Subject: Letter of Acceptance – Safe Routes to School for All

Dear Ms. Willmon:

On behalf of Sacramento City Unified School District (SCUSD), I am pleased to accept the California Air Resources Board grant award of \$500,000 to implement the Safe Routes to School for All project. This grant will require approval at an upcoming SCUSD Board meeting before signing a Grant Agreement.

To support the project with our grant partners, Civic Thread and United Latinos, SCUSD will contribute \$19,500 in staff time as a resource match over the two-year grant period.

The overarching goal of the Safe Routes to School for All project is to increase transportation equity by way of enhanced mobility access and safe routes to schools in our highest need school neighborhoods in South Sacramento through a community-led planning and capacity-building process. The community priorities and identified solutions will be documented in the Community Transportation Needs Assessment. The Safe Routes to School project will encompass a 1-2-mile radius surrounding up to 15 Title I-designated elementary, middle, K-8 and high schools serving nearly 7,500 students in South Sacramento.

If you have additional questions or need further information, please contact Chamberlain Segrest at 916-395-3980 or by email at Chamberlain-segrest@scusd.edu.

Sincerely,

Lisa Allen
Interim Superintendent

AGREEMENT FOR ARCHITECTURAL SERVICES

This Agreement for Architectural Services is made as of January 18, 2024, between the Sacramento City Unified School District, a California public school district ("District"), and Nacht & Lewis ("Architect") (collectively "Parties"), for the following project ("Project"):

Serna Center Security

For and in consideration of the mutual covenants herein contained, the Parties hereto agree as follows:

Article 1. Definitions

- 1.1. In addition to the definitions above, the following definitions of words or phrases shall apply when used in this Agreement, including all Exhibits:
 - 1.1.1. **Agreement:** The Agreement consists exclusively of this document and all identified exhibits attached and incorporated by reference.
 - 1.1.2. **Architect:** The Architect identified in the first paragraph of this Agreement, including all Consultants to the Architect. The term Architect means the Design Professional in General Responsible Charge on this Project.
 - 1.1.3. **As-Built Drawings ("As-Builts"):** Any document prepared and submitted by District's Contractor(s) that details on a Conforming Set, the actual construction performed during the Project, including changes necessitated by Construction Change Documents and change orders, and detailed by the District's construction contractor(s) on a Conforming Set.
 - 1.1.4. **Bid Set:** The plans, drawings, and specifications at the end of the Construction Documents Phase that the Division of the State Architect ("DSA") has approved and that the District can use to go out to bid for construction of the Project.
 - 1.1.5. **Conforming Set:** The plans, drawings, and specifications at the end of the Bidding Phase that incorporate all addenda, if any, issued during the Bidding Phase. The Architect shall ensure that DSA has approved all revisions to the Bid Set that are incorporated onto the Conforming Set and for which DSA approval is required.

- 1.1.6. **Construction Budget**: The total amount of funds indicated by the District for the entire Project plus all other costs, including design, construction, administration, and financing.
- 1.1.7. **Construction Change Documents (“CCD”)**: The documentation of changes to the DSA-approved construction documents.
- 1.1.8. **Construction Cost Budget**: The total cost to District of all elements of the Project designed or specified by the Architect, as adjusted at the end of each design phase in accordance with this Agreement. The Construction Cost Budget does not include the compensation of the Architect and the Architect’s Consultants, the cost of land, rights-of-way, financing or other costs which are the responsibility of the District, including construction management.
- 1.1.9. **Construction Manager**: The District’s representative on the Project if the District retains a construction manager, project manager, or owner’s representative.
- 1.1.10. **Contractor**: One or more licensed contractors under contract with the District for construction of all or a portion of the Project.
- 1.1.11. **Consultant(s)**: Any and all consultant(s), sub-consultant(s), subcontractor(s), or agent(s) to the Architect.
- 1.1.12. **District**: The Sacramento City Unified School District.
- 1.1.13. **DSA**: The Division of the State Architect.
- 1.1.14. **Extra Services**: District-authorized services outside of the scope in **Exhibit “A”** or District-authorized reimbursable not included in Architect’s Fee.
- 1.1.15. **Laboratory of Record**: The District-designated laboratory(ies) for testing of concrete, soils, materials, and other required testing.
- 1.1.16. **Project**: Serna Center Security located at 5735 47th Avenue, Sacramento CA 95824.
- 1.1.17. **Record Drawings**: A final set of drawings prepared by the Architect that incorporates all changes from all As-Builts, sketches, details, and clarifications. This includes a “1A” sheet.

- 1.1.18. **Service(s):** All labor, materials, supervision, services, tasks, and work that the Architect is required to perform and that are required by, or reasonably inferred from, the Agreement, and that are necessary for the design and completion of the Project.
- 1.1.19. **Visually Verify:** To verify to the fullest extent possible by physical inspection and reasonable investigation and without any destructive action.

Article 2. Scope, Responsibilities, and Services of Architect

- 2.1. Architect shall render the Services described in **Exhibit "A,"** commencing with receipt of a written Notice to Proceed signed by the District representative. Architect's Services will be completed in accordance with the schedule attached as **Exhibit "C."**
- 2.2. Architect and its Consultants shall provide Services for the Project (i) using its professional skill and judgment; (ii) acting with due care and in accordance with respective applicable standards of care under California law for those providing similar services for projects the size, scope and complexity of the Project for California school districts in or around the same geographic area of the District; (iii) the terms of this Agreement; and (iv) in accordance with said standards regarding application and interpretation of applicable law, code, rule or regulation at the time the Services are rendered ("Standard of Care"). All persons providing professional services hereunder shall be properly licensed as required by California law.
- 2.3. The District intends to award the Project to Contractor(s) pursuant to a competitive bid process. District reserves its right to use alternative delivery methods and the Architect's scope of work may be adjusted accordingly.
- 2.4. Architect acknowledges that all California public school districts are obligated to develop and implement the following storm water requirements for the discharge of storm water to surface waters from its construction and land disturbance activities where the project disturbs one (1) or more acres of land and is not part of a larger common plan of development or sale, the project disturbs one acre or more of land, or the project disturbs less than one (1) acre of land but is part of a larger common plan of development or sale, or where the District engages in maintenance (e.g., fueling, cleaning, repairing) or transportation activities.
- 2.4.1. Architect shall provide the design for the Project, without limitation:

- 24.1.1. A municipal Separate Storm Sewer System ("MS4"). An MS4 is a system of conveyances used to collect and/or convey storm water, including, without limitation, catch basins, curbs, gutters, ditches, man-made channels, and storm drains.
- 24.1.2. A Storm Water Pollution Prevention Plan ("SWPPP") that contains specific best management practices ("BMPs") and establishes numeric effluent limitations.
- 2.4.2. Architect shall conform its design work to the District's storm water requirements indicated above, that are approved by the District and applicable to the Project, at no additional cost to the District. In addition, as required Architect shall develop a grading and drainage plan and a site plan from architectural information showing a final development of the site. This drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The Services described in this subparagraph shall be provided by a professional civil engineer who contracts with or is an employee of the Architect.
- 2.5. Architect shall contract for or employ at Architect's expense, Consultant(s) to the extent deemed necessary for completion of the Project including, but not limited to: architects; mechanical, electrical, structural and civil engineers; landscapers; and interior designers, licensed as such by the State of California as part of the Basic Services under this Agreement. The names of Consultant(s) shall be submitted to the District for approval prior to commencement of Services, as indicated below. The District reserves the right to reject Architect's use of any particular Consultant. Nothing in the foregoing procedure shall create any contractual relationship between the District and any Consultant employed by the Architect under terms of the Agreement. Architect shall require each of the Consultants retained by it to execute agreements with standard of care and indemnity provisions commensurate with this Agreement, but Architect shall remain solely responsible and liable to District for all matters covered by this Agreement.
- 2.6. Architect shall coordinate with District personnel or its designated representatives as may be requested and desirable, including with other professionals employed by the District for the design, coordination or management of other work related to the Project. This shall include, without limitation, coordination with State labor compliance, if any. If the Architect employs Consultant(s), the Architect shall ensure that its contract(s) with its Consultant(s) include language notifying the Consultant(s) of State labor compliance, if any.

- 2.7. Architect shall identify the regulatory agencies that have jurisdiction over essential building and design elements and coordinate with and implement the requirements of the regulatory agencies, including, without limitation, the California Department of Education, the Office of Public School Construction, the Department of General Services, DSA, including DSA Fire/Life Safety, DSA Access Compliance Section, DSA Structural Safety Section, the State Fire Marshal and any regulatory office or agency that has authority for review and supervision of school district construction projects.
 - 2.7.1. If the Project is subject to DSA jurisdiction, then Architect, and its Consultants, if any, shall comply with all the DSA requirements, including without limitation, all the requirements included and/or referenced in the following forms, bulletins ("BU"), interpretations of regulations ("IR"), policies ("PL"), or procedures ("PR"):
 - 2.7.1.1. DSA IR A-6, Construction Change Document Submittal and Approval Process.
 - 2.7.1.2. DSA IR A-18, Use of Construction Documents Prepared by Other Professionals.

 - 2.7.1.7. DSA PR 18-09.BB18: Electronic Plan Review for Over-the-Counter ("OTC") Projects Using Bluebeam 2018.
 - 2.7.1.8. Form DSA PR 13-01, Construction Oversight Process.
 - 2.7.1.8.1. Each of Architect's duties as provided in the DIR Construction Oversight Process shall be performed timely so as not to result in any delay to the Project.
 - 2.7.1.9. Form DSA PR 13-02, Project Certification Process.

- 2.7.2. Notwithstanding the DSA forms, BUs, IRs, PLs, or PRs referenced anywhere in this Agreement, each of which is current as of the Effective Date, all Projects subject to DSA's jurisdiction shall be submitted for review, back check, and approval, under the electronic plan review process ("EPR process"), rather than paper submission, for all projects submitted to DSA. Architect, and its Consultants, if any, shall comply with the EPR process and related DSA procedures, including, without limitation, DSA PR 18-04.BB18 and DSA PR 18-09.BB18, and any subsequent or replacement procedures relating to the EPR process promulgated by DSA. Any reference herein to a particular DIR form, BU, IR, PL, or PR, shall mean and include the then-current DIR form, BU, IR, PL, or PR, respectively, and, to the extent that the EPR process has superseded such form or paper submission process, the EPR process then in effect shall control.
- 2.8. Architect shall provide Services as required to obtain any local, state and/or federal agencies' approval for on-site and off-site work related to the Project including review by regulatory agencies having jurisdiction over the Project.
- 2.9. Architect shall coordinate the work of the District's DSA project inspector(s) ("Project Inspector(s)") and the Laboratory of Record. Architect shall provide code required supervision of special inspectors not provided by the Laboratory of Record.
- 2.10. Architect shall give efficient supervision to Services, using its professional skill and attention. Architect shall carefully study and compare all contract documents, drawings, specifications, and other instructions ("Contract Documents") and shall at once report to District, Construction Manager, and Contractor, any error, inconsistency, or omission that Architect or its employees may discover, in writing, with a copy to District's Project Inspector(s). Architect shall have responsibility for discovery of errors, inconsistencies, or omissions in its own Contract Documents and that of its Sub consultants, but shall have no responsibility for District hired consultants.
- 2.11. Architect recognizes that the District may obtain the services of a Construction Manager and that Architect may have to assume certain coordination and management responsibilities, including tracking Requests for Information ("RFI"), providing RFI responses, and leading all coordination meetings between the District, Project Inspectors, and Contractors on the Project. The District reserves the right to retain the services of a Construction Manager at any time. The Construction Manager, if any, shall be authorized to give Architect Services authorizations and

issue written approvals and notices to proceed on behalf of District. The District reserves the right to designate a different Construction Manager at any time. Any task, including, but not limited to, reviews or approvals that the District may perform pursuant to this Agreement may be performed by the Construction Manager, unless that task indicates it shall be performed by the Governing Board of the District. In addition, the District may have a constructability review of Architect's design documents. Architect shall conform any design documents to the constructability review as part of the Services under this Agreement and shall not be entitled to any compensation as Extra Services for this activity.

- 2.12. Architect shall provide computer-generated pictures downloaded to computer files, updated as requested by the District, that the District may use on its website.
- 2.13. As part of the basic Services pursuant to this Agreement, Architect is not responsible for:
 - 2.13.1. Ground contamination or hazardous material analysis.
 - 2.13.2. Any asbestos and/or lead testing, design or abatement; however, it shall coordinate and integrate its work with any such information provided by District.
 - 2.13.3. Compliance with the California Environmental Quality Act ("CEQA"), except that Architect agrees to coordinate its work with that of any CEQA consultants retained by the District, to provide current elevations and schematic drawings for use in CEQA compliance documents, and to incorporate any mitigation measures adopted by the District into the Project design at no additional cost to the District.
 - 2.13.4. Historical significance report.
 - 2.13.5. Soils investigation.
 - 2.13.6. Geotechnical hazard report, except as indicated in **Exhibit "A."**
 - 2.13.7. Topographic surveys of existing conditions
 - 2.13.8. State and Local agency fees.
 - 2.13.9. Testing and inspection

Article 3. Architect Staff

3.1. Architect has been selected to perform the Services herein because of the skills and expertise of key individuals.

3.2. Architect agrees that the following key people in Architect's firm shall be associated with the Project in the following capacities:

Principal In Charge: Brian Maytum

Project Architect(s): Chris Flatt

Major Consultants:

Electrical: Capital Engineering Consultants

Low Voltage/Fire Alarm: KMM Services

Mechanical/Plumbing: Capital Engineering Consultants

Structural: RW Consulting Engineers

3.3. Architect shall not change any of the key personnel listed above without prior written approval by the District, unless said personnel cease to be employed by Architect. In either case, the District shall be allowed to interview and approve replacement personnel.

3.4. If any designated lead or key person fails to perform to the satisfaction of the District, then upon written notice Architect shall have five (5) calendar days to remove that person from the Project and replace that person with one acceptable to the District. All lead or key personnel for any Consultant must also be designated by the Consultant and are subject to all conditions stated in this paragraph.

3.5. Architect represents that Architect has no existing interest and will not acquire any interest, direct or indirect, which could conflict in any manner or degree with the performance of Services required under this Agreement and that no person having any such interest shall be employed by Architect.

3.6. Architect shall comply with Education Code section 17302(a) and agrees that any plans and/or specifications included in the Services shall be prepared under the supervision of licensed personnel, and that licensed personnel shall be in "responsible charge" of persons who observe the construction.

Article 4. Schedule of Services

Architect shall commence Services under this Agreement upon receipt of a written Notice to Proceed and shall prosecute the Services diligently as described in

Exhibit "A," so as to proceed with and complete the Services in compliance with the schedule in **Exhibit "C."** Time is of the essence and failure of Architect to perform Services on time as specified in this Agreement is a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's or its Consultant(s)' reasonable control.

