Board Comments:

President Pritchett thanked staff for the presentation and for providing numbers on COVID-19 testing and vaccine clinics. She asked for clarification on the District HVAC systems. She wanted to know if they are working at full capacity. Director of Facilities Chris Ralston replied yes, that all systems have been looked at and that repairs were made where needed. President Pritchett then asked how the District is incorporating parents in the orientation for Kindergarten, 7th and 9th grades. Mr. Harris explained what is being done. President Pritchett asked if town hall meetings with the principals could be held, and Mr. Harris said that could be set up. President Pritchett also if the delay regarding independent study is due to negotiations. Superintendent Aguilar said that the District is still working with labor partners. He noted that AB 130 is a California mandate and that students will be allowed to return to their home school. President Pritchett asked when negotiations would be taking place, and the Superintendent shared that a meeting is scheduled Tuesday. President Pritchett stated that she has concerns about school safety plans. She asked if the school calls Director of School Safety Ray Lozada and not the police department if there is a fight at school. Mr. Lozada answered that if the situation is out of control and an emergency, then the situation has to be stabilized versus handling internally. However, if it is a situation that can be mitigated to a non-emergency then it can be handled internally. President Pritchett noted that the Sacramento Police Department does not cover most of her Trustee Area and asked if information in the presentation includes the sheriff's department. Mr. Lozada said the District has a relationship with the sheriff's department as well.

Member Phillips asked if the District will be taking some things that the Oakland Unified School District has in their program into Sacramento City Unified School District's program. Mr. Lozada spoke about what Oakland did in many areas and noted that the presentation was specific to response. He said the District can incorporate things from Oakland's program, but also noted that Oakland has a much larger budget and their own police security team. Member Phillips asked about realized savings from scaling down the school resource officer positions. Mr. Lozada replied that a team still needs to be built. Member Phillips asked if the District will host third vaccine shots. Ms. Victoria Flores

said that yes, the District will be looking to do that. Member Phillips asked if special face masks will be provided to students. Ms. Flores said yes. Lastly, Member Phillips said she wants to make sure that questions coming from the public be answered.

Vice President Murawski thanked staff and said the presentation was very detailed. She asked how students will stay on track if they are quarantined. Ms. Baeta said that short-term independent study plans are being finalized to be in alignment with AB 130. Vice President Murawski asked for more detail on what is in place for student lunch seating. Ms. Diana Flores said that picnic tables will not be delivered in time for the start of school, but they are planning to have students sit in the grassy areas and overhangs of the hallways. The students are also allowed to eat indoors by observing social distancing. Vice President Murawski encouraged mandatory testing. Ms. Victoria Flores said that at this time surveillance testing is voluntary. Lastly, Vice President Murawski said she would like Afghan refugee students to be welcomed and also that we need district common assessments.

Member Villa said she also supports regular testing. She wants to make sure that the dashboard contains information from all departments, and she asked how often the District is updating COVID-19 exposures on the dashboard. Ms. Flores said the information is real-time data and that the information updates to the website twice a week. Member Villa also said she would like having more outside spaces at the school sites. She asked if we are fully staffed and ready to go for independent study at Capital City School. Superintendent Aguilar said yes. Member Villa added that she is happy to know that students will be able to return back to their home school. Lastly, she said she would like to see more information on calming stations.

Member Garcia thanked staff for the presentation and the public for calling in. She supports having masks required indoors and outdoors, as well as mandatory testing. She appreciates the release of the dashboard which shows numbers in real time. She spoke about the expanded learning program and also appreciated the clarification that students can return to their school of enrollment. She said she supports the request for a Zoom town hall. Superintendent Aguilar noted that a communication families tool kit is being provided to principals. Member Garcia said she wants to make sure school sites that are welcoming Afghan students be provided with additional resources. Lastly, Member Garcia said she is getting nervous and frustrated with the short time between when a decision is made and when school starts. She asked for a date when families will be given information on independent study. Superintendent Aguilar said his recommendation is to strive to finalize negotiations at the Tuesday session so that all communication can be provided to families no later than Wednesday.

Member Rhodes thanked Member Garcia for her last questions. He noted that the majority of questions from the public were regarding independent study and how students with IEPs can gain access. He said he is happy to hear there is a Tuesday deadline for parents to hear information and that students can return to their school of enrollment from independent study. He said he appreciates the work of the Youth Development Department and their summer program.

