Recent state legislation (AB2316) made significant changes to K-12 lease-leaseback statutes, Education Code §17400 et seq. AB2316 requires a competitive process in selecting the lease-leaseback contractor, and in some cases, authorizes pre-construction services by the same lease-leaseback contractor.

Per AB2316, staff solicited “Request for Proposals” by advertising and sending notices directly to contractors. Proposals received were evaluated and ranked based on scoring criteria used to determine “best value”.

Upon termination of this Agreement as provided herein, Consultant shall promptly provide and deliver to District all files, notes, writings, documents, and other materials in Consultant's possession or under Consultant's control related to the services Consultant has performed on behalf of the District regarding the Project.

12. RELATIONSHIP BETWEEN THE PARTIES:

The Parties agree and intend that the relationship between them, created by this Agreement, is that of independent contractor. Consultant is not an employee of District, or of Architect, and is not entitled to the benefits provided by the District to its employees including, but not limited to, group insurance and pensions plans.

In providing the services contemplated by this Agreement, the Consultant shall, on behalf of the District, maintain a professional working relationship with the District, Contractor, and the Architect. The Consultant shall furnish all services in accordance with the standards of the industry for similar public works projects in the State of California and in accordance with all applicable Federal, State and local laws. Nothing contained in this Agreement shall be deemed to create any contractual relationship between the Consultant and the Architect or the Contractor or subcontractors or material suppliers for the Project, nor shall anything contained in this Agreement be deemed to give any third party any claim or right of action against the District, the Architect or the Consultant. Consultant will be liable and solely responsible for paying all required taxes and workers' compensation and other obligations, including, but not limited to, federal and state income taxes and social security taxes. Consultant agrees to indemnify, defend and hold the District harmless from any liability which Consultant may incur to the Federal or State governments as a consequence of this Agreement. All payments to the Consultant shall be reported to the Internal Revenue Service.

13. INDEMNIFICATION:

Consultant shall defend, indemnify and hold the District, its board members, officers, agents and employees harmless from any and all claims, costs and liability for any damages, sickness, death, or injury to person(s) or property, including without limitation all consequential damages and attorney's fees and costs, from any cause whatsoever arising directly or indirectly from or connected with the operations or services of Consultant or its agents, employees or subcontractors under this Agreement. Consultant shall reimburse the District for any expenditure the District may make by reason of the matters that are the subject of this indemnification, and if requested by the District, will defend any claims or litigation to which this indemnification provision applies, at the sole cost and expense of Consultant. It is understood and agreed that such indemnification will survive the termination of this Agreement.

14. INSURANCE:

Prior to commencement of and during all times that Consultant is providing services pursuant to this Agreement, Consultant shall, at its sole expense, maintain in full force and effect:

1. Commercial general liability insurance coverage for bodily injury, property damage, and personal injury, with policy limits of not less than \$1,000,000 per occurrence and a general aggregate limit of not less than \$2,000,000. Consultant will also provide a written endorsement to such policy naming District and its officers, employees, and agents as an additional insured, and such endorsement shall also state, "Such insurance as is afforded by this policy shall be primary, and any insurance carried by District shall be excess and noncontributory." If such insurance is not kept in force as required herein, District may procure the necessary insurance and pay the premium therefore, and the premium shall be paid by the Consultant to the District, or District may deduct the premium from any monies owing to Consultant under this Agreement.
2. Automobile insurance covering claims for damages because of bodily injury or death of any person, or property damage arising out of the ownership, maintenance and/or use of any motor vehicle, with a combined single limit of not less than \$1,000,000 per accident.
3. Errors and omissions insurance covering the services furnished by Consultant pursuant to this Agreement, providing for coverage on per occurrence basis for a

minimum of One Million Dollars (\$1,000,000.00). The insurance policy shall not contain a provision providing for any deductible greater than Fifty Thousand Dollars (\$50,000.00). If Construction Manager's errors and omissions insurance is in a claims made form, said insurance shall be carried and continued by Consultant for a period of three (3) years following the date the Notice of Completion is recorded for the Project.

4. Insurance covering claims under worker's compensation, disability benefits and other similar employee benefit acts that are applicable to the work being performed under this Agreement.

Consultant shall provide written evidence of the above insurance coverage in the form of a certificate of insurance to the District prior to commencement of any work under this Agreement. At the District's request, Consultant shall provide a certified copy of each insurance policy.

Insurance industry's standard Accord Certificate of Insurance or binder forms shall bear an endorsement precluding the cancellation or reduction of coverage of any policy covered by such Certificate or binder before the expiration of thirty (30) days after the District shall have received notification of such cancellation, suspension, reduction, or voided coverage.

16. FINGERPRINTING REQUIREMENTS:

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering to determine that they have not been convicted of a serious or violent felony. If the District determines that more than limited contact with students will occur during the performance of these services by Contractor, Contractor will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to District.

District has determined that Contractor's (Consultant) services **will result in limited contact** with pupils. Contractor is required to comply with the conditions listed in Exhibit A, Contractor's certification of compliance with District fingerprinting and security requirements. If Contractor is unwilling to comply, Contractor's employees may not enter any school site until Contractor provides certification of fingerprinting clearance by the DOJ for employees providing services. These requirements apply to self-employed contractors.

19. CALLBACKS:

It is understood and agreed that Consultant shall not be responsible for callbacks or other concerns related to implied or expressed workmanship or product liability more than 60 days after Project acceptance by District except as otherwise set forth herein. Notwithstanding anything contained herein to the contrary, Consultant shall be fully responsible for performance of the terms and conditions of this Agreement.

20. RIGHT OF EMPLOYER TO SUPERVISE AND INSPECT:

Consultant, as an independent contractor, shall have the authority to control and direct the performance of the work done under this Agreement. However, the work shall be subject to the District's general right of inspection and supervision including the right of inspection and supervision through District's Project manager and independent inspector to secure the satisfactory completion thereof in accordance with project plans and specifications.

21. LIMITATION ON DELEGATION OF PERSONAL SERVICES BY CONSULTANT:

The work and services provided herein shall be performed by those principals, officers and employees of Consultant mutually agreed to by District in writing.

22. CONFLICT OF INTEREST:

The Consultant shall abide by and be subject to all applicable District policies, regulations, statutes or other laws regarding conflict of interest.

Consultant shall not hire any officer or employee of the District to perform any service covered by this Agreement. If the work is to be performed in connection with a Federal contract or grant, Consultant shall not hire any employee of the United States government to perform any service covered by this Agreement.

Consultant affirms to the best of his/her knowledge, there exists no actual or potential conflict of interest between Consultant's family, business or financial interest and the services provided under this Agreement, and in the event of change in either private interest or services under this Agreement, any question regarding possible conflict of interest which may arise as a result of such change will be brought to the District's attention in writing.

23. WRITTEN NOTICE:

All communications regarding this Agreement shall be sent to Consultant at 133 Riverside Avenue, Roseville, CA, unless notified to the contrary and to District at Contracts Office, 5735 47th Avenue, Sacramento, CA 94824, unless notified to the contrary.

This Agreement shall be governed by the laws of the State of California and venue shall be appropriate in the appropriate Superior Court in Sacramento County, California. Consultant shall perform all services hereunder in accordance with all applicable governmental laws, rules and regulations.

25. OTHER PROVISIONS OF LAW:

Each and every provision of law and clause required by law to be inserted shall be deemed to be inserted herein and the Agreement shall be read and enforced as though

it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not currently inserted, then upon application of either party the Agreement shall forthwith be physically amended to make such insertion or correction.

26. APPROVAL OR RATIFICATION BY BOARD OF EDUCATION:

This Agreement is not enforceable and is invalid unless and until it is approved and/or ratified by the governing board of the Sacramento City Unified School District, as evidenced by a motion of said board duly passed and adopted, in compliance with the provisions of Education Code section 17604, SCUSD Board Regulation BP-3312 and SCUSD Board Resolution 2427.

27. SUCCESSORS AND ASSIGNS. The District and the Consultant, respectively, bind themselves, their successors, assigns, and legal representatives to the other party to this Agreement, and to the partners, successors, assigns, and legal representatives of such other party with respect to all terms of this Agreement. Consultant shall not assign or transfer any interest in this Agreement without the written consent of District.

