its revised adopted budget was also disapproved based on their review. That budget showed that the district's unrestricted general fund balance would decrease by approximately \$34 million in 2018-19, approximately \$43 million in 2019-20 and \$66.5 million in 2020-21. The district was instructed to develop a viable board-approved budget and multiyear expenditure plan that would reverse the deficit spending trend, and to submit this plan with its 2018-19 first interim report, which is due December 14, 2018.</p>	<p>Additional adjustments of \$27M are still needed to eliminate the deficit and achieve fiscal solvency. This information can be found in the Revised Adopted Budget 2019-20 presented at the October 3, 2019 Board Meeting.</p> <p>3/10/2020 Update: The 2019-20 First Interim Financial Report and FCMAT Update was presented at the December 19, 2019 Board Meeting with a negative certification. A negotiated solution will be required to address the District's \$27M shortfall. The Fiscal Recovery Plan was presented at the February 6, 2020 Board Meeting and included proposals to achieve the \$27M solution. These proposals require negotiations.</p> <p>5/12/2020 Update: At the April 2, 2020 Board Meeting, the 2019-20 Second Interim Financial Report was approved with a negative certification and an update on the FCMAT matrix was also presented. At the May 7, 2020 Board Meeting, a State Budget update and impact on the District's finances using 3 LCFF COLA scenarios was presented to assess the impact on the District's revenue and cash flow for the 2020-21 and 2021-22 fiscal years. Under any of the 3 scenarios, the District's fiscal condition is worse and the cash challenges are projected to accelerate by a few months.</p> <p>11/30/2020 Update: Over the past two years, the District has identified and implemented more than \$50 million in on-going non-</p>

	3. cont.			<p>negotiable budget reductions. However, these reductions have not been sufficient to address the structural deficit. As of the 2020-2021 1st Interim financial report, the District is projecting a \$56 million budget deficit and must implement an on-going solution to achieve fiscal solvency and avoid a State Loan. At the December 10, 2020 Board Meeting the Board will consider a Fiscal Recovery Plan to address some of the deficit but this plan alone will not be sufficient to resolve the projected \$56M deficit.</p> <p>3/1/21 Update: On the February 4, 2021 Board meeting, the Board approved a reduction of approximately \$4.5M.</p> <p>5/1/21 Update: As of the 2020-2021 2nd Interim financial report, the District is projecting an unrestricted deficit spend of (\$11.2M) in 2021-22 and (\$26.4M) in 2022-23.</p> <p>12/16/21 Update: As of the 2021-22 First Interim financial report the District is projecting an unrestricted deficit of (\$16.5M) in 2022-23 and (\$23.2M) in 2023-24.</p>
4.	Are all balance sheet accounts in the general ledger reconciled, at a minimum, at each interim report?	In Progress	Although balance sheet accounts are reconciled multiple times each fiscal year, a reconciliation is not done at each interim.	<p>In 2019-20, staff will reconcile at each interim report period.</p> <p>5/8/2020 Update: This item remains outstanding and staff have been assigned some balance sheets to reconcile.</p> <p>5/1/21 Update: Staff are developing a plan to</p>

	4. cont.			reconcile remaining balance sheet items on an interim basis. 12/16/21 Update: Staff have been assigned to reconcile balance sheet items and a plan is in development to reconcile balance sheet items on an interim basis.
5.	Does the district have sufficient cash resources in its other funds to support its current and projected obligations?	In Progress	During FCMAT's fieldwork, the district was projected to be cash insolvent as early as October 2019 if budget reductions are not made. A more recent cash flow projection prepared by the district at the 2018-19 first interim shows the cash insolvency date as November 2019 without budget reductions.	The Third Interim and 2019-20 Proposed Budget Cash Flow reports were completed. Both reports showed an improved cash position due to the budget adjustments. The District projects a positive cash balance through October 2020. 3/10/2020 Update: The 2019-20 First Interim Report presented at the December 19, 2019 Board Meeting states that major cash challenges start in November 2021 unless further budget adjustments are made. 5/8/2020 Update: The 2019-20 Second Interim Report presented at the April 2, 2020 Board Meeting states that major cash challenges start in October 2021 unless further budget adjustments are made. 11/30/2020 Update: The 2020-21 Revised Adopted Budget presented at the October 1, 2020 Board Meeting projects that the District is able to satisfy the current year 2020-21 and 2021-2022 obligations but is projecting that it will not satisfy the 3rd year 2022-23

