

Learning Continuity and Attendance Plan Adoption

Board Meeting
September 17, 2020
Agenda Item No. 9.2

Presented by:
Vincent Harris, Chief
Continuous Improvement and Accountability Officer
Steven Fong, LCAP/SPSA Coordinator

- Recap context and purpose of Learning Continuity and Attendance Plan
- Review required components of plan
- Summarize revisions to plan made following the 9.3.20 public hearing
- Outline next steps for 2020-21 accountability
- Recommend adoption

Sac City Unified will disrupt the current status quo of systemic inequity to meet the academic, social and emotional needs of all our students, especially our most vulnerable students. Such disruption must result in higher learning standards and accountability. Our Return Together Plan will abide by all county public health orders to safely serve as many students as possible through in-person instruction. Because we recognize the evolving nature of this pandemic, all of our learning models will meet the needs of all students and mitigate learning loss, assuring that all students are given an equal opportunity to graduate with the greatest number of postsecondary choices from the widest array of options.

The Learning Continuity and Attendance Plan was established by Senate Bill 98, signed into law on June 29, 2020, to memorialize the ongoing planning process for the 20-21 school year including descriptions of how the district is:

- Addressing gaps in learning
- Conducting meaningful stakeholder engagement
- Maintaining transparency
- Addressing the needs of unduplicated pupils, students with unique needs, and students experiencing homelessness
- Providing access to necessary devices and connectivity
- Providing resources and supports to address student and staff mental health and social emotional well-being
- Continuing to provide school meals for students

The actions described in the Learning Continuity and Attendance Plan represent the district's planned implementation for the 2020-21 school year. The plan contents include some elements that have been discussed in negotiations and are now proceeding through impasse and fact finding with SCTA:

- Amount of daily, live instruction vs. independent learning
- Access to recorded lessons
- Alignment of instruction to identified essential standards
- Documentation of services provided to students with disabilities
- Implementation of the district's common assessments

CDE has emphasized that, while the LCA Plan and LCAP are expected to follow very similar processes, the timelines and contents of the plans are distinct. Following is an excerpt of the comparison provided by CDE:
