2.0 MAY REVISION AND BUDGET WORKSHOP FOR 2016-2017 (Gerardo Castillo, CPA)

Chief Business Officer Gerardo Castillo said that the presentation is a combination of the May Revision and Budget Workshop. He covered themes presented by the governor. Director Michael Smith of Budget Services joined him to cover the Local Control Accountability Plan (LCAP) priorities and how they align to the budget. They reviewed investments started in 2015-16 and continuing, supplemental and concentration expenditures, and one-time expenditures.

Public Comment:

Carl Pinkston, who is with the Black Parallel School Board and a member of the LCAP advisory committee, expressed a concern with the omission of notebooks for kids in critical schools regarding supplemental and concentrations funds. He also feels there is a need to reduce the number of School Resource Officers. He would like to see more training related to Restorative Justice.

Liz Guillen, of Public Advocates, said that there is flexibility in fund spending but that the spending must demonstrate funds are being used to increase or improve services that are principally directed to meet needs so that goals can be effectively met, especially if done on a district-wide basis as Sacramento City Unified School District has chosen to do. She feels parts of the presentation were not clear.

Board Member Comments:

Member Cochrane asked if we have reduced class sizes this year. Mr. Castillo said yes; for 2015-16 we will be fully compliant with LCFF at 24 to 1. Member Cochrane then asked if funding for counselors is to cover existing counselors or for new counselors. Mr. Castillo replied that it is for existing, but by covering in the manner budgeted funds are freed for the sites to use for other things. He said if the FTE is not covered in this way the positions would be eliminated. Member Cochrane then asked about ROTC funding. Mr. Castillo explained how these positions are covered and said that the positions are to serve high need students. Member Cochrane referred to slide 32 and asked if we are in a deficit. Mr. Castillo said yes, for new revenue versus new expenditures. Member Cochrane asked if the one-time discretionary funds are set. Mr. Castillo said it is still at the proposal stage. Superintendent Banda noted that budget recommendations come from all areas, including input from sites. Part of the process is to get feed-back tonight from the Board.

Vice President Hansen noted that 23% of LCFF increase goes toward retirement funding and asked what that covers. Mr. Castillo said this is pension only and does not include health care. Vice President Hansen asked if 23% has gone to this all along. Mr. Castillo said it has been between 20 and 25%. Vice President Hansen noted that the next generation of students will bear the burden if there is another recession. He then asked about the child development fund. Mr. Castillo explained the funding of the pre-school programs. Vice President Hansen asked how much FTE the restored custodial staff represents. Ms. McArn replied. Vice President Hansen requested more specific information be provided to him later. He also asked for some more information regarding academic and career counseling, how many foster students we currently have, and that the school site council plans for his area be sent to him. He then noted that Public Advocates has just filed a lawsuit against Los Angeles Unified for \$400 million dollars and asked Ms. Guillen some related questions regarding rules around concentration and supplemental funds. Ms. Guillen explained. She feels the single plan should address the school site plans and is concerned that they do not. Vice President Hansen then asked for Public Advocates view on covering costs for teachers; the State Superintendent has said this is justified use. Ms. Guillen said that she disagrees with the interpretation of what the State Superintendent said. District-wide salary increases can be covered with base funding; covering with supplemental and concentration funding must be justified as an increase or improvement in service.

Board Member Woo asked, regarding the 2014-15 general fund balance of 12.5%, if there is a projection for 2016-17. Mr. Castillo said it will be about the same.

President Pritchett recommended rotation of employees, would like funds for the Transportation parking lot used for a school site instead, and asked for more information on active shooter training. Ms. Allen gave clarification on the parking lot. President Pritchett would still like the matter reconsidered.

9.0 PUBLIC COMMENT

Members of the public may address the Board on non-agenda items that are within the subject matter jurisdiction of the Board. Please fill out a yellow card available at the entrance. Speakers may be called in the order that requests are received, or grouped by subject area. We ask that comments are limited to two (2) minutes with no more than 15 minutes per single topic so that as many people as possible may be heard. By law, the Board is allowed to take action only on items on the agenda. The Board may, at its discretion, refer a matter to district staff or calendar the issue for future discussion.

Public Comment:

Willard Hom, a coach and parent at C. K. McClatchy High School, spoke about concerns he has with the condition of the athletic fields and sports facilities.

Christy Correa showed a Land Park News article on the overhead projector. She said she has written letters to District staff members and the Board and not gotten a response. She asked the Board to find an alternative to spending \$45 million dollars on a kitchen when sites like Hiram Johnson and C. K. McClatchy High Schools and underserved students deserve more.

10.0 PUBLIC HEARING

10.1 *Public Hearing on the Initial Charter Petition for Growth Public Schools*
(Jack Kraemer and David Richards)

Conference

Charter Oversight Coordinator Jack Kraemer facilitated the public hearing of the initial charter petition for Growth Public Schools. He introduced lead petitioner David Richards. Mr. Kraemer gave an overview of the charter school, the process for the initial charter petition, the purpose of public hearing, and next steps. Mr. Richards then gave his presentation and introduced Larisa Cespedes who also spoke.