The 2020-21 First Interim Cash Flow Report projects major cash challenges beginning in May 2021 unless further budget adjustments are made.</p> <p>5/1/21 Update: Due to one-time savings as a result of the COVID-19 pandemic and approval for cash deferral exemptions from CDE, the 2020-21 Second Interim Cash Flow Report projects a positive cash balance for the 2020-21, 2021-22 and 2022-23 fiscal years.</p> <p>12/16/21 Update: The 2021-22 First Interim report projects a positive cash balance in 2021-22, 2022-23 and 2023-24 fiscal years.</p>
6.	Are all charters authorized by the district going concerns? (part 1)	In Progress	The district has transferred funds to some of its authorized charter schools when those schools were in financial need. In 2017-18, the district transferred a total of \$239,697.59 to charter schools, and it is projecting a transfer of \$300,000 in 2018-19.	<p>Update: SCOE Fiscal Expert currently conducting analysis on all charter schools. Due 6/30/2019.</p> <p>7/23/19 Update: During budget development, the fiscal consultant analyzed the five dependent charter schools who are governed by the SCUSD Board of trustees noting overspending in several of the schools. Contributions from the District's general fund are budgeted in both the budget year and continuing in the MYP. During the fiscal year,</p>

	6. cont.			<p>continued analysis and budget-balancing by staff will be needed to remove the general fund contribution to the charter school fund.</p> <p>3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to address the projected transfers from the District. 3 of the 4 schools have implemented the necessary adjustments to eliminate or reduce the need for a transfer. New Tech Charter School will require a transfer to support operations due to ongoing enrollment decline.</p> <p>5/8/2020 Update: The 2019-20 Second Interim Report was presented at the April 2, 2020 Board Meeting reported a decrease of \$218,466 in general fund transfers to the 3 charter schools.</p> <p>11/30/2020 Update: The Revised Adopted Budget for 2020-2021 projects that two dependent charters will require a contribution: 1. New Tech \$521K and 2. George Washington Carver \$315K. The District is assisting both schools to identify solutions to resolve the budget issues.</p> <p>3/1/21 Update: No projected changes at this time.</p> <p>5/1/21 Update: The 20-21 2nd Interim financial report projected a lower contribution</p>

