

# SACRAMENTO CITY UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION

Agenda Item # 12.1

**Meeting Date:** November 7, 2013

**Subject:** Business and Financial Information

- Information Item Only
- Approval on Consent Agenda
- Conference (for discussion only)
- Conference/First Reading (Action Anticipated: \_\_\_\_\_)
- Conference/Action
- Action
- Public Hearing

**Division:** Business Services

**Recommendation:** Receive business and financial information.

**Background/Rationale:**

- Enrollment and Attendance Report for Month 1 Ending September 27, 2013
- Purchase Order Board Report for the Period of September 15, 2013 through October 14, 2013

**Financial Considerations:** Reflects standard business information.

**Documents Attached:**

1. Enrollment and Attendance Report for Month 1 Ending September 27, 2013
- 2a. Executive Summary: Purchase Order Board Report for the Period of September 15, 2013 through October 14, 2013
- 2b. Purchase Order Board Report for the Period of September 15, 2013 through October 14, 2013

**Estimated Time:** N/A

**Submitted by:** Ken A. Forrest, Chief Business Officer

**Approved by:** Jonathan P. Raymond, Superintendent

# Board of Education Executive Summary

## Business Services

Purchase Order Board Report for the Period of  
September 15, 2013 through October 14, 2013  
November 7, 2013

### I. OVERVIEW/HISTORY:

At the April 25, 2011 Board meeting, staff proposed providing a report comparable to one provided by member Rodriguez from the Hawthorne School District at the April 7, 2011 Board meeting. This particular report is generated from the district's on-line finance/human resources system, called "Escape On-Line."

Staff will provide this system-generated report at the first Board meeting of every month. The report will provide information from the 15<sup>th</sup> through the 14<sup>th</sup> of the month.

While this report was discussed during the presentations around contracts, the report provides information on purchases – including supplies – that require the generation of a purchase order. A purchase order is created when a school site or department requests a product or service that requires an outside purchase.

At the bottom of the system generated report, there is a statement that reads in part, "It is recommended that the preceding Purchase Orders be approved and that payment be authorized upon delivery and acceptance of the items ordered." This report is brought before the Board as an information item only and does not require Board approval. As discussed at the April 25, 2011 Board meeting, staff will continue to present contracts (along with a copy of the contract) above the Public Contract Code limit in the Consent Agenda portion of the regular Board meeting agenda. Board approval for Purchase Orders and contracts below the Public Contract Code limit will continue to come before the Board for approval as currently presented.

### II. DRIVING GOVERNANCE:

- Education Code Section 17605 states, "The governing board by majority vote may adopt a rule, delegating to any officer or employee of the district as the board may designate, the authority to purchase supplies, materials, apparatus, equipment and services. No rule shall authorize any officer or employee to make any purchases involving an expenditure by the district in excess of the amount specified by Section 20111 of the Public Contract Code. The rule shall prescribe the limits of the delegation as to time, money and subject matter."
- Board Policy 3312 states, "All purchases shall be made by formal contract or purchase orders, or shall be accompanied by a receipt."

## Board of Education Executive Summary

### Business Services

Purchase Order Board Report for the Period of  
September 15, 2013 through October 14, 2013  
November 7, 2013

### III. BUDGET:

The report itself is first sorted by Purchase Order (PO) type and number. The first column identifies the PO number. The number thirteen in the PO Number column identifies the fiscal year as 2012-13. The following describes the different types of codes used for identifying the type of requisition.

- B13 = Blanket Order – used when multiple purchases or payments are made to the same vendor. Thirteen (13) identifies the fiscal year as 2012-13.
- CHB = Charge Back Blanket Order – used to reimburse district master purchase accounts, for example such as charging school sites/departments for the district copier rental program.
- CS = Contract Services – used for professional, personal or consulting services.
- J = Just-In-Time – used for supply purchases with specific vendors, for example, Office Depot. Items are ordered through a catalog and delivered to school sites/departments within 24 hours. Catalog items are restricted.
- P = Purchase Orders – unless identified elsewhere, these are regular purchase orders for outside vendors/purchases.
- TB = Textbook Orders – this PO type was established to make sure staff could easily identify textbook orders so they were approved and ordered quickly to ensure students had textbooks by the start of school.
- N = Non-Public Schools – used for Special Education Non-Public School contracts.

The next column in the report is Vendor Name. This is the vendor name on file to whom we make payments based on the requisition and final approvals.

Following the vendor name is the Description. This information comes directly from the “Comment” line on the requisition. It is filled out by the person at the school site/department that is creating the requisition. Staff will be communicating with those that create requisitions to make sure no confidential information is included now that this report is a public document. Staff will also work to ensure that the description is as complete as possible.

## Board of Education Executive Summary

### Business Services

Purchase Order Board Report for the Period of  
September 15, 2013 through October 14, 2013  
November 7, 2013

The Location column indicates the location of the originator of the requisition. It may be a school site or department but indicates who has ordered the particular item.

The Fund column indicates the primary source of funding. For example, Fund 01 is the General Fund. It is important to note that the General Fund does not necessarily mean "unrestricted funds." Categorical funds such as Title I, Economic Impact Aid and Special Education are accounted for in the General Fund. Further in the report on page 30, there is a summary that shows the fund number and name of that particular fund.

Finally, the report shows the Account Amount. This is the amount of the particular requisition or order when the PO is generated.

Beginning on page 31 of the attached report, there are PO Changes. These are purchase orders that were generated and have had changes to the amount by increasing or decreasing the PO. There are many reasons that a PO may need to be increased or decreased. Unknown price increases or something as simple as the addition of tax and shipping may create an increase to a PO. Frequently, blanket orders are set up for an estimated amount and may be decreased throughout the year. Decreases are noted as a negative number in the report.

#### **IV. Goals, Objectives and Measures:**

Promote transparency by providing additional information to the Board and public on expenditures made by the district throughout the year.

#### **V. Major Initiatives:**

Use information as a guide to ensure continuous improvement.

#### **VI. Results:**

The attached information provides further transparency.

#### **VII. Lessons Learned/Next Steps:**

Provide report monthly.