Article 5. Construction Cost Budget

- 5.1. Architect hereby accepts the District's established Construction Cost Budget and Project scope. In accordance with **Exhibit "A,"** the Architect shall have responsibility to further develop, review, and reconcile the Construction Cost Budget for the District at the beginning of the Project and at the completion of each design phase. The District and Construction Manager shall also have responsibility to develop, review, and reconcile the Construction Cost Budget with the Architect.
- 5.2. Architect shall complete all Services as described in **Exhibit "A,"** including all plans, designs, drawings, specifications and other Contract Documents, so that the cost to construct the work designed by the Architect will not exceed the Construction Cost Budget, as adjusted subsequently with the District's written approval. Architect shall maintain cost controls throughout the Project to deliver the Project within the Construction Cost Budget.
- 5.3. The District may, in its sole discretion, do one, or a combination, of the following if any of the events in Article 5.4 occur:
 - 5.3.1. Give Architect written approval on an agreed adjustment to the Construction Cost Budget.
 - 5.3.2. Authorize Architect to re-negotiate, when appropriate, and/or re-bid the Project within three (3) months' time of receipt of bids (exclusive of District and other agencies' review time) at no additional cost to the District.
 - 5.3.3. Terminate this Agreement if the Project is abandoned by the District, without further obligation by either party.
 - 5.3.4. Within three (3) months' time of receipt of bids, instruct Architect to revise the drawings and specifications (in scope and quality as approved by the District) to bring the Project within the Construction Cost Budget for re-bidding at no additional cost to the District.

- 5.4. If any of the following events occur, the District may exercise any one, or any combination, of the actions set forth in Article 5.3 above:
- 5.4.1. The lowest responsive base bid received is in excess of five percent (5%) of the Construction Cost Budget; or
 - 5.4.2. If the combined total of base bid and all additive alternates come in ten percent (10%) or more under the Construction Cost Budget; or
 - 5.4.3. If the Construction Cost Budget increases in phases subsequent to the Schematic Design Phase due to reasonably foreseeable changes in the condition of the construction market in the county in which the District is located, in so far as these have not been caused by Acts of God, earthquakes, strikes, war, or energy shortages due to uncontrollable events in the world economy.

Article 6. Fee and Method of Payment

- 6.1. The District shall pay Architect for all Services contracted for under this Agreement an amount equal to the following ("Fee"):
- A fixed fee amount of **One Hundred Twenty-Two Thousand Two Hundred Ten Dollars (\$122,210)**. Reimbursable Expenses are in addition to compensation for Basic and Additional Services and will be billed at a multiple of 1.10% the expenses incurred. These charges include, but are not limited to, expenses incurred which are directly related to the Project, such as reproductions, plans and plots for owner, agency or contractor's use, standard form documents, postage, handling and delivery of Instruments of Service, and mileage. Reimbursable expenses are not expected to exceed **\$6,110.50**. All reimbursable expenses must be pre-approved by District.
- 6.2. The District shall pay Architect the Fee pursuant to the provisions of **Exhibit "D."**
- 6.3. Architect shall bill for performance of Services under this Agreement in accordance with **Exhibit "D."**
- 6.4. No increase in Fee will be due from CCDs and/or change orders generated during the construction period to the extent caused by Architect's error or omission.

- 6.5. The Architect's Fee set forth in this Agreement shall be full compensation for all of Architect's Services incurred in the performance hereof as indicated in **Exhibit "D."**
- 6.6. Regardless of the structure of Architect's Fee, the Architect's Fee may be adjusted downward if the Scope of Services of this Agreement is reduced by the District in accordance with this Agreement.
- 6.7. Neither the District's review, approval of, nor payment for, any of the Services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and Architect shall remain liable to the District in accordance with this Agreement for direct damages to the District caused by Architect's failure to perform any of the Services furnished under this Agreement to the standard of care under California law for architects performing similar work for California school districts in or around the same geographic area as the District.

Article 7. Payment for Extra Services or Changes

Any charges for Extra Services shall be paid by the District as described in **Exhibit "B"** only upon certification that the claimed Extra Service was authorized as indicated herein and that the Extra Services have been satisfactorily completed. If any service is done by Architect without prior written authorization by the Construction Manager or the District's authorized representative, the District will not be obligated to pay for such service. The foregoing provision notwithstanding, Architect will be paid by the District as described in **Exhibit "B"** for Extra Services that the Construction Manager or the District's authorized representative verbally requests, provided that Architect confirms such request in writing pursuant to the notice requirements of this Agreement, and proceeds with such Extra Services not earlier than two (2) business days after the District receives confirmation of the request from the Architect.

Article 8. Ownership of Data

- 8.1. Pursuant to Education Code section 17316, this Agreement creates a non-exclusive and perpetual license for the District to use, at its discretion, all plans including, but not limited to, record drawings, specifications, estimates and other documents that Architect or its Consultants prepare or cause to be prepared pursuant to this Agreement.
- 8.2. Architect retains all rights to all copyrights over designs and other intellectual property embodied in the plans, record drawings, specifications, estimates, and other documents that Architect or its Consultants prepare or cause to be prepared pursuant to this Agreement.

- 8.3. Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Computer Aided Design Drafting Technology ("CADD") (e.g., AutoCAD). Architect shall deliver to District all drawings in DWG format. As to any drawings that Architect provides in a CADD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on hard copies of all documents.
- 8.4. In order to document exactly what CADD information was given to the District, Architect and District shall each date and sign a "hard" copy of reproducible documents that depict the information at the time Architect produces the CADD information. The District agrees to release Architect from all liability, damages, and/or claims that arise due to any changes made to this information by anyone other than Architect or its Consultant(s) subsequent to it being given to the District.
- 8.5. Following the termination of this Agreement, for any reason whatsoever, Architect shall promptly deliver to the District upon written request and at no cost to the District the following items (hereinafter "Instruments of Service"), which the District shall have the right to utilize in any way permitted by statute:
 - 8.5.1. One (1) set of the Contract Documents, including the bidding requirements, specifications, and all existing cost estimates for the Project, in hard copy, reproducible format.
 - 8.5.2. One (1) set of fixed image CADD files in DXF format of the drawings that are part of the Contract Documents.
 - 8.5.3. One (1) set of non-fixed image CADD drawing files in DXF or DWG or both formats of the site plan, floor plans (architectural, plumbing, structural, mechanical and electrical), roof plan, sections and exterior elevations of the Project.
 - 8.5.4. All finished or unfinished documents, studies, reports, calculations, drawings, maps, models, photographs, technology data and reports prepared by the Architect under this Agreement.
 - 8.5.5. The obligation of Section 8.5 of this Agreement shall survive the termination of this Agreement for any reason whatsoever.
- 8.6. In the event the District changes or uses any fully or partially completed documents without Architect's knowledge or participation or both, the District agrees to release Architect of responsibility for such changes, and

shall hold Architect harmless from and against any and all claims on account of any damages or losses to property or persons, or economic losses, arising out of that change or use, unless Architect is found to be liable in a forum of competent jurisdiction. In the event that the District uses any fully or partially completed documents without the Architect's full involvement, the District shall remove all title blocks and other information that might identify Architect and its Consultants.

Article 9. Termination of Contract

- 9.1. District's Request for Assurances: If District at any time reasonably believes that Architect is or may be in default under this Agreement, District may in its sole discretion notify Architect of this fact and request written assurances from Architect of performance of Services and a written plan from Architect to remedy any potential default under the terms this Agreement that the District may advise Architect of in writing. Architect shall, within ten (10) days of District's request, deliver a written cure plan that meets the requirements of the District's request for assurances. Architect's failure to provide such written assurances of performance and the required written plan, within ten (10) days of request, will constitute a material breach of this Agreement sufficient to justify termination for cause.
- 9.2. District's Termination of Architect for Cause: If Architect fails to perform Architect's duties to the satisfaction of the District, or if Architect fails to fulfill in a timely and professional manner Architect's material obligations under this Agreement, or if Architect shall violate any of the material terms or provisions of this Agreement, the District shall have the right to terminate this Agreement, in whole or in part, effective immediately upon the District giving written notice thereof to the Architect. In the event of a termination pursuant to this subdivision, Architect may invoice the District for all Services performed until the notice of termination, but the District shall have the right to withhold payment and deduct any amounts equal to the District's costs because of Architect's actions, errors, or omissions. District may, at its discretion, provide the Architect time to cure its default or breach.
- 9.3. District's Termination of Architect for Convenience: District shall have the right in its sole discretion to terminate the Agreement for its own convenience. In the event of a termination for convenience, Architect may invoice District and District shall pay all undisputed invoice(s) for Services performed until the District's notice of termination for convenience.
- 9.4. Architect's Termination of Agreement for Cause: Architect has the right to terminate this Agreement if the District does not fulfill its material

obligations under this Agreement and fails to cure such material default within sixty (60) days of receipt of written notice of said defaults, or if the default cannot be cured within sixty (60) days, commence to cure such default, diligently pursue such cure, and complete the cure within a reasonable time following written notice and demand from Architect. Such termination shall be effective thirty (30) days after receipt of written notice from Architect to the District. Architect may invoice the District and the District shall pay all undisputed invoice(s) for Services performed until Architect's notice of termination.

- 9.5. Effect on Pre-Termination Services: Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of such termination.
- 9.6. Ceasing Services upon Termination: If, at any time in the progress of the Design of the Project, the Governing Board of the District determines that the Project should be terminated, Architect, upon written notice from the District of such termination, shall immediately cease Services on the Project. The District shall pay Architect only the fee associated with the Services provided since the last invoice that has been paid and up to the notice of termination.
- 9.7. Project Suspension: If the District suspends the Project for more than one hundred twenty (120) consecutive days, Architect shall be compensated for Services performed prior to notice of that suspension. When the Project is resumed, the schedule shall be adjusted and Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Architect's Services. Architect shall make every effort to maintain the same Project personnel after suspension. If the District suspends the Project for more than two (2) years, Architect may terminate this Agreement by giving written notice.

Article 10. Indemnity/Architect Liability

- 10.1. To the furthest extent permitted by California law and in accordance with California Civil Code section 2782.8, Architect shall indemnify and hold free and harmless the District, its Governing Board, agents, representatives, officers, consultants, employees, trustees, and members ("the Indemnified Parties") from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity ("Claim(s)") to the extent that the Claim(s) arises out of, pertains to, or relates to the negligence, recklessness, or willful misconduct of the Architect, its directors, officers, employees, subcontractors, consultants, or

agents, arising out or, connected with, or resulting from the performance of the Services, the Project, of this Agreement.. Architect, to the furthest extent permitted by California law, also has the duty to defend the Indemnified Parties from Claim(s) at Architect's own expense, including attorneys' fees and costs, however, in no event shall the cost to defend charged to the Architect exceed the Architect's proportionate percentage of fault. Notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the design professional shall meet and confer with other parties regarding unpaid defense costs. If a Claim arises out of, or relates in any way to the Services provided under this Agreement, upon the District's or the Architect's request, the District and the Architect agree to undertake good faith measures to allow the Architect to assist the District in resolving the dispute or litigation. The Architect's assistance, described as "Mandatory Assistance" in Exhibit A, Section B.8, shall be provided at Architect's own expense and excluded from any reimbursement calculation. At the commencement of the Mandatory Assistance Phase, District and Architect shall also negotiate in good faith as to the scope and extent of further assistance, including consideration of a joint defense agreement if appropriate. During the Mandatory Assistance Phase, each Party shall be responsible for their own attorneys' fees and costs incurred; however, each Party reserves its rights pursuant to Civil Code section 2782.8.

- 10.2. Architect shall pay and satisfy any judgment, award, or decree that may be rendered against the Indemnified Parties in any Claim as defined in Article 10.1. These amounts may be paid by Architect to District or the District may in reasonable good faith withhold those costs from amounts owing to Architect, pending resolution of the dispute.
- 10.3. Architect's duty to indemnify under this Agreement shall apply during the term of this Agreement and shall survive any expiration or termination of this Agreement until such Claim(s) are barred by the applicable statute of limitations and is in addition to any other rights or remedies that the District may have under the law or under this Agreement.

Article 11. Fingerprinting

- 11.1. Pursuant to Education Code section 45125.2, the District has determined on the basis of scope of Services in this Agreement, that Architect, its Consultants and their employees will have only limited contact with pupils. Architect shall promptly notify the District in writing of any facts or circumstances which might reasonably lead the District to determine that

contact will be more than limited as defined by Education Code section 45125.1(d).

- 11.2. For all workers on District property, the Architect shall comply with all applicable federal, state and local laws regarding COVID-19. Further, except to the extent the Order provides otherwise, the Architect and Architect's personnel shall continue to comply with all other applicable terms in the CDPH's State Public Health Officer Orders.

Article 12. Responsibilities of the District

- 12.1. The District shall examine the documents submitted by the Architect and shall render decisions so as to avoid unreasonable delay in the process of the Architect's Services.
- 12.2. The District shall verbally or in writing advise Architect if the District becomes aware of any fault or defect in the Project, including any errors, omissions or inconsistencies in the Architect's documents. Failure to provide such notice shall not relieve Architect of its responsibility therefore, if any.
- 12.3. The District shall furnish the services of a hazardous material consultant or other consultants when such services are requested in writing by Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters, which are to be incorporated into bid documents prepared by Architect. If the hazardous materials consultant is furnished by the District and is not a Consultant of the Architect, the specifications shall include a note to the effect that the hazardous materials consultant's specifications are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the hazardous materials consultant's specifications related to asbestos and lead paint survey and/or abatement documentation to the preparer of the hazardous materials consultant's specifications.
- 12.4. The District shall timely provide to the Architect all relevant information in its possession regarding the Project that is necessary for performance of Architect's services.

Article 13. Liability of District

- 13.1. Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this

Agreement, in no event shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement or the Services performed in connection with this Agreement.

- 13.2. District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Architect, or by its employees, even though such equipment be furnished or loaned to Architect by District.

Article 14. Nondiscrimination

Architect agrees to comply with the provisions of the California Fair Employment and Housing Act as set forth in part 2.8 of division 3 of the California Government Code, commencing at section 12900; the Federal Civil Rights Act of 1964, as set forth in Public Law 88-352, and all amendments thereto; Executive Order 11246; and all administrative rules and regulations found to be applicable to Architect and all of its subcontractors. In addition, Consultant agrees to require like compliance by all of its subcontractor(s).

Article 15. Insurance

- 15.1. Architect shall comply with the insurance requirements for this Agreement, set forth in **Exhibit "E."**
- 15.2. Architect shall provide certificates of insurance and endorsements to District prior to commencement of the work of this Agreement as required in **Exhibit "E."**

Article 16. Covenant against Contingent Fees

Architect warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the contract price or consideration or to recover the full amount of such fee, commission, percentage fee, gift, or contingency.

Article 17. Entire Agreement/Modification

This Agreement, including the Exhibits attached hereto, supersedes all previous contracts and constitutes the entire understanding of the Parties hereto. Architect shall be entitled to no other benefits than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. Architect specifically acknowledges that in entering this Agreement, Architect relies solely upon the provisions contained in this Agreement and no others.

Article 18. Non-Assignment of Agreement

In as much as this Agreement is intended to secure the specialized Services of the Architect, Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of Architect and any such assignment, transfer, delegation or sublease without Architect's prior written consent shall be considered null and void. If an assignment is approved, this Agreement shall be binding on the successors and assign of the parties.

Article 19. Law, Venue

- 19.1. This Agreement has been executed and delivered in the State of California and the validity, enforceability and interpretation of any of the clauses of this Agreement shall be determined and governed by the laws of the State of California.
- 19.2. To the fullest extent permitted by California law, the county in which the District administration office is located shall be the venue for any action or proceeding that may be brought or arise out of, in connection with or by reason of this Agreement.

Article 20. Alternative Dispute Resolution

- 20.1. All claims, disputes or controversies arising out of, or in relation to the interpretation, application or enforcement of this Agreement may be decided through mediation as the first method of resolution. Notice of the demand for mediation of a dispute shall be filed in writing with the other party to the Agreement. The demand for mediation shall be made within a reasonable time after written notice of the dispute has been provided to the other party, but in no case longer than ninety (90) days after initial written notice.
- 20.2. If a claim, or any portion thereof, remains in dispute upon satisfaction of all applicable dispute resolution requirements, the Architect shall comply with

all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to the Architect's right to bring a civil action against the District. For purposes of those provisions, the running of the time within which a claim must be presented to the District shall be tolled from the time the Architect submits its written claim until the time the claim is denied, including any time utilized by any applicable meet and confer process.

20.3. Pending resolution of the dispute, Architect agrees it will neither rescind the Agreement nor stop the performance of the Services.

Article 21. Tolling of Claims

Architect agrees to toll all statutes of limitations for District's assertion of claims against Architect that arise out of, pertain to, or relate to Contractors' or subcontractors' claims against District involving Architect's work, until the Contractors' or subcontractors' claims are finally resolved.

Article 22. Attorneys' Fees

In the event either party shall bring any action or legal proceeding for damages for any alleged breach of any provision of or performance under this Agreement, to terminate this Agreement, or to enforce, protect or establish any term or covenant of this Agreement or right or remedy of either party, the prevailing party shall be entitled to recover, as a part of the action or proceeding, reasonable attorneys' fees and court costs, including consultants' fees, attorneys' fees and costs for appeal, as may be fixed by the court. The term "prevailing party" shall mean the party who received substantially the relief requested, whether by settlement, dismissal, summary judgment, judgment, or otherwise.

Article 23. Severability

If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

Article 24. Employment Status

24.1. Architect shall, during the entire term of Agreement, be an independent contractor and nothing in this Agreement is intended nor shall it be construed to create an employer-employee relationship, a joint venture relationship, or to allow the District to exercise discretion or control over the professional manner in which Architect performs the Services that are

the subject matter of this Agreement; provided always, however, that the Services to be provided by Architect shall be provided in a manner consistent with all applicable standards and regulations governing such Services.

- 24.2. Architect understands and agrees that Architect's personnel are not and will not be eligible for membership in or any benefits from any District group plan for hospital, surgical or medical insurance or for membership in any District retirement program or for paid vacation, paid sick leave or other leave, with or without pay or for other benefits which accrue to a District employee.
- 24.3. Should the District, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Department, or both, determine that Architect, or any employee or Consultant of Architect, is an employee of the District for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Architect which can be applied against this liability). The District shall then forward those amounts to the relevant taxing authority.
- 24.4. Should a relevant taxing authority determine a liability for past services performed by Architect for the District, upon notification of such fact by the District, Architect shall promptly remit such amount due or arrange with the District to have the amount due withheld from future payments to Architect under this Agreement (again, offsetting any amounts already paid by Architect which can be applied as a credit against such liability).
- 24.5. A determination of employment status pursuant to the preceding two (2) paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Architect shall not be considered an employee of the District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Architect is an employee for any other purpose, then Architect agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Architect or its employees or Consultants was not an employee.
- 24.6. Nothing in this Agreement shall operate to confer rights or benefits on persons or entities not a party to this Agreement.

Article 25. Certificate of Architect

- 25.1. Architect certifies that the Architect is properly certified or licensed under the laws and regulations of the State of California to provide the professional services that it has herein agreed to perform.
- 25.2. Architect certifies that it is aware of the provisions of the California Labor Code that require every employer to be insured against liability for workers compensation or to undertake self-insurance in accordance with the provisions of that code, and it certifies that it will comply with those provisions before commencing the performance of the Services of this Agreement.
- 25.3. Architect certifies that it is aware of the provisions of California Labor Code and California Code of Regulations that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Architect agrees to fully comply with and to require its Consultant(s) to fully comply with all requirements of the Prevailing Wage Laws, if applicable to Architect and its Consultants' professional services to be provided under this Agreement.

Article 26. Cost Disclosure - Documents and Written Reports

Architect shall be responsible for compliance with California Government Code section 7550, if the total cost of the Contract is over five thousand dollars (\$5,000).

Article 27. Notice & Communications

Notices and communications between the Parties to this Agreement may be sent to the following addresses:

Article 28. Disabled Veteran Business Enterprise Participation

Pursuant to section 17076.11 of the Education Code, the District has a participation goal for disabled veteran business enterprises ("DVBEs") of at least three percent (3%), per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act (the "Act"). This Project may use funds allocated under the Act. Therefore, to the extent feasible and pertaining to future hirings, Architect, before it executes the Agreement, shall provide to the District certification of compliance with the procedures for implementation of DVBE contracting goals, appropriate documentation identifying the amount(s) intended to be paid to DVBEs in conjunction with the contract, and documentation demonstrating Architect's good faith efforts to meet these goals.

Article 29. District's Right to Audit

29.1. District retains the right to review and audit, and the reasonable right of access to Architect's and any Consultant's premises to review and audit the Architect's compliance with the provisions of this Agreement ("District's Right"). The District's Right includes the right to inspect, photocopy, and to retain copies, outside of Architect's premises, of any and all Project-related records and other information with appropriate safeguards, if such retention is deemed necessary by the District in its sole discretion. The District shall keep this information confidential, as allowed by applicable law.

- 29.2. The District's Right includes the right to examine any and all books, records, documents and any other evidence of procedures and practices that the District determines is necessary to discover and verify whether Architect is in compliance with all requirements of this Agreement.
- 29.3. If there is a claim for additional compensation or for Extra Services, the District's Right includes the right to examine books, records, documents, and any and all other evidence and accounting procedures and practices that the District determines is necessary to discover and verify all direct and indirect costs, of whatever nature, which are claimed to have been incurred, or anticipated to be incurred.
- 29.4. Architect shall maintain complete and accurate records in accordance with generally accepted accounting practices in the industry. Architect shall make available to the District for review and audit all Project-related accounting records and documents and any other financial data. Upon District's request, Architect shall submit exact duplicates of originals of all requested records to the District.
- 29.5. Architect shall include audit provisions in any and all of its subcontracts, and shall ensure that these sections are binding upon all Consultants.
- 29.6. Architect shall comply with these provisions within fifteen (15) days of the District's written request to review and audit any or all of Architect's Project-related records and information.

Article 30. Other Provisions

- 30.1. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation, that no party is the author of this Agreement, and that this Agreement shall not be construed against any party as the drafter of the Agreement.
- 30.2. The individual executing this Agreement on behalf of Architect warrants and represents that she/he is authorized to execute this Agreement and bind the CM to all terms hereof.
- 30.3. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original. A facsimile or electronic signature shall be deemed to be the equivalent of the actual original signature. All

counterparts so executed shall constitute one Agreement binding all the Parties hereto.

- 30.4. Architect shall issue a credit to the District as an offset to the Architect's Fee, an amount equal to fifty percent (50%) of the actual tax benefit derived by the Architect or its shareholders, after deducting associated tax consulting fees based on the Project per Internal Revenue Code section 179D (the Energy Efficient Commercial Buildings deduction).

Article 31. Exhibits "A" through "E" attached hereto are hereby incorporated by this reference and made a part of this Agreement.

EXHIBIT "A"

RESPONSIBILITIES AND SERVICES OF ARCHITECT

Architect shall provide all professional services necessary for completing the following:

SCOPE OF PROJECT

Project Name: Serna Center Security

Cost Budget: \$1,000,000 (Construction budget)

BASIC SERVICES

Architect agrees to provide the Services described below:

1. Architect shall be responsible for the professional quality and technical accuracy of all studies, reports, projections, master plans, designs, drawings, specifications and other services furnished by Architect under the Agreement as well as coordination with all master plans, studies, reports and other information provided by District. Architect shall, without additional compensation, correct or revise any errors or omissions in its studies, reports, projections, master plans, design, drawings, specifications and other Services.
2. Architect will use all due care and diligence to confirm that its plans and specifications and all other information provided by or on behalf of the District to potential bidders discloses and publishes any potentially relevant information that could, in any way, have an impact on a Contractor's cost of performance. Architect shall advise the District of the most effective methods of identifying and securing such information as part of each stage of design. Architect shall track for District's benefit all such suggested and disclosed information.
3. The District shall provide all information available to it to the extent the information relates to Architect's scope of work. This information shall include, if available,
 - a. As-builts;
 - b. Physical characteristics;
 - c. Legal limitations and utility locations for the Project site(s);
 - d. Written legal description(s) of the Project site(s);
 - e. Grades and lines of streets, alleys, pavements, and adjoining property and structures;

- f. Adjacent drainage;
- g. Rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, and boundaries and contours of the Project site(s);
- h. Locations, dimensions and necessary data with respect to existing buildings, other improvements and trees;
- i. Information concerning available utility services and lines, mechanical and other services, both public and private, above and below grade, including inverts and depths;
- j. Surveys, reports, as-built drawings, record drawings; and
- k. Subsoil data, chemical data, and other data logs of borings.

Architect shall Visually Verify this information and all existing Project utilities, including capacity, and document the location of existing utility lines, telephone, water, sewage, storm drains and other lines on or around the Project to the extent determinable by the documents provided by the District.

If Architect determines that the information or documentation the District provides is insufficient for purposes of design, or if Architect requires: a topographical survey; a geotechnical report; structural, mechanical, and/or chemical tests; tests for air and/or water pollution; test borings; test pits; determinations of soil bearing values; percolation tests; ground corrosion tests; resistivity tests; tests for hazardous materials; tests for anticipating subsoil conditions; and/or other information that the District has not provided, then, at the soonest possible time after Architect has become aware that this additional information is needed, the Architect shall request that the District acquire that information. If the Parties mutually agree in writing, this additional information and service shall be procured through the Architect, who may invoice the District for those services as Extra Services.

- 4. **Technology Backbone.** Architect shall be responsible for the coordination of the design and the layout of the technology backbone system with the District's technology consultant, and lay out any included technology backbone system. The coordination effort shall include location and routing of raceways, conduits and outlets and the required spaces to accommodate electrical, data and communication wiring. Architect and Consultant(s) shall prepare and be responsible for documents prepared by the Architect based on the information provided by the District's technology consultant as appropriate to the level of design completion.
- 5. **District Standards.** Architect shall incorporate into its work and the work of all Consultants the adopted District standards for facilities and construction.

High Performance Schools. If the District adheres to the Collaborative for High Performance School ("CHPS") Best Practice Standards, the Services provided by the Architect shall incorporate the CHPS Best Practice Standards and criteria to the extent feasible.

6. **Mandatory Assistance.** If a third party dispute or litigation, or both, arises out of, or relates in any way to the Services provided under this Agreement, upon the District's request, the Architect, its agents, officers, and employees agree to assist in resolving the dispute or litigation. Architect's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation ("Mandatory Assistance").

C. PRE-DESIGN AND START-UP SERVICES

1. Project Initiation

Upon final execution of the Agreement with the District, Architect shall:

- a. Within the first week following execution of the Agreement, review the proposed Schedule of Services set forth in **Exhibit "C"** to the Agreement and prepare a detailed scope of work list and work plan for documentation to the District's satisfaction. This scope of work list and work plan will identify specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Architect shall also identify milestone activities or dates, specific task responsibilities, required completion times necessary for review and approval by the District and by all regulatory agencies and additional definition of deliverables.
- b. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

2. Development of Architectural Program

Architect shall prepare for the District's review of an architectural program as follows:

- a. Perform pre-design investigations to establish appropriate guidelines around which and within which the Project is to be designed. Identify design issues relating to functional needs, directives and constraints imposed by regulatory codes. Review all data pertinent to the Project including survey, site maps, geotechnical reports and recommendations, soil testing results reports, and pertinent historical data, and other relevant information provided by District.
- b. Review DSA codes pertaining to the proposed Project design.
- c. Identify design issues relating to functional needs, directives and constraints imposed by applicable regulatory codes.
- d. Based on survey and topography data provided by the District, input into computer and develop existing conditions base for the Schematic Design Phase.
- e. Administer Project as required to coordinate work with the District and among Consultants.

- f. Review District-provided standards for facilities and construction, including but not limited to designation of any material, product, thing or service by specific brand or trade name pursuant to Public Contract Code section 3400, subdivision (c).

3. **Construction Cost Budget**

- a. Architect shall have responsibility to further develop, review, and reconcile the Construction Cost Budget within the parameters of the Construction Budget established by the District for the Project. The estimates forming the basis of the Construction Cost Budget are to be based on the developed functional architectural program as approved by the District. The following conditions apply to the Construction Cost Budget prepared by the Architect:
 - (i) All costs are to be based on current bid prices, with escalation rate and duration clearly identified as a separate line item; rate of cost escalation and projected bid and construction dates are to be approved by the District and its representatives.
 - (ii) Format shall be estimated space use square foot costs (classroom sq. ft. costs, office space, etc.
 - (iii) Contingencies for design, bidding, and construction are to be included as individual line items, with the percentage and base of calculation clearly identified.
 - (iv) Architect shall include all information and estimates from the District and/or the Construction Manager that are intended to be part of the Construction Cost Budget.
 - (v) One week prior to submittal of documents, Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
 - (vi) Mechanical, electrical, civil, landscape and estimating consultant(s) shall participate in the progress meeting as appropriate and shall provide input and feedback into the development of the Construction Cost Budget.
- b. The Construction Cost Budget will inform the District's Construction Budget for the Project. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.

4. **Presentation**

If requested, Architect, along with any involved consultant(s), shall present and review with the District and, if directed, with the District's Governing Board, the summary and detail of work involved in this Phase, including two-dimensional renderings of any proposed facility suitable for public presentation.

5. **Deliverables and Numbers of Copies**

Within thirty (30) days of the end of this Phase, Architect shall provide to the District an electronic copy of the following items produced in this Phase:

- a. Architectural Program (include comparison between developed program and "model" program, include narrative explaining any substantial deviations);
- b. Site Plan;
- c. Revised Construction Cost Budget;
- d. Final Schedule of Services;
- e. Meeting Reports/Minutes from the Kick-off and other meetings; and
- f. Renderings, if requested by District.

6. **Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops minimally on a bi-weekly basis.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

D. SCHEMATIC DESIGN PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Architect shall prepare for the District's review a Schematic Design Study, containing the following items as applicable to the Project scope, as follows:

1. Prepare and review with District staff a scope of work list and work plan identifying specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Also identified will be milestone activities or dates, specific task responsibilities of the Architect, required completion times necessary for the review and approval by the District and by pertinent regulatory agencies and additional definition of deliverables.
2. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.
3. **Architectural**
 - a. Scaled floor plans showing overall dimensions, identifying the various major areas and their relationship. Include circulation and room-by-room tabulation of all net usable floor areas and a summary of gross floor area. Also, provide typical layouts of major equipment or operational layout.
 - b. Preliminary building exterior elevations and sections in sufficient detail to demonstrate design concept indicating location and size of fenestration.
 - c. As applicable, identify proposed roof system, deck, insulation system, and drainage technique.
 - d. Identify minimum finish requirements, including ceiling, floors, walls, doors, windows, and types of hardware.
 - e. Identify code requirements, include occupancy classification(s) and type of construction.
4. **Structural**
 - a. Layout structural systems with dimensions and floor elevations. Identify structural systems (including pre-cast, structural steel with composite deck, structural steel bar joists) with preliminary sizing identified.

- b. Identify foundation systems (including fill requirements, piles, caissons, spread footings) with preliminary sizing identified.

5. **Mechanical**

- a. Calculate block heating, ventilation, and cooling loads including skin versus internal loading.
- b. Select a minimum of two (2) HVAC systems that appear compatible with loading conditions for subsequent life cycle costing.
- c. Show selected system on drawings as follows:
 - (i) Single line drawing(s) of all mechanical equipment spaces, ductwork and pipe chases.
 - (ii) Location and preliminary sizing of all major equipment and duct work in allocated spaces.
 - (iii) Schematic piping.
 - (iv) Temperature control zoning.
- d. Provide design criteria to include the intent base of design for the Project.
- e. Evaluate and confirm the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

6. **Electrical**

- a. Calculate overall approximate electrical loads.
- b. Identify proposed electrical system for service, power, lighting, low voltage and communication loads, including proposed or planned additional buildings or other facilities on the Project site.
- c. Show system(s) selected on drawings as follows:
 - (i) Single line drawing(s) showing major distribution system.
 - (ii) Location and preliminary sizing of all major electrical systems and components including:

- (A) Load centers.
 - (B) Main panels.
 - (C) Switch gear.
- d. Provide design criteria to include the intent base of design for the Project.
 - e. Evaluate and confirm the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

7. **Civil**

- a. Develop on and off site utility systems such as sewer, water, storm drain, firewater lines and fire hydrants.
- b. Identify surface improvements including roadways, walkways, parking (with assumed wheel weights), preliminary finish grades and drainage.
- c. Coordinate finish floor elevations with architectural site plan.

8. **Specifications**

Prepare outline specifications of proposed architectural, structural, mechanical and electrical materials, systems and equipment and their criteria and quality standards. Architect is to use District's standardized equipment/material list for new construction and modernization in development of the Project design and specifications. Architect shall review and comment on District's construction bid contracts and contract documents (the "Division 0" and "Division 1" documents) as part of its Services under the Agreement.

9. **Construction Cost Budget**

Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding Phase, the following conditions apply to the revised Construction Cost Budget:

- a. Schematic Estimates: This estimate consists of unit cost applied to the major items and quantities of work. The unit cost shall reflect the complete direct current cost of work. Complete cost includes labor, material, waste allowance, sales tax and subcontractor's mark-up.
 - (i) General conditions shall be applied separately. This estimate shall be prepared by specification section and summarized by the CSI categories.

- b. The estimate shall separate the Project's building cost from site and utilities cost. Architect shall submit to the District the cost estimating format for prior review and approval.
- c. Escalation: all estimates shall be priced out at current market conditions. The estimates shall incorporate all adjustments as appropriate, relating to mid-point construction, contingency, and cost index (i.e. Lee Saylor Index).
- d. The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
- e. Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Architect shall coordinate with the District and Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- f. At the end of this Phase, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.

10. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Architect shall provide to the District a hard copy of the following items produced in this phase, together with one (1) copy of each item in electronic format:

- a. Breakdown of Construction Cost Budget as prepared for this Phase;
- b. Meeting reports/minutes;
- c. Schematic Design Package with alternatives;
- d. Statement indicating changes made to the Architectural Program and Schedule;
and
- e. Copy of the DSA file, including all correspondence and meeting notes to date, or notification in writing that Architect has not met or corresponded with DSA.

11. Presentation

- a. Architect shall present and review with the District the detailed Schematic Design.

- b. The Schematic Design shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

12. **Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops minimally on a bi-weekly basis.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

E. DESIGN DEVELOPMENT PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Architect shall prepare from the accepted deliverables from the Schematic Design Phase, the Design Development Phase documents consisting of the following for each proposed system within Architect's scope of services:

1. Architectural

- a. Scaled, dimensioned floor plans with final room locations including all openings.
- b. 1/8" scale building sections showing dimensional relationships, materials and component relationships.
- c. Exterior elevations of all proposed new buildings, existing buildings to be renovated and all architectural elements of the Project.
- d. Identification of all fixed equipment to be installed in Project.
- e. Interior finishes identified and located within the rooms of all buildings.
- f. Site plan completely drawn with beginning notes and dimensions including grading and paving.
- g. Preliminary development of details and large scale blow-ups.
- h. Legend showing all symbols used on drawings.
- i. Floor plans identifying all fixed and major movable equipment and furniture.
- j. Further refinement of Outline Specifications for architectural, structural, mechanical, electrical, civil and landscape manuals, systems and equipment.
- k. Typical reflected ceiling development including ceiling grid and heights for each ceiling to be used, showing:
 - (i) Light fixtures.
 - (ii) Ceiling registers or diffusers.
 - (iii) Access Panels.

2. **Structural**

- a. Structural drawings with all major members located and sized.
- b. Establish final building and floor elevations.
- c. Preliminary specifications.
- d. Preliminary calculations for the structural systems including lateral force resistive systems, foundations, and all structural system components.
- e. Identify foundation requirement (including fill requirement, piles) with associated soil pressure, water table and seismic center.

3. **Mechanical**

- a. Heating and cooling load calculations as required and major duct or pipe runs sized to interface with structural.
- b. Major mechanical equipment should be scheduled indicating size and capacity.
- c. Ductwork and piping should be substantially located and sized.
- d. Plumbing plans for the Project shall indicate numbers and locations of fixtures and be in conformance with the code-mandated fixture count requirements of the Project.
- e. Devices in ceiling should be located.
- f. Legend showing all symbols used on drawings.
- g. More developed Outline Specifications indicating quality level and manufacture.
- h. Control Systems identified.
- i. Further evaluation and confirmation of the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

4. **Electrical**

- a. All lighting fixtures should be located and scheduled showing all types and quantities of fixtures to be used, including proposed lighting levels for each usable space.
- b. All major electrical equipment should be scheduled indicating size and capacity.

- c. Complete electrical distribution including a one-line diagram indicating final location of switchboards, communications, controls (high and low voltage), motor control centers, panels, transformers and emergency generators, if required. Low-voltage system includes fire alarm system, security system, clock and public address system, bell system, voice-data system, and telecom/technology system.
- d. Legend showing all symbols used on drawings.
- e. More developed and detailed Outline Specifications indicating quality level and manufacture.
- f. Further evaluation and confirmation of the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

5. **Civil**

- a. Further refinement of Schematic Design Phase development of on and off site utility systems for sewer, electrical, water, storm drain and fire water. Includes, without limitation, pipe sizes, materials, invert elevation location and installation details.
- b. Further refinement of Schematic Design Phase roadways, walkways, parking and storm drainage improvements. Includes details and large scale drawings of curb and gutter, manhole, thrust blocks, paved parking and roadway sections.

6. **Bid Documents**

Architect shall review and comment on District's construction bid contracts and contract documents (the "Division 0" documents and "Division 1" documents) as part of its Services under the Agreement.

7. **Construction Cost Budget**

- a. Revise the Construction Cost Budget for the Project. Along with the conditions identified in the Agreement and the preceding Phases, the following conditions apply to the revised Construction Cost Budget:
 - (i) Design Development Estimate: This further revised estimate shall be prepared by specification section, summarized by CSI category and divided by trade and work item. The estimate shall include individual item unit costs of materials, labor and equipment. Sales tax, Contractor's mark-ups, and general conditions shall be listed separately.

- (ii) The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
 - (iii) At this stage of the design, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.
- b. Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.

8. Deliverables and Numbers of Copies

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one (1) copy of each item in electronic format:

- a. Design Development drawing set from all professional disciplines necessary to deliver the Project;
- b. Specifications;
- c. Revised Construction Cost Budget; and
- d. Copy of the DSA file, including all correspondence and meeting notes to date, or notification in writing that Architect has not met or corresponded with DSA.

The Design Development deliverables shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

9. Meetings

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops minimally on a bi-weekly basis.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

F. CONSTRUCTION DOCUMENTS PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Architect shall prepare from the accepted deliverables from the Design Development Phase the Construction Documents consisting of the following for each proposed system within Architect's scope of work. All Projects subject to DSA's jurisdiction shall be submitted for review, back check, and approval, under the electronic plan review process ("EPR process"), rather than paper submission.

1. Construction Documents – 100% / Completion Stage:

a. Architectural

- (i) Completed site plan.
- (ii) Completed floor plans, elevations, and sections.
- (iii) Architectural details and large blow-ups completed.
- (iv) Finish, door, and hardware schedules completed, including all details.
- (v) Site utility plans completed.
- (vi) Fixed equipment details and identification completed.
- (vii) Reflected ceiling plans completed.

b. Structural

- (i) Structural floor plans and sections with detailing completed.
- (ii) Structural calculations completed.

c. Mechanical

- (i) Large scale mechanical details complete.
- (ii) Mechanical schedules for equipment completed.
- (iii) Completed electrical schematic for environmental cooling and exhaust equipment.
- (iv) Complete energy conservation calculations and report.

d. **Electrical**

- (i) Lighting and power plan showing all switching and controls. Fixture schedule and lighting details completed.
- (ii) Distribution information on all power consuming equipment, including lighting, power, signal and communication device(s) branch wiring completed.
- (iii) All electrical equipment schedules completed.
- (iv) Special system components plans completed.
- (v) Electrical load calculations completed.

e. **Civil**

All site plans, site utilities, parking and roadway systems completed.

f. **Construction Cost Budget**

- (i) Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding phases, Architect shall update and refine the fifty percent (50%) Construction Documents Phase revisions to the Construction Cost Budget.
- (ii) The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Architect.
- (iii) Architect shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Architect shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- (iv) At this stage of the design, the Construction Cost Budget shall not include any design contingencies in excess of the cost estimates.

g. **Specifications**

- (i) Complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

- (ii) No part of the specifications shall call for a designated material, product, thing, or service by specific brand or trade name unless:
 - (A) The specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service, as required by Public Contract Code section 3400, or
 - (B) The designation is allowable by specific allowable exemptions or exceptions pursuant to Public Contract Code section 3400.
- (iii) Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District and only with District's prior approval.
- (iv) At one hundred percent (100%) review, District shall review the Specifications and shall direct Architect to make corrections at no cost to the District.
- (v) Coordination of the Specifications with specifications developed by other disciplines.
- (vi) Specifications shall be in CSI format.

h. Constructability Review

The District and/or its designee, at its sole discretion, shall have the right to conduct a constructability review of the Construction Documents. A report shall be given to the Architect who shall make necessary changes along with providing written comments for each item listed in the report. Conducting a constructability review does not excuse the Architect's obligation to provide Services that shall comply with professional architectural standards, including the standard of care applicable to architects designing public school facilities and applicable requirements of federal, state, and local law.

i. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Architect shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- (i) Working drawings;
- (ii) Specifications;
- (iii) Engineering calculations;

- (iv) Construction Cost Budgets;
- (v) Statement of requirements for testing and inspection of service for compliance with Construction Documents and applicable codes;
- (vi) Copy of DSA file including all correspondence, meeting, minutes or reports, back-check comments, checklists to date; and
- (vii) Statement indicating any authorized changes made to the design from the last Phase and the cost impact of each change on the previously approved Construction Cost Budget. If no design changes occur but shifts of costs occur between disciplines, identify for District review.

2. Construction Documents Final Back-Check Stage:

- a. The Construction Documents final back-check stage shall be for the purpose of the Architect incorporating all regulatory agencies' comments into the drawings, specifications, and estimate. All changes made by the Architect during this stage shall be at no additional cost to the District.
- b. The final contract documents delivered to the District upon completion of the Architect's work shall be the Bid Set and shall consist of the following:
 - (i) Specifications: Original word-processed technical specifications on reproducible masters in CSI format.
- c. Architect shall update and refine the Consultants' completed Contract Documents.
- d. Conclusion of Construction Document Phase requires final stamp-out by DSA.

3. Meetings

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops minimally on a monthly basis.

G. BIDDING PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Architect shall perform Bidding Phase services for District as follows:

1. Contact potential bidders and encourage their participation in the Project.
2. Coordinate the development of the bidding procedures and the construction Contract Documents with the District.
3. The development of the bidding procedures and the construction Contract Documents shall be the joint responsibility of the District and Architect. Nevertheless, Architect will use all due care and diligence to confirm that its plans and specifications and all other information provided by or on behalf of the District to potential bidders discloses and publishes any potentially relevant information that could, in any way, have an impact on a Contractor's cost of performance.
4. While the Project is being advertised for bids, all questions concerning intent shall be referred to the District for screening and subsequent processing through Architect.
5. In the event that items requiring interpretation of the drawings or specifications are discovered during the bidding period, those items shall be analyzed by the Architect for decision by the District as to the proper procedure required. Corrective action will be in the form of an addendum prepared by the Architect and issued by the District.
6. Attend bid opening.
7. Coordinate with Architect Consultants.
8. Respond to District and potential bidder questions and clarifications.
9. Deliverables and Number of Copies

Within thirty (30) days of the end of this Phase, Architect shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- a. Meeting report/minutes from the kick-off meeting;
- b. Meeting report/minutes from the pre-bid site walk; and
- c. Upon completion of the Bidding Phase, Architect shall produce a Conforming Set of plans and specifications incorporating all addenda issued thus far. Architect shall supply District with two (2) complete, reproducible sets of plans and specifications marked as a Conforming Set.

H. CONSTRUCTION CONTRACT ADMINISTRATION PHASE

Upon District's acceptance of Architect's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Architect shall perform Construction Contract Administration Phase services for the District as follows:

1. Architect's responsibility to provide basic services for the Construction Phase under the Agreement commences with the award of the contract for construction and terminates upon satisfactory performance and completion of all tasks in this phase and commencement of the Closeout Phase or upon the District's terminating the Agreement, whichever is earlier.
2. **Construction Oversight and Project Certification Process**
 - a. Architect shall ensure that the Project Inspector is approved by the DSA for the Project by submitting the applicable Inspector's Qualification Record (form DSA 5 or more current version) to and by obtaining approval from the DSA prior to commencement of construction and prior to requesting issuance of project inspections cards (form DSA 152 or more current version).
 - b. Architect shall request issuance of the proper number of project inspection cards (forms DSA 152 or more current version) by electronically submitting form DSA 102-IC (or more current version) to the DSA after the construction contract has been awarded. Architect shall provide project inspection cards to the Project Inspector prior to commencement of construction.
 - c. Prior to commencement of construction, Architect shall provide (1) a copy of the DSA approved construction documents and (2) the DSA approved Statement of Structural Tests and Special Inspections (form DSA 103 or more current version) prepared by Architect to the Project Inspector and Laboratory of Record.
 - d. Architect shall prepare and submit a Contract Information form (form DSA 102 or more current version) for all construction contracts.
 - e. Architect shall maintain such personal contact with the Project as is necessary to assure themselves of compliance, in every material respect, with the DSA-approved construction documents. Personal contact shall include visits to the Project site by the Architect or engineer or their qualified representative to observe construction.
 - f. Architect shall notify DSA as to the disposition of materials noted on laboratory testing, and/or special inspection, reports as not conforming to the DSA-approved construction documents.
 - g. Architect shall respond to DSA field trip notes as necessary.

- h. Architect shall submit an interim Verified Report (form DSA 6-AE or more current version) to the DSA electronically and a copy to the Project Inspector for each of the applicable nine (9) sections of form DSA 152 prior to the Project Inspector signing off that section of the project inspection card.
- i. Architect shall submit a Statement of Final Actual Project Cost (form DSA 168 or more current version) to the DSA.
- j. Architect shall submit Verified Reports (form DSA 6-AE or more current form) to the DSA and to the Project Inspector if any of the following events occur: (1) when construction is sufficiently complete in accordance with the DSA-approved construction documents so that the District can occupy or utilize the Project; (2) work on the Project is suspended for a period of more than one month; (3) the services of the Architect are terminated for any reason prior to completion of the Project; or (4) DSA requests a Verified Report.