However, charter schools are not intended to have budget deficits that make them dependent on a district financially. Under California Code of Regulations (CCR), Section 11967.5.1(c)(3)(A), a charter school must have a realistic financial and operational plan. Part of that includes having a balanced budget and financial plan. The district should take steps to ensure that approved charter schools do not require assistance from the district to stay solvent.</p>	<p>Revised Adopted Budget, four dependent charters schools were projected to need financial assistance from the District in future years. The District has since met with each school to address the fiscal issues and three of the four have revised their budgets or are working on a plan that will remedy their deficit. New Technology Charter (New Tech) remains a concern. Over the years, New Tech has experienced an ongoing enrollment decline which has reduced the revenue and although expenditures have been reduced, the deficit is projected to persist. The Cabinet will continue to work with New Tech. The remaining work to be finalized is the comprehensive review of the processes and documentation of the ten independent charter schools. This work is being completed by the SCOE Fiscal Advisor. 3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to address the projected transfers from the District. 3 of the 4 schools have implemented the necessary adjustments to eliminate or reduce the need for a transfer. 8.	Did the district conduct a pre settlement analysis and identify related costs or savings, if any (e.g., statutory benefits, and step and column salary increases), for the current and subsequent years, and did it identify ongoing revenue sources or expenditure reductions to support the agreement?	In Progress	<p>The district entered into a multiyear agreement with the Sacramento City Teachers Association (SCTA) on December 7, 2017. The agreement granted salary increases of 2.5% effective July 1, 2016, an additional 2.5% effective July 1, 2017, and an additional 6.0% (2.5% and an additional 3.5% to restructure the salary schedule) effective July 1, 2018. Based on multiyear financial projections prepared at the time of the collective bargaining disclosure, it appeared that the district would be able to meet its required reserve for economic uncertainties in fiscal years 2017-18 and 2018-19 but would need to make budget reductions of approximately \$15.6 million to meet the minimum reserve requirement for fiscal year 2019-20. At that time, the district estimated that its unrestricted ending fund balance would decrease from \$73 million on July 1, 2017 to negative \$4 million on June 30, 2018 if no budget reductions were made. 9.	Has the district settled the total cost of the bargaining agreements at or under the funded cost of living adjustment (COLA), and under gap funding if applicable?	Complete	The district entered into a multiyear agreement with the SCTA on December 7, 2017. The agreement granted salary increases of 2.5% effective July 1, 2016, an additional 2.5% effective July 1, 2017, and an additional 6.0% (i.e. 2.5% and additional 3.5% to restructure the salary schedule) effective July 1, 2018. The district and the SCTA disagree on the implementation date of the additional 3.5%, and the matter is being pursued in superior court. If the additional 3.5% is implemented on the date SCTA interprets as correct, it would result in a fiscal impact in 2018-19 of close to 7% for salary rescheduling rather than the 3.5% the district agreed to.	7/22/19: No new agreements at this time. 12.	Is the district avoiding deficit spending in the current fiscal year? Is the district projected to avoid deficit spending in the two subsequent fiscal years? If the district has deficit spending in the current or two subsequent fiscal years, has the board approved and implemented a plan to reduce and/or eliminate deficit spending? Has the district decreased deficit spending over the past two fiscal years?	In Progress	Based on the revised 2018-19 adopted budget, the district's deficit spending is projected to be \$ 35,950,457.05 in total unrestricted and restricted funds. The district's total deficit, including unrestricted and restricted funds, is projected to be \$52,563,654.00 in 2019-20 and \$49,923,727.28 in 2020-21. As part of the district's revised 2018-19 adopted budget, the board approved a plan to reduce deficit spending; however, the plan does not reduce or eliminate deficit spending to an amount sufficient to sustain solvency. Additional significant reductions are needed. The total plan brought to the board on October 4, 2018 was for \$11,483,500 in reductions to the unrestricted general fund. FCMAT's review of the past two fiscal years shows that the district did not start deficit spending until 2017-18; the deficit for that fiscal year was \$10,966,055.80. In 2016-17, the district had a surplus of \$5,747,472.67.	Update: District Recommended Plan will correct deficit spending. However, adjustments do require negotiated savings. As of the 2019-20 Revised Adopted Budget the District has implemented \$50.2M in ongoing budget adjustments and \$12.1M in one-time budget adjustments during the period of December 2018 through September 2019. Although these adjustments did not eliminate the deficit, the District's financial position was improved as follows: 2018-2019 actual deficit was \$171K in total unrestricted and restricted funds and the District's total deficit, including unrestricted and restricted funds, is projected to be \$18,706,878 in 2019-20, \$28,125,536 in 2020-21 and \$30,977,139 in 2021-22. In order to eliminate the deficit and maintain sufficient reserves to satisfy the 2% required for economic uncertainties, the District will need to adopt \$27M in ongoing solutions. The District will continue to research opportunities to mitigate the deficit but major adjustments will require a negotiated solution. This information can be found in the Revised Adopted Budget 2019-20 presented at the October 3, 2019 Board Meeting. 3/10/2020 Update: The 2019-20 First Interim Financial Report and FCMAT Update was presented at the December 19, 2019 Board

