Board Comments:

President Pritchett asked how many students have not been vaccinated that do not have an exemption. Chief Communications Officer Bob Lyons answered that the dashboard figures represent those aged 12 and older. Out of 39,374 eligible students, 25,126 have not reported for aged five and older. President Pritchett asked how many times a week students and staff are getting tested. Director of Student Support and Health Services Victoria Flores answered that testing is offered every day during school hours in the care room. President Pritchett asked how the District is addressing those that come for testing before school hours. Ms. Flores said that the testing hours will be adjusted to begin at 4:00 p.m. President Pritchett asked about the accuracy of the dashboard. Ms. Flores said the dashboard is updated twice per week, each Tuesday and Friday.

Member Murawski said she understands that all are anxious and on-edge right now, and she appreciates all that took the time to give public comment. She sees challenges in enforcement of the date for vaccinations in January. She foresees thousands of students barred from school without an alternative for their education and said that is not an acceptable outcome; therefore, she supports a pause in the

deadline date. She feels the percentage of compliance of those not submitting vaccination information is much lower than it should be, and she asked what could be done to improve this. Ms. Flores explained the challenges and replied that the outreach is continuing.

Member Phillips asked what the pause in mandate deadline would mean. Ms. Flores said that the District will move ahead with vaccination efforts, but also keep in mind all the competing demands at the school sites. Community Engagement Manager Nicole Kangas spoke about outreach efforts.

Superintendent Aguilar noted that the rate of exemption is extremely low and said advocacy will continue for increasing vaccination rates. Students not qualifying for exemption nor vaccinated by the mandate deadline would move into independent study, which is a very large number of approximately 7,000 to 8,000 students at this time.

Member Phillips asked if there has been any discussion of hazard pay or if COVID-19 funds could be used for the additional independent study students. Chief Business Officer Rose Ramos said that yes, COVID-19 funds can be used. Member Phillips noted a divide in the location of the number of cases in the District, and she feels this is not being addressed well regarding outreach. She clarified that the District would not be in a position to serve the influx of students into independent study if the mandate deadline was kept. Superintendent Aguilar said that is correct based on current numbers.

Second Vice President Rhodes asked if pausing the mandate deadline means that the District is extending the date so that parents and staff have more time to turn in their vaccination information or exemption request. The Board concurred that that is correct. He said he appreciates the public comments. He asked if there is COVID-19 leave for staff using one-time funds, and he requested that this subject be brought to the Board at a future regular board meeting. He also asked Ms. Flores how having the District become a provider better help the system repond to COVID-19, and possibly to future surges. Ms. Flores responded that having the capability to provide all the school immunizations along with the COVID-19 vaccination adds another provider to the county. This allows the District to continue and sustain the District's own efforts for the schools and community. It gives the District another resource that is in District control.

Vice President Garcia thanked everyone that called in to give public comment. She said her view would be to have an extension of the required date and not a pause. She said it is important to clarify that staff will focus on working with families to register to test. She added that the system cannot currently support the high percentage that have not vaccinated or submitted a form of exemption. She asked what requirements would go along with remote learning and asked to have discussion on reasons why the District is committed to having schools open. Superintendent Aguilar responded that legislation allowing distance learning lapsed on June 30th. In its stead, AB 130 gave students the opportunity to participate in independent study if they did not attend school in person. An additional challenge stems from the fact that the District has not reached an agreement related to continuity of learning with the labor partner. He added that additional information has been released by CDE related to steps that would need to be taken under Education Code. These steps require the District to consult with the county office and CDE if any possible closure due to staffing challenges were to arise. Vice President Garcia spoke about the importance of being proactive.

Student Member Zhang reminded that, at the beginning of the school year, she asked if there was a back-up plan for, in case COVID-19 gets too bad, students would return to distance learning. She had asked if there was a threshold to determine when schools would close down, and the answer was that there was no plan. She noted that now, after winter break, at least 40 percent of the class is out, either due to COVID-19 or the fear of the Omicron variant. She also noted that students staying home currently are not able to receive any instruction during their quarantine period and that, due to a lack of substitutes, hundreds of students are being placed in the auditorium, which is a breeding ground for COVID-19. Some students have two to three classes without a teacher. She asked if there should at least be a distance learning option for families to consider. She feels there is a need for this option as well due to the varied situations and learning styles of individual students. She asked if there is a plan to go back to distance learning.

Superintendent Aguilar answered that the District is trying to get to a place where it can move into that learning mode given the current state legislation limitations. They are currently trying to resolve limitations in the case where a class or school would need to be closed.