28. SEVERABILITY. If any provision of this Agreement shall be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision of this Agreement.

EXHIBIT A

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall immediately so inform the District and assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

Inspector Agreement

THIS INSPECTOR AGREEMENT ("Agreement") is entered into as of May 3, 2018 by and between the Sacramento City Unified School District, a California public school district (the "DISTRICT") and MCF Construction Services, an Independent Contractor, hereinafter referred to as "INSPECTOR". District and Inspector are each a "Party" and together are the "Parties" to this Agreement.

RECITALS:

A. DISTRICT intends to construct a Transportation Facility, Grounds Warehouse and Renovate the existing Central Warehouse, hereinafter the "Project".

B. Education Code section 17311 and Title 24 of the California Code of Regulations (hereinafter "Title 24") require DISTRICT to provide for competent, adequate and continuous inspection for each construction project by a project inspector satisfactory to the Architect or Structural Engineer in general responsible charge of observation of the work of construction.

C. DISTRICT desires to retain INSPECTOR to provide inspection services on the Project. INSPECTOR shall have all of the duties and responsibilities of an inspector, as set forth in Education Code section 17309 et seq. Title 24 of the California Code of Regulations, including sections 4-336 and 4-342.

D. Government Code section 53060 authorizes DISTRICT to contract with persons to furnish special services and advice to District in financial, economic, accounting, engineering, legal or administrative matters, if such persons are specially trained and experienced and competent to perform the special services required.

E. INSPECTOR is at least 25 years of age, has had at least three years prior experience in inspection or construction work on building projects of a type similar to the projects for which INSPECTOR is proposed as the inspector, has a thorough knowledge of building materials, is able to read and interpret plans and specifications and has been approved as a project inspector by the Structural Safety Section, Division of the State Architect (hereinafter "DSA").

F. DISTRICT desires to contract with INSPECTOR to provide inspection services to DISTRICT on the terms and conditions set forth below, and INSPECTOR desires the same. INSPECTOR acknowledges that District is required to obtain DSA approval prior to using INSPECTOR'S services on the project. INSPECTOR agrees to do all acts necessary to timely obtain DSA approval.

In consideration of the mutual covenants contained herein, the parties agree as follows:

ARTICLE 1: DUTIES OF THE INSPECTOR

The duties of the INSPECTOR shall include the duties of the inspector set forth in Education Code sections 17309 et seq., and Title 24 of the California Code of Regulations, and future amendments thereto, including the duties set forth below.

A. General. INSPECTOR shall provide competent, adequate, and continuous inspection during construction or alteration satisfactory to the Project Manager, Architect and DSA. INSPECTOR shall act under the direction of the Architect, or Structural Engineer if applicable, as

the Board of Education of DISTRICT may direct. While performing the services contemplated by this Agreement, INSPECTOR agrees to comply with all applicable laws and regulations.

B. Continuous Inspection Services. In fulfilling Inspector's responsibilities, INSPECTOR shall represent DISTRICT as the inspector on the Project job site. INSPECTOR shall have personal knowledge, obtained by his personal and continuous inspection of the work of construction at all stages of its progress, that the requirements of the approved plans and specifications are being completely executed.

Continuous inspection means complete inspection of every part of the work to insure a workmanlike job is constructed in conformity with the contract documents, all applicable requirements of the DSA and all applicable federal and state laws and local ordinances.

Work such as concrete work or brick work which can be inspected only as it is placed will require the constant presence of INSPECTOR. Other types of work which can be completely inspected after the work is installed may be carried on while INSPECTOR is not present. In any case, INSPECTOR must personally inspect every part of the work. In no event shall INSPECTOR have or assume any duties which will prevent INSPECTOR from continuous inspection of the work of construction in all stages of its progress at the site where INSPECTOR is responsible for inspection.

C. Personal Knowledge. INSPECTOR may obtain personal knowledge of the work of construction, either on site or off site, performed under the inspection of a special inspector or inspector, if any (Section 4-333 of Title 24), from the reporting of others on testing or inspection of materials and workmanship for compliance with the plans, specifications and applicable standards. The exercise of reasonable diligence to obtain the facts shall be required.

