Approve Resolution No. 2877: Renewal of the Charter for California Montessori Project – Capitol Campus  
March 17, 2016

### I. OVERVIEW / HISTORY

#### *Action Proposed:*

District Staff recommends approval of the renewal of the charter for California Montessori Project – Capitol Campus (CMP) for five (5) years, beginning July 1, 2016 until June 30, 2021, to serve 367 students in grades K-8 through the 2020-2021 school year.

#### *History:*

California Montessori Project – Capitol Campus is a public, independent charter school located at 2635 Chestnut Hill Drive, Sacramento, CA 95826. Sacramento City Unified School District (SCUSD) granted a renewal of CMP's charter petition with an expiration date of June 30, 2016. The Charter School is currently in its tenth year of operation with SCUSD (15 years overall) and serves 329 students in grades K-8.

Sacramento City Unified School District received a charter renewal petition from CMP on January 19, 2016, with a mutually agreed upon 30 day extension of the renewal petition timeline requirements. A Public Hearing was held to consider the level of support for the renewal of the charter for CMP on February 18, 2016.

After reviewing the renewal petition, District Staff provided CMP with numerous areas that needed updates and/or clarification. In response to the District Staff findings and recommendations, CMP submitted a revised petition addressing District Staff's concerns.

### II. DRIVING GOVERNANCE

As defined by Education Code Section §47607, a charter school shall meet one of the following criteria before receiving a charter renewal:

- 1) Attained its Academic Performance Index (API) growth target in the prior year or in two of the last three years, or in the aggregate for the prior three years;
- 2) Ranked in deciles 4 to 10, inclusive, on the API in the prior year or in two of the last three years;
- 3) Ranked in deciles 4 to 10, inclusive, on the API for a demographically comparable school in the prior year or in two of the last three years; or

- 4) The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend.

Due to the suspension of the majority of the California Standards Tests in 2013-14, CMP does not have a 2015 Growth API. Schools that do not have a current year API calculation will use either the more recent API score, an average of the three most recent API scores, or an alternate measure that shows an increase in academic achievement (Assembly Bill 484; See Education Code sections 52052(e)(2)(F) and 52052(e)(4)). CMP meets all three of the API criteria as defined by AB484. Additionally, CMP had 51%, 33%, 64%, and 82% of their overall students achieve at proficient/advance levels for the 2014-15 CAASPP ELA, Math, Science – 5<sup>th</sup>, and Science – 8<sup>th</sup> assessments respectively. When compared to the overall student population of students in the State and SCUSD, the overall CMP population attained higher levels of achievement in ELA, higher or the same in Math, higher in Science – 5<sup>th</sup>, and higher in Science – 8<sup>th</sup>.

The Board of Education may deny a Renewal Petition if the charter school fails to meet the minimum standard for renewal, or if the Board of Education finds that:

- 1) The charter school presents an unsound educational program for students during the term of its renewal charter;
- 2) The charter school is demonstrably unlikely to successfully implement the program set forth in the renewal petition;
- 3) The renewal petition does not contain the necessary affirmations; or
- 4) Where changes to the charter school's operations are proposed, the Renewal Petition does not contain reasonably comprehensive descriptions of the 16 required elements set forth in the Charter Schools Act.

If the Board of Education denies the renewal, the Board must adopt written findings of facts based on any of the above mentioned finds. In addition, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).