Public Comment:

The following speakers all spoke in favor of the petition:

Gabriel Garcia

Kandace Forrester

Walé Forrester

Cassandra Lopez

Season Eckardt

Geoff Sakala

Kevin Martinez

Kevin Ross

Board Member Comments:

Vice President Hansen asked how diversity will be ensured. Mr. Richards said they look at the demographics of the district and then strategically recruit those demographics. Vice President Hansen noted that our District has a fairly high percentage of special education students, about 16 percent, and he asked if there are parent participation requirements. Mr. Richards replied they encourage 30 hours a year.

Member Woo also commented on the high percentage of special education students and asked how the

school progressed from when the school opened in 2011 to 2013. He also asked about some blank spaces under the 2012 base. Mr. Richards said they did not have enough special education students to create a base for some demographics. He also spoke about why it is risky for special education students to attend schools that are not yet established.

President Pritchett asked how many students were at his Bay Area school. Mr. Richards replied that it is a 400 student high school. The new school will be a K-8 with 600 students in the year 2025. President Pritchett asked where his focus will be on recruiting. Mr. Richards said their approach will be to stay in the City of Sacramento, but they assume they will have students come from Rancho Cordova and other areas due to the location. They feel they will draw from the surrounding area within a 10 minute driving distance.

Member Woo has concerns with declining enrollment at Sacramento City Unified School District. Therefore he suggested other districts, which surround Rancho Cordova, as potential recruiting areas.

10.2 Approve Resolution No. 2892: Material Revision of the Charter for Bowling Green Charter School (Jack Kraemer) **Conference/Action**

Charter Oversight Coordinator Jack Kraemer introduced Susan Gibson, Principal of Bowling Green McCoy Charter School, and Principal Silvia Torres of Bowling Green Chacon Charter School. They gave an overview of the charter school and spoke on District concerns and school responses, statutory requirements for material revisions, and recommendation of charter oversight. The recommendation was for the Board to adopt the resolution.

*Public Comment:
None.*

*Board Member Comments:
Member Arroyo thanked the school staff and principals from both schools for all their work over the last year and a half in collaborating with the District to make the schools stronger.*

Member Woo congratulated the principals and thanked Bowling Green McCoy for their work with special education students. He noted that the dependent charters serve special education students but that the independent charters do not.

Superintendent Banda thanked all those involved in the revisions.

Member Woo motioned to move the Item from Conference to Action, and Member Arroyo seconded. The motion was approved unanimously. Member Arroyo moved to approve the Item, and Member Woo seconded. The Item was unanimously approved.

Board Member Comments:

Member Cochrane thanked the presenters and spoke about the importance of attendance. She thanked the presenters for pinpointing that. She gave some suggestions and made recommendations to her fellow Board members. She suggested providing a pocket card to teachers with an A-B-C list and adding a referral component to the attendance phone system. She feels these would be things that can be done relatively quickly. She also spoke about the importance of communication with identified students.

Second Vice President Ryan complimented Ms. Bell on her leadership and work. She asked what it would take to be able to serve more students and also asked if there is a way to be more thoughtful in leveraging community partners. Ms. Bell answered that they have budgeted out the cost to have an additional position and also talked about current partnership collaborations.

Member Woo thanked the presenters and spoke about My Sister's House. He said that sometime this year they hope to open a shelter for victims of human trafficking. This will be done in collaboration with a two year grant from WEAVE.

Member Arroyo thanked the presenters and spoke about budgeting for the needs of Ms. Bell's department. He spoke about the bigger issues and needs that are connected to this problem. He would like to see this issue come up as a regular item so that this and other issues can be prioritized and acted upon.

Vice President Hansen thanked the presenters. He asked about the 26 students that the department is working with now. Ms. Holmes answered that some are foster youth and some referrals. He also asked what our working relationship is with the County. Ms. Bell said that we are part of a County-wide action team and that the STREAT team was part of the child welfare council's report about two years ago. Vice President Hansen asked the department to ask the Board for help when they are trying to connect with the County in regard to grants and other help.

President Pritchett thanked the presenters. She spoke about project Shine and the budget. She asked the STREAT Team member how the Board can help. She replied that basic needs must be met. Ms. Bell said that we are limited in being able to provide basic needs as per Board policy we are not allowed to purchase clothing and personal items. This would be difficult to do anyway because of budget constraints. All supports happen in the after school space or during lunch time; they are able to leverage funding for staff in this way. Most needs are provided through community partnerships, although those are limited as well. We have used the Clothes Closet before and have partnerships with City of Refuge, Elk Grove Unified School District, and faith-based organizations. President Pritchett noted that the feedback she gets from District teachers is that our mandated reporting training is not sufficient. Chief Human Resource Officer Cancy McArn responded that they will continue to work on this. Ms. Bell said they have gone to school sites and provided additional training upon request. President Pritchett would like to have a Board resolution in January in support of Human Trafficking Month. She would also like to see the STREAT Team working in more schools and asked that the video shown be sent to all Board members.

Member Arroyo asked if the 26 cases they have is their capacity or if that is the number that has come to them. Ms. Bell said that is their capacity; they have had 111 students identified as exploited or at high risk. They collaborate with social workers and other agencies.
