**Background/Rationale:** The Sacramento City Unified School District (SCUSD) and Black Parallel School Board (BPSB) Action Plan was developed in response to ongoing challenges in promoting and providing equitable, inclusive, and effective educational environments for all students, particularly Black students and those with special needs. Rooted in the district's commitment to diversity, equity, and inclusion, the BPSB Action Plan seeks to dismantle racist and ableist barriers that hinder student access to quality education, address gaps in the current special education service delivery, and ensure compliance with IDEA and LRE mandates. This action plan outlines comprehensive strategies to support school transformation, build inclusive partnerships with families, and create structures for professional growth that empower educators to foster an environment where every student feels valued, supported, and equipped to succeed. Through collaborative efforts and ongoing assessment, the BPSB Action Plan aims to create a school culture that celebrates Black excellence and prioritizes student well-being and achievement across SCUSD.

**Financial Considerations:** Implementation of the Action Plan will have a fiscal impact although the specific amounts are not yet known. The District is working with the Independent Monitor to accurately and effectively identify fiscal needs and projections for implementation and positive impact.

# OVERVIEW

## Introduction

In May 2023, parties to the lawsuit [Black Parallel School Board v. Sacramento City Unified School District \(2:19-cv-01768\)](#) agreed to a set of terms articulated in a comprehensive [settlement agreement](#). The settlement agreement requires that an independent monitor (IM) create and, over the ensuing five years, monitor the implementation of an action plan to achieve 22 directives spelled out in the settlement agreement. These directives include a substantial reduction in disciplinary referrals of students with disabilities and Black students with disabilities, substantially more integrated classrooms for students with disabilities and Black students with disabilities, systems to prevent and remediate the bullying of students with disabilities and Black students with disabilities, legally compliant special education assessments, and the creation of best practices for the processes and issues regarding Individualized Education Programs (IEPs) at the Sacramento City Unified School District (SCUSD).

During the IM's assessment process, the IM faced multiple barriers (historic, political, and systemic) to access all the data necessary to develop baseline data and goals for the action plan. (See Appendix A.) As a result, portions of this plan include actions to continue with additional and necessary data collection, analysis, benchmarking, and goal setting. As part of the action plan, the IM will include a process seeking agreement across parties to update actions and goals as needed.

This document represents the final action plan from the IM, pending further data collection and analysis, which may result in modifications and additions to this plan.

# DATA COLLECTION AND ANALYSIS METHODS

## District Data

The IM team received raw data for special education referrals, placement in general education settings for students with disabilities, out-of-school suspension (OSS), and in-school suspension (ISS) for the 2022–23 school year. Special education data included student characteristics such as race/ethnicity and English learner (EL) status, as well as primary and secondary diagnoses, enabling segmented analyses. Suspension data also included details such as student race/ethnicity, special education (SpEd) status, grade level, school, and number of days.

## Policy and Procedures Review

The IM reviewed the following SCUSD policies and procedures to assess current district documentation and to articulate pertinent actions:

- Administrative Regulation 5144.2: Suspension and Expulsion/Due Process (Students with Disabilities);
- Administrative Regulation 6159.4: Behavioral Interventions for Students with Disabilities Students; and
- Special Education Local Plan Area (SELPA) Procedural Guides for:
  - Student Discipline,
  - Behavioral Emergency Procedures and Interventions,
  - Functional Behavior Assessment (FBA), and
  - Behavior Intervention Plan (BIP).

The IM team compared these procedural documents against Los Angeles Unified School District's (LAUSD's) Special Education Policies and Procedures Manual.

## Focus Groups and Interviews

The IM must conduct several focus groups and interviews for this plan to be complete. Due to the aforementioned barriers, however, few focus groups have been conducted as of the writing of this action plan; for these, the data is still unreliable as attendance has been minimal and participation was guarded with reference to fear of reprisal. Required focus groups can be found later in this plan, under Disproportionality Subcommittee: Required Actions for Additional Data Collection Required.

## Approach

In addition to the directives from the settlement agreement, the metrics used to develop this action plan include improvement and equity frameworks developed by

the IM and his organization, the San Francisco Coalition of Essential Small Schools (SF-CESS). These metrics are further detailed in the appendices.

## FINDINGS AND ACTIONS

Below are the actions that the IM has identified as required for SCUSD to meet the directives delineated in the settlement agreement, as well as associated goals/targets and the expected timeline. Where applicable, this section also includes data findings that have led to the required actions.

Some of the actions listed in this plan can be taken immediately. Others, however, can be named and specified only after the IM has collected and analyzed the additional data described in this plan. Some of the actions in this plan are, therefore, focused on removing the afore-referenced barriers and creating the supportive conditions needed to systematize data access and organizational change—now and in the future.

### Disproportionality Subcommittee: Additional Data Collection Required

The IM team requires additional data pertaining to special education and discipline to identify further actions and targets for Directives 1–14 (C.3.i–xiv). Specifically, focus groups with students, parents, staff, and community partners; empathy interviews with district-level and site-level staff related to the fidelity of the implementation of policies, practices, and procedures, which will include an examination of district policies and practices with a cultural/equity lens; student case study/files and data; and additional data for directives under which no data have been obtained.

The IM has submitted a request for focus groups (see Table 1) for which the district shall facilitate meeting scheduling and execution.

The IM has received datasets enabling analyses of special education referrals by race/ethnicity and EL status but requires more in-depth data to determine how and why over-representation may be occurring. Additionally, the IM requires data to determine actions for some of the directives for which no data have yet been received.

## Directives 1 and 2: Reduce Use and Disproportionality of Discipline

- 1. Substantial reduction of discipline referrals, including informal suspensions, and in disproportionate such discipline, of students with disabilities*
- 2. Substantial reduction of discipline referrals, including informal suspensions and in disproportionate such discipline, of Black students with disabilities<sup>1</sup>*

### Baseline Data Findings

District staff report poor data entry and maintenance practices and believe data are an underestimation of school removals issued. Despite unreliable data, trends clearly indicate a high rate of suspensions in general and disproportionate impact on students with disabilities and Black students with disabilities among various disciplinary practices, including OSSs, long-term suspensions, ISSs, and OMC. The IM team has determined that ISS and OMC data provided are not reliable for establishing outcomes, but even these apparently incomplete data demonstrate increased risk for students with disabilities and Black students with disabilities. Currently, there is a lack of data to establish a baseline for behavioral referrals; establishing this baseline is part of the required actions.

#### One-Time Suspensions

- Overall risk of one-time suspension for all students in SCUSD—**5.68%**
- California average—3.0%
- The California Department of Education (CDE) considers suspension rates over 6.0% “very high”
- Risk of one-time suspension for students with disabilities—9.0%
  - Risk Ratio of students with disabilities—**1.80**
- Risk of one-time suspension for Black students with disabilities—18.64%
  - Risk Ratio of Black students with disabilities—**2.76**

#### Long-Term Suspensions of 10 or More Days

- Risk for Black students with disabilities—3.28%
  - Risk Ratio of students with disabilities—**3.91**
- Risk for Multiple Race students with disabilities—2.75%
  - Risk Ratio of Multiple Race students with disabilities—**2.34**

#### In-School Suspension/Informal Suspension

- District data show:

---

<sup>1</sup> For “informal” suspensions, the IM includes what may be referred to as “silent” suspensions or undocumented pushouts due to behavioral or discipline issues that also result in learning loss.

- A total of 319 students received an ISS (this appears to be a considerable underrepresentation)
- A total of 448 students received an OMC (this also appears to be a considerable underrepresentation)
- District officials reported an underreporting of discipline data, confirming the likelihood of underrepresentation of disciplinary practices.
- Overall risk of one-time ISS for all students—0.77%
- Risk of one-time ISS for students with disabilities—1.13%
  - Risk Ratio for students with disabilities—1.63
- Risk of one-time ISS for Black students with disabilities—2.4%
  - Risk Ratio of Black students with disabilities—2.85

#### Other Means of Correction

- Overall risk of one-time OMC for all students—1.08%
- Risk of one-time OMC for students with disabilities—1.96%
  - Risk Ratio of students with disabilities—2.19
- Risk of one-time OMC for Black students with disabilities—3.5%
  - Risk Ratio of Black students with disabilities—2.18

### **Actions and Targets**

The district must review, revise, and monitor disciplinary practices in general and with respect to students with disabilities and Black students with disabilities. Actions listed in the table below require the district to revise policies (including Board Policies (BPs) and Administrative Regulations (ARs); create a comprehensive disciplinary procedural manual that includes a discipline/intervention matrix (see [Sample Behavior Matrix from Alameda Unified School District 2023-24](#)), as well as clear guidelines for offering supportive alternatives to exclusionary discipline and OMC, consistent with a districtwide multi-tiered system of support (MTSS) approach; institutionalize manifestation determination review (MDR) practices; and build capacity to implement changes through professional development (PD). The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the five-year period designated by the settlement agreement.

- A.** *Reduce the risk or rate of (any) suspension for students with disabilities to 3.0% or less. This constitutes a 67.0% reduction.*
- B.** *Reduce the risk or rate of (any) suspension for Black students with disabilities to 5.0% or less. This constitutes approximately a 75.0% reduction.*

- C.** *Reduce the risk or rate of long-term suspensions for Black and Multiple Race students with disabilities to 1.0% or less. This constitutes approximately a 60% and 70% reduction, respectively.*
- D.** *Reduce the risk or rate of other disciplinary actions (i.e., expulsion, behavior hearings, involuntary and voluntary transfers, and referrals to law enforcement) for students with disabilities and Black students with disabilities so that they are not significantly different from those of non-disabled non-Black students.*
- E.** *Ensure that every year, a majority of parents/families and secondary students responding to the survey (described in Table 3) for whom the question is relevant, indicate that the statement pertaining to the district's prior pattern and efforts to remediate was read.*

<p>5. SCUSD shall create and enforce the calibrated use of a districtwide system (with clearly defined terms distinguishing between Proactive (preventative – before behaviors causing removal) vs reactive (responsive after behaviors causing removal) and punitive vs restorative to track and monitor every instance (all types of removal) that a student is removed from the classroom or instructional time or receives a punitive consequence on the basis of behavior (e.g., office referral, informal suspension, “buddy rooms,” detention, etc.). This system will connect with the district’s student information system (and if different, to the larger knowledge management system) to enable centralized monitoring at the student and school level and will utilize a form (e.g., “Behavioral Referral Form”) that includes:</p> <p>(a) student’s name/identifying information, (b) referrer’s name (e.g., teacher), (c) the behavior precipitating the exclusion from instructional time, (d) a listing of all interventions attempted prior to the referral out, (e) the referrer’s recommended office action (e.g., restorative process, time-out, detention, sent home, suspension, etc.), and (f) estimated instructional time to be lost.</p> <p>Implementation of the new form and procedure will, at minimum, roll out in annual cohorts of 25 sites each and across the district. ## Directives 3, 4, and 5: Reduce Segregation of Students with Disabilities and Black Students with Disabilities

- 3. Substantial reduction in the placement of students with disabilities in segregated settings*
- 4. Substantial reduction in the placement and/or disproportionate placement of Black students with disabilities in segregated settings*
- 5. Substantial increase in the placement of students with disabilities, in particular Black students with disabilities, in inclusive and integrated classrooms, schools, and school settings in the Least Restrictive Environment (“LRE”), as measured by the percentage of time outside of the general education setting*

### Baseline Data Findings

LRE data do not appear reliable for establishing outcomes, which necessitates the aforementioned review of cases and focus groups. Despite questions that analysts continue to have on the accuracy of SCUSD’s LRE data, trends and patterns indicate that Black students with disabilities are at higher risk for being placed in more restrictive environments.

For example, and specifically, John Morse Therapeutic Center had an enrollment of 39 students at the end of the 2022–23 academic year, and key informants from the district have stated that parents often feel forced to accept this placement and that the district uses the site for removal of students experiencing behavioral difficulties.

### Actions and Targets

The district must review and revise policies, procedures, and practices pertaining to LREs for students with disabilities, with special attention to Black students with disabilities. Actions listed in the table below require the district to revise policies and procedures; address the placement of students with disabilities and Black students with disabilities in more restrictive placements through an LRE analysis process based on the four-prong test established by *SCUSD v. Rachel H.*; institutionalize new LRE practices within systems and through Professional Development (PD); devise a framework, standards, and plans for more inclusive education and for the closure, restructuring, or reconstituting of fully segregated school sites; and build capacity for more inclusion through staffing and evidence-based reading programs. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The actions are designed to move the district away from its use of segregated settings for all students with disabilities, with a particular focus on Black students with disabilities, with the intention of effecting the following measurable targets.

- F.** *By the end of the 2028–29 school year, 50% of schools will have full inclusion co-teaching model programs.*
- G.** *By June 2025, SCUSD will adopt a rubric to delineate criteria for closing programs that are deemed ineffective and “culturally destructive.”*
- H.** *Based on reliable 2024-25 data (submitted by March 1, 2025), and analyzed by IM (May 15, 2025), fully segregated school sites that have met the standard for closure in the rubric designed in Action #9, will be closed by the end of the 2025–26 school year.*

## Directive 6: Reduce Bullying and Harassment of Students with Disabilities and Black Students with Disabilities

*6. Substantial reduction in incidence of and disproportionality in bullying and harassment of students with disabilities and Black students with disabilities and staffing and structures, including delineated staff responsibilities and duties, to support a functional and robust system that properly responds to, remediates, and prevents the bullying and harassment of students with disabilities and Black students with disabilities; analysis regarding the foregoing shall include addressing the effectiveness of school safety plans and their implementation*

### Baseline Data Findings

Although there were no recent data findings to enable a specific data target in terms of reducing disproportionality (because few districts or sites monitor the demographics and disabilities of bullying targets), the IM did discover that the California Healthy Kids Survey (CHKS) [report for Sacramento City Unified](#) from 2019–20 shows (on Table A9.7 on page 54) that Black/ African American students had higher-than-average percentage rates of experiencing bullying or harassment in 7th, 9th, and 11th grades (overall 33, 32, and 29; Black 39, 34, and 37, respectively). A more recent CHKS report could shed light on the issue and help the IM set a target. Any bullying data that the district maintains would also be useful in this.

### Actions and Targets

The district must review, revise, and monitor practices designed to prevent, respond to, and remediate bullying and harassment in general and with respect to students with disabilities and Black students with disabilities; develop a corresponding procedural manual; and improve its data collection processes vis-a-vis instances of bullying and harassment. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets during the five-year period designated by the settlement agreement. It should be noted that because sufficient baseline data were not available, these targets may be modified as the IM gathers more reliable data.

- I. Reduce instances of bullying and harassment overall by 10% every year.*
- J. Reduce instances of bullying and harassment targeting Black students and students with disabilities by 20% every year.*

SCUSD shall provide initial data to and collaborate with the IM and Oversight Committee to establish baselines, goals, and actions related to disproportionality for SWDs, Black SWDs, and Black students. Data should allow SCUSD and IM to distinguish not only demographic patterns, but also frequency of incidents/ parties as represented in data. ## Directives 7, 8, and 9: Comply with Child Find Obligations re: Over & Under-Identification of Black Students to SpEd and Timely Referrals

*7. Compliance with Child Find obligations, including in a manner that appropriately identifies Black students with disabilities without over-identifying or under-identifying Black students for special education and particular disability categories*

*8. Compliance with obligation to refer students suspected of having a disability for special education assessment in a timely manner, analysis of which shall include the efficacy of and need for Student Study Teams*

*9. Substantial reduction in over-identification or under-identification of Black students for special education*

### Baseline Data Findings

Overall risk of identification for Special Education is higher in SCUSD than in the state of California or the nation. Black students have a risk ratio over 3.0 for Emotional Disturbance (ED) and Other Health Impairment (OHI), demonstrating significant disproportionality within those categories. Further analysis demonstrates significant disproportionality among English Learner (EL) students (particularly those who are Hispanic and Hmong-speaking) as well, suggesting that assessment procedures within the district require substantial investigation and revision.

### **Actions and Targets**

The above-listed figures suggest that racial bias and language barriers may be leading SCUSD to mis-identify some students as having a disability that they may not have. The district must improve its systems for special education identification and IEP reviewing practices, including but not limited to enhanced translation and

interpretation services. Actions listed in the table below require the district to revise policies and procedures; develop a procedural manual; institutionalize new practices within systems and through Professional Development (PD); and build capacity for linguistic access in special education processes. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality, and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the five-year period designated by the settlement agreement.

- K.** *Reduce the risk or rate of special education identification for Black students to 13% or less. This constitutes approximately a 50% reduction to current rates in SCUSD.*
- L.** *Decrease the overall rate of special education identifications to 13%, comparable to the state average. This constitutes approximately a 25% reduction.*
- M.** *90% of all students referred for special education will demonstrate compliance with the comprehensive evaluation checklist.*
- N.** *Reduce the risk or rate of ED identification for Black students to 0.55% or less. This constitutes a 50% reduction.*
- O.** *Increase the percentage of Black students with ED receiving counseling (minimum 30 minutes per week) and BIPs to 90% or greater.*
- P.** *Reduce the risk or rate of OHI for Black students to 3.8% or less. This constitutes a 35% reduction.*
- Q.** *Increase the percentage of Black students with OHI receiving counseling (minimum 30 minutes per week) and BIPs to 60% or greater.*
- R.** *Reduce the risk or rate of special education identification for EL Hispanic students and EL Hmong by implementing the CEP-EL process to all students with 90% compliance for all EL students.*
- S.** *Every year, a majority of parents/families and secondary students responding to the survey, for whom the question is relevant, indicate that the statement pertaining to the district's prior pattern and efforts to remediate was read.*

## Directives 10 and 12: Best Practices for IEPs and Timely and Appropriate FBAs and BIPs

*10. Development of best practices, compliant with state and federal laws, to develop individualized education programs (“IEPs”), conduct IEP meetings, and related processes, including but not limited to, increased transparency (e.g., parents are notified in advance of participants, receive information about their rights, programs and services); accessibility, including language access; involvement of parents/guardians, and where appropriate, students, as equal participants with the District; contacting methods to maximize parent/guardian participation; a decision-making process/checklist geared toward placement in LRE and high academic standards; and the inclusion of District staff knowledgeable about and with the authority to identify and allocate appropriate programs, services, supports, and placements for students with IEPs*

*12. Timely and appropriate Functional Behavior Assessments (“FBAs”) and development and implementation of Behavioral Intervention Plans (“BIPs”)*

### Baseline Data Findings

No baselines were obtained for the following:

- IEP practices
- Timely completion of initial, triennial, and annual review IEPs
- Parent/guardian participation at IEP meetings
- Students’ access to programming
- Language access including the timely translation of IEPs and provision of interpreters
- Timely and appropriate FBAs and BIPs

The absence of baseline measures necessitates the additional data request listed above in Table 2: Further data collection required as soon as possible.

### Actions and Targets

Despite the lack of baseline data, the following actions are important to ensure alignment with best practices. Actions listed in the table below require the district to improve its IEP processes, including but not limited to identification and evaluation, FBAs, and BIPs, and make improvements to parent/family communication through staffing and Professional Development (PD). The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the measurable targets, which will be developed in detail once the IM obtains requisite data.

- T. By August 15, 2024, the IM will establish outcomes for parent/family participation, language access issues, and timeliness of FBAs and BIPs.*
- U. By August 15, 2024, the IM will establish outcomes for the timely completion of initial, triennial, and annual review IEPs.*
- V. Every year, increasing proportions of parents/family members and secondary students responding to the survey, for whom the question is relevant, indicate an understanding of IEP processes and resources.*

3. Intended as a reiteration of other actions listed in this action plan. SCUSD shall execute improvements to IEP, LRE, FBA, BIP, and Educationally Related Mental Health Services (ERMHS) processes as described in Tables 4, 6, 8, 9, 16, 17, and 18 and <b>Appendix D</b> of this action plan. All baseline data to be provided by Sep 1, 2024  See Tables 4, 6, 8, 9, 16, 17, and 18	See Tables 4, 6, 8, 9, 16, 17, and 18
4. SCUSD shall create a series of one-page <sup>6</sup> documents or cheat sheets to communicate and detail (across multiple languages) to parents essential information plainly and directly about IEPs, their timeframes, and processes for assessments, and to guide staff on what to do if a parent/guardian has questions or concerns, to be translated in all the county's threshold languages.  Document must be approved by IM prior to adoption by district.	Parents/guardians have clear expectations, knowledge of resources, and an understanding of their and their children's rights as regards to special education.	Aug 30, 2024	Reviewed / updated annually through 2028-2029 school year

8. SCUSD shall make available to IM a sample (at least current and past cohort schools and districtwide) of FBAs and BIPs for students experiencing disciplinary removals to gauge timeliness and appropriateness (matching diagnoses, IEPs/504s, and actual services) of these supports, including the effectiveness of BIP implementation (e.g., whether students with diagnoses such as ED, ASD, Attention Deficit Disorder, etc. are getting the support as expected for the disability category and specific manifestations of those diagnoses). 9. IM will conduct an annual parent/family and secondary student survey in all of the county's threshold languages to gauge student and family experiences, including their knowledge of, perceptions of, and participation in IEP processes. (Access and distribution will be conducted by SCUSD.)	The IM is able to monitor and measure the district's success in implementing best practices (compliant with state and federal laws) in parent/guardian and student engagement in IEP evaluation and meetings.	Sep 15, 2024 for baseline data of previous year Then annually by March 15 for years 2025-2029	Annually through 2028-2029 school year

<sup>7</sup> In interviews, district staff indicated that school administrator attendance improves special education service delivery, continued adherence to IEP plans, and relationships with parents and guardians. This is supported by the [National Association of Elementary School Principals](#).

## Directive 11: Analyze the District's ERMHS

*11. Analysis of the District's Educationally Related Mental Health Services ("ERMHS") teams and processes to promote adequate, effective, timely and appropriate access to students*

### Baseline Data Findings

In interviews with district staff, the IM team learned the following regarding ERMHS:

- Only students who have been identified for Special Education can access ERMHS, and it applies only to students who need "intensive" support. Students with more moderate/Tier 2 type needs are given more informal support and potentially a SpEd assessment;
- The district has hired additional social workers, which has helped the ERMHS process be more timely;
- ERMHS plans are revisited only every three years;
- Previously, most school social workers were not licensed clinicians and were not allowed to lead the ERMHS program. The district has since hired licensed clinicians and clinical interns;
- The ERMHS teams are currently reporting to an interim director as the supervisory position is not currently filled; and
- The ERMHS teams do not look at factors such as extreme poverty, lack of adequate instruction, and lack of attendance before making a final assessment.

### Actions and Targets

The district must ensure that students have adequate, effective, timely, and appropriate access to ERMHS. Actions listed in the table below require the district to make procedural changes regarding ERMHS and allocate a sufficient budget to carry out those changes. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the five-year period designated by the settlement agreement.

- W.** *90% of students identified for ERMHS have access to qualified support professionals and have their needs reviewed and addressed on an annual basis.*
- X.** *90% of students identified for ERMHS have their ERMHS meeting within time limits established by California Education Code.*

## Directive 13: Reduce Use of Restraints and Seclusions for Students with Disabilities, Particularly Black Students

*13. Substantial reduction in the overall use of and disproportionality in use of restraints and seclusion for students with disabilities and Black students with disabilities*

### Baseline Data Findings

Due to the low number of reported events in the use of restraints, expulsion/disciplinary transfers, and law enforcement referrals, additional data are required to determine the need for outcomes. The recorded events are likely an underrepresentation of current practices.

District staff also indicated troubling practices (that behavioral hearings appear to be alternatives to expulsions and that there are disciplinary transfers to Success Academy).

Despite what appears to be incomplete or inaccurate data, the trends are nevertheless concerning for Black students with and without disabilities, requiring further investigation.

- Only 14 restraints were recorded with 13 of these events (93%) occurring to students with disabilities and eight (57%) to Black students with disabilities.
- A total of 21 expulsions were reported—nine (43%) were students with disabilities, and four (19%) were Black students with disabilities. Black students with and without disabilities made up 10 (48%) of the 21 reported expulsions.
- A total of five law enforcement referrals were reported, four (80%) of which were of Black students and three (60%) were Black students with disabilities.

For the purpose of comparison, statewide figures are as follows: “Black students made up 5.1% of the California student population in 2021-22 school year but 17.5% of all students physically restrained, 24.0% of those secluded, and 39.1% mechanically restrained. Students with disabilities, who make up about 14% of students in California, represented 88.8% of students physically restrained and 50% of those secluded” ([Borrelle & Monteiro-Endow, 2022](#) )

### Actions and Targets

The district must ensure that students with disabilities and Black students with disabilities are not disproportionately subjected to restraints, seclusions, and law enforcement referrals.

Actions listed in the table below require the district to make procedural changes regarding restraints and seclusions; and to build capacity to minimize the use of restraints and seclusions through Professional Development (PD) and uniform data

monitoring. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the timeframes indicated.

- Y.** *By the end of the end the 2024-2025 academic year, SCUSD shall cut the risk ratio among students with disabilities for experiencing restraints and seclusions by 50%.*
- Z.** *By the end of the 2024-25 academic year, SCUSD shall cut the risk ratio of Black students with disabilities by 50%.*
- AA.** *By the end of the 2025-26 academic year, 100% of students with disabilities experiencing restraints and seclusions, expulsions/disciplinary transfers, and law enforcement referrals are provided FBAs, BIPs, and counseling services including ERMHS.*

**Table 9: Disproportionate Use of Restraints and Seclusions for Students with Disabilities, Particularly Black Students**

Required Actions	Goal(s)	Timeframe	Frequency

## Directive 14: Ensure SELPA Procedural Guide Is Usable for Parents/Guardians and Staff

*14. Adequate and appropriate use of best practices regarding the District's/Special Education Local Plan Area's ("SELPA") Special Education Procedural Guide as a usable and accessible resource for parents/guardians and District staff*

### Baseline Data Findings

IM reviewed the SELPA Procedural Guides for Student Discipline, Behavioral Emergency Procedures and Interventions, FBA, and BIP. The IM found that the current policies contain legal jargon drawn nearly entirely from state code. This is not approachable for families.

### Actions and Targets

It is essential that SCUSD have a Special Education Policy and Procedures Guide that is written in plain language and approachable for students and families. It must be inclusive of all policies relevant to special education services and students with disabilities, and it must spell out SCUSD's procedures in a transparent way so that families understand their and their students' rights and what to expect with special education services. By housing these policies in one guiding document, students, families, and staff will have easier access to relevant information. Actions listed in the table below require the district to produce such a guide with input from community, translated into all of the county's threshold languages. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the timeframes indicated.

- BB.** *The district will produce a Special Education Policy and Procedures Guide in plain, accessible language and translate it into all of the county's threshold languages by the date listed.*
- CC.** *Every year, a majority of parents/families and secondary students responding to the survey, for whom the question is relevant, indicate that they found the guide useful and accessible.*

Table 10: SELPA Guide as a Usable Resource for Parents/Families			
Required Actions	Goal(s)	Timeframe	Frequency
1. SCUSD shall, in partnership with a joint staff and Community Advisory Committee, review and revise, if necessary, the SELPA Procedural Guide to ensure that it conforms	SCUSD procedures are consistent with current California Education Code and culturally proficient.	Sept 3, 2024	One time

	to current law and reflects a cultural /equity lens. This partnership must include integral collaboration with members of IM Team with explicit expertise in SpEd.  Revisions must be approved by IM prior to adoption by district.			
2.	Based on input from the Community Advisory Committee, SCUSD shall revise the SELPA Procedural Guide so that it is written in approachable language for parents, students, and staff (rather than legal jargon drawn nearly entirely from state code). Section summaries must be included, written in approachable language.  Revisions must be approved by IM prior to adoption by district.	SCUSD's SELPA procedures are accessible to and usable by staff, students, and families to better enable advocacy on behalf of students. 3.	SCUSD shall translate the SELPA Procedural Guide into Sacramento County's threshold languages: Spanish, Vietnamese, Cantonese, Russian, and Hmong.	SCUSD's SELPA procedures are accessible to and usable by students and families who do not have English fluency to ensure more equitable access to information.	Within 2 weeks of IM's approval	One time
4.	SCUSD shall make any approved revisions to its SELPA Procedural Guide available online, in print, and otherwise within two weeks of revisions being approved.	SCUSD's SELPA procedures are available and easily accessible to and usable by students and families.	Within 2 weeks of IM's approval	One time with ongoing maintenance
5.	SCUSD shall adopt a policy to regularly review and update the SELPA Procedural Guide as needed to stay compliant with current law as well as maintain equitable accessibility and user-friendliness. (See Appendix E: GAMUT from the CSBA.)	SCUSD's SELPA procedures are available and easily accessible to and usable by students and families.	August 19, 2024	One time with ongoing maintenance
6.	SCUSD shall develop and conduct an annual parent/family and secondary student survey in all of the county's threshold languages to gauge student and family experiences, as well as a staff survey, which will include a question pertaining to whether they found the guide useful and accessible.	The IM is able to monitor success in advancing parent/family and staff access to and understanding of special education processes. Surveys must be approved by IM prior to adoption by district.			
<b>SCUSD shall enable the IM access required to conduct the following monitoring activities:</b>

The IM is able to monitor success in the implementation of the revised manual and improved accessibility of procedural guidance.	Annually by June, starting in 2025	Annually through 2028-2029 school year
8. IM will analyze annual parent/family and secondary student survey in all of the county's threshold languages to gauge student and family experiences, as well as a staff survey, which will include a question pertaining to whether they found the guide useful and accessible.	The IM is able to monitor success in advancing parent/family and staff access to and understanding of special education processes. ## Directive 15: Ensure Sufficient Ratio of School Psychologists

15. *The ratio of school psychologists to students to effectively provide and support MTSS interventions and comprehensive school support services*

### Baseline Data Findings

SCUSD is suffering from staffing shortages that are affecting the quality of special education services accessible to students with disabilities and Black students with disabilities. For example:

- aa. The district currently has a ratio of 688 students for every 1 school psychologist—a ratio of 500:1 is recommended by the National Association of School Psychologists (NASP).<sup>9</sup>
- bb. Special education teachers currently have a 13% vacancy rate (42 full-time equivalent [FTE] vacancies for 317 FTE positions).

### Actions and Targets

Across California, there is a shortage of qualified special education and related service providers, including school psychologists, BCBAs, and speech therapists. To a large extent, this problem is outside a district's control. Furthermore, even adding new staff may not resolve the issues of inadequate supports for students with disabilities, as they are not simply a question of ratio but also a question of practices employed. In addition to making procedural revisions listed elsewhere in this plan, SCUSD will need to devise effective recruitment and retention strategies to combat the shortages in the field and staff its special education programs with lasting impact. Actions listed in the table below require the district to put together and carry out a recruitment and retention strategy to address the insufficient ratio. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the timeframes indicated.

**DD.** *SCUSD will reduce the school psychologist: student ratio to 500:1, which, at current ratios, means hiring 21 FTE psychologists as soon as possible, within the five-year timeframe.*

**EE.** *SCUSD will reduce the special education vacancy rate by half each year.*

---

<sup>9</sup> The ratio of one school psychologist for every 500 students is recommended in the [2020 NASP Professional Standards](#). The standards describe the role of the school psychologist as follows: "School psychologists support children, youth, families, and schools through the identification of appropriate evidence-based educational and mental and behavioral health services for all children and youth; implementation of professional practices that are data driven and culturally responsive; delivery of a continuum of services for children, youth, families, and schools from prevention to intervention and evaluation; and advocacy for the value of school psychological services."

By Sep 30 2024, then annually by Jun 15	Annually through 2028-2029 school year

<sup>10</sup> Guidance for appropriate ratios for social workers can be found in the [National Association of Social Workers' Standards](#): "School social work services should be provided at a ratio of one school social worker to each school building serving up to 250 general education students, or a ratio of 1:250 students. When a school social worker is providing services to students with intensive needs, a lower ratio, such as 1:50, is suggested."

## Directive 16: Implement Data-Driven Systems to Recruit and Retain Diverse School Staff

### 16. Substantial implementation of data-driven programs and systems to recruit and retain diverse teaching staff and school site administrators

#### Baseline Data Findings

The aforementioned vacancy rates and statewide staffing shortages make it difficult for school districts to recruit and retain diverse staff. Nevertheless, this is an important dimension of delivering culturally responsive special education services. The IM requested that the district provide data on the number of classified and certificated staff in each school, disaggregated by race and gender, but these data were not made available, indicating a potential need for more robust and accessible human resource data monitoring systems.

The most recent SCUSD data on staff racial/ethnic composition posted on [Ed Data](#) is from 2018–19. Although these data are out-of-date, they do demonstrate that the teaching body is not representative of the student body in the district, particularly in terms of Black and Hispanic/Latino students.

- a. Black teachers in 2018–19: 5.9%
- b. Black students in 2018–19: 15.5%
- c. Black student-to-teacher ratio: **2.7:1**
- d. Hispanic/Latino teachers in 2018–19: 14.0%
- e. Hispanic/Latino students in 2018–19: 40.1%
- f. Hispanic/Latino student-to-teacher ratio: **2.9:1**

It is important to note that research demonstrates that a representative staff is less likely to over-identify Black boys for special education ([Hart, Lindsay, et al., 2024](#)).

#### Actions and Targets

The district can enhance its understanding of how to recruit and retain diverse staff by developing a system to monitor retention and turnover by race/ethnicity and other staff characteristics. Actions listed in the table below require the district to put together and carry out a recruitment and retention strategy to promote diversity in teaching staff and school administrators; develop or improve a data monitoring system for staff turnover and retention by race/ethnicity; and research and implement strategies based on trends the IM discovers in the analyses derived from the data monitoring system (including an IM-developed survey). The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the timeframes indicated.

**FF.** *District maintains data systems to track staff turnover and staffing needs. This system will connect with the district's larger knowledge management system.*

**GG.** *District develops and executes a plan to improve student-to-staff ratios that mirror the demographics of students – in particular, those represented in this settlement.*

Table 12: Recruit and Retain Diverse Staff

Required Actions	Goal(s)	Timeframe	Frequency
1. SCUSD shall devise <u>recruitment</u> and <u>retention</u> strategies to support a more diverse staff of teachers, special education teachers, social workers, BCBAs, school psychologists, school administrators. This plan shall include best practices in recruiting and retaining diverse staff (see Table 14 pertaining to Directive 18). Aug 31, 2024	Revised annually through 2028-2029 school year.
2. SCUSD shall develop a data monitoring approach and system (connected with the district's larger knowledge management system) whereby staffing trends in hiring, retention/turnover and unmet needs (i.e., through an annual, IM-approved staff survey) can be analyzed according to race/ethnicity, subject area, school type, disability status, and position. 5. SCUSD shall investigate the benefits and challenges and report recommendations to the IM for moving hiring decisions to the same time as other districts in the region.	The district is competitive with neighboring districts in competing for staff.	Dec 2024	One time

6. SCUSD shall plan and conduct a review of potential bottlenecks in hiring procedures. For example, SCUSD shall review how long each aspect of the hiring process takes (posting opening; how long it takes to send out letters once a decision is made, etc.). A historical review shall be conducted on the previous year's processes; moving forward, each review will assess the current year's process.	The hiring process is streamlined and removes bottlenecks in the process. The district is competitive with neighboring districts in competing for staff. SCUSD shall prepare annual reports on employee demographics including without limitation race and ethnicity (as specific as possible, capturing at least Asian, Black, Hispanic/Latine, Indigenous/ Native American, Pacific Islander, and white employees), gender, and disability status – compared to student demographics to determine whether and for which areas for improved representation remain. ## Directive 17: Implement Professional Development for Special Education Obligations and Culturally Responsive Pedagogy, with Associated Outcomes Measurement

17. *Implementation of an ongoing professional development system (including training and coaching) based on students', teachers', and staff's needs, the effectiveness of which is measurable, including the goals of establishing and maintaining substantial competency among staff regarding obligations under special education laws consistently applying best practices and culturally responsive pedagogy for educating students with disabilities and Black students with disabilities*

### Baseline Data Findings

There were no cultural responsiveness data findings as a result of barriers encountered. The first actions therefore center on data collection activities, including walk-throughs where IM team members observe school site practices on SCUSD campuses (Equity Walks), and a ~15-minute, online survey intended to measure how schools and the district self-assess along cultural proficiency indicators. Although communications about both the Equity Walks and Cultural Proficiency Self-Assessment went out to schools in February 2024, as of this writing, none of these requests has borne fruit.

### Actions and Targets

The IM requires that SCUSD implement an ongoing Professional Development (PD) system (including training and coaching) based on students', teachers', and staff's needs, the effectiveness of which is measurable, including the goals of establishing and maintaining substantial competency among staff regarding obligations under special education laws consistently applying best practices and culturally responsive pedagogy for educating students with disabilities and Black students with disabilities.

- HH.** *A minimum of 75% of staff return Cultural Proficiency Self-Assessment survey (25 schools per annual cohort). (See Appendix F.)*
- II.** *Equity audits demonstrate that all schools measure at "cultural competence" or advance at least one standard on the Cultural Proficiency Self-Assessment rubric (see Appendix F) between pre- and post-assessments (25 schools per annual cohort).*
- JJ.** *The majority (50%+) of staff demonstrate growth through feedback and continuous improvement (CI) cycle data.*

SCUSD shall develop a comprehensive PD plan (scope and sequence, training materials, calendar) regarding cultural proficiency policies, required data monitoring and usage, and special education obligations. SCUSD must monitor who is required to attend compared to who does and does not attend and participate fully and must assess its impact of each training topic.  This plan must be approved by the IM prior to adoption by the district.	All training / PD required by this action plan is clearly spelled out in advance of the start of the school year. ## Directive 18: Diversify District Workforce with Black, Indigenous, and People of Color (BIPOC) Employees and Employees with Disabilities

*18. Targeted outreach and recruitment focused on diversifying the District's workforce, specifically to reach measurable improvement in the hiring of and retention of the Black, Indigenous and people of color (BIPOC) employees and employees with disabilities in each of the following groups: teachers, classified staff, and service providers*

### Baseline Data Findings

As mentioned under Directive 16, the IM requested that the district provide data on the number of classified and certificated staff in each school, disaggregated by race and gender, but these data were not made available. Data posted on [Ed Data](#) from 2018–19 show that the teaching body is not representative of the student body in the district (see Baseline Data Findings section under Directive 16). More recent data from [CDE's Data Quest](#) system are available for classified personnel only and show proportionate representation of Black classified staff and nearly proportionate representation of Hispanic/Latino classified staff.

- a. Black classified staff in 2022–23: 16.2%
- b. Black students in 2022–23: 13.1%
- c. Hispanic/Latino classified staff in 2022–23: 37.3%
- d. Hispanic/Latino students in 2022–23: 41.5%

Although these data are useful, they are not sufficient to inform the targets for the representation of BIPOC and people with disabilities among teachers, classified staff, and service providers.

### Actions and Targets

Despite staffing shortages, SCUSD must make every effort to recruit BIPOC educators and educators with disabilities, and to support them to stay in the district, so that the teaching and support staff is more representative of the community. Actions listed under Directive 16 apply to this directive. Additionally, the district must commit to a staffing plan that promotes diversity in hiring and retention of teachers, classified staff, and service providers. The district also is required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in this and other table(s), designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to affect the following measurable targets within the timeframes indicated.

**KK.** *District maintains data systems to track staff hiring and retention.*

**LL.** District develops and executes a plan to hire and support teachers to improve student-to-staff ratios that mirror the demographics of students – in particular, those represented in this settlement.

<p>1. SCUSD shall review, analyze, and revise/update as needed the following Board policy (policies) and associated ARs corresponding to this specific directive to ensure attention to equitable and just outcomes and consistency and accountability across the district.</p> <ul style="list-style-type: none"> <li>BP &amp; AR 4030, Nondiscrimination In Employment</li> </ul> <p>Revised policies must be approved by IM prior to adoption by district.</p>	SCUSD shall create policies and practices to promote a diverse and talented workforce that represents the demographics of its students and families.	<p>Draft - Nov 15, 2024</p> <p>Final - Jan 15, 2025</p>	One time
<p>2. SCUSD shall research best practices in recruitment and retention of BIPOC employees and employees with disabilities and produce an informal research brief for the IM to review. Effective recruitment strategies may include pipeline mechanisms, such as a teaching academy within SCUSD for SCUSD students that creates a pipeline to higher education/teaching credentials with a route back to SCUSD. Effective retention structures might include mentor programs or</p>	SCUSD commits to a staffing plan that promotes hiring and retaining teachers, classified staff, and service providers who are BIPOC and/or who have disabilities. district support for affinity group meetings and other support. <sup>11</sup> Recruitment and retention plan must be approved by IM prior to adoption by district.			
4. SCUSD shall prepare annual reports on employee demographics including without limitation race and ethnicity (as specific as possible, capturing at least Asian, Black, Hispanic/Latine, Indigenous/ Native American, Pacific Islander, and white employees), gender, and disability status – compared to student demographics to determine whether and for which areas for improved representation remain. Data will be provided to IM and reported to Board annually. (Same as Table 12)	The hiring process is streamlined and removes bottlenecks in the process. <sup>11</sup> To the extent that they have been shown to be effective, SCUSD may choose to maintain and financially sustain existing related strategies, such as:

- School site administrators' program that provides financial support for teacher leaders to become administrators;
- Classified staff to certified teacher pathway grant that supports staff (i.e., IEP paraprofessionals/ instructional aides) who want to complete their bachelor's degree and get a teaching credential;
- Recruitment for all levels of positions in "unique places" including the state fair, laundromats, junior colleges, and churches, and
- Networking events for BIPOC educators/ allies that aim to build connections among staff, increase retention.

## Directive 19: Implement Independent Monitor Updates on Progress Toward Action Plan

*19. Implementation of a mechanism for the Independent Monitor to, in collaboration with the District, present at publicly agendized workshops before the District's Board of Education to provide an update to the District's Board of Education and community on the District's progress implementing the provisions of the Action Plan and outcomes, to occur at a minimum, biannually*

### Baseline Data Findings

The IM's investigation into current communications and communications structures—internal to SCUSD, across SCUSD, and with SCUSD families and communities—revealed that these systems do not lead to clarity or transparency. Fixing communications structures is a necessary step to ensure that workshops and board presentations are effective and transparent. Furthermore, based on interviews, observations, and interactions in preparing the action plan, it is clear that the perception and actual level of competing efforts result in the de-prioritization of the students and families represented in the lawsuit and settlement agreement. It will, therefore, be necessary to put in place dedicated resources and personnel to ensure that the action plan progresses as intended.

### Actions and Targets

The IM shall work in collaboration with the district to present updates on the district's progress toward implementing the action plan no less than twice a year before the District's Board of Education. These presentations will be public (and publicly agendized) and will complement transparency established through data dashboards (see Directive 21, Table 17) and the knowledge management system described below.

Although there exist other actions in this plan related to developing, improving, and using systems to ensure consistency with critical policies, practices, and programs, there are additional actions needed to shore up communications and communications structures to ensure accessibility to information. To advance transparency and to enable public engagement with the progress being made toward the terms of the settlement agreement, the public must have ready access to up-to-date information and knowledge. To this end, SCUSD will define, develop, and ensure dedicated resources for a knowledge management effort that ensures proactive systems for accessing essential information (policies, procedures, essential and disaggregated data) pertaining to the settlement.

Furthermore, to ensure the district adequately resources the effort to meet the terms of the settlement agreement, SCUSD will need to assign dedicated personnel to the work. As with other recommendations, this is not about adding numbers of staff

with general oversight but rather adding or repurposing staff to dedicated work that is not reprioritized based on competing efforts. To be approved by the IM, the district must design a plan and secure and allocate dedicated resources for the plan to ensure that additional supports are not deprioritized as competing efforts arise. At the very minimum, this support must have dedicated hours and responsibilities and be competent in data systems and facilitation.