3. Change Orders

- a. Architect shall review all of Contractor's change order requests to determine if those requests are valid and appropriate. Architect shall provide a recommendation to District as to whether the change should be approved, partially approved, returned to the Contractor for clarification, or rejected.
- b. Architect shall furnish all necessary Construction Change Documents and additional drawings for supplementing, clarifying, and/or correcting purposes and for change orders. The District shall request these Construction Change Documents and drawings from the Architect, which shall be provided at no additional cost unless designated as Extra Services by the District. The original tracing(s) and/or drawings and contract wording for change orders shall be submitted to the District for duplication and distribution.

4. Submittals

- a. Architect shall review and approve or take other appropriate action upon Contractor's submittals such as: shop drawings, Project data, samples and Construction Change Documents, but only for the purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.
- b. Architect shall review Contractor's schedule of submittals and advise the District on whether that schedule is complete. Architect shall provide the District with proposed revisions to this schedule and advise the District on whether the District should approve this schedule.

- c. Architect's action upon Contractor's submittals shall be taken as expeditiously as possible so as to cause no unreasonable delay in the construction of the Project or in the work of Contractor(s), while allowing sufficient time in the Architect's professional judgment to permit adequate review. In no case shall the review period associated with a single, particular submittal exceed twenty-one (21) calendar days from its receipt by the Architect. Architect's response to each submittal shall be a substantive and acceptable response. This twenty-one (21)-day time period shall not include time when a submittal is within the District's control or if the submittal is being reviewed by DSA. In no way does this provision reduce Architect's liability if it fails to prepare acceptable documents.
5. **RFIs.** During the course of construction as part of the basic services, Architect must respond to all Requests for Information ("RFI") as expeditiously as possible so as not to impact and delay the construction progress. In no case shall the review period associated with an RFI exceed seven (7) calendar days from receipt by the Architect. Architect's response to each RFI shall be a substantive and acceptable response. This seven-day time period shall not include time when a submittal is within the District's control or if the submittal is being reviewed by DSA. In no way does this provision reduce the Architect's liability if it fails to prepare acceptable documents. Architect must verify that RFIs are passed through the Project Inspector, if any.
6. **Notices of Deficient Work.** On the basis of on-site observations, Architect shall keep the District informed of the progress and the quality of the work, and shall endeavor to guard the District against defects and deficiencies in the work. Architect shall timely notify the District in writing of any defects or deficiencies in the work by any of the District's Contractors that Architect may observe. However, Architect shall not be a guarantor of the Contractor's performance.
7. **As-Built Drawings.** Architect shall review and evaluate for District the Contractor(s)' documentation of the actual construction performed during the Project that the Contractor(s) should prepare and submit as As-Builts. As-Builts are documents that show the actual construction performed during the Project, including changes necessitated by Construction Change Documents and change orders, and detailed by the District's construction Contractor(s) on a Conforming Set.
8. **Record Drawings.** Architect shall incorporate all information on all As-Builts, sketches, details, and clarifications, and prepare one (1) set of final Record Drawings for the District. The Record Drawings shall incorporate onto one (1) set of drawings, all changes from all As-Builts, sketches, details, and clarifications, including, without limitation, all requests for information, Construction Change Documents and change orders based upon the construction Contractor's representations of actual construction. Architect shall deliver the Record Drawings to the District at completion of the construction in a format acceptable to the District, and it shall be a condition precedent to the District's approval

of Architect's final payment. Architect may insert the following notice on the Record Drawings:

These drawings [or corrected specifications] have been prepared based on information submitted, in part, by others. Architect has provided a review consistent with its legal standard of care.

9. **O&M Manuals and Warranties.** Architect shall review equipment, operation and maintenance manuals, and a complete set of warranty documents for all equipment and installed systems, to ensure that they meet the requirements of the plans and specifications.
10. **Start-up.** Architect shall also provide, at the District's request, architectural/engineering advice to the District on start-up, break-in, and debugging of facility systems and equipment, and on apparent deficiencies or defects in construction following the acceptance of the Contractor's work.
11. **Payment Statements.** Recommendations of Payment by Architect constitute Architect's representation to the District that work has progressed to the point indicated to the best of Architect's knowledge, information, and belief, and that the quality of the work is in general conformance with the Contract Documents.

12. **Deliverables and Number of Copies**

Within thirty (30) days of the end of this Phase, Architect shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- a. Meeting report/minutes from the kick-off meeting;
- b. Observation reports; and
- c. Weekly meeting reports.

13. **Meetings**

During this Phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops minimally on a bi-weekly basis.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

I. CLOSE OUT PHASE

1. As the Construction Administration Phase progresses, Architect shall perform the following Close Out Phase services for the District as required in a timely manner:
 - a. Architect shall review the Project and observe the construction as required to determine when the Contractor has completed the construction of the Project and shall prepare punch lists of items that remain in need of correction or completion.
 - b. Architect shall collect from the Contractor, review, and forward to the District all written warranties, operation manuals, and spare parts with Architect's recommendation as to the adequacy of these items.
 - c. Architect shall prepare or collect, as applicable, and provide to DSA, all reports required by DSA related to the design and construction of the Project.
 - d. Architect shall respond to the DSA "90-day" letter.
 - e. Architect shall obtain all required DSA approval of all Construction Change Documents and addenda to the Contractor's contract.
 - f. Architect shall prepare a set of As-Built Drawings for the Project, as required by the District.
 - g. Architect shall review and prepare a package of all warranty and O&M documentation.
 - h. Architect shall organize electronic files, plans and prepare a Project binder.
 - i. Architect shall have primary responsibility to coordinate all Services required to close-out the design and construction of the Project with the District and among Consultants.
2. When the design and construction of the Project is complete, the District shall prepare and record with the County Recorder a Notice of Completion for the Project.
3. **Deliverables and Number of Copies**
 - a. Punch list; and
 - b. Upon completion of the Project, all related Project documents, including As-Builts and Record Drawings. These are the sole property of the District.

4. Meetings

During this phase, Architect shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as needed.

EXHIBIT "B"

CRITERIA AND BILLING FOR EXTRA SERVICES

The following Extra Services to the Agreement shall be performed by Architect if needed and if authorized or requested by the District:

- A. Providing services as directed by the District that are not part of the Basic Services of this Agreement, or otherwise included within **Exhibit "A."**
- B. Providing deliverables or other items in excess of the number indicated in **Exhibit "A."** Before preparing, providing, sending, or invoicing for extra deliverables, Architect shall inform the District that expected deliverables may be in excess of the number indicated in **Exhibit "A,"** so that the District can procure the additional deliverables itself or direct Architect to procure the deliverables at the District's expense or on the District's account at a specific vendor.
- C. Making revisions in drawings, specifications, or other documents when such revisions are required by the enactment or revisions of codes, laws, or regulations subsequent to the preparation of the Conforming Set.
- D. Providing consultation concerning replacement of work damaged by fire or other cause during construction and furnishing services required in connection with replacement of that work.
- E. Providing services made necessary by the default of Contractor(s).
- F. In the absence of a final Certificate of Payment or Notice of Completion, providing services more than ninety (90) days after the date of completion of work by Contractor(s) and after Architect has completed all of its obligations and tasks under the Agreement.
- G. Providing services as an expert and/or witness for the District in any mediation, arbitration, and/or trial in which the Architect is (1) not a party, and (2) did not in any way cause the dispute that is being adjudicated.
- H. The following rates, which include overhead, administrative cost, and profit, shall be utilized in arriving at the fee for Extra Services and shall not be changed for the term of the Agreement.

Job Title	Hourly Rate
Principal In Charge:	\$345.00
Senior Project Manager:	\$255.00
Project Manager:	\$225.00
Senior Project Architect:	\$240.00
Project Architect:	\$210.00
Designer:	\$175.00
Intern Designer::	\$175.00
Project Administrator:	\$120.00

- I. The mark-up on any approved reimbursable item of Extra Services shall not exceed five percent (5%).
 - 1. The following items are approved for mark-up:
 - a. Sub-consultant Invoices.
 - 2. Any approved item of Extra Services not identified in the above list may not be marked-up.

J. **Format and Content of Invoices** (Extra Services Only)

Architect acknowledges that the District requires Architect’s invoices to include detailed explanations of the Services performed. For example, a six hour charge for “RFIs and CORs” is unacceptable and will not be payable. A more detailed explanation, with specificity, is required. This includes a separate entry for each RFI, PCO, CCD and change order. For example, the following descriptions, in addition to complying with all other terms of this Agreement, would be payable. The times indicated below are just placeholders:

Review RFI 23; review plans and specifications for response to same; prepare responses to same and forward to contractor, district, construction manager, and project inspector.	0.8 hours
Review COR 8; review scope of same and plans and specifications for appropriateness of same; prepare draft change order and language for same.	0.7 hours
Review COR 11; review scope of same and plans and specifications for appropriateness of same; prepare rejection of COR 11 for review by district, CM, IOR.	1.2 hours

SCHEDULE OF SERVICES

- A. Promptly after the execution of this Agreement, Architect shall prepare and submit for approval to the District a Schedule of Services showing the order in which Architect proposes to carry out Architect's Services ("Schedule of Services"). The Schedule of Services shall apply to the completion of all Services listed hereunder within the times established by this Agreement. The Schedule of Services shall be in the form of a progress chart clearly delineating all important increments and review dates. Architect shall update the Schedule of Services on a monthly basis and deliver two (2) hard copies and one (1) electronic copy to the District along with the monthly billing.
- B. Architect shall complete Services required under the Schematic Design Phase within One (1) month after written authorization from District to proceed.
- C. Architect shall complete Services required under Construction Documents Phase within Five (5) months after written authorization from District to proceed, and as more specifically indicated below. Excluded from this duration is the time associated with DSA review the Construction Documents back-check stage.
 - 1. Construction Documents 1 month
 - 2. Bidding/Procurement/Award 1 month
 - 3. Construction Administration 2 months
 - 4. Project Closeout 1 month
- D. The durations stated above include the review periods of 5 months required by the District.
- E. All times to complete tasks set forth in this Exhibit are of the essence, as indicated in the Agreement. If delays in the Schedule of Services are incurred as a result of the District's inability to comply with requested meeting schedules, Architect shall maintain the right to request an adjustment in the Schedule of Services if deemed necessary to meet the deadlines set forth in this Exhibit. If approved, those extensions shall be authorized in writing by the District.

INSURANCE REQUIREMENTS

- A. Architect shall procure, prior to commencement of the Services of this Agreement and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services hereunder by the Architect, his agents, representatives, employees and Consultant(s). Architect's liabilities, including but not limited to Architect's indemnity or defense obligations, under this Agreement shall not be deemed limited in any way to the insurance coverage required herein. Maintenance of specified insurance coverage is a material element of this Agreement and Architect's failure to maintain or renew coverage or to provide evidence of renewal during the term of this Agreement, as required or when requested, may be treated by the District as a material breach of contract.
- B. **Minimum Scope and Limits of Insurance:** Coverage shall be at least as broad as the following scopes and limits. Umbrella or Excess Liability policies are acceptable where the need for higher liability limits is noted and shall provide liability coverages that at least follow form over the underlying insurance requirements where necessary for Commercial General Liability, Commercial Automobile Liability, Employers' Liability, and other liability coverage (except Professional Liability) designated under this Section B – Insurance Requirements." Minimum Scope of Insurance:
1. **Commercial General Liability.** Two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to each project/location or the general aggregate limit shall be twice the required occurrence limit.
 2. **Commercial Automobile Liability.** Two million dollars (\$2,000,000) per accident for bodily injury and property damage.
 3. **Workers' Compensation Liability.** For all of the Architect's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, Architect shall keep in full force and effect, a Workers' Compensation policy.
 4. **Employers' Liability.** For all of the Architect's employees who are subject to this Agreement, Architect shall keep in full force and effect, an Employment Practices Liability policy with minimum liability coverage of two million dollars (\$2,000,000) per occurrence.
 5. **Professional Liability.** This insurance shall cover the prime design professional and his/her consultant(s) on a Claims Made basis for two Million Dollars (\$2,000,000) aggregate limit subject to no more than two hundred thousand dollars (\$200,000) per claim deductible, coverage to continue through completion of construction plus two (2) years thereafter.

- C. District reserves the right to modify the limits and coverages described herein, with appropriate credits or changes to be negotiated for such changes.
- D. **Deductibles and Self-Insured Retention:** Architect shall inform the District in writing if any deductibles or self-insured retention exceeds two hundred thousand dollars (\$200,000). At the option of the District, either:
1. The District can accept the higher deductible;
 2. Architect's insurer shall reduce or eliminate such deductibles or self-insured retention as respects the District, its officers, officials, employees and volunteers; or
- E. **Other Insurance Provisions:** The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:
1. The District, its representatives, consultants, trustees, officers, officials, employees, agents, and volunteers ("Additional Insureds") are to be covered as additional insureds as respects liability arising out of activities performed by or on behalf of the Architect; Instruments of Service and completed operations of the Architect; premises owned, occupied or used by the Architect; or automobiles owned, leased, hired or borrowed by the Architect. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds.
 2. For any claims related to the projects, Architect's insurance coverage shall be primary insurance as respects the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of Architect's insurance and shall not contribute with it.
 3. Architect shall provide an endorsement that the insurer waives the right of subrogation against District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.
 4. Architect's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
 5. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the Additional Insureds.
 6. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the District.
 7. Architect shall pay all insurance premiums, including any charges for required waivers of subrogation or the endorsement of additional insureds. If Architect fails to

maintain insurance, District may take out comparable insurance, and deduct and retain amount of premium from any sums due Architect under the Agreement.

8. Architect shall require all sub consultants to maintain the level of insurance Architect deems appropriate with respect to the consultant's scope of the Work unless otherwise indicated in the Agreement. Architect shall cause the sub consultants to furnish proof thereof to District within ten (10) days of District's request. Should Architect not require sub consultants to provide the same level of insurance as is required of Architect, as provided in this Agreement, Architect is not relieved of its indemnity obligations to District or fulfilling its insurance requirements as provided in this Agreement.
- F. **Acceptability of Insurers:** Insurance is to be placed with insurers admitted in California with a current A.M. Best's rating of no less than A: VII. Architect shall inform the District in writing if any of its insurer(s) have an A.M. Best's rating less than A: VII. At the option of the District, the District may either:
1. Accept the lower rating; or
 2. Require Architect to procure insurance from another insurer.
- G. **Verification of Coverage:** Prior to commencing with its provision of Services under this Agreement, Architect shall furnish District with:
1. Certificates of insurance showing maintenance of the required insurance coverages; and
 2. Original endorsements affecting general liability and automobile liability coverage. The endorsements are to be signed by a person authorized by that insurer to bind coverages on its behalf. All endorsements are to be received and approved by the District before Services commence.
- H. **Copy of Insurance Policy(ies):** Upon the District's request, Architect will furnish District with a copy of all insurance policies related to its provision of Services under this Agreement.

Hi everyone,

The CDE approved both van purchases. Robert, see below, I submitted requests for approvals for two of the vans that you sent the bid for. Have a wonderful weekend.

