

## **BP 6163.4 Instruction**

### **Student Use of Technology**

The Governing Board recognizes that information technology tools and content support and advance the district's educational mission. Every effort shall be made to provide equal access to technology throughout the district's schools and classes, and wherever students are expected or required to access technology resources to complete coursework or participate in instructional activities.

### **Technology Resources**

Technology resources provided by the district are intended to be used to support the instructional program and further student learning. The Superintendent or designee shall establish and administer regulations governing student access to technology that defines proper use, and ensures compliance with legislative and district requirements for privacy, security and safety. Students have no expectation of privacy; district staff may monitor or examine all system activities and content to ensure compliance with district policy. Students who fail to abide by district rules shall be subject to disciplinary action, revocation of the user account and/or legal action as appropriate.

Parents/guardians who do not wish their children to access specific technology resources must submit a request in writing to the administrator of any school their children attend.
