Census Staff Pass-Through Queries

Staff Members with Individual Tool Rights | Students Marked as No Shows | People with a Staff Number but no District Assignment Record | Staff Members with Disabled User Accounts | Staff Members who have not Logged In | Staff Members with User Accounts Set to All Tools | Teachers with no Lesson Plans for the Current School Year | Teachers with Lesson Plans for at least one Section in the Current School Year | Teachers with at Least One Section in the Current School Year but No Lesson Plans | Teachers who have used the Save Draft on Behavior Referrals

The following queries are related to census and/or staff information and require that the Census/Staff radio button be selected from the main Filter Designer page.

Staff Members with Individual Tool Rights

This query returns staff member staff members who have individual tool rights assigned instead of group tool rights, as recommended.

Box A

```
INNER JOIN UserAccount ua ON ua.personID = individual.personID INNER JOIN
UserToolRights utr ON utr.userID = ua.userID
```

Box B

```
No text necessary
```

Students Marked as No Shows

This query returns students who have been flagged as "no-show" students (those who have enrollment records but have never actually attended school). The user will need the calendarID of the desired school calendar (this example uses a value of 80).

> This query cannot be performed in Student mode. No Show students are excluded from the student view, so this query must search within all people.

Box A

```
INNER JOIN Enrollment e ON e.personID = individual.personID
```

Box B

```
AND e.noshow = 1 AND e.calendarID = 80
```

People with a Staff Number but no District Assignment Record

This query returns staff members who are not linked to a district assignment.

Box A

```
LEFT OUTER JOIN EmploymentAssignment e ON e.personID = individual.personID
```

Box B

```
AND individual.staffNumber IS NOT NULL AND e.personID IS NULL
```

Staff Members with Disabled User Accounts

This query returns staff members who have disabled user accounts.

Box A

```
INNER JOIN UserAccount ua ON ua.personID = individual.personID
```

Box B

```
AND individual.staffNumber IS NOT NULL AND ua.homepage IS NULL AND ua.disable
= 1
```

Staff Members who have not Logged In

This query returns staff members who have not logged into their accounts between the specified date range.

Box A

```
INNER JOIN UserAccount ua ON ua.personID = individual.personID
LEFT OUTER JOIN SecurityAccess sa ON sa.userID = ua.userID
AND sa.[timestamp] BETWEEN 'MM/DD/YYYY' AND 'MM/DD/YYYY'
```

Box B