Daniel,

The Capital Outlay request using 2021-22 CTEIG funds for one (1) Ford Transit Van (Engineering – School of Science and Engineering) in the amount of \$98,779.74 is APPROVED. Please move forward with your purchase. In addition, please make sure these funds are expended by **12/31/23**, for this is the last day to spend 2021-22 CTEIG funds.

Best,

Shallie

Hi Shallie,

Thank you for the feedback. It looks like the used van we were looking at it no longer available. The new quote is for a different Van. There are two capital outlay forms and one quote (because we want to buy two of the vans). Please let me know if there are any issues and have a wonderful weekend.

Daniel,

Thank you again for submitting your Capital Outlay request. Returning the request for the following edits and additional information needed. If you have questions prior to resubmission, please reach out to me.

1. Quote missing: Please provide a quote for the vehicle from the vendor provided to you within the last 30 days. The Capital Outlay form and the quote must match amounts.
2. Check all that apply: All boxes in this category must be selected or the request will be denied
3. Cost of item vs amount of CTEIG inconsistent: Cost of item listed as \$33,995 and Amount of CTEIG listed as \$80,000. Please revise these amounts based on the quote received from the vendor. If the purchase is intended to be split cost between Perkins and CTEIG, please divide the amount(s) on page 2 to equal the amount of the quote provided from the vendor
4. CALPADS codes – Please list the sequence of courses with CALPADS codes that the equipment being purchased will be used for
5. CTE Technical Standards – Using [CTE Model Curr Stds: Engineering and Arch - Standards and Framework \(CA Dept of Education\)](#), identify the skill attainment this equipment purchase will provide to CTE students in the career pathway.

6. When you respond with the revised Capital Outlay request form, please attach additional information for the other CTE pathways utilizing the equipment. Include instructor name, industry sector, the list of sequence of courses with CALPADS course codes that the equipment will be used for, and the CTE technical standards to identify the skill attainment the equipment purchase will provide to CTE students in the career pathway.
7. The main website for the CTE Model Curriculum Standards is under construction. I have all the individual websites for the CTE Model Curriculum Standards saved. If the purchase will benefit a separate pathway, please let me know and I will send you the link to the CTE Model Curriculum Standards for that pathway.

Best,

Shallie

Hi Daniel,

If a PO was able to be cut by 12/22, it's reasonable to expect delivery by end of Jan. The requisition would need to be approved by PRC on their 12/11 or 12/18 review dates. Once you've received CDE approval and the requisition is submitted, please let me know so I can prep for PRC.

Also, there are some guidelines for the drivers of the vans. Please see an email attached from Ron Hill to Youth Development regarding the DMV pull-program and drug and alcohol testing for drivers.

Hi Robert,

We received some wonderful news. They revised the guidance on the grant and we can order the vans. We will work on doing the paperwork on our end. Would January be a reasonable expectation for delivery?

Daniel,

I just had a conversation with Colby (our Admin) about vehicle purchases and want to follow up with good news and revised guidance. For requests using 2021-22 funds, the funds need to be encumbered by 12/31/2023. CTEIG will allow LEAs to spend and receive or encumber and expect. As long as the funds are encumbered, spent, or in a Purchase Order by 12/31/2023, the vehicle can be received by your LEA in January.

If the vehicle purchase is still an option and you have questions on how to proceed, please reach out to me and/or submit a Capital Outlay request.

Best,

Shallie

CAUTION! This email originated from outside the California Department of Education. Be careful of links and attachments.

Hi Shallie,

I hope you are doing well. I ironically just attended a dinner with David and some mutual partners of ours and I should have asked him this question. We are spending down our CTEIG and have some remaining funds. There are some vans that we want to order to help with transporting students to WBL and CTE leadership events. The vans can be encumbered by 12/30 but not expensed and delivered. Would this suffice for spending down CTEIG before 12/30?

and
Rose Family Creative Empowerment Center

Amendment No. 1

The agreement between Sacramento City Unified School District (“District” or “SCUSD”) and the Rose Family Creative Empowerment Center (“RFCEC” or “Provider” or “Contractor”) dated June 19, 2023 (“Effective Date”) is hereby amended as follows:

B. Payment. For provision of services pursuant to this Agreement, District shall reimburse RFCEC for direct services not to exceed **\$2,033,048.29**, which represents an increase of \$235,308.00 to the agreement. The increase is due to serving more students than what was originally written in the contract.

The table below includes the funding breakdown.

Breakdown:

- Students to Staff Ratio in grades 1st through 8th is 20 to 1.
- Students to Staff Ratio in grades TK/K is 10 to 1.
- 1st through 8th grade programs are funded at \$12.60 per student per day.
- TK/K programs are funded at \$20 per student per day.
- All sites with TK/K programs need to have one assistant program manager at the site. Assistant program manager need to be minimum of six hours each day or more, and must not be counted in the students to staff ratio.

AGREEMENT FOR SERVICES
Between
SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
Youth Development Support Services Department
and
Rose Family Creative Empowerment Center

The Sacramento City Unified School District (“District” or “SCUSD”) and the Rose Family Creative Empowerment Center (“RFCEC” or “Provider” or “Contractor”) collectively hereinafter referred to as “the Parties” and individually hereinafter referred to as “the Party” hereby enter into this Agreement for program services (“Agreement”) effective on June 19, 2023 (“Effective Date”) with respect to the following recitals:

RECITALS

WHEREAS, the District desires to engage Rose Family Creative Empowerment Center to develop, maintain and sustain summer programs that offer support services to John Still K-8 and Parkway Elementary, and enrichment activities supporting the *SummerMatters@SCUSD* programs at the above-mentioned schools from June 26 – August 4. The contractor will also provide services at the Phoenix Park Community Center from July 31 to August 25. This collaboration is designed to keep students engaged in learning opportunities during the summer intercession, improve academic performance, provide students with active and exciting learning opportunities, literacy development, daily physical fitness opportunities, nutritious breakfast and lunch, promote healthy lifestyle choices and provide opportunities for parents to actively participate in their children’s education;

WHEREAS, the District desires to engage Rose Family Creative Empowerment Center to continue and strengthened its work within the Meadowview neighborhood of Sacramento using Freedom School model at John Still K-8 and Parkway Elementary.

WHEREAS, the District desires to engage Rose Family Creative Empowerment Center to develop, maintain and sustain programs that offer support services to John Still K-8, Parkway Elementary, Phoenix Park Apartments, Susan B. Anthony and Luther Burbank High, and enrichment activities supporting the Expanded Learning programs at the above-mentioned schools during the 2023-2024 school year. This collaboration is designed to provide students opportunities to expand learning, promote academic achievement, increase attendance, assist children to achieve challenging state content standards, provide opportunities for parents/guardians to actively participate in their children’s education, provide safe, supervised, and high-quality expanded learning care for students.

All RFCEC employees who will be working with students must abide by all local, California, and federal applicable law, including FERPA, 20 U.S.C. 1232g, and Ed. Code section 49060 *et seq.*, which limits personally identifiable student records without parental consent with limited exceptions. All employees who will be working with students in-person or virtually must undergo a criminal background investigation by SCUSD.

NOW THEREFORE, THE PARTIES AGREE AS FOLLOWS:

A. Roles and Responsibilities.

- i. RFCEC shall adhere to scope of services outlined in SCUSD Contract: Terms and Conditions;

Attachment A, Scope of Services; Attachment B, Expanded Learning Program Expectations; and all expectations outlined in the SCUSD Expanded Learning Program Manual.

- ii. District shall adhere to scope of services outlined in Attachment A. District shall provide funding pursuant to Paragraph B directly below. District shall provide and coordinate space and location of all District-sponsored expanded learning professional development, meetings, and trainings. District shall coordinate the convening of all contractors to facilitate program planning and modifications as reasonably practicable.
- iii. District's obligation to proceed with the services is conditioned upon the appropriation of state, federal and other sources of funds not controlled by District. District will have the right to terminate the Agreement without damage, penalty, cost or further obligation in the event that through no action or inaction on the part of District, the funding is withdrawn.
- iv. District may, by written notice stating the extent and effective date thereof terminate the Agreement for convenience in whole or in part, at any time with 30 days' notice. District will pay Contractor as full compensation the pro rata Agreement price for performance through the date of termination.

B. Payment.

- i. For provision of services pursuant to this Agreement, District shall pay RFCEC for direct services not to exceed **\$1,797,740.29** (which includes 18 hours of training for 40 RFCEC Expanded Learning employees at the rate of \$20 per employee including agency's admin cost) to be made in installments upon receipt of properly submitted invoices.
- ii. The contractor must provide access to its program and fiscal records for audits and any other state or federal site visits.
- iii. Non-submission of the accurate fiscal and program data in a timely manner may have fiscal implications such as withholding of the payments.
- iv. Within one month of commencement of the services outlined in this Agreement, the Provider shall provide documentation supporting that it is able to meet the required target attendance. Failure to provide evidence of meeting target attendance may result in the corrective action plan for the contractor and the site staff. Failing to meet the target attendance for 90 school days will result in a reduction as agreed upon by both parties.
- v. If the average daily attendance surpasses 10% of the targeted attendance, the contractor reserves the right to submit a request for additional funding.

Breakdown Summer Programs (Freedom School) 2023

- Students to Staff Ratio: Agency will provide staffing based on the ratio 10:1. The Program Manager at each site must not be counted in the ratio. Staff must be present 30 minutes before the start time and 30 minutes after the closing time/or until all the students are picked up.
- The total days (29) include programming from June 26 through August 4 with July 4th being off.
- Phoenix Park and Parkway Program for TK/K are funded at \$29.32 per student per day and \$29.65 per student per day respectively.
- All programs will run from 8:00 to 5:00 p.m.
- Phoenix Park Community Center program will run from July 31 through August 25.

Description of Freedom School

- The Children’s Defense Fund Freedom School program is proudly rooted in the American Civil Rights Movement and the courageous efforts of college-age youth to make a difference in the lives of young people. Through Collaboration with the Children’s Defense Fund, RFCEC addresses the racial and income-based opportunity gap by engaging students in literacy development, social-emotional development, and providing culturally relevant programming during the critical summer months.

ELOP for Training Hours = \$14,400.00

The final installment shall not be invoiced by RFCEC or due until completion of all obligations pursuant to this Agreement.

C. Independent Contractor. While engaged in providing the services in this Agreement, and otherwise performing as set forth in this Agreement, RFCEC and each of RFCEC employees, is an independent contractor, and not an officer, employee, agent, partner, or joint venturer of the District.

D. Insurance Requirements. Prior to commencement of services and during the life of this Agreement, Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office (ISO) form CG 00 01, in an amount not less than two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. Contractor's general liability policies shall be primary and shall not seek contribution from the District's coverage and be endorsed with a form at least as broad as ISO form CG 20 10 or CG 20 26 to provide that District and its officers, officials, employees, and volunteers shall be additional insureds under such policies.

Sexual Abuse and Molestation Insurance

- a. Sexual Abuse and Molestation Insurance is required with limits not less than five million dollars (**\$5,000,000**) per occurrence. This insurance shall cover potential claims of sexual abuse or molestation.

- b. The Sexual Abuse and Molestation coverage must either be included under a General Liability policy or obtained in a separate policy. Any policy inception date, continuity date, or retroactive date must be before the effective date of this agreement, and Contractor agrees to maintain continuous coverage through a period no less than three years after completion of the services required by this agreement.

E. Fingerprinting Requirements.

- i. As required by SCUSD, all individuals that come into contact with SCUSD students must undergo a criminal background investigation by SCUSD. RFCEC agrees that any employee it provides to District shall be subject to the fingerprinting and TB requirements set forth in the California Education Code. The agency will be notified upon clearance. Upon receipt of a subsequent arrest notification from DOJ, SCUSD shall within 48 hours notify RFCEC of such a subsequent arrest notification. If an employee is disqualified from working for District pursuant to the requirements of the California Education Code, RFCEC agrees to provide a replacement employee within 15 days of receiving notification that the previous employee has been disqualified. Failure to adhere to the terms of this provision is grounds for termination of the Agreement.
- ii. RFCEC further agrees and certifies that any employee providing services directly to any student(s) of SCUSD whether qualifying as a Mandated Reporter as defined by California Penal Code §11165.7(a), or not, shall be provided annual training on child abuse and mandated reporting of child abuse or neglect utilizing an evidence-based training method which includes training on how to recognize conduct of adults which may trigger reasonable suspicion of abuse of children, i.e., “red-flag” or “grooming” behaviors. Failure to adhere to the terms of this provision is grounds for termination of the Agreement

F. Confidential Records and Data. Each Party shall not disclose confidential records received from the other Party, including student records pursuant to FERPA, 20 U.S.C. § 1232g, et seq., and California Education Code Section 49060, et seq. RFCEC shall maintain the confidentiality of student or pupil records and shall not disclose such records to any third parties without the express written approval of the District. In the event a Party receives a request for disclosure of such confidential records, whether under the California Public Records Act, a duly-issued subpoena, or otherwise, said Party shall tender the request to the other Party who shall be responsible for addressing said request, including the defense of its claim of confidentiality. The Party asserting its claim of confidentiality shall hold harmless and defend the Party receiving such request from any liability, claim, loss, cost, attorney’s fees and damages, as adjudged by a court of competent jurisdiction, arising out of a refusal to disclose such confidential records.

G. Period of Agreement.

- i. The term of this Agreement shall be from June 19, 2023 through June 14, 2024. This Agreement may be terminated by either Party at any time, for any reason, with or without cause, by providing at least thirty (30) days written notice.
- ii. The District may terminate this Contract with cause upon written notice of intention to terminate for cause. A Termination for Cause shall include: (a) material violation of this Agreement by RFCEC;

(b) any act by RFCEC exposing the District to liability to others for personal injury or property damage; or (c) RFCEC is adjudged as bankrupt; RFCEC makes a general assignment for the benefit of creditors, or a receiver is appointed on account of the RFCEC's insolvency.

- iii. Ten (10) calendar days after service of such notice, the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, or this Agreement shall cease and terminate. In the event of such termination, the District may secure the required services from another contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charged to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party or no later than three days after the day of mailing, whichever is sooner.

H. Indemnity. The Parties understand and agree that certain rights and obligations are governed by California Education Code section 38134(l), which states:

- i. Any school district authorizing the use of school facilities or grounds under subdivision (a) shall be liable for any injuries resulting from the negligence of the district in the ownership and maintenance of those facilities or grounds. Any group using school facilities or grounds under subdivision (a) shall be liable for any injuries resulting from the negligence of that group during the use of those facilities or grounds. The district and the group shall each bear the costs of defending itself against claims arising from those risks. Notwithstanding any provision of law, this subdivision shall not be waived. Nothing in this subdivision shall be construed to limit or affect the immunity or liability of a school district under Division 3.6 (commencing with Section 810) of title 1 of the government Code, for injuries caused by a dangerous condition of public property.
- ii. Accordingly, RFCEC agrees to indemnify and hold harmless the District and its successors, assigns, trustees, officers, employees, staff, agents and students from and against all actions, causes of action, claims and demands whatsoever, and from all costs, damages, expenses, charges, debts and liabilities whatsoever (including attorney's fees) arising out of any actual or alleged act, omission, willful misconduct, negligence, injury or other causes of action or liability proximately caused by RFCEC and/or its successors, assigns, directors, employees, officers, and agents related this Agreement. RFCEC has no obligation under this Agreement to indemnify and hold harmless the District and is not liable for any actions, causes of action, claims and demands whatsoever, and for any costs, damages, expenses, charges, debts or other liabilities whatsoever (including attorney's fees) arising out of any actual or alleged act, omission, negligence, injury or other causes of action or liability proximately caused by the District and/or its successors, assigns, trustees, officers, employees, staff, agents or students. The Parties expressly agree that the indemnity obligation set forth in this Agreement shall remain in full force and effect during the term of this Agreement. The Parties further agree that said indemnity obligations shall survive the termination of this Agreement for any actual or alleged act, omission, negligence, injury or other causes of action or liability that occurred during the term of this Agreement.