This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p> <p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District’s OPEB irrevocable trust fund in addition to the decreases noted above. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability.</p> <p>The Net OPEB Liability decreased by \$199 million from the prior report to \$526 million. The decrease is a result of the continued funding of the District’s OPEB irrevocable trust fund in addition to the decreases noted above. Due to increased contributions in FY 2021, the District funded 97.6% of its Actuarially Determined Contribution. The higher funding level allowed for a change in the actuarial methodology that contributed to a decrease in total OPEB liability from \$654M as of June 30, 2020 to \$415M as of June 30, 2021, or a 44% decrease. 21.	Is the district using its restricted dollars fully by expending allocations for restricted programs within the required time?	In Progress	The district has seen a 129% increase in its total restricted ending fund balance from 2014-15 to 2017-18. This increase indicates that the district is not fully expending its restricted funding allocations. In addition, staff stated that some federal funds have gone unspent and have been returned to the federal government.	<p>For the 2019-20 budget, most of the title type current year allocations for the year have been programmed for the upcoming year. This includes Title I and Title II. Some Title III funds still need to be programmed and team members are working on this matter. Title IV first year allocations have been programmed. Title IV second year has not been allocated at this time. While Title I funds have been allocated, the multi-year conservatively assumes \$1.5 million in Title I funds will not be spent by June 30 and utilized in 2020-21. Medi-Cal has a \$1.4 million carryover that needs to be programmed. SIG carryover of \$4 million will be spent over 2019-20 and 2020-21. In Progress	The district does not regularly update authorization controls, and discrepancies based on changes in positions are often found many months later. 39.	If the district is using a separate financial system from its county office of education and is not fiscally independent, is there an automated interface with the financial system used by the county office of education?	Complete	There is no automated interface between the two systems. When the district processes payroll and accounts payable warrants, information related to these transactions is uploaded to the county via a file transfer protocol (FTP). This process is started manually once payroll and accounts payable warrant processing is complete. No other electronic interface exists between the two systems.	SCOE is currently working in Escape for District oversight and data entry.
40.	If the district is using a separate financial system from its county office of education, has the district provided the county office with direct access so the county office can provide oversight, review and assistance?	Complete	The county office of education has not been able to access the district's Escape system online, but conversations continue between the two agencies about how this will be accomplished. The software needed to access the Escape system has been installed on some systems at the county office, but there has been no training. The county office has had to create a second set of books for the district in its QCC system so it can attempt to monitor financial transactions and balances at the major object level. This requires much manual entry by county office staff since the district sends the county office only limited data related to warrant processing.	SCOE now has access to and training in Escape and is working in the system. SCOE and District staff are developing the process of reconciling in Escape.