Actions listed in the table below require the district to create conditions that will enable the IM to keep the board and community apprised of progress toward accomplishing action plan deliverables and targets. Namely, the district must create centralized knowledge and data access and sufficiently resource and staff efforts to carry out the action plan. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions. The aim of these actions is to affect the following measurable targets within the timeframes indicated:

**MM.** *By the end of each fiscal year (June 30), the IM has made no less than four presentations to the District Board of Education and community, providing updates on action plan implementation and progress.*

**NN.** *By October 1, 2024, SCUSD is sufficiently resourced and staffed to execute the action plan and terms of the settlement agreement.*

Required Actions	Goal(s)	Timeframe	Frequency
<p>1. SCUSD shall formally train IM team representatives, as well as a wider group of district representatives, on the use and integration of data systems (the larger knowledge management system) relevant to the required monitoring. 7. IM will develop and communicate a rubric, finalize an accountability structure (including school leader expectations and evaluation in relation to prioritizing focal populations) and a plan for accountability for those not engaging. ## Directive 20: Utilization of Root Cause Analyses for Foregoing Directives Concerning District’s Ongoing SIG-DISP and MTSS Efforts

*20. Identification and utilization of root cause analyses and reports, where appropriate, for any of the foregoing enumerated items, recognizing the likelihood of overlap on this subject with the District’s ongoing Significant Disproportionality (“SIG-DISP”) and MTSS efforts*

### Baseline Data Findings

Although the planned primary research and data collection (i.e., interviews and focus groups, site visits, etc.) were not executed due to aforementioned barriers, reports on SCUSD’s disproportionality that pre-existed the engagement of SF-CESS as IM e.g., Council of the Great City Schools audit, [Improving Special Education Services in the Sacramento City Unified School District](#); the California Community College Equity Assessment Lab report, [The Capitol of Suspensions](#); [Experts Evaluation Report for Sacramento City School District Special Education, School Discipline, and Implicit Bias](#) (compiled by experts from Sacramento State University, Epoch Education, and University of Oregon); and the California Collaborative for Educational Excellence (CCEE) report, [Systemic Instructional Review](#) provide a fairly consistent set of recommendations. These, as well as insights from other districts engaged in best practices, inform the action items under this directive.

### Actions and Targets

SCUSD has been the topic of a variety of analyses and accompanying reports in the past several years, investigating the root causes of disparity in the district. All of these reports have indicated that the district needs to implement MTSS, as well as anti-bias/cultural proficiency training and/or culturally responsive pedagogy. Actions listed in the table below require the district to implement districtwide MTSS and take other actions listed elsewhere in this action plan and in the aforementioned reports. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions. The aim of these actions is to affect the following measurable targets within the timeframes listed.

**OO.** *By the end of the 2024–25 academic year, MTSS frameworks and PD have been introduced at the first cohort of 25 school sites.*

**PP.** *By the end of the 2025–26 academic year, MTSS frameworks and PD have been introduced at the second cohort of 25 school sites, and the previous cohort is demonstrating high fidelity.*

**QQ.** By the end of the 2026–27 academic year, MTSS frameworks and PD have been introduced at the third cohort of 25 school sites, and the previous two cohorts are demonstrating high fidelity.

**RR.** By the end of 2027–28 academic year, all three cohorts are demonstrating high fidelity in MTSS implementation.

**SS.** By the end of the 2028–29 academic year, all three cohorts are demonstrating high fidelity in MTSS implementation.

Table 16: Utilization of Root Cause Analyses and Overlap with Existing SIG-DISP and MTSS Efforts

Required Actions	Goal(s)	Timeframe	Frequency
<p>1. SCUSD shall review, analyze, and revise/update as needed the following Board policy (policies) and associated ARs corresponding to this specific directive to ensure attention to equitable and just outcomes and consistency and accountability across the district.</p> <ul style="list-style-type: none"> <li>BP &amp; AR 5145.11, Questioning And Apprehension By Law Enforcement (should address accommodations for students with disabilities)</li> </ul> <p>Revised policies must be approved by IM prior to adoption by district.</p>	<p>SCUSD discipline policies emphasize culturally responsive options and alternatives to questioning and apprehension by law enforcement in general and particularly with regard to SWD, Black SWD, and Black students.</p>	<p>Draft - Nov 15, 2024</p> <p>Final - Jan 15, 2025</p>	One time
<p>2. SCUSD shall fully support the development of districtwide implementation of MTSS for behavior intervention (see Appendix I for a sample outline of Behavioral MTSS Action Plan, including options for fidelity measurement). This effort shall be coordinated with the district's ongoing SIG-DISP efforts and shall ensure that SCUSD:</p> <ul style="list-style-type: none"> <li>Develop a clear, consistent, well-resourced system including academic, behavioral, and social-emotional learning in a tiered support system that is implemented consistently across the district.</li> <li>Establish and monitor fidelity measures for MTSS implementation across all sites (see Appendix I for options for fidelity measurement).</li> <li>Provide professional learning to general education teachers, special education</li> </ul>	<p>In keeping with previously established root cause analyses and reports, SCUSD implements MTSS to improve school culture and climate, systematize and improve responses to student need, reduce reliance on exclusionary and restrictive responses, and increase cultural proficiency to improve practice districtwide and reduce disparities.</p>	<p>Starting 2024-2025 school year</p>	Ongoing through 2028-2029 school year

<p>3. SCUSD shall review and revise/update as needed its discipline policies and procedural guidance (see Table 3 pertaining to Directives 1 and 2) and ensure that all site staff and leaders receive professional learning in Child Find obligations and cultural proficiency (see Table 13 pertaining to Directive 17).</p>	<p>Building on previously established root cause analyses/ reports, SCUSD revises its discipline policies to emphasize alternatives to exclusionary discipline to help reduce reliance on ISS, OSS, expulsion, behavior hearings, involuntary and voluntary transfers, and referrals to law enforcement, and provides PD to address racial bias and improper discipline of students with disabilities &amp; Black students.</p>	<p>See Tables 3 and 13</p>	<p>See Tables 3 and 13</p>
<p>4. Principals and Director of Student Hearing and Placement – in collaboration with Instructional Assistant Superintendents (IAS) - shall engage in monthly audits of suspension data to reflect on efforts, impacts, and improvements needed. (Please note these audits are distinct from those listed under Directives 1 and 2 in Table 3, as they are to be conducted by district personnel as part of an internal systematic data quality review.)<sup>12</sup></p> <p><i>For example, regional cohorts meet monthly for 45' with IAS, guided by district lead, to review and sign off on data. Running record of reflections are logged and tracked over time by schools and IM. <sup>12</sup> The Director of Student Hearing and Placement was chosen for this role because the IM team was informed that this department oversees student behavior data and provides school sites with guidance on appropriate responses.

<b>SCUSD shall enable the IM access required to conduct the following monitoring activities:</b>			
5. IM will review monthly updates from SCUSD reporting ongoing SIG-DISP plan and any other implementation plans pertaining to district efforts related to this action plan (MTSS, restorative practices, OMCs, SSTs, revised SpEd evaluation and IEP/504 processes, PD on anti-racism / cultural proficiency / implicit bias, etc.), with guidance from SCUSD regarding overlaps between this action plan and other efforts.	The IM recognizes overlap of extant district efforts with the action plan and coordinates accordingly to avoid duplication of effort.	Oct.15, 2024	One time
6. IM will review district monthly data audits quarterly.	The IM's review will assess the degree to which data are consistently being reported.	Starting end of fall quarter, 2024	Quarterly through 2028-2029 school year

## Directive 21: Establish Reliable Data System(s)

21. *Establishment of a reliable data collection system to track the metrics outlined in Paragraph C.4 of the Settlement Agreement (which reads: “The Independent Monitor’s Action Plan and Final Action Plan described in paragraph D of this Agreement shall include a provision for the development of a reliable data collection system and parameters on the measurement of progress of implementing the Action Plan and, where determined applicable and necessary, any necessary metrics, including baseline metrics, that should be establishments for such measurement.”)*

### Baseline Data Findings

One of the first things reported at an early interview was that SCUSD claims to be “data rich but process poor.” This summation was proven to be true not only through follow-up interviews but through the very process of seeking and reflecting on data to develop an action plan.

Efforts by the IM team to obtain data from the district revealed notable shortcomings in this area. Although there are some process and systems in place for collecting and/or analyzing data, the accessibility, integration, and systemic use of these is inconsistent at best and non-existent at worst across the district. District officials reported that SCUSD does not save its raw data from previous years and relies instead on CalPads reports, thereby thwarting the possibility of multi-year disaggregated analyses. Additionally, the district’s data processes are not transparent to the community.

### Actions and Targets

Seamless and transparent access to data is at the crux of systemic change moving forward. The district records data, as required by the state, but the IM was not able to detect regular usage of data in daily data-driven decision-making. Systems for data management and access (including some level of public access) must be built to increase transparency and accountability. Furthermore, school and district personnel need to learn how to use data to effect desired outcomes—this will require training. SCUSD will create an inquiry and improvement model and related systems to ensure engagement, transparency, accessibility, and accountability with regards to achievement and experience data with a focus on interrupting barriers (root causes) to reaching equitable outcomes. Actions listed in the table below require the district to advance improved data practices, improve data transparency, and build capacity for data-driven decision-making, including staffing and PD. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions. Model must be approved by IM before implementation.

The aim of these actions is to effect the following measurable targets within the timeframes indicated.

**TT.** *Data dashboards are available for public and internal review of SCUSD practices by the end of August 2025.*

**UU.** *By the end of August 2026, 100% of school site administrators have received PD on the use of data to regularly and consistently advance aims named in the settlement agreement and the goals of this action plan.*

Table 17: Establish Reliable Data Systems			
Required Actions	Goal(s)	Timeframe	Frequency
1. SCUSD shall establish a policy or resolution to maintain (i.e., not delete) raw student-level electronic data moving forward to enable multi-year disaggregated analyses of all disciplinary practices, OMCs, SSTs, IEP processes, bullying incidents, and LRE data.	The district increases its capacity for data-driven decision-making, for tracking improvements, maintaining required targets/goals, and for sharing requisite data with the IM.	Adopt Resolution by Aug 19, 2024	One time
2. SCUSD shall identify a central district data person qualified to implement, create, and maintain data systems (including the larger knowledge management system) described in this action plan (potentially the chief information officer or another highly qualified person with sufficient time to commit to required data system actions). This person will serve on the IM Oversight Committee.	The district has a clear accountability structure for the creation, maintenance, and monthly data updates of data systems described in this action plan.	Sep 1, 2024	One time
3. SCUSD shall develop a district committee and establish one electronic knowledge management system for all data and artifacts relevant to this action plan (listed elsewhere in this document), including policies, programs, procedures, and manuals; staff retention; and student-level data (maintaining anonymity of students and teachers), organization charts, and contact information. SCUSD shall commit resources and practices to ensure the data remains up to date and reliable. The knowledge management system must be approved by the IM prior to adoption.	IM is able to access data needed to monitor the district's progress toward the measurable targets named in this action plan (e.g., reduced disparities in the use of discipline, LRE, and bullying).	Final system by Dec 1, 2024	Data updated and made available monthly, quarterly, twice a year, and annually, depending on data type - through 2028-2029 school year  Training to occur at least annually

