NOTICE TO PROCEED (REVISED 6/15/22)

June 15, 2022

Rafael Lapizco Sr., President
PAC Shield Roof Services, Inc.
5151 Pentecost Dr. Ste. A-1
Modesto, Ca. 95356

Re: JFK Reroofing and Painting Project

Dear Mr. Lapizco,

On behalf of the Sacramento City Unified School District, we are pleased to give you Notice to Proceed for **Bid Package #0525-442-1; Project #0525-442-1; John F. Kennedy Reroofing and Painting**. Your construction contract date is **May 5, 2022**. (District Board Approval Date).

Your mobilization date will be **June 20, 2022**. The completion milestones for the project remain unchanged from those indicated on the Milestone Construction Schedule as documented in Scheduling of Work, Section 01 32 13 of the Project Manual and Addendum No. 1 dated April 11, 2022.

The date of this notice starts the formal time period during which your firm must submit DAS 140 forms to the appropriate Apprenticeship Committee for each craft to be employed on this Project. Pursuant to Title 8, Section 230 of the California Code of Regulations, the Contract Award Information (DAS 140) shall be provided within 10 days of the date of the executed contract or the Notice to Proceed, whichever is earlier, but in no event later than the first day in which workers will be employed upon the public works jobsite. Even if you have not yet entered into subcontracts for all crafts, you must submit a DAS 140 for those crafts that will be employed on this Project. When you have entered into these subcontracts, each new subcontractor must submit new DAS 140's within 10 days of contract date, and before any work on that craft starts on the Project.

The General Contractor must notify the District of all subcontractors present on the jobsite regardless of contract amount. It is the General Contractor's responsibility to notify the District when one of their subcontractors subs out a portion of the work. A copy of the executed contract will follow once it has been returned from the District.

Sincerely,

Chris Ralston
Director III, Facilities Management and Operations