Second Vice President Woo thanked staff, and the public for their questions. He said he supports mandatory testing and commented that he is seeing implementation of MTSS.

Superintendent Aguilar thanked Chief Continuous Improvement and Accountability Officer Vincent Harris for his four years of service to the District and presented him with a red marble apple. The Board members all thanked Mr. Harris for his service and said he will be missed; Mr. Harris gave parting words.

10.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

10.1 Facilities Master Plan Update #2 (Rose Ramos) **Information**

The presentation was delivered by Leigh Sata and Nathaniel Browning from Facilities, and Anton Blewett and Mark Covington of the DLR Group. They went over facilities master planning, quantitative and qualitative data, timelines, communication and participation, assessments, condition of facilities, a summary of costs, project priority, and next steps.

*Public Comment:
Mo Kashmiri*

Board Comments:

President Pritchett thanked all involved and noted that this is an informational item that would be brought back at the next regular board meeting.

Member Murawski thanked all for their work and asked if the plan takes into account efficiency measures when prioritizing projects. Mr. Sata said yes, their developed tool does give data, but also has flexibility built in, therefore it does not give an exact list of what will

go first. Vice President Murawski asked what exactly the Board would be adopting in approving the facilities master plan. Mr. Sata replied that the Board would be adopting a set of tools that have been developed and the overall list of projects, but not the order of the projects. He also said there will not be enough money to address every school.

Member Garcia asked if the assessments included growth in terms of traditional kindergarten. Facilities Director Nathaniel Browning said that the bond project will be the governing document which will also be used for projects going forward. Member Garcia said she needs to understand what exactly the Board is approving when it becomes time to approve the facilities master plan.

Member Rhodes said he appreciated the presentation and the equity index.

Second Vice President Woo asked what is the determining factor of demolishing a school versus partial repair. Mr. Sata said there are choices that come down to value for the project and that the solutions will be determined by the architect that takes on the project. He said each school needs to be looked at individually in order to give a specific answer.

Member Garcia said she feels at some point the Board needs to understand what is left in Measure Q, as Measure H does not include athletics. She noted that Hiram Johnson High School needs a baseball field.

President Pritchett said it would be nice to get an update on Measure Q; Superintendent Aguilar said a board communication would be sent.

Second Vice President Woo motioned to move the Item from Conference to Action, and Vice President Murawski seconded. The motion passed unanimously. Member Garcia then motioned to approve, and Second Vice President Woo seconded. The motion passed unanimously.

10.5 Approve Memorandum of Understanding (MOU) with United Professional Educators Successor Collective Bargaining Agreement (Raoul Bozio)

Action

In House Counsel Raoul Bozio went over the key provisions of the MOU.

*Public Comment:
None*

Board Comments:

Member Phillips asked if someone independently is going to look at SCTA's salary schedule and compare it to UPE's. Mr. Bozio said that is correct. Member Phillips asked to clarify that if it is five percent or less, the two will be matched. Mr. Bozio said it is not that they will be necessarily matched, it is that the comparison will be conducted to determine what the difference is between the UPE salaries and our teacher salaries; if it is less than five percent, then negotiations would be re-opened to discuss compensation. Superintendent Aguilar explained that we might have situations where a site leader's salary is less than a teacher's salary.

Member Garcia asked if this is an MOU for successor negotiations or for re-opening. Mr. Bozio answered that it is the successor contract through 2022. Member Garcia made a motion to approve this item, and Vice President Murawski seconded. The motion passed 6-1 with Member Phillips voting no.

11.0 PUBLIC HEARING

11.1 Public Hearing: First Reading of Revised Board Policy 5145.31 (Transgender and Gender Non-Conforming Students) (Raoul Bozio)

First Reading

In House Counsel Raoul Bozio and Student Support and Health Services Director Victoria Flores went over Board Policy 5145.31 and the revisions.

*Public Comment:
None*

Board Comments:

Vice President Murawski asked about language that addressed the basis for the student identification determination. Mr. Bozio replied it is to address the idea that it is not the role of staff to determine or be the gatekeeper of the question of a student's preference in this area in that if there is a question about whether they believe the student has a genuine basis or belief in their gender identity, that question or issue should not fall on staff. They should consult with our Title 9 coordinator or LGBTQ support services program to address their concern before acting in any sort of gatekeeper role and taking any actions that would be unadvised.