<p>4. SCUSD shall establish a set of interactive data dashboards for display on the SCUSD website, containing data elements from the settlement agreement. The dashboard shall pull from the above mentioned knowledge management system to include aggregate data on suspension, expulsion, alternatives to suspension, OMCs, supports students receive (e.g., case management, mental health services, restorative practices, etc.), and SWD identification, that also can be disaggregated by student race/ethnicity, grade level, SWD status, primary SWD diagnosis, and EL status. SCUSD shall update dashboards monthly and add dashboards as additional data are monitored.</p> <p>Members of the public and school district may have varying levels of access to underlying information, in compliance with the Family Education Rights and Privacy Act (FERPA).</p> <p>Each data dashboard must be approved by the IM prior to adoption.</p>	<p>The district increases its capacity for data-driven decision-making, for tracking improvements, maintaining required targets/goals, and for sharing requisite data with the IM.</p>	<p>Data dashboard made public Jan 1, 2025</p>	<p>Updated monthly through 2028-2029 school year</p>
<p>5. SCUSD shall provide professional training in</p> <p>(a) data management for discipline data to data managers in district and</p> <p>(b) mandatory professional learning to school administrators and staff on how to utilize data and identify their areas of need.</p>	<p>The district increases its capacity for data-driven decision-making, for tracking improvements, maintaining required targets/goals, and for sharing requisite data with the IM.</p>	<p>Annually by Sept 1</p>	<p>Annually through 2028-2029 school year and as needed</p>
<p>6. SCUSD shall ensure staff are trained in using data, that staff are using data to make decisions, and that data systems are consistent across the district. To that end, the central district data person (named in item 2, above) shall run a monthly usage report to see who in the district is accessing what information, and how often, which will be submitted to the IM.</p>	<p>The district increases its capacity for data-driven decision-making, for tracking improvements, maintaining required targets/goals, and for sharing requisite data with the IM.</p>	<p>Annually by Oct 15</p> <p>Monthly reports</p>	<p>Annually through 2028-2029 school year</p> <p>Monthly through 2028-2029 school year</p>

SCUSD shall enable the IM access required to conduct the following monitoring activities:			
7. IM will meet with the central district data person (named in item 2, above) to monitor district progress and usage of knowledge management system and related dashboards.	The IM is able to measure the district's success in establishing reliable data systems in compliance with the terms of the settlement agreement. The IM is able to measure whether staff know how to access monthly data reports.	Starting Aug 2024	Quarterly through 2028-2029 school year

## Directive 22: Mechanisms for Stakeholder Input on Action Plan Implementation

*22. Mechanisms to gather and incorporate stakeholder input, i.e., students, teachers, classified staff, and parents, in development and implementation of policy and systems changes facilitated by the Action Plan*

### Baseline Data Findings

As a result of interviews with SCUSD staff and parents, the IM team identified that there is a lack of accountability between district and families, insufficient responsiveness to parents/guardians by the district, and too few avenues for meaningful input from parents/guardians, students, and community. Furthermore, the IM has been made aware of multiple examples in which focal students and/or families—and, specifically, plaintiffs—were potentially targeted for retaliation and/or intimidation as a result of advocating for said focal students and families—at times with reference to this very lawsuit and settlement agreement. After interviews and a review of current policies, a need was determined for wider, more specific, and more transparent policies protecting those affected by and/or advocating for focal students named in this lawsuit. These policies and procedures should extend beyond the named focal students and protect any students for whom the data demonstrates marginalization. Additionally, IM team communications with the district have revealed the importance of two-way communication and engagement with union bargaining units to ensure that union-represented stakeholders (e.g., Sacramento City Teachers Association [SCTA], Service Employees International Union, and Sacramento City branch of United Professional Educators representing principals) understand and invest in the terms of the settlement agreement and support the implementation of the action plan.

### Actions and Targets

An essential component in developing this action plan has been the inclusion of and support for diverse engagement and representation—especially plaintiffs and their representatives. Any and all efforts moving forward must have a plan for such inclusion. This will start with formalizing task forces and/or committees with diverse representation and shared leadership.

Actions in the table below require that the district ensure ample opportunity for meaningful input from stakeholders, including parents/guardians, students, teachers, and school and district staff; enable students, teachers, classified staff, and parents to meaningfully provide input without fear of retaliation; design, organize, and empower a set of task forces and/or committees; develop their leadership, knowledge, skill, and capacity in order to maintain a transparent process of oversight

and monitoring moving forward; and put in place some basic measures to increase transparency and information accessibility to families. The district is also required to allow the IM team access to data, school sites, and personnel as needed to perform the various monitoring activities listed in the table, designed to improve data quality and measure successful implementation of actions.

The aim of these actions is to effect the following measurable targets within the timeframes indicated.

**VV.** *Every year, majorities of students, parents/families, and SCUSD staff responding to surveys indicate that they are aware of ways to contribute meaningfully (and without fear of reprisals) to policy and system changes related to the settlement agreement and this action plan.*

Table 18: Stakeholder Input on Implementation of Action Plan			
Required Actions	Goal(s)	Timeframe	Frequency
<p>1. SCUSD shall develop a model for diverse representation and shared leadership for ongoing oversight and monitoring. The model must include representation from parents/guardians, students, teachers, and school and district staff (including union representation as necessary to advance the work). The model shall include IM committees/ subcommittees or bodies<sup>13</sup> to address and monitor:</p> <ul style="list-style-type: none"> <li>▪ Oversight Committee (district and site based) responsible for DBI/CI cycles</li> <li>▪ District anti-racist/cultural proficiency PD;</li> <li>▪ Policy and procedural revision</li> <li>▪ Communications</li> </ul> <p>This plan must be reviewed and approved by IM prior to implementation.</p>	<p>District community stakeholders are directly involved in the leadership and implementation of policy and systems changes named in this action plan.</p>	<p>Design/plan by Sep 15, 2024 (including job description, calendars, seats);</p> <p>Final plan by Oct 15, 2024, Committees launched by Nov 15, 2024</p>	<p>Committees meet monthly through 2028-2029 school year</p>

<sup>13</sup> These bodies will contribute to board and public reporting listed under Directive 19, Table 15; the district may leverage existing groups/bodies for this engagement, for example, including members of the SCTA's Special Education and Inclusionary Practices Workgroup.

<p>2. The Oversight Committee will commit time or delegate to a subcommittee time to review, discuss, and provide input about new decisions and designs that include but are not limited to new programs, roles, and responsibilities.</p> <p>The Oversight Committee will oversee the following IM subcommittees:</p> <ul style="list-style-type: none"> <li>▪ Cultural proficiency</li> <li>▪ Policy and procedures</li> <li>▪ Disproportionality</li> <li>▪ Data and communications</li> </ul>	<p>District community stakeholders are directly involved in the leadership and implementation of policy and systems changes named in this action plan.</p>	<p>August 19, 2024</p>	<p>Weekly meetings through 2028-2029 school year</p>
<p>3. SCUSD shall prioritize action plan requirements consistently in negotiations with labor partners to ensure that there are no labor-related impediments to executing the plan as written. The district shall, furthermore, work with the SCTA to clarify and update labor contract language pertaining to “changes in work conditions” to ensure a greater level of specificity in order to remove barriers to the execution of this action plan.</p>	<p>The district is able to carry out the action plan without labor-related impediments.</p>	<p>Starting 2024-2025 school year</p>	<p>Ongoing monthly report out through 2028-2029 school year</p>

Because the action plan crosses multiple departments, the Superintendent shall designate and ensure participation by a district team with sufficient responsibility and resources to serve on the IM’s Oversight Committee (and by extension cultural proficiency; policies, practices, and procedures; and disproportionality subcommittees) to coordinate and communicate the implementation of the action plan with fidelity, in accordance with the settlement agreement, and in relationship to the monitoring activities of the IM.</p> <p>Team members who are SCUSD employees will be released from responsibilities to be provided time to serve on the Oversight Committee.</p> <p>This team will report progress to the Superintendent and IM at least monthly.</p> <p>Minimally, the district team will consist of,</p>	<p>High-level district personnel, along with parent / family representation, hold responsibility for the implementation of the action plan.</p> <p>The Oversight Committee meets frequently to ensure required actions are executed as planned.</p> <p>Monitoring tools evolve with use and feedback. <p>5. SCUSD shall, with representatives of the BPSB, review and develop or improve, and put into action board and district policies for an annual communication plan inclusive of all affected parties in the settlement (staff, students, and families) to:</p> <ul style="list-style-type: none"> <li>▪ Communicate and demonstrate a commitment to protecting the education and employment of those who (within the parameters of the law) advocate to interrupt the marginalization of students and families, and</li> <li>▪ Include a detailed procedure and identified personnel to facilitate complaints and /or reports of intimidation or retaliation related to advocating for marginalized focal students. These procedures should include, minimally, access to an agreed upon, neutral investigator, transparent reporting, and an appeal process.</li> </ul> <p>These policies and procedures must be approved by IM prior to adoption by district.</p>	<p>All members of the SCUSD community are able to advocate without fear of reprisal.</p>	<p>Draft for Approval – Nov 15, 2024</p> <p>First Reading – January 15, 2025</p> <p>Adoption – March 15, 2025</p>	<p>Annually through 2028-2029</p>

<sup>14</sup> Given changes to SCUSD's organizational chart, titles are approximate. SCUSD may substitute, with approval from the IM, other positions as long as they align with the following rationales for including the listed positions: Assistant Superintendent for Special Education as lead because of role in district's special education practices; MTSS Director because of role in implementing MTSS, a key activity within the plan; Executive Director LCAP/Director Strategy & Continuous Improvement because effective improvement teams need a strong data strategist and this role will provide data expertise to direct improvement efforts and for understanding data within the system; Project Manager as administrative support to the project; Data Analyst to provide the necessary data to inform team decision-making; and Chief Human Resources Officer due to the various hiring, retention, and labor-related actions in this plan.

6.	<p>SCUSD shall commit staff and resources to a comprehensive effort to remove systemic barriers and form/ co-construct and develop of a coalition of internal and external partners to engage in ongoing and regular family advocacy (including policy and program creation). These partners must inform and partake in efforts to educate school staff and train and organize family members to collaborate in five essential roles families play in accelerating student learning (as described in <a href="#">Flamboyant Foundation, 2022</a>, included in Appendix K). Potential partners, in addition to the plaintiffs (BPSB, families of students with disabilities, Black students, and Black students with disabilities), may also include partners such as <a href="#">Parent Teacher Home Visits</a>, <a href="#">Parent Institute for Quality Education</a>, and <a href="#">Education Civil Rights Now</a>.</p> <p>This plan to be co-constructed with plaintiffs and must be approved by the IM with input from plaintiffs before adoption.</p>	Community partners have a voice in district policy and program creation, and authentic family engagement is institutionalized throughout the district. ## CONCLUSION

In sum, the actions listed in this plan all fall within the following categories:

- Additional Data Collection/Condition-Setting Actions
- Policy and Procedures
- Staffing
- Professional Development/Training
- Data Infrastructure and Use
- Task Forces and Committees

Over the past few months, the IM has encountered various and significant barriers in conducting a thorough data-based assessment. The IM therefore requires that SCUSD promptly provide access to the additional data needs described in this plan. This data must be received immediately, or as described in the timeframes listed, to ensure effective monitoring. There are a number of other actions in this plan whose timeline is urgent as well, including policy reviews and revisions.