- I. Use of Facilities. Neither RFCEC, nor its employees, agents, guests nor invitees are authorized to use any other real property or physical improvements to real property, other than the facilities covered by this Agreement. RFCEC's use of the District's facilities shall not interfere with the District's ability to carry on educational activities, interfere with the District's ability to carry on recreational activities,

or interfere with other potential users' authorized right to use District property. At all times, RFCEC shall comply with the District's rules, regulations, and policies, copies of which are deemed to have been provided to RFCEC prior to the execution of this Agreement. RFCEC is responsible for ensuring that its Directors, Officers, agents, employees, contractors, guests, invitees, and participants, as well as any other individual who may attend or view the contemplated activities at the sites, comply with these requirements. RFCEC shall ensure that the District's property is not altered, modified, or changed in any manner absent the District's express prior and written consent. Failure to comply with these obligations shall, at the discretion of the District, be a basis to immediately terminate this Agreement. RFCEC waives any claim against the District for damages relating to its use of the facilities, including, but not limited to, theft or destruction of the User's property.

- J. Nondiscrimination. It is the policy of the District that in connection with all services performed under contract, there will be no discrimination against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, handicap, religious creed, sex, gender identity, sexual orientation, age or marital status. RFCEC agrees to comply with applicable federal and California laws including, but not limited to, the California Fair Employment and Housing Act.
- K. Severability. If any provisions of this Agreement are held to be contrary to law by final legislative act or a court of competent jurisdiction inclusive of appeals, if any, such provisions will not be deemed valid and subsisting except to the extent permitted by law, but all other provisions will continue in full force and effect.
- L. Applicable Law/Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of California. If any action is instituted to enforce or interpret this Agreement, venue shall only be in the appropriate state or federal court having venue over matters arising in Sacramento County, California, provided that nothing in this Agreement shall constitute a waiver of immunity to suit by the District.
- M. Assignment. This Agreement is made by and between RFCEC and the District and any attempted assignment by them, their successors or assigns shall be void unless approved in writing by the Parties.
- N. Entire Agreement. This Agreement constitutes the entire agreement between RFCEC and the District with respect to the subject matter hereof and supersedes all previous negotiations, proposals, commitments, writings, advertisements, publications and understandings of any nature whatsoever, with respect to the same subject matter unless expressly included in this Agreement. The Parties hereby waive the presumption that any ambiguities in a contract are read against the drafter of same. The Parties further agree and represent that each of them are the drafters of every part of this Agreement.
- O. Amendments. The terms of this Agreement shall not be amended in any manner except by written agreement signed by the Parties.
- P. Execution in Counterparts. This Agreement may be executed in counterparts such that the signatures of the Parties may appear on separate signature pages. Facsimile or photocopy signatures shall be deemed original signatures for all purposes.
- Q. Authority. Each party represents that they have the authority to enter into this Agreement and that the undersigned are authorized to execute this Agreement.

R. Approval/Ratification by Board of Education. To the extent the Agreement exceeds an expenditure above the amount specified in Education Code section 17605, this Agreement, as to any such exceeded amount, is not enforceable and is invalid unless and until the exceeded amount is approved and/or ratified by the governing board of the Sacramento City Unified School District, as evidenced by a motion of said board duly passed and adopted.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed.

Sacramento City Unified School District and Rose Family Creative Empowerment Center:
Scope of Services
Attachment A

DISTRICT shall:

1. Provide support for program evaluation.
2. Recognize in all sponsored events and on brochures, flyers, and promotional materials as appropriate.
3. Provide a district Expanded Learning Specialist for each school that will provide the support and guidance needed to operate the Expanded Learning program.
4. Meet monthly with the Program Managers to identify program needs, assistance, and successes.
5. Designate a school staff contact person to work directly with the Program Manager for program planning, assistance in hiring staff and to address any implementation issues.
6. Help train program staff and volunteers on school procedures and the education/curriculum materials being used at the school that should be integrated into the program.
7. Help recruit students into the program and provide the program access to parents of participating students.
8. Help provide parents/students forums to obtain feedback on the program, what is working and what new services/program elements need to be added or modified.
9. Provide space for the program to operate, including office space for the Program, classroom space for classes and activities, and storage space for program supplies/materials.
10. Provide Expanded Learning snack/supper that is consistent with requirements of the USDA.
11. Help coordinate custodial and storage needs of the program.
12. Meet regularly with the District contact person, RFCEC site liaison and site administrator to identify program needs, successes and assistance.
13. Provide a "Mid-Year" Partnership Report addressing strengths and areas for improvement for future partnership.

Rose Family Creative Empowerment Center shall:

1. Provide Expanded Learning services according to Expanded Learning Opportunities Program, ASES, and 21st Century grant guidelines.
2. The program will establish minimum qualifications for each staff position that at a minimum, ensure that all staff members who directly supervise pupils meet the minimum qualifications for an instructional aide, pursuant to the policies of Sacramento City Unified School District.
3. Work collaboratively with the District and the school to create a comprehensive program plan for the Expanded Learning program. RFCEC will share the program plan with all stakeholders including school site administrators.
4. Follow the Expanded Learning Procedural Manual. It is the responsibility of the contractor to include SCUSD's Expanded Learning Program Manual information in their trainings. All program managers will have access to the Program Manual .
5. All Expanded Learning staff are required to read District's *Return to Health* plan (including appendixes) posted on District's website and follow the instructions written in the plan. <https://returntogether.scusd.edu/return-health>

The contractor must submit the first general ledger on or before January 31, 2024 covering July 1 through December 31, 2023 time period. The second general ledger must be submitted on or before July 31, 2024 covering January 1 through June 30 time period

7. The contractor is required to submit documentation of time accounting of their employees. Time accounting or time/effort records are to be submitted twice along with general ledgers.
8. Maintain and retain sign in sheets, registration forms and program activities records throughout the period of the grant. Failure to provide these documents to the District upon request is grounds for termination of this contract. It is required that the contractor maintain the documentation of the program plan for a minimum of five years.
9. Comply with requirements of the USDA related to administration and operation of Expanded Learning snack and other District-sponsored nutrition programs including SCUSD's Wellness Policy.
10. Per District policies and protocol, agency staff will administer required medications prescribed by a student's health care provider/doctor.
11. Supply the staff with materials, supervision and volunteer recruitment for designated school sites. It is expected that all staff are available three days prior to the beginning of the program, one day after the last day of the program and three days for trainings. The three training days will be paid based on the estimated number of employees for SCUSD contracted sites.
12. Develop special activities and field trips for the sites individually and collectively.
13. Attend and provide monthly reports at designated agency directors' meetings, monthly RFCEC meetings, monthly RFCEC Program Managers meetings, as well as other planning meetings as necessary.
14. Work collaboratively with the others outside RFCEC contracted by the District to provide expanded learning services at school sites as permitted under the district's policies and applicable local, state and federal law.
15. Communicate progress of project/partnership development on a timely and consistent manner to the District.
16. Communicate new partnership opportunities with the District.
17. Advertise, when possible, project/partnership in newspaper, events, press releases, *etc.* with the prior approval of the District.
18. Provide at least one full time Program Manager/per site that is employed until the termination of this Agreement. All after school instructional aides should be at the site for a minimum of 25 hours per week. All before school instructional aide should be at the site for 15 hours per week.
19. Program Manager will regularly attend school staff meetings. If they are absent on the day of the staff meeting, they will send their designee to the staff meeting.
20. Provide sufficient staffing to maintain a 20:1 students/staff ratio in grades 1 – 12 classes, and 10 to 1 ratio in TK and K classrooms. RFCEC will provide reports and updates to the District regarding the number of staff, salaries and hours of employment at each of their contracted site upon request.
21. Utilize the Youth Development Support Services Quality Assurance tool, or a Self-Assessment Tool for Expanded Learning programs as the monitoring and evaluation device on a monthly basis.
22. Meeting with the Program Manager and District contact person to identify program needs, successes and areas for assistance.
23. During the week of when faculty returns, the program provider is expected to host meet and greet hours for the whole school staff.
24. Act as liaison with parents/community in supporting family engagement.
25. Expanded Learning staff will engage/participate in all school site events such as Family Engagement Nights, Fund Raising events, Back to School Night etc.
26. Other areas as agreed upon by the Parties.

 Program Expectations
 Attachment B

District Expectations for Expanded Learning Programs:

The following guidelines are set forth to establish clear communication between the District staff and contracted Expanded Learning Programming RFCEC regarding District expectations.

1. RFCEC and their staff will adopt and work within the social justice youth development framework as they operate District programs. This may include:
 - a. Creating opportunities for youth-led activities and service learning
 - b. Involving youth in the decision-making process when appropriate
 - c. Encouraging youth civic engagement
 - d. Incorporating social emotional learning and restorative practices
2. RFCEC and their staff will be knowledgeable of and adhere to the regulations established in the Expanded Learning manual, including, but not limited to:
 - a. Requirements for Safety
 - b. Training on Child Sexual Abuse Prevention to all agency staff
 - c. Communication Protocol
 - d. Medical Protocol
 - e. District Disciplinary Protocol
 - f. SCUSD Wellness Policy
 - g. Cell phone policy, Dress Code
 - h. Volunteer Process – Policies, Procedures, Protocols. Agency is required to follow the guidelines set forth in District's Volunteer Protocol.
3. RFCEC will maintain an environment that is physically and emotionally safe for children/youth and staff at all times during District Learning. This includes:
 - a. Adequate supervision that includes keeping students within the visual line of sight for staff (age appropriate) at all times - excluding restroom breaks.
 - b. Clear, positively stated program rules and expectations.
 - c. Engage in active supervision at all times including moving through program space, scanning environment and interacting with students to help prevent incidents from occurring.
 - d. Follow all field trip policies and procedures
 - e. Using cell phones only as needed to communicate with parents/guardians of children for incident and pickup purposes
 - f. Absolutely no contact with students through personal phones or social media. Agency cell phones and District or agency's email should be used to communicate program related information to families and students.
4. SCUSD – YDSS Area representatives, RFCEC and their staff will communicate effectively and regularly with each other and maintain accurate contact information. This means:
 - a. Checking and answering e-mails and phone message daily
 - b. Incidents, issues and concerns will be communicated to the district within 24 hours
 - c. Regular and clear communication with parents via newsletters, phone calls, e-mails etc.
 - d. Checking district (Outlook) email regularly
 - e. Entering attendance daily in *Infinite Campus*

- f. Clean and organized paperwork (e.g. sign-in sheets, registration forms, and other documentation)
5. Program staff will conduct themselves in a professional manner at all times by being:
 - a. Easily identifiable to parents and school staff by wearing badges in plain view while on duty
 - b. Prepared and ready at least 30 minutes prior to start of programming
 - c. Regularly assess student interest via student surveys, classroom discussions, suggestion boxes etc., and make adjustments when necessary to ensure continued student engagement
 - d. Adhering to dress code policies in alignment with their school site, site handbook regulations, site administration guidelines and expectations
6. In order to support academic achievement, RFCEC/staff should:
 - a. Have a general knowledge of the academic standing of their students in their program
 - b. Align Expanded Learning programs to the regular school day
 - c. **Each program site will have their own program plan based on the needs of their students**
 - d. Meet with administrators and teachers regularly. Maintain regular communication with site administrator or site designee
 - e. Be a part of the school community. Participate in staff meetings, school site council, school events such as Back to School Night, Open House etc.
 - f. A representative from each provider agency should serve on at least one school site committee such as the School Site Council, Safety Committee etc.
7. Review the School Accountability Report Card for your school site. This information is posted at
<https://www.scusd.edu/post/2020-2021-school-accountability-report-cards>
8. Program Managers will perform on-going program observations utilizing the Expanded Learning Walk-Thru form in order to provide feedback to their staff.
9. All 21st Century Learning Centers/ASSETs programs must assess the need for family literacy services among adult family members of students served by the program. Based on that need, all programs must, at a minimum, either refer families to existing services or coordinate with Youth Development Support Services to deliver literacy and educational development services.
10. Area representatives will evaluate Expanded Learning programs based on student participation, adherence to the above-mentioned guidelines, and on the analysis of the various assessment tools.
11. Agencies will participate in SCUSD's parent and youth voice survey with at least 85% response rate and will collaborate as needed with outside SCUSD contracted agencies to support data and evaluation practices
12. Program managers and instructional aids will participate in district offered professional development.
13. Agency will include information about sexual harassment and child sexual abuse prevention (including identifying grooming behaviors) in all new employee orientations as required under applicable state and federal law.

AMENDMENT#4 - EXHIBIT C

**GUARANTEED MAXIMUM PRICE AND
OTHER PROJECT COST, FUNDING, AND PAYMENT PROVISIONS**

1. Site Lease Payments

As indicated in the Site Lease, Developer shall pay One Dollar (\$1.00) to the District as consideration for the Site Lease.

2. Guaranteed Maximum Price

Pursuant to the Facilities Lease, Developer will cause the Project to be constructed for an amount to be determined after preconstruction services are completed ("Guaranteed Maximum Price"). The Guaranteed Maximum Price shall include the preconstruction fees and costs.

2.1 Cost of the Work

The term Cost of the Work shall mean the costs necessarily incurred in the proper performance of the Work contemplated by the Contract Documents. Such costs shall be at rates no higher than the standard paid at the place of the Project except with the prior consent of the District. The Cost of the Work shall include only the items set forth in this Section 2 and approved by the District.

2.1.1 General Conditions

The General Conditions as set forth in **Attachment 1** hereto shall be included in a progress billing as incurred. Said rates shall include all costs for labor, equipment and materials for the items identified therein which are necessary for the proper management of the Project, and shall include all costs paid or incurred by Developer for insurance, permits, taxes, and all contributions, assessments and benefits, holidays, vacations, retirement benefits, incentives to the extent contemplated in **Attachment 1**, whether required by law or collective bargaining agreements or otherwise paid or provided by Developer to its employees. The District reserves the right to request changes to the personnel, equipment, or facilities provided as General Conditions as may be necessary or appropriate for the proper management of the Project, in which case, the District shall be entitled to a reduction in the cost of General Conditions based on the rates set forth in **Attachment 1**.

2.1.2 Subcontract Costs

Payments made by the Developer to Subcontractors (inclusive of the Subcontractor's bonding, if required, and insurance costs, which shall be included in the subcontract amount), which payments shall be made in accordance with the requirements of the Contract Documents.

2.1.3 Developer-Performed Work

Costs incurred by Developer for self-performed work at the direction of District or with the District's prior approval, as follows:

2.1.3.1 Actual costs to Developer of wages of construction workers, excluding all salaried and/or administrative personnel, directly employed by Developer to perform the construction of the Work at the site.

2.1.3.2 Wages or salaries and customary benefits, such as sick leave, medical and health benefits, holidays, vacations, incentive programs, and pension plans of Developer's field supervisory, safety and administrative personnel when stationed at the site or stationed at Developer's principal office, only for that portion of their time required for the Work.