D. Relations With Architect Or Engineer. INSPECTOR shall work under the general direction of the Architect or Structural Engineer. All inconsistencies or seeming errors in the plans and specifications shall be reported promptly to the Architect or Structural Engineer for interpretation and instructions. In no case, however, shall the instruction for the Architect or Structural Engineer be construed to cause work to be done which is not in conformity with the approved plans, specifications and change orders.

E. Job File. INSPECTOR shall keep a file of approved plans and specifications (including all approved addenda or change orders) on the job at all times, and shall immediately return any unapproved documents to the Architect or Structural Engineer for proper action. INSPECTOR shall have and maintain on the job at all times all codes and documents referred to in the plans and specifications.

F. Semimonthly Reports. INSPECTOR shall keep the Architect or Structural Engineer thoroughly informed as to the progress of the work by making semimonthly reports in writing as required by Section 4-337 of Title 24, signed by the INSPECTOR. A copy of each such report shall be sent to the DISTRICT's Deputy Superintendent/CFO as designee of the Board of Education of DISTRICT, and to DSA. Failure to comply with Section 4-337 is cause for DSA to withdraw approval of INSPECTOR.

G. Notifications to Division of the State Architect. INSPECTOR shall notify the DSA (1) when work is started on the Project or restarted if previously suspended per no. 4 below, (2) at least 48 hours in advance of the time when foundation trenches will be complete, ready for footing

forms, (3) at least 48 hours in advance of the first pour of foundation concrete and 24 hours in advance of any subsequent and significant concrete pour, and (4) when all work is suspended for a period of more than two weeks.

H. Construction Procedure Records. INSPECTOR shall keep a record of certain phases of construction procedure including but not limited to the following: (1) the time and date of placing concrete and the time and date of removal of forms in each portion of the structure; (2) identification marks of welders, lists of defective welds, manner of correction of defects, and other matters regarding welding operations; (3) penetration under the last ten (10) blows for each pile when piles are driven for foundations. All such records of construction procedure shall be kept on the job until completion of the work, and shall be made a part of the permanent school records.

I. Deviations. INSPECTOR shall notify the contractor, in writing, of any deviations from the approved plans and specifications which are not immediately corrected by the contractor when brought to contractor's attention. Copies of such notices shall be forwarded immediately to the Architect or Structural Engineer, and to the DSA. INSPECTOR shall safeguard the interest of the District in the construction of the project.

Failure on the part of INSPECTOR to notify the contractor of the deviations from the approved plans and specifications shall in no way relieve the contractor of any responsibility to complete the work covered by contractor's contract in accordance with the approved plans and specifications and all laws and regulations.

J. Verified Reports. From time to time, as the work of construction or alteration progresses, INSPECTOR shall prepare and submit to the DSA verified reports, signed by the Architect or Structural Engineer and INSPECTOR, upon forms prescribed by the DSA, based upon INSPECTOR'S personal knowledge (as defined in Education Code section 17309 that the work during the period covered by the report has been performed and materials have been used and installed, in every material respect, in compliance with the approved plans and specifications, setting forth such detailed statements of fact as are required by the DSA in accordance with Section 4-336 of Title 24. INSPECTOR shall also prepare and deliver to the DSA detailed statements of fact regarding materials, operations and other matters related to the work of construction when requested.

K. No Authority To Contract. INSPECTOR shall have no authority to contract on behalf of DISTRICT.

L. If not already set forth herein, INSPECTOR must:

The report/log shall be filled daily, tersely and factually. The report/log shall reflect the contractor's activities each day. This and all other reports shall be timely and properly completed. All reports and records created or maintained by INSPECTOR shall be District's sole property.
- d. Supervise on-site testing and ensure that all required tests are performed by a competent testing laboratory, contractor or engineer as specified in the Contract

Documents. Check and report to the Project Manager and the Architect laboratory tests indicating defective materials or other problems. Check billings from testing laboratories to see that billings reflect only tests actually requested and performed. Maintain a daily log of inspection by testing lab.

