School Description

Pony Express Elementary School is located in the south end of the district in a middle class family oriented neighborhood. We educate 450 students from kindergarten through sixth grade. Students come from various ethnicities, backgrounds, home languages, and academic abilities. To answer the needs of all of our students, we offer the following programs: Autistic Pre-School, Resource Specialist Program, full day self contained classes Gifted and Talented Education (GATE), English Language Development, Special Day Class (Developmentally), Clubs, tutoring, and after school care through START and 4th "R".

The home/school connection is strong. School advisory groups and Parent Teacher Association (PTA) actively participate at the school. We participate in activities that increase our involvement with the community. We work with various community groups, such as Little League, Greenhaven Soccer Club, and Parks and Recreation to make our school the center for community activities. Our 4th R before- and after-school program works closely with the school to reinforce schoolwork and participates in our fundraising efforts. In addition, our daily after-school only program, START, helps students finish their homework, improve literacy, and participate in enrichment activities.

Pony Express Elementary has received recognition as a S.C.U.S.D Exemplary School and a School On the Move. Seven students out of ten students are at grade level or above, and we have moved many students forward in their achievement. We also have the distinction of being a Title I Academic Achievement School and a Distinguished California Distinguished School. Out of 5,741 public elementary schools in California, only 48 schools can proudly proclaim these double awards in one year.

School Vision: Our vision for success is a safe school where all students are empowered to achieve high academic standards, be critical thinkers and become technologically prepared for a competitive global society.

Goal: Every student will be on grade level or above by the end of sixth grade. To achieve this goal, we ensure that all students demonstrate one to one-and-a-half year's growth per year. We emphasize the basic skills, the facts, the application of skills and facts, and intellectual skills. We develop caring, empathetic, compassionate human beings, and we seek to develop each student's individual strength.

We have high expectations. We provide successful, effective teaching. All students are treated with respect and compassion in an environment where all can meet with success. Our teachers are focused and teach in a way that youngsters acquire positive attitudes toward learning. All students achieve to their highest potential.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Textbooks and instructional materials are reviewed and then piloted across the district. Subsequent adoption by the Board of Education is consistent with the cycle of textbook approval by the State, California School Board. Textbooks are chosen for their alignment with California Content Standards, California Frameworks, and appropriateness for Sacramento City Unified School District students. Textbook sufficiency data is collected annually.

School Facility Conditions and Planned Improvements (Most Recent Year)

The main campus was built in 1964. This school has 13 permanent classrooms, which includes a multipurpose room, a library, and an administrative building. The school also has 9 portables. During the 2002-2003 modernization, renovations and upgrades were made in the following areas: site interior, exterior, plumbing, HVAC, and miscellaneous upgrades. During the summer of 2016, three portables were added due to class size reduction.

The district takes great efforts to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all the schools in the district. A summary of these standards is available at the school office, or at the district operations office. The principal works directly with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The State Legislature established the Deferred Maintenance Fund (DMF) in 1980 to assist districts in maintaining facilities and sites. The District has participated in the Deferred Maintenance Program since its inception. The program requires both the local district and the State of California to share equally in the cost of major deferred maintenance projects, with the maximum contribution from the State limited to approximately one-half of one percent of the District's General Fund and Adult Education Fund operating budgets. For fiscal years 2008-09 through 2012-13, the Deferred Maintenance Program has been included in the State's Tier III Flexibility Program. Therefore, DMF funds received by the District are deposited in the General Fund, and are unrestricted. Due to state budget cuts for 2010-11 these unrestricted funds have not been designated to deferred maintenance purposes. The funds were used as part of the Tier III recommendations approved by the Board on the May 6, 2010 Board Meeting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Our Parent Teacher Association (PTA) offers a myriad of parental involvement opportunities ranging from being a room parent to volunteering at school to donating time and resources to school activities. In addition, parent advisory councils such as English Language Advisory Council (ELAC), and School Site Council (SCC) meet periodically during the year to advise the principal on program and budget decisions. Our parents also attend the district level meetings of each council or committee.

For more information with PTA, contact Erin Fong or Rod Fong at (916) 395-4690

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college career and life, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on the ELA and math Common Core State Standards, the Next Generation Science Standards, English Language Learners, Balanced Literacy and Instructional Strategies for Addressing the Needs of Diverse Learners. These areas of focus were derived from needs assessments coupled with the analysis of student learning of specific content and that is ongoing with follow-up opportunities, models effective practices, and uses assessments to guide and monitor progress. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

These learning experiences, which are offered during the school day and after-school are supported with on-site coaching, are in addition to the required 18-hours of professional development designated for teachers to engage in collaborative professional learning at their respective school sites. Such communities of practices, under the leadership and guidance of site administrators, afford our teachers the opportunity to deepen their content knowledge, strengthen their instructional repertoire, improve their assessment strategies, and foster a shared sense of responsibility. As a result, every teacher will help to promote and nurture a community of learners in which the individual school staff is not only enriched, but the district as a whole is enhanced.

These areas of focus were derived from needs assessments coupled with the analysis of student learning of specific content and that is ongoing with follow-up opportunities, models effective practices, and uses assessments to guide and monitor progress. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

These learning experiences, which are offered during the school day and after-school are supported with on-site coaching, are in addition to the required 18-hours of professional development designated for teachers to engage in collaborative professional learning at their respective school sites. Such communities of practices, under the leadership and guidance of site administrators, afford our teachers the opportunity to deepen their content knowledge, strengthen their instructional repertoire, improve their assessment strategies, and foster a shared sense of responsibility. As a result, every teacher will help to promote and nurture a community of learners in which the individual school staff is not only enriched, but the district as a whole is enhanced.