41.	Does the district account for all positions and costs?	Complete	<p>The district must improve its position control process. The district currently uses the same position control number for multiple positions, and for full-time equivalent (FTE) positions that have the same title, instead of creating a unique position control number for each board-approved position or FTE. The district's current practice leads to lack of clarity about which positions are being filled and about the site to which each belongs, because the same position number can exist at multiple sites if the same title is assigned. The district needs to use a unique identifier, or position control number, for each board-authorized position.</p> <p>Another area to improve on in the position control process involves the ramifications of the one-stop process, because confusion often arises when employees are transferred between sites and departments without a paperwork trail since the information was input directly into the system and the typical forms are not used during one-stop meetings. The next Escape tool to be implemented is budgeting for vacancies. Does the district use a budget development method other than a rollover budget, and if so, does that method include tasks such as review of prior year estimated actuals by major object code and removal of one-time revenues and expenses? (part 1)	Complete /Ongoing	Although the district uses a one-stop method for budget development rather than a rollover budget, it appears that the primary driving force behind this method is to develop a list of employees who will receive a preliminary layoff notice on March 15 rather than to truly develop a reliable budget. The budget development process needs to be further refined so that all revenues and expenditures are reviewed and adjusted, not only those budgets with larger staffing allocations. A comprehensive budget development process is needed for the entire budget to ensure all revenues and expenditures are understood and used according to the district's goals and objectives.	Monthly reviews are conducted of the District's Revenues and Expenditures. 3/23/2020 Update: The District will be utilizing budget models in Escape for budget development. All information is input into the financial system during the meeting, and because appropriate approval authorities are physically in the conference room, approvals are obtained and actual staffing is determined for the next fiscal year. This is a more expedited process than the typical routing of position change forms between departments to obtain various approvals, and it ensures that staffing decisions, and thus layoff notices for the next school year, are determined by the March 15 deadline.</p> <p>The above process is efficient for meeting the March 15 deadline. Does the district develop and use written budget assumptions and projections that are reasonable, are aligned with the Common Message or county office of education instructions, and have been clearly articulated?	Complete	Guidance provided in the May Revision Common Message stated that districts were “not to balance their budgets based on one-time revenues.” The narrative included with the district’s 2018-19 budget presented to its governing board on June 21, 2018 states that the district is using “\$13.2 million of one-time funds to meet the increase of labor contract negotiations.” The district cited and used appropriate assumptions related to percentages and amounts per unit of average daily attendance (ADA); however, the district did not follow the guidance included in the Common Message, the governor’s statement about one-time funds, or other industry-standard guidance, which expressly state not to budget one-time funding for ongoing costs. That one-time funding was an estimated \$344 per ADA at that time. Complete	The district's restricted general fund ending fund balance increased from \$4,456,029 in 2014-15 to \$10,224,117 in 2017-18. As part of the approval of the annual budget, the Board shall consider any proposed use of One-Time funding and shall take separate action to approve such uses.</p> <p>5/8/2020 Update: The proposed policy BP 3100 was scheduled for further Board review and discussion in March or April 2020 Board meetings but this was delayed due to the impact of the COVID-19 pandemic on District operations. 	52. cont.			11/30/2020 Update: BP 3100 was presented at the June 18, 2020 and June 25, 2020 Board Meeting as a Second Reading. Revised drafts will be presented at a future Board Meeting not later than January 2021. 3/1/21: Revised BP 3100 adopted at 3/4/21 Board Meeting.
53.	Does the district consistently account for all program costs, including allowable indirect costs, for each restricted resource?	Complete	The district does not charge allowable indirect costs to special education, and as a result there is underreporting of the total cost of the program. If the indirect cost rate of 4.21% for 2018-19 were applied to the district's 2018-19 annual special education expenditures of \$107,398,026, the resulting allowable indirect cost would be \$4,521,457. The district's total actual indirect charge for special education has been approximately \$100,000 per year. The industry-standard practice is to consistently account for indirect costs in all restricted resources, including special education. The district is not correctly identifying the true cost of its special education programs.	The 2019/20 Proposed Budget includes charging indirect to all appropriate grants.
54.	Is training on the budget and governance provided to board members at least every two years?	Complete	There was no evidence that budget or governance training is provided to board members regularly.	The Superintendent has been conducting Board Learning Sessions. Board governance trainings has been an ongoing and regular practice for the Board of Education for the past two years. Budget trainings have not

	<i>54. cont.</i>			previously been provided outside of the regular meeting setting over the past couple of years, but will begin with the 2019-20 academic year.
55.	Does the district use its most current multiyear projection when making financial decisions?	Complete	It appears that the district used multiyear projections when making financial decisions until the 2017-18 fiscal year, but that this practice ceased in that year, during which it also entered into a multiyear agreement with the SCTA (December 7, 2017) that granted ongoing salary increases without a budget reduction plan to maintain minimum reserves through 2020-21.	Current budget philosophy is to understand fourth year budget implications of financial decisions.
56.	Are the sources of repayment for non-voter-approved debt stable {such as certificates of participation (COPs), bridge financing, bond anticipation notes (BANS), revenue anticipation notes (RANS) and others}, predictable, and other than unrestricted general fund?	Complete	The district has \$67,920,000 in outstanding lease revenue bonds. The annual debt service payment is approximately \$5,400,000 and continues through fiscal year 2025-26. The annual debt service payments are made from a combination of unrestricted general fund revenue and developer fees.	Debt payment transferred outside of the General Fund to Mello Roos tax collections.
57.	Does the district analyze and adjust staffing based on staffing ratios and enrollment?	Complete	The district did not provide evidence that regular analysis of staffing ratios is compared with actual enrollment or that adjustments are made in accordance with sites' or departments' needs after the one-stop budget and staffing process occurs in January or	Yes. Allocations to staffing are based on contract class size ratios and adopted Cohort Survival Method for enrollment projections.