- e. Make sure that the required record drawings are accurately marked up as required.
- f. Report to the Project Manager and the Architect verbally and in writing: (1) poor performance by the contractor; (2) acts prejudicial to the District's interest; and, (3) work performed or materials used which are not in conformance with the Contract Documents.
- g. Assist the Project Manager and the Architect in the final inspection and project acceptance phase.
- h. Upon request, provide the District with a written report regarding contractor's performance on the Project.
- i. Maintain an effective working relationship with the contractor, District personnel and Architect.
- j. Be tactful, firm and fair in insisting that contractor adhere to the Contract Documents.
- k. Attempt to foresee methods or materials which will not be acceptable and immediately bring these facts to the contractor's attention in order to avoid removal of work already in place.
- l. Attempt to anticipate the contractor's problems and review with the Project Manager anticipated schedules and work involved prior to the commencement of a new trade on the job.
- m. Attempt to foresee the need for all required tests and inspections.
- n. When notified by contractor, arrange for all tests and inspections which are required by the Contract Documents, arrange for prompt notification of the Architect of the results of the tests and inspections, and record Architect's approval or rejection.

- s. Inspect all materials immediately upon their delivery to the site to ensure that they comply with the Contract Documents and are in a good and acceptable condition. Exert extreme care to ensure that no communications to the contractor or contractor's agents are misinterpreted as changes in the scope of the work.
- t. Assist in the completion and submission of DSA close out documents as required by DSA.
- u. INSPECTOR may be required to utilize construction program management software, such as, but not limited to, e-Builder™.

M. Restrictions on the Inspector's Authority. In the performance of the duties required by this Agreement, the INSPECTOR exercises limited authority. The INSPECTOR shall not:

ARTICLE 5. TERMINATION

Either party may terminate this Agreement, without cause, at any time by giving the other party thirty (30) days written notice of termination. The effective date of termination shall occur thirty (30) days after the day on which the party terminating this Agreement personally delivers written notice of termination to the other party or mails such notice of termination in accordance with paragraph 9 of this Agreement.

ARTICLE 6: INDEPENDENT CONTRACTOR

A. It is agreed that the relationship between DISTRICT and INSPECTOR is one of independent contractor and that no relationship of employer-employee or agency exists between the parties hereto.

B. All persons employed by INSPECTOR or acting at the direction of the INSPECTOR to assist INSPECTOR in rendering the services to be provided under this Agreement shall be entirely and exclusively employees and agents of the INSPECTOR. All terms of employment, including hours, wages, working conditions, discipline, hiring and discharge, or any other terms of employment or requirements of law, shall be determined by INSPECTOR, and DISTRICT shall have no right or authority over such persons or the terms of such employment. INSPECTOR shall comply with any applicable prevailing wage laws.

C. INSPECTOR hereby indemnifies, holds harmless and agrees to defend DISTRICT, its Board members, officers, directors, agents and employees from any contention by a third party that an employer-employee or agency relationship exists between DISTRICT and INSPECTOR, its agents and employees by reason of this Agreement.

D. INSPECTOR and his/her/its employees and agents performing services related to this Agreement are not agents or employees of DISTRICT and are not entitled to participate in any DISTRICT pension plans, retirement, health and welfare programs or any similar programs or benefits as a result of performing such services.

ARTICLE 7: FINGERPRINTING REQUIREMENTS

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering to determine that they have not been convicted of a serious or violent felony. If the DISTRICT determines that more than limited contact with students will occur during the performance of these services by INSPECTOR, INSPECTOR will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to DISTRICT.

DISTRICT has determined that INSPECTOR'S services will result in limited contact with pupils. INSPECTOR is required to comply with the conditions listed in Exhibit A, Contractor's certification of compliance with District fingerprinting and security requirements. These requirements apply to self-employed inspectors.

ARTICLE 8: INDEMNIFICATION AND EXCULPATION

INSPECTOR shall indemnify, hold DISTRICT and its Board members, agents, employees and officers harmless from and defend DISTRICT against all claims, demands, actions or liability for injury or damage, including attorney's fees and costs, to persons or property arising for any reason from the services to be performed by INSPECTOR under this Agreement.

EXHIBIT A

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall so inform the District and shall assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement.

Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to terminate the Agreement at any time for noncompliance.
