

Sacramento City Unified School District  
**Board of Education Meeting**

**March 4, 2021 Public Comments**

Name:	Ursula Yisrael
Comment:	Why is a gang suppression grant more important to a school district than providing the highest quality of education? Funding should only be spent to provide resources and services that remove scholars, especially Black Scholars from being the lowest performing academic group. A grant like this doesn't reimagine school safety, it only puts our scholars in danger and at risk of being murdered, and those insured from this grant would basically receive qualified immunity. Police were removed from SCUSD, so this grant doesn't align with the will of the PEOPLE. Do not approve these monies, more information needs to be provided to parents and scholars.