2.1.3.3 Wages and salaries and customary benefits, such as sick leave, medical and health benefits, holidays, vacations, incentive programs and pension plans of Developer's supervisory or administrative personnel engaged at factories, workshops or on the road, in expediting the production or transportation of materials or equipment required for the Work, but only for that portion of their time required for the Work.

2.1.3.4 Costs paid or incurred by Developer for taxes, insurance, contributions, assessments required by law or collective bargaining agreements and for personnel not covered by such agreements, and for customary benefits such as sick leave, medical and health benefits, holidays, vacations and pensions, provided such costs are based on wages and salaries included in the Cost of the Work under Subparagraphs 2.1.3.1 through 2.1.3.3.

2.1.3.5 Costs, including transportation and storage, of materials and equipment incorporated in the completed construction, including costs of materials in excess of those actually installed to allow for reasonable waste and spoilage. Unused excess materials, if any, shall become the District's property at the completion of the Work or, at the District's option, shall be sold by Developer. Any amounts realized from such sales shall be credited to the District as a deduction from the Cost of the Work.

2.1.3.6 Costs, including transportation and storage, installation, maintenance, dismantling and removal of materials, supplies, machinery and equipment not customarily owned by construction workers, that are provided by Developer at the site and fully consumed in the performance of the Work; and cost (less salvage value) of such items if not fully consumed, whether sold to others or retained by Developer. Cost for items previously used by Developer shall mean fair market value.

2.1.3.7 Rental charges for temporary facilities, machinery, equipment, vehicles and vehicle expenses, and hand tools not customarily owned by construction workers that are provided by Developer at the site, whether rented from Developer or others, and the costs of transportation, installation, minor repairs and replacements, dismantling and removal thereof and costs of Developer's Project field office, overhead and general expenses including office supplies, parking, office equipment, and software. Rates and quantities of equipment rented shall be subject to the District's prior approval.

2.1.3.8 Costs of removal of debris from the site, daily clean-up costs and dumpster charges not otherwise included in the cost of the subcontracts which exceeds the clean-up provided under the General Conditions.

2.1.3.9 This section intentionally blank.

2.1.3.10 Costs of materials and equipment suitably stored off the site at a mutually acceptable location, if approved in advance by the District.

2.1.4 Allowances

Because it is impossible at the time of execution of the Facilities Lease to determine the exact cost of performing certain tasks, the Cost of the Work shall include the following Allowances for the Tasks/Work as noted here:

Task/Work	Allowance Amount
N/A	

The Allowance Value for an Allowance Item includes the direct cost of labor, materials, equipment, transportation, taxes and insurance associated with the applicable Allowance Item. All other costs, including design fees, Developer's overall project management and general conditions costs, overhead and fee, are deemed to be included in the original Guaranteed Maximum Price, and are not subject to adjustment regardless of the actual amount of the Allowance Item.

The District shall have sole discretion to authorize all expenditures from the Allowances. The District shall process expenditures from the Allowances in the form of an Allowance Expenditure Directive ("AED"). The Allowances are included in the Guaranteed Maximum Price. Any unused Allowance or unused portion thereof shall be deducted from the Cost of the Work pursuant to **Exhibit D** to this Facilities Lease to the benefit of the District.

2.1.5 Miscellaneous Costs

2.1.5.1 Where not included in the General Conditions, and with the prior approval of District, costs of document reproductions (photocopying and blueprinting expenses), long distance telephone call

charges, postage, overnight and parcel delivery charges, telephone costs including cellular telephone charges, facsimile or other communication service at the Project site, job photos and progress schedules, and reasonable petty cash expenses of the site office. Developer shall consult with District to determine whether District has any vendor relationships that could reduce the cost of these items and use such vendors whenever possible.

2.1.5.2 Sales, use, gross receipts, local business and similar taxes imposed by a governmental authority that are related to the Work.

2.1.5.3 Fees and assessments for permits, plan checks, licenses and inspections for which Developer is required by the Contract Documents to pay including, but not limited to, permanent utility connection charges, street use permit, street use rental, OSHA permit and sidewalk use permit and fees.

2.1.5.4 Fees of laboratories for tests required by the Contract Documents.

2.1.5.5 Deposits lost for causes other than Developer's or its subcontractors' negligence or failure to fulfill a specific responsibility to the District as set forth in the Contract Documents.

2.1.5.6 Expenses incurred in accordance with Developer's standard personnel policy for relocation and temporary living allowances of personnel required for the Work if approved in advance by District.

2.1.5.7 Where requested by District, costs or expenses incurred by Developer in performing design services for the design-build systems.

2.1.5.8 Other costs incurred in the performance of the Work if, and to the extent, approved in advance by District.

2.1.5.9 Costs due to emergencies incurred in taking action to prevent threatened damage, injury or loss in case of an emergency affecting the safety of persons and/or property.

2.1.5.10 Provided all other eligible costs have been deducted from the contingency and as part of the calculation of amounts due Developer for Final Payment, costs of repairing and correcting damaged or non-conforming Work executed by Developer, Subcontractors or suppliers, providing that such damage or non-conforming Work was not caused by negligence or failure to fulfill a specific responsibility of Developer and only to the extent that the cost of repair or correction is not recovered by Developer from insurance, sureties, Subcontractors or suppliers.

2.1.6 Excluded Costs

The following items are considered general overhead items and shall not be billed to the District:

2.1.6.1 Salaries and other compensation of Developer's personnel stationed at Developer's principal office or offices other than the Project Field Office, except as specifically provided in Subparagraphs 2.1.3.2. and 2.1.3.4.

2.1.6.2 Expenses of Developer's principal office and offices other than the Project Field Office.

2.1.6.3 Overhead and general expenses, except as may be expressly included in this Section 2.

2.1.6.4 Developer's capital expenses, including interest on Developer's capital employed for the Work.

2.1.6.5 Costs that would cause the Guaranteed Maximum Price (as adjusted by Change Order) to be exceeded.

2.1.7 Developer's Fee

Four-point two percent (4.2%) of the Cost of the Work as described in Sections 2.1.1, 2.1.2, 2.1.3, 2.1.4 and 2.1.5.

2.1.8 Bonds and Insurance

For insurance and bonds required under this Facilities Lease (exclusive of those required by Subcontractors, which costs are included in the subcontract amounts), that portion of insurance and bond premiums which are directly attributable to this Contract, which is a **lump sum amount of \$420,000 for insurance** and **Point ninety-five percent (.95%) of the Cost of the Work for payment and performance bonds**.

2.1.9 Owner Contingency and Developer Contingency

2.1.9.1 The Guaranteed Maximum Price includes Owner and Developer Contingencies of **Three percent (3%)** for the Owner Contingency and **Three percent (3%)** of the Developer Contingency of the Cost of the Work as described in Section 2.1.1, 2.1.2, and 2.1.3. Intended Uses of Owner Contingency and Developer Contingency:

Owner Contingency is to be used for unforeseen conditions, Owner-requested scope adds, and Owner-directed schedule acceleration. The Owner is responsible for costs that exceed the Owner Contingency. Developer Contingency is to be used for scope gaps. The Developer is responsible for costs that exceed the Developer Contingency. The Owner is responsible for costs that exceed the total Allowance amount.

2.1.9.2 Developer Contingency is not intended for such things as scope changes.

2.1.9.3 The Contingencies shall not be used without the agreement of the District.

2.1.9.4 The unused portion of the Contingency shall be considered as cost savings and retained by the District at the end of the Project.

2.2 The Guaranteed Maximum Price will consist of the amounts to be identified in **Attachment 2** to this **Exhibit C**. Except as indicated herein for modifications to the Project approved by the District, Developer will not seek additional compensation from District in excess of Guaranteed Maximum Price. District shall pay the Guaranteed Maximum Price to Developer in the form of Tenant Improvement Payments and Lease Payments as indicated herein.

2.3 Total Payment

In no event shall the cumulative total of the Tenant Improvement Payments and the Loan Amount for the Lease Payments ever exceed the Guaranteed Maximum Price to be defined, as may be modified pursuant to **Exhibit D** to the Facilities Lease.

2.4 Changes to Guaranteed Maximum Price

2.4.1 The Parties acknowledge that the Guaranteed Maximum Price is based on the Construction Documents, including the plans and specifications, as identified in **Exhibit D** to the Facilities Lease.

2.4.2 As indicated in the Facilities Lease, the Parties may add to or remove from the project specific scopes of work. Based on these change(s), the Parties may agree to a reduction or increase in the Guaranteed Maximum Price. If a cost impact of a change is agreed to by the Parties, it shall be paid upon the payment request from Developer for the work that is the subject of the change in accordance with the provisions of **Exhibit D**. The amount of any change to the Guaranteed Maximum Price shall be calculated in accordance with the provisions of **Exhibit D** to this Facilities Lease.

2.4.3 The Parties agree to reduce the Guaranteed Maximum Price for the unused portion of Allowances and/or Contingency, if any.

2.4.4 Cost Savings

Developer shall work cooperatively with Architect, Construction Manager, subcontractors and District, in good faith, to identify appropriate opportunities to reduce the Project costs and promote cost savings. Any identified cost savings from the Guaranteed Maximum Price shall be identified by Developer, and approved in writing by the District. In the event Developer realizes a savings on any aspect of the Project, such savings shall be added to the Owner's Contingency and expended consistent with the Owner's Contingency. In addition, any portion of Allowance remaining after completion of the Project shall be added to the Owner's Contingency. If any cost savings require

revisions to the Construction Documents, Developer shall work with the District and Architect with respect to revising the Construction Documents and, if necessary, obtaining the approval of DSA with respect to those revisions. Developer shall be entitled to an adjustment of Contract Time for delay in completion caused by any cost savings adopted by District pursuant to **Exhibit D**, if requested in writing before the approval of the cost savings.

2.4.5 If the District exercises its Purchase Option pursuant to this **Exhibit C**, any reduction in the Guaranteed Maximum Price resulting from that exercise of the Purchase Option, if any, shall be retained in full by the District and shall not be shared with Developer.

3. Tenant Improvement Payments

Prior to the District's taking delivery or occupancy of the Project, the District shall pay to Developer an amount equal to the Guaranteed Maximum Price as modified pursuant to the terms of the Facilities Lease, including Exhibit C and Exhibit D, less the Loan Amount for the Lease Payments ("Tenant Improvement Payments"). The District shall withhold an amount equal to the Loan Amount as indicated in Attachment 3 to Exhibit C from the Developer for its Work on the Project. In other words, no further Tenant Improvement Payment will be made to Developer once the amount equal to Guaranteed Maximum Price minus the Loan Amount has been paid. Otherwise, the Tenant Improvement Payments will be processed based on the amount of Work performed according to Developer's Schedule of Values (Exhibit G to the Facilities Lease) and pursuant to the provisions in Exhibit D to the Facilities Lease, including withholding for or escrow of retention/lease payment of five percent (5%) of the Guaranteed Maximum Price. The withholding for the Loan Amount shall be separate from and in addition to withholding for or escrow of retention.

4. Lease Payments

Upon execution of the Memorandum of Commencement Date, the form of which is attached to the Facilities Lease as **Exhibit E**, the District shall commence making lease payments to Developer in accordance with the Schedule attached hereto as **Attachment 2**.

4.1 The Lease Payments shall be consideration for the District's rental, use, and occupancy of the Project and the Project Site and shall be made in monthly installments as indicated in the Schedule of Lease Payments attached hereto as **Attachment 3** for the duration of the lease term of one (1) year, with the first Lease Payment due ninety (90) days after execution of the Memorandum of Commencement Date.

4.2 The District represents that the annual Lease Payment obligation does not surpass the District's annual budget and will not require the District to increase or impose additional taxes or obligations on the public that did not exist prior to the execution of the Facilities Lease.

4.3 Fair Rental Value

District and Developer have agreed and determined that the total Lease Payments constitute adequate consideration for the Facilities Lease and are reasonably equivalent to the fair rental value of the Project. In making such

determination, consideration has been given to the obligations of the Parties under the Facilities Lease and Site Lease, the uses and purposes which may be served by the Project and the benefits therefrom which will accrue to the District and the general public.

4.4 Each Lease Payment Constitutes a Current Expense of the District

4.4.1 The District and Developer understand and intend that the obligation of the District to pay Lease Payments and other payments hereunder constitutes a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or moneys of the District.

4.4.2 Lease Payments due hereunder shall be payable only from current funds which are budgeted and appropriated or otherwise made legally available for this purpose. This Facilities Lease shall not create an immediate indebtedness for any aggregate payments that may become due hereunder.

4.4.3 The District covenants to take all necessary actions to include the Lease Payments in each of its final approved annual budgets.

4.4.4 The District further covenants to make all necessary appropriations (including any supplemental appropriations) from any source of legally available funds of the District for the actual amount of Lease Payments that come due and payable during the period covered by each such budget. Developer acknowledges that the District has not pledged the full faith and credit of the District, State of California or any state agency or state department to the payment of Lease Payments or any other payments due hereunder. The covenants on the part of District contained in this Facilities Lease constitute duties imposed by law and it shall be the duty of each and every public official of the District to take such action and do such things as are required by law in the performance of the official duty of such officials to enable the District to carry out and perform the covenants and agreements in this Facilities Lease agreed to be carried out and performed by the District.

4.4.5 Developer cannot, under any circumstances, accelerate the District's payments under the Facilities Lease.

5. District's Purchase Option

5.1 If the District is not then in uncured Default hereunder, the District shall have the option to purchase not less than all of the Project in its "as-is, where-is" condition and terminate this Facilities Lease and Site Lease by paying the balance of the "Loan Amount" identified in **Attachment 3**, which is exclusive of interest that would have otherwise been owed, as of the date the option is exercised ("Option Price"). Said

payment shall be made on or before the date on which the District's lease payment would otherwise be due for that month ("Option Date").

5.2 District shall provide to Developer a written notice no less than ten (10) days prior to the Option Date. The notice will include that District is exercising its option to purchase the Project as set forth above on the Option Date. If the District exercises this option, the District shall pay directly to Developer the Option Price on or prior to the Option Date and Developer shall at that time deliver to District an executed Termination Agreement and Quitclaim Deed in recordable form to terminate this Facilities Lease and the Site Lease. District may record all such documents at District's cost and expense.

5.3 Under no circumstances can the first Option Date be on or before ninety (90) days after Developer completes the Project and the District accepts the Project.

**RE: SCUSD Oak Ridge Elementary School New Campus – Amendment 4
GMP Cover Letter**

Chris:

We are pleased to present our Guaranteed Maximum Price (GMP) of **\$307,625** for Amendment 4 of the SCUSD Oak Ridge Elementary School New Campus project.

The GMP is based upon the work shown on the 100% CD DSA Approved Increment 1 Addendum 2 Revision 2 plans dated October 30, 2023.

The GMP consists of the following:

A. Direct Cost of Work.....	281,151
B. Fee (4.20%).....	11,809
C. Construction Contingency (3%).....	8,435
D. Owner Contingency (3%).....	8,435
E. Bonds (0.95%).....	2,944

Total Amendment 4 GMP.....\$312,773

GMP Clarification:

This Amendment 4 GMP includes only the following scopes of work; Increment 1 Addendum 2 site work and site concrete work. All other work shown in Increment 1 Addendum 2 DSA Approved drawings will be included in future amendments.

The above GMP does not include all remaining scope of work not specified above or included in previous GMP amendments.

Sincerely,
OTTO CONSTRUCTION