Member Phillips requested hazard pay for staff be looked into.

8.2 *Trustee Area Redistricting – Full Demographic Presentation with Map Options (Ken Reynolds)*

Information

Ken Reynolds of SchoolWorks, Inc. presented trustee boundary maps that complied with the requirement to balance the population between the trustee areas. The location of schools in the District were also added, as was a small revision requested to plan A, which was shown as plan A2.

Public Comment:

*Rich Vasquez
Samantha Alvarez
Ariana Marmolejo*

Board Comments:

Vice President Garcia said she appreciates the additional maps and for clearly labeling the schools. She feels they need to be posted online. Again, she noted that she feels all District trustee areas need to have Title I schools.

Member Murawski said she supports having each area be representative.

8.3 *Local Control and Accountability Plan (LCAP) Quarterly Update (Steven Ramirez-Fong)*

Information

LCAP/SPSA Coordinator Steven Ramirez-Fong presented along with Counseling Services Director Christina Espinosa. They covered the purpose of the quarterly update, status of the California School Dashboard and Dataquest data releases, differentiated assistance status and required goal development, a summary of plans to engage with educational partners, and a look ahead to an annual update and one-time supplement to be presented in February.

Public Comment:

*Rich Vasquez
Terrence Gladney*

Board Comments:

Vice President Garcia asked how demand is kept up with regarding credit recovery. Ms. Espinosa answered that seats are recycled consistently. Vice President Garcia asked for more information on what the District is doing for dual enrollment space. She noted that the goal is to allow students to take up to 15 community college units per semester. Ms.

Espinosa said that an MOU is in the process of being finalized regarding dual enrollment. She explained what the MOU describes. Students will currently be able to take courses over the summer, and this would be after the regular summer school courses.

Member Murawski spoke about the challenges related to student achievement and the additional challenge brought about due to COVID-19. Therefore, she appreciates the focus on the data and pro-active intervention. She asked when the LCAP will come back to the Board. Mr. Ramirez-Fong answered that the annual update will be part of the February 17th Board meeting, and he gave more information on planned updates over the year.

Member Murawski made a motion to extend the meeting to 11:30 p.m. Vice President Garcia seconded, and the motion passed.

Second Vice President Rhodes thank Ms. Espinosa for the break down and said he is excited about the work being done regarding dual enrollment. He proposed that the District provide acceptance letters from Los Rios Community College to graduating high school students that would include contact information to a counselor. He also proposed having a pilot test program in Trustee Area 5 to see who actually goes to college.

**8.4 Resolution No. 3242: 1300 Strong Resolution
(Christina Espinosa)**

Action

The Director of College and Career Readiness and Master Scheduling Christina Espinosa presented and read the resolution.

*Public Comment:

- 10.3 *Superintendent's Report (Jorge A. Aguilar)*

Information

Superintendent Aguilar spoke about the staffing shortage and

the things that are being done to help such as increasing the number of days that substitutes can work in the same class. He also thanked the state of California for providing N-95 masks. Orders have been placed for N-94 masks which seem to be more comfortable for children. He said the District will be committed to a very rigorous testing structure to help mitigate the spread of COVID-19. He noted that there have been long lines for testing and asked those who come for testing be affiliated with the District in some way.

10.4 *President's Report (Christina Pritchett) – No report given*

Information

10.5 *Student Member Report (Jacqueline Zhang) – No report given*

Information

10.6 *Information Sharing By Board Members*

Information

Vice President Garcia thanked Member Murawski and Member Phillips for signing onto a letter addressed to the County Board of Supervisors in support of amending a county ordinance to ban the sale of all flavored tobacco products. She could not reach out to all Board members due to the Brown Act but said final action will be taken January 25th. Member Woo asked Vice President Garcia for a copy of the letter so that he can send to the Board of Supervisors as well.

Member Phillip said that she learned tonight that parents, teachers, classified staff, and students (including the Student Board Member) have said that the Board needs to step up in making adjustments to the best case scenarios. As elected officials, they are placed in their positions to listen, hear, process, and speak to the needs and concerns of constituents. She mentioned safety and learning and said it is imperative that there be a COVID-19 and safety agenda item at every Board meeting.

Second Vice President Rhodes shared that there is a recurring monthly fair at Success Academy at 2221 Matson Drive every third Saturday from 9:00 a.m. to 1:00 p.m. There will be no cost vaccinations and testing.
