Meeting was called to order by Joseph Stymeist.

Welcome and Introductions:

Joe reintroduced himself and introduced Lynn Plocher, CTE Coordinator. The purpose of the meeting was to review and discuss the infrastructure opportunities being provided by the Career and Technical Education Incentive Grant.

Program Overview and Update:

Joe gave an overview of the current CTE programs and the distribution of CTE teachers in the district. Joe introduced the three projects being proposed and then excused himself for another appointment. Lynn Plocher answered questions about the improvements and the goal of the grant, which is to improve, enhance or expand CTE pathways.

The vote was unanimous to support these projects as funds permit.

Program Needs:

Cindy Kazee asked if we could approve the purchase of four pieces of Haas equipment for the MaD program at J.F. Kennedy High School. Lynn Plocher asked Ms. Kazee if the equipment had been approved by the MaD advisory. Ms Kazee was informed that these items would need to be approved by the program advisory committee first.

Next Meeting: Fall, 2016

The meeting was adjourned at 6:20.