## APPENDIX A. ACTION PLAN BACKGROUND<sup>15</sup>

### Lawsuit and 22 Directives

On September 5, 2019, the Black Parallel School Board (BPSB) and three students in the Sacramento City Unified School District (SCUSD) filed suit in the U.S. District Court for the Eastern District of California, naming SCUSD and a selection of its officers under Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act (ADA), 42 U.S.C. § 1983, Title VI of the Civil Rights Act of 1964 (Title VI), and state law. The class action case, [Black Parallel School Board v. Sacramento City Unified School District \(2:19-cv-01768\)](#) concerned discrimination based upon disability and race, calling out special education practices and student discipline with an emphasis on Black students with disabilities. Represented by Disability Rights California, the National Center for Youth Law, Western Center on Law & Poverty, and the Equal Justice Society, the plaintiffs sought injunctive and declaratory relief, as well as attorneys' fees. Specifically, plaintiffs petitioned the court to order SCUSD to reform its policies and procedures to identify, offer, and provide accommodations and modifications to all eligible students, claiming that SCUSD's practices and system resulted in segregation and mistreatment of students with disabilities, particularly Black students with disabilities. The plaintiffs further alleged, among other things, that:

- Students with disabilities faced excessive and exclusionary discipline;
- Students with disabilities did not receive accommodations that would allow them to participate in equal education opportunities (in violation of the ADA and the Rehabilitation Act);
- Half of students with disabilities were segregated into separate classrooms (equivalent to a status-based denial of equal education in violation of the Fourteenth Amendment);
- Black students with disabilities were 2.8 times more likely to face suspension than other students with disabilities; and
- Black students with disabilities faced a racially hostile environment (in violation of Title VI of the Civil Rights Act and California Government Code Section 11135).

In May 2023, all parties agreed to a set of terms articulated in a comprehensive [settlement agreement](#) requiring that an independent monitor (IM) create an action

---

<sup>15</sup> It should be noted that defendants have questioned the relevance of including this background information in the action plan. The IM has opted to include it, as this background illustrates potential barriers to the effective and expeditious implementation of this action plan. Much of the work needed to address the settlement agreement is intertwined with addressing and removing systemic barriers named in this section.

plan to achieve 22 *directives* spelled out in the settlement agreement and evaluate compliance with the action plan over the ensuing five years. The terms included, among other things, a substantial reduction in disciplinary referrals of students with disabilities and Black students with disabilities, substantially more integrated classrooms for students with disabilities and Black students with disabilities, systems to prevent and remediate the bullying of students with disabilities and Black students with disabilities, legally compliant special education assessments, and the creation of best practices for the processes and issues regarding Individualized Education Programs (IEPs).

The lawsuit, settlement agreement, and this action plan are all informed by, among other things, the following independent data analyses and reports:

- Council of the Great City Schools audit, [Improving Special Education Services in the Sacramento City Unified School District](#);
- The California Community College Equity Assessment Lab report, [The Capitol of Suspensions](#);
- [Experts Evaluation Report for Sacramento City School District Special Education, School Discipline, and Implicit Bias](#) (compiled by experts from Sacramento State University, Epoch Education, and the University of Oregon); and The California Collaborative for Educational Excellence (CCEE) report, [Systemic Instructional Review](#).

It should be noted that the required actions set forth in this action plan are by and large consistent with recommendations made in the aforementioned reports.

## Independent Monitor Role

San Francisco Coalition of Essential Small Schools (SF-CESS) was named as the IM in July 2023. In this role, SF-CESS is tasked with writing an action plan that includes steps intended to achieve the 22 directives, alongside specific measurable time-bound targets, assuming the IM finds that such steps are not already in place and/or such outcomes have not already been achieved. To this end, the IM's first tasks were to conduct an assessment using district data and primary qualitative data collection (interviews and focus groups); to update data findings that prompted the lawsuit and settlement; and to inventory the district's existing programs, assets, and capacity to achieve the 22 directives. Notably, the settlement agreement stipulates that:

*[T]he Independent Monitor and any retained personnel by the Independent Monitor shall be entitled to access to all District records and data, including student records, except for materials protected by the attorney-client privilege or attorney work product doctrine from either Party. The Independent Monitor and any retained personnel by the Independent Monitor shall have access to District premises, including to observe classroom instruction and speak with District staff, as necessary to perform the*

*Independent Monitor's duties under this Agreement and subject to procedures required by the District of visitors to District premises...in keeping with the Family Education Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g, 34 C.F.R. Part 99, Education Code section 49060 et seq., and similar state laws.*

## Progress and Barriers Encountered

During the IM's assessment process, SCUSD leaders continually expressed alignment with the goals of this settlement and a strong will and desire to advance the effort. The IM has received several sets of quantitative data pertaining to special education and discipline and has been given access to a single district official through whom all requests are being funneled. However, systemic barriers (bureaucracy, communication culture, data collection, data use, norms, politics, protocols, etc.) persist in preventing effective and timely execution of essential work and the creation of conditions necessary to meet the goals of the settlement.

For example, several data requests are still outstanding. And the district has not facilitated IM team access to schools for the purpose of gathering input, feedback, and other forms of qualitative data related to each school's and SCUSD's cultural proficiency level.

Furthermore, after much collaboration and planning, a community launch was delayed from November and scheduled for December 7, 2023, to ensure more attendance and representative teams from all schools. While the efforts led to a large representation of BPSB community members and significant attendance from SCUSD central office, fewer than 10 school representatives (three of whom were school administrators) from only 6 of the 75 schools attended. Those in attendance stated that communication and scheduling conflicts were the main reasons for the low attendance and noted that the invitation had gone out three days prior to the event.

One of the agenda-supported goals for this meeting was to gather data from every school team related to SCUSD's reported efforts that have been taken in response to the settlement. The topics were:

1. Board Certified Behavior Analysts (BCBA)
2. Anti-Bias/ Anti-Racism Professional Development
3. De-Escalation Efforts
4. Policies & Procedures

As a result of the poor attendance by school site personnel, the IM made a request for feedback virtually after the meeting—even from those in attendance. No feedback has been received. The IM was able to hold informal meetings with some school representatives, which revealed varied and uneven practices regarding each of the above listed topics. The most consistent finding from these conversations was that

most of these efforts were neither required nor executed with fidelity and consistency across all sites.

The only effort that was executed across all sites was the anti-bias PD for principals. This effort was seen as positive, but it did not necessarily trickle down to sites in a formal manner or in PD for school staff. In addition, it was reported that the primary vendor of this work changed this year for unknown reasons with less than positive results.

Around December 2023, the IM requested access to principals via principal meetings—specifically requesting that principals hold 30 minutes per month to accelerate communications. This request was met with what may be considered reasonable and standard bureaucracy of scheduling, permissions, communication, etc. The result, however, was an additional delay.

The IM’s attempts to gather these data have continually been stalled based on what seems to be a larger district culture that translates to impediments in accomplishing these data-gathering efforts. This culture has manifested in a number of ways, including those stated above, as well as a lack of shared understanding of the importance of qualitative and observational data. Additionally, and uniquely for the IM’s requirement to access schools, there was a dynamic by which permission was perceived as needed to conduct these efforts (i.e., from unions or the superintendent), leading to many behind-the-scenes negotiations and further delays. The IM engaged in these conversations because it is an important condition to create buy-in to facilitate and expedite progress, but at some point, this effort became ineffective.

The barriers to access have proven formidable and are in direct conflict with the terms of the settlement agreement, which clearly state that the IM is to have access to data, premises, and personnel, in compliance with FERPA and related laws. Currently, the IM has concluded that the lack of results and poor access to data are in themselves data findings. These findings indicate a need for high-level district personnel to take ownership of the settlement agreement and respond promptly and comprehensively to IM requests for access.

	<b>November 20 and December 1</b> SF-CESS visit to SCUSD to gather data—meeting with SELPA director, but no other district executives available to meet; SCUSD LCAP Interim Director, Strategy & Continuous Improvement, Dr. Eldredge, indicates that communication <u>cannot</u> go through him.
	<b>December 7</b> In-person community meeting held to orient school administrators to the work; notice sent three days before event, so event was attended by three school administrators, some central office personnel, parents, and students; 116 invited, 35 attended.
2024	<b>December 2023–February 2024</b> SF-CESS submits specific data requests to SCUSD.

**January–March** Data extracts and policies received and analyzed by IM team, some data requests never fulfilled; action planning conducted nevertheless.

## Subcommittees

The actions delineated in this action plan were assembled by the following three subcommittees, each of which comprises members of the IM team with specific expertise in the relevant subcommittee areas of focus along with members of the plaintiff group/counsel (district staff were invited but had little to no participation in subcommittees):

**Disproportionality in Special Education and Discipline Subcommittee:** Responsible for analyzing special education and discipline data toward the identification of actions and targets for Directives 1–10, 12, 13, and 14.

**Systems & Structures Subcommittee:** Responsible for reviewing district policies, procedures, and practice manuals toward the identification of actions and targets for Directives 11, 15, 16, 18, 20, 21, and 22.

**Cultural Proficiency Subcommittee:** Responsible for collecting data on cultural proficiency through a Cultural Proficiency Self-Assessment survey, Equity Walks, focus groups, and interviews, toward the identification of actions and targets for Directives 17 and 19.

## Theory of Change

In its capacity as IM, SF-CESS recognizes that meeting the mandates of the settlement agreement will require not only that SCUSD change a number of its policies, procedures, and practices but also that it undergoes an organizational and cultural transformation. The theory of change underpinning this transformation corresponds to the [SF-CESS Cultural Proficiency Rubric](#) (Appendix F) according to which schools and school districts move from Cultural Blindness, to Cultural Pre-Competence, to Cultural Competence, and eventually to Cultural Proficiency along the following five domains:

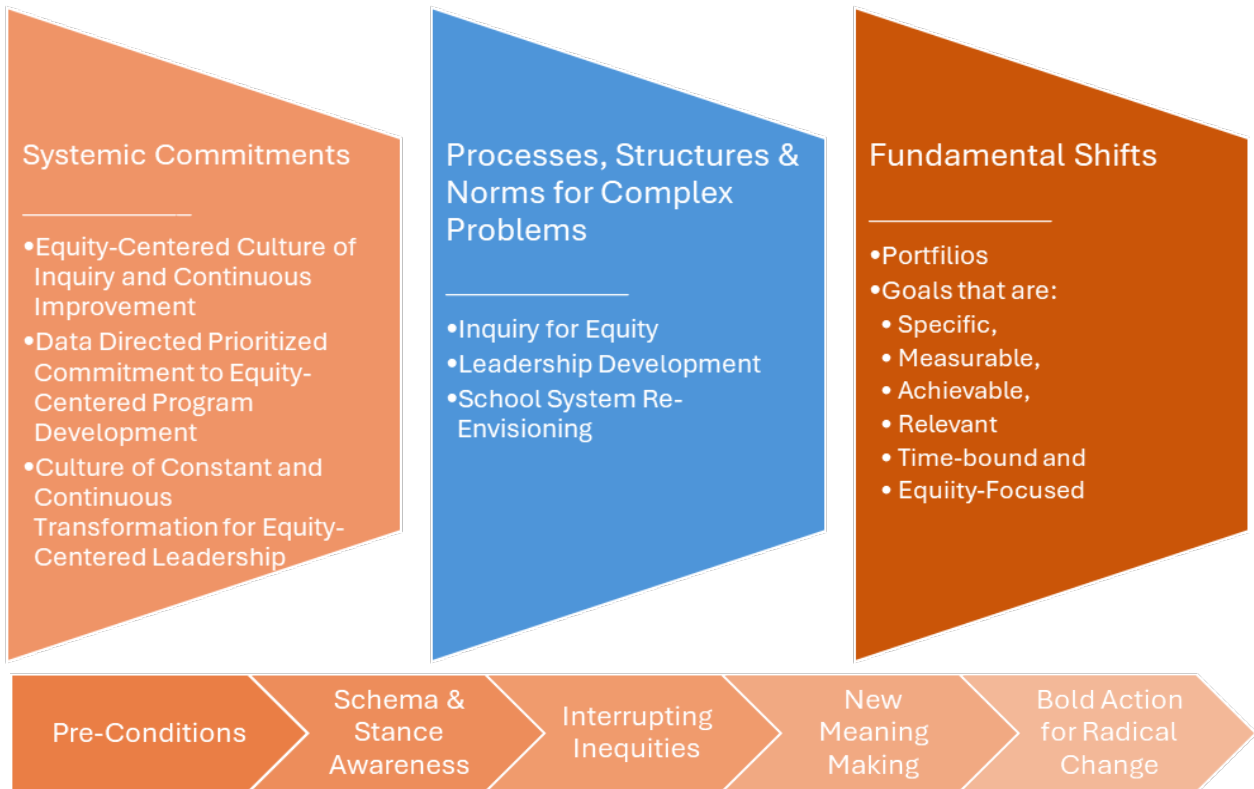

- Acceptance and Respect for Differences;
- Attention to Dynamics Across Difference;
- Continuous Expansion of Cultural Knowledge and Resources;
- Adaptation of One’s Values and Behaviors and an Organization’s Policies and Practices; and