58.	Does the district reconcile budget, payroll and position control regularly, meaning at least at budget adoption and interim reporting periods?	Complete	<p>It is best practice to have a position control system that is integrated with, or at least reconciled with, budget, payroll and human resources records. The district does not reconcile these records regularly to ensure that its budget represents the amount the district should set aside for such costs. In interviews, employees indicated that the number of open positions shown in financial reports is usually inflated.</p> <p>At interim reporting times, the district identifies variances between budgeted and actual amounts, and salary and benefit budgets are often revised based on that</p>	Position Control true-up conducted with the support of SCOE fiscal experts. By contrast, standard industry practice is to reconcile actual human resources and payroll records to ensure that only open, authorized positions are shown as such in the budget; if an open position exists that should be closed, the appropriate paperwork is completed to do so, and the budget is updated.	
59.	Does the governing board approve all new positions before positions are posted?	Complete	The governing board approves new positions after employees have been hired rather than when the position is vacant or posted.	New process established: Cabinet Member to bring forth new positions to the Cabinet meeting for review and discussion. If allowed, the new position moves forward to Deputy and Superintendent for approval. Approved position is then submitted to the Budget department for assignment of position control identifying number. Budget then sends completed position requisition to H.R. for posting (Business Process Map was created for this new process and is currently being revised).
60.	Do managers and staff responsible for the district's human resources, payroll and budget functions meet regularly to discuss issues and improve processes?	Complete	Staff indicated that those responsible for human resources, payroll and budget meet two times per year. Scheduled meetings should be conducted at least monthly to resolve ongoing issues and problems, as well as improve processes, between the departments.	H.R. and Business Services now meet bi-monthly.

2021-22 First Interim Financial Report

December 16, 2021

The District's projections indicate that the deficit has not been eliminated and continues through the multi-year projections and although cash flow projections indicate cash balance ends with a positive balance, it continues to deteriorate along with the structural deficit. These fiscal issues must be resolved in order for the District to achieve a balanced budget and fiscal solvency.

Risks:

Uncertainty regarding on-going State funding for K12 Districts, additional unfunded COVID-19 related expenses such as health benefits, unemployment insurance and a significant decline in enrollment.

Opportunities:

Improved State Budget and funding for K12 Districts, increased enrollment and a Fiscal Recovery Plan sufficient to restore the District's fiscal stability.

Continuation of County Oversight

County superintendents are required by statute to continually monitor districts for fiscal distress. If the district has a negative certification, a disapproved budget, or the county superintendent determines that the district may be unable to meet its financial obligations, the county superintendent can:

- Stay or rescind any action that is determined to be inconsistent with the ability of the district to meet its obligations for the current or subsequent fiscal year, and
- Assist in developing a budget for the subsequent fiscal year.

The District's budget has been disapproved for three years (2018-2019, 2019-2020 and 2020-2021) by the Sacramento County Office of Education.

The Sacramento County superintendent continues to work with the district until the budget for the subsequent year is approved and may stay or rescind any actions up to that point. The county superintendent can only approve the budget if it is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments and resolves problems identified in the evaluations and audits, which determined that the school district is in fiscal distress.

SCOE approved SCUSD's 2021-22 with the condition that the Board approve a fiscal recovery plan by December 15, 2021 to address the ongoing structural deficit. As a result, SCOE must continue its current level of oversight and support of the district through the end of this fiscal year and into the next until the district determines all its potential expenditures going forward and adopts a budget that eliminates its structural deficit and allows it to meet its multiyear financial commitments.

4. Comments:

The District has established a self insurance fund to account for employee vision, dental and worker compensation benefits. The plans are self insured through a pool and contract with a third party administrator for benefits processing. The District belongs to a Joint Powers Authority that helps manage the workers compensation claims to maintain lower costs.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

- A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

- A2. Is the system of personnel position control independent from the payroll system?

- A3. Is enrollment decreasing in both the prior and current fiscal years?

GENERAL FUND

General Fund Definition

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. The General Fund also contains categorical programs such as Every Student Succeeds Act (ESSA), Title I, After School Education and Safety (ASES), and others.

PROPRIETARY FUNDS

Proprietary Funds Definition

Proprietary Funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the LEA, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting. This classification includes the Self-Insurance fund, which includes the Dental/Vision fund.
