Board Comments:

President Pritchett reminded that the Board has not had a discussion about lifting a mask mandate.

Second Vice President Rhodes thanked staff and community for the Meadowview testing on Florin Avenue and for outreach efforts. He also said he believes safety precautions in the District are strong. He feels it is in the best interests of all to continue wearing masks, and he confirmed the anxiety of the public.

Member Murawski said that the number one priority this year has been getting students back into school. She feels that the District has done a good job of minimizing transmission.

Vice President Garcia thanked Ms. Flores for her comprehensive update. She celebrated progress, testing, and vaccines that have happened at school sites. She asked what next steps will be in terms of Ms. Flores and the Board's role. Ms. Flores said that masks remain to be required until any announcement is made. Superintendent Aguilar spoke about an upcoming meeting with the Sacramento County Office of Public Health and said next steps would come from that meeting. Vice President Garcia asked what happens to the students that are not able to go to in-person learning if the mask mandate becomes optional. Superintendent Aguilar said that independent study would be an option for those students. He also spoke about other aspects of variables in the classroom that could require negotiations with labor partners. Vice President Garcia feels that keeping the mask mandate would cause the least disruption for the remainder of this school year.

*8.2 Culturally Responsive Educational Service Delivery
Model: MTSS Update (Christine Baeta, Jennifer
Kretschman, Erin Hanson, and Bill Tollestrup)*

Information

This item was presented by Chief Academic Officer Christine Baeta, Assistant Superintendent of Curriculum and Instruction Erin Hanson, School of Engineering and Sciences High School Principal Vanessa Buitrago, Will C. Wood Middle School

Principal Mary Cha, and Ethel I. Baker Elementary School Principal Nate McGill. They gave assurance that students have access to high quality instruction and support through the model, reported that existing instructional models and supports are inconsistent, that the District is obligated to design and provide a framework for effective instructional delivery based on “whole child” data, that all District governing body mandates and expert reports call for Multi-tiered Systems of Supports (MTSS), and that the District MTSS implementation is in progress, flexible, and responsive to site needs.

*Public Comment:
Daniel Darby
Terrence Gladney*

Board Comments:

President Pritchett thanked staff for the presentation. She said it is critical to talk about the whole child, especially during upheaval created by the pandemic. She asked why only 60% of 11th graders were tested. Ms. Baeta answered that some of this is fidelity of implementation data, which is end of the year Math assessment data. She pointed out the percentage of students at the grade levels that were actually assessed. She said this remains an area of concern. President Pritchett asked why there is such a difference between this data and the Los Angeles Unified School District. Superintendent Aguilar explained.

Second Vice President Rhodes noted the work that the principals are doing. He looks forward to visiting sites to see MTSS work in process.

Member Villa asked what are the challenges, the minimum standards for MTSS, and how is data transferred when students change schools. Principal McGill went over some of the challenges, which include recognizing the effects of vicarious trauma. He also spoke about the importance of common assessments. Ms. Baeta said that the baseline of assessment is a nationally used rubric. A growth projectory is what is looked for at each school. Principal Buitrago also spoke about challenge areas.

Vice President Garcia asked what is in tier I, II, and III. Principal Buitrago explained site areas of need and how data from areas of need drives intervention in the tiers. Vice President Garcia asked how the school is more uniquely set up to serve students during COVID-19. Principal Buitrago responded.

Member Murawski thanked the team for their work and the presentation. She asked to hear more about racial disparities and inequities, especially for black students. Principals McGill and Buitrago addressed possible causes for the achievement gap and site best practice response.

President Pritchett asked for a motion to extend the meeting to 12:30 a.m. Student Member Zhang motioned and Member Woo seconded. The motion passed.

Member Woo asked what the plan is to roll this out to all schools. Ms. Baeta said that they are implementing a cohort model which includes three cohorts.

Principal Cha spoke about teachers and administrators using their weekly collaboration time.

Member Phillips asked what the social justice and anti-racism aspects are of MTSS. Ms. Baeta said epic work is permeating the entire system and will take time. She said that is what the tier I work is and is also a part of everything.

8.3 Recommendations from the Local Control and Accountability Plan (LCAP) Parent Advisory Committee (PAC) (Steven Ramirez-Fong)

*Public Comment:
Rene Webster Hawkins*

Board Comments:

Second Vice President Rhodes said that he feels the targeted summer program using one-time funds will be key. He feels the District should be moving toward community schools systemically. Regarding social and emotional supports, he noted that extracurricular activities often make students want to attend school.

Member Murawski agreed with Second Vice President Rhodes comments. She also feels it is critical to follow a 100% graduation rate goal.

President Pritchett said she agrees with 100% graduation and the other goals. She appreciates the committee and their commitment.

Superintendent Aguilar thanked the committee as well.

Board Comments:

President Pritchett stated that the resolutions will not result in the layoff of any teachers, but will result in a limited number of layoffs for classified staff. She noted that districts across the states are making similar decisions. Due to declining enrollment, state funds will decrease.

Member Murawski reemphasized some changes that took place this year. She said she is happy to know that no certificated staff would receive a layoff notice and that she would move this item at the appropriate time.

Superintendent Aguilar gave more specifics and asked Ms. Baeta, Ms. McArn, and Ms. Ramos to give more explanation and examples.

Member Phillips asked to clarify that there will be movement, although no layoff notices, for certificated staff. Ms. McArn responded yes. Member Phillips said she would second the motion at the appropriate time.

Member Rhodes asked how the surplus pool impacts schools so that they are not short staffed. He asked how this process better supports students, teachers, and staff so that teachers and staff are not burnt out and can support students. Ms. McArn said that having staff know that they are not being laid off gives security. She explained also how opportunities may continue to be created over the spring and summer through attrition.

President Pritchett asked for a motion to extend the meeting until 1:15 a.m. The motion was given by Member Murawski and seconded by Vice President Garcia. The motion passed 6-1 with Member Phillips voting no.

Member Murawski motioned to approve the item, and Member Phillips seconded. The motion passed unanimously.

Board Comments:

Member Rhodes asked if these layoffs are due to one-time funds that have expired. He also asked if program changes were decisions made by the sites. Finally, he asked how many actual positions are being moved. Ms. McArn replied that the total number identified cannot be determined until after the bumping

analysis. She explained the effect of decisions to close positions by the sites and said the resolution speaks specifically to reductions.

President Pritchett again asked for a motion to extend the meeting. Vice President Garcia motioned to extend the meeting to 1:45 a.m. Second Vice President Rhodes seconded, and the motion passed 6-1 with Member Phillips voting no.

Vice President Garcia asked if the reduction of hours in Nutrition allows enough hours for the next school year, seeing that students will also be receiving breakfast. Ms. Ramos answered that Nutrition Director Diana Flores has already done the analysis to make sure there is appropriate staffing. Vice President Garcia asked what is in place if there needs to be additional positions or hours for classified positions. Ms. Ramos explained various possibilities for funding. Vice President Garcia asked, in future, to have an explanation included giving the reason for each reduction.

Vice President Garcia moved to approve this item, and Member Woo seconded. The motion passed 6-1 with Member Phillips voting no.