- Ongoing Assessment of One's Own and the Organization's Culture

With the ultimate aim of achieving a Culture of Inquiry for Equity, the SF-CESS model leads educational organizations through a multi-stage process, beginning with pre-conditions for change and culminating in bold action for radical change. The drivers of this change are commitments made throughout the system toward:

- ➔ Equity-Centered Culture of Inquiry and Continuous Improvement
- ➔ Data-Directed, Prioritized Commitment to Equity-Centered Program Development
- ➔ Culture of Constant and Continuous Transformation for Equity-Centered Leadership

## Aim: Culture of Inquiry for Equity

## APPENDIX D. DISCIPLINE POLICY RECOMMENDATIONS

The SCUSD Board Policies should align with cited state and federal law for the education of students with disabilities. Upon review of the SCUSD Board Policies regarding discipline and behavior intervention for students with disabilities, we recommend the following policy changes:

### Overall Changes

- Create a Special Education Policy and Procedures Guide inclusive of all policies relevant to special education services and students with disabilities. By housing these policies in one guiding document, students, families, and staff will have easier access to relevant information.
- Translate Special Education Policy and Procedures Guide into approachable language for parents and students. The current policies contain legal jargon drawn nearly entirely from state code. The Policy and Procedures Guide should contain section summaries in approachable language.

### Behavioral Intervention for Students with Disabilities

- Include an understanding of *why* a behavior is occurring as part of a behavior intervention and support plans. Consider including this language from the [Los Angeles Unified School District Special Education Policies and Procedures Manual](#) (2007):
  - Behavior Support Plans should focus on understanding ‘why’ the behavior occurred (i.e. ‘the function’ or ‘communicative intent’) then focus on teaching an alternative behavior that meets the student’s need in a more acceptable way. This includes making “instructional and environmental changes, providing reinforcement, reactive strategies and effective communication.” (Diana Browning Wright, Behavior/Discipline Trainings, 2003)
- Include defined levels of behavior support and intervention. Consider including this language from the LAUSD manual:
  - The structures for addressing student behaviors and creating positive, safe environments for students fall within three levels. Each level includes supports that enable students to access the curriculum and the social environment of the school setting. The levels are:
    - **Universal:** Includes social skills training; positive, proactive discipline; teaching school behavior expectations; active supervision and monitoring; positive reinforcement systems; firm, fair, and corrective discipline; peer supports. There is an emphasis on teamwork and collaboration. Assessment may include data collection resulting in group support systems.
    - **Selected:** Includes all supports at the “Universal” level plus individualized social skills training; self-management programs; Behavior Support Plans (BSP); parent/family training and collaboration; adult mentors; increased academic support. Assessment may include individualized data collection, observations and interviews, FBA resulting in individual Behavior Support Plans with consistent implementation plans within collaborative teams.

- Targeted: Includes all supports at the “Universal” and “Selected” levels plus intensive social skills training; individualized support plans; parent/ family training and collaboration; multi-agency collaboration (wrap-around) services. Assessment includes individualized data collection, observations and interviews, Functional Analysis Assessment (FAA) which may result in a Behavior Intervention Plan (BIP) or a Behavior Support Plan (BSP).
- Amend the list of interventions prohibited in a behavior emergency to specifically prohibit prone containment. The current policy allows for prone containment. Consider this language from the LAUSD manual, which lists this as a prohibited intervention:
  - Simultaneously immobilize all four extremities, including the procedure known as prone containment

### **Suspension and Expulsion for Students with Disabilities**

- Include a clause discouraging the use of suspension. Consider this language from the LAUSD manual:
  - Federal and State laws generally require schools to be proactive and to implement interventions at the earliest sign that a student’s behavior is impeding his/her ability to learn. Students who receive special education services may be suspended *only* when other means of correction have failed to bring about proper conduct. Out of school suspension typically has little relationship to the misconduct and does not support behavioral change.
- Include a section describing appropriate alternatives to suspensions. Consider this language from the LAUSD manual:
  - Discipline is to be used instructionally and while the use of alternatives to suspension includes the use of consequences, the emphasis must be placed on what the student needs to learn in order to avoid future misconduct. The appropriate means of correction may include community service, required mini-courses on conflict resolution, anger management, etc. Change in student behavior is typically supported by a Behavior Support Plan or Behavior Intervention Plan. Homeroom may be used to provide opportunities to learn necessary skills proactively as can after- school detention, where learning activities can be matched to misconduct. Reactive strategies such as de-briefing and de-escalating anger and aggression are both excellent ways to change student behavior. Utilizing in-classroom supports such as buddies can change classroom behavior by providing appropriate peer models. Using a whole school approach that includes mentoring adds a team approach to positive behavior support, helping to change a student’s reputation who has been having a difficult time with behavior over a long period and to support the student in getting re-engaged in the learning community. As a system, schools are encouraged to use a Coordination of Services Team (COST) to match the student to appropriate services, etc. and to use Student Success Team (SST) to identify recommendations. After school detention or Saturday School may be used to provide consequences to students without loss of instructional time.
  - In-School Suspension alternatives are to be used whenever possible as long as the student with disabilities continues to receive services according to his/her IEP.

- Include specific criteria and relevant actions according to the frequency and duration of suspension. Consider this language from the LAUSD manual:
  - **First Suspension:** Whenever a student receiving special education services engages in conduct that results in out of school suspension, a Disciplinary Review Team (DRT) meeting must be convened immediately upon the student's return to school to review the incident and to address the concerns regarding the student. The DRT should, at minimum, include a Dean or counselor, teacher, administrator, an individual with knowledge about positive behavior support strategies, and the parent/ guardian. The team should evaluate the severity of the misconduct and determine whether:
    1. There are interventions that can be used to address the behavior that do not require an IEP team meeting;
    2. The team needs to modify the implementation of the student's current Behavior Support Plan or Behavior Intervention Plan; and if so,
    3. An IEP team meeting should be held to:
      - a. Review the student's current instructional program.
      - b. Develop or revise a Behavior Support Plan to address the behaviors relating to the misconduct.
      - c. Revise the current Behavior Intervention Plan, as needed, to prevent recurrence of the misconduct.

**Note:** All requirements for parent [or guardian] notification and participation in the IEP meeting must be followed.
  - **Second Suspension: Following misconduct that results in a second suspension, the Dean or other certificated staff member in charge of discipline will:**
    1. Upon the student's return, immediately schedule an IEP meeting to review the student's instructional program in addition to considering any assessments that must be done to identify the function of the student's behavior and /or to develop, review, or modify the Behavior Support Plan or Behavior Intervention Plan. The IEP is to identify other interventions as appropriate to prevent a recurrence of the misconduct.
    2. Gather pertinent information from the Disciplinary Review Team (DRT).
  - **Five or More Days of Suspension: Five or more days of suspension is a serious indicator that the student continues to struggle with behavior that impedes learning. If the student's suspensions reach eight (8) cumulative days of suspension, an IEP team must meet to do the following:**
    1. Discuss the misconduct(s) and the relationship between the misconduct and the student's disability.
    2. Review any behavioral assessments that have been conducted about this student. If the student's behavior is serious and the student does not have a Functional Analysis Assessment (FAA), consult with the Behavior Intervention Case Manager (BICM) to determine whether an FAA should be conducted. (See Bulletin H-50 Rev.). **Note:** If the IEP team determines that an FAA is needed, an assessment plan must be completed and approved by the parent; an FAA must be conducted by a Behavior

Intervention Case Manager (BICM); and an IEP team meeting must be held to consider the FAA and recommendations (see Bulletin H50 Rev.).

- a. FAA Review the student's current IEP, including the Behavior Support Plan (BSP) or Behavior Intervention Plan (BIP) and its implementation, and make any modifications necessary, to determine whether or not it continues to be an appropriate offer of FAPE (see Appendix A, *Determining Placement in the Least Restrictive Environment*, p 181 from the [Los Angeles Unified School District Special Education Policies and Procedures Manual](#) (2007)).
  - b. The maximum number of days a student with disabilities can be suspended **shall not exceed 10 cumulative days** in a school year, [sic] On day 11, if not before, the student must return to the school site, an IEP meeting is held to determine appropriate services. Informal suspension, whereby a parent [or guardian] is advised to keep a student at home, is prohibited.
- Include criteria prohibiting expulsion if the student's behavior was the result of the district's failure to implement their IEP. Consider language from the LAUSD manual:
    - A student with a disability who receives special education services and is being considered for expulsion is required to have a manifestation determination (pre-expulsion) IEP, and can only be expelled if the alleged misconduct of the student meets the District's criteria for expulsion, and:
      1. The conduct in question was not caused by, and did not have a direct and substantial relationship to, the student's disability; and
      2. The conduct in question was not the direct result of the District's failure to implement the IEP.
  - Include required actions that must be taken if it is determined that the student's behavior is a manifestation of their disability. Consider language from the LAUSD manual:
    - [If the] IEP team determines that the alleged misconduct is a manifestation of the disability
      1. The expulsion process should not proceed.
      2. The IEP team should discuss and document appropriate steps (including changes to the IEP supports, modifications, services, aids and placement) to address the student's conduct and the student's IEP, and the Behavior Support Plan, should be amended appropriately.
      3. Requests for further assessments should also be made if the IEP team deems it appropriate.
      4. Contact the Special Education Support Unit or Student Discipline Proceedings Unit for guidance on follow-up actions.

## APPENDIX I. BEHAVIOR MTSS ACTION PLAN

This document outlines an implementation plan for an MTSS approach to supporting and responding to student behavior. In Year 0, the 2023–2024 school year, SCUSD will convene the MTSS Planning Group (including teachers, principals, union leadership, and district office staff who are deemed relevant to MTSS) that reports to the Oversight Committee to outline the MTSS procedure and supports and determine demonstration schools. In Year 1, the 2024–2025 school year, SCUSD will pilot the MTSS approach in selected demonstrated schools and engage in continuous improvement to identify strengths and challenges in the implementation process. Based on this feedback, in Year 2, the 2025–2026 school year, SCUSD will implement the MTSS approach in the rest of its constituent schools and engage in fidelity assessments. Beyond Year 2, SCUSD will continue to improve the MTSS approach based on feedback from staff, students, and parents and engage in evaluation to understand outcomes for students, especially Black students and students with disabilities.
