School Description

Albert Einstein Middle School Community shares a vision of excellence and equity for every student. We have established a positive learning environment that focuses upon student achievement through quality instruction, mentoring, and student activities. Our mission is creating the maximum number of opportunities for our students so that they have the greatest number of options for high school, and ultimately for college and their careers. Albert Einstein Middle School is a California Distinguished School, California Title One Academic Achieving School, and has won numerous awards within Sacramento City Unified School District. Our drama program produces two plays each year, one Shakespearean and one Greek tragedy. Our robotics program and softball team are phenomenal, as are our award winning band and orchestra programs.

Students at Albert Einstein are exposed to a rigorous curriculum derived from the California state standards. We are committed to our students having the greatest number of high school options upon promotion. Courses include: English/Language Arts, Math 7, Math 8 & Math 1, Science, Social Studies, Physical Education, and an Electives Program that includes Visual Arts, Digital Media, Computer Concepts, Yearbook/Publications, Student Leadership, Spanish, Band, Orchestra and Robotics. The Gifted and Talented curriculum is offered in English/Language Arts, Math, Science, and Social Studies. Students that need specific instruction to support individual needs may qualify for programs that include English language learners for all levels, Special Education, and intervention programs in reading and math. Library and computer labs are easily accessible for all students before/after school and during lunch for research projects and Accelerated Reader. Extra-curricular activities include volleyball, boys' and girls' basketball, wrestling, soccer, softball, track, golf and dance. The after-school program includes Mathletes, Robotics, Drama through the Sacramento Theater Company, and Science Club, small engines club, math lab, writing center, and the Sac Chinese Center.

The faculty is committed to all students meeting grade level or above standards of achievement. Staff development is focused to improve instructional practices that improve student achievement and increase student engagement. A homework email is sent out daily. The staff is dedicated to plan a smooth transition from elementary to middle school for each student in order to be fully prepared for high school. Furthermore, site-based mentors, as well as tutors funded by UC Davis and Sac State provide support for our most vulnerable students.

The Albert Einstein parents demonstrate support and encouragement of students to meet grade level mastery of academic standards and to expect responsible behavior to promote a positive learning environment. The Parent Teacher Student Association (PTSA) works hard to increase membership and parent involvement at the school. Special efforts by PTSA have included funding campus projects, hosting staff luncheons, organizing the Book Fair, and working with business partnerships to provide awards for student attendance and academic achievement. School Site Council and the English Learners Advisory Committee are active parent groups on campus. Parents are welcome and all three parent groups work together to provide opportunities for families to get acquainted and to support each other in the community. There is strong collaboration among the Einstein staff and the feeder elementary schools and between Einstein and Rosemont High School.

In 2006-2007, Einstein received a fresh update of the facilities. During the summer of 2008, the Physical Education facilities were updated. All classrooms feature telephones to enable faculty to better communicate with parents. All classrooms are networked for technology and equipped with a liquid crystal projector and other examples of the latest in technology.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Textbooks and instructional materials are reviewed and then piloted across the district. Subsequent adoption by the Board of Education is consistent with the cycle of textbook approval by the State, California School Board. Textbooks are chosen for their alignment with California Content Standards, California Frameworks, and appropriateness for Sacramento City Unified School District students. Textbook sufficiency data is collected annually.

School Facility Conditions and Planned Improvements (Most Recent Year)

The main campus was built in 1964. This school has 40 permanent classrooms which include a multipurpose room, a library, and an administrative building. The school also has 5 portables. During the 2006-07 modernization, renovations and upgrades were made in the following areas: health and safety, site exterior and miscellaneous upgrades.

The district takes great efforts to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all the schools in the district. A summary of these standards is available at the school office, or at the district operations office. The principal works directly with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The State Legislature established the Deferred Maintenance Fund (DMF) in 1980 to assist districts in maintaining facilities and sites. The District has participated in the Deferred Maintenance Program since its inception. The program requires both the local district and the State of California to share equally in the cost of major deferred maintenance projects, with the maximum contribution from the State limited to approximately one-half of one percent of the District's General Fund and Adult Education Fund operating budgets. For fiscal years 2008-09 through 2012-13, the Deferred Maintenance Program has been included in the State's Tier III Flexibility Program. Therefore, DMF funds received by the District are deposited in the General Fund, and are unrestricted. Due to state budget cuts for 2010-11 these unrestricted funds have not been designated to deferred maintenance purposes. The funds were used as part of the Tier III recommendations approved by the Board on the May 6, 2010 Board Meeting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in Science for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Students with Disabilities	49	33	67.4	48.5

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to participate in a variety of school activities. Parent Lunch Days bring out upward of 200 parents to the school at the end of each month. Parents also participate through Community Service Days, Set-Building Days, and involvement in the governance of the school through the combined Site Council and ELAC committee.

Communication occurs through automated phone calls, emails, and personalized follow up communications. We communicate in English, Spanish, and Russian. A yearlong calendar keeps parents informed about upcoming events, classes offered by the district, student activities, and announcements for volunteer opportunities. The school website includes current information and is managed by students in the Yearbook/Publications class. Infinite Campus Parent Connection offers on-line information for parents regarding their child's grades, homework, behavior, and more. In addition, we email a list of all assigned homework each afternoon. Parents may also check the and use teacher voice mail or email to contact teachers for information about their children.

For more information, contact Michael Holt, Interim Principal or Kenna Montoya, Office Manager at (916)395-5310

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college career and life, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on the ELA and math Common Core State Standards, the Next Generation Science Standards, English Language Learners, Balanced Literacy and Instructional Strategies for Addressing the Needs of Diverse Learners. These areas of focus were derived from needs assessments coupled with the analysis of student learning of specific content and that is ongoing with follow-up opportunities, models effective practices, and uses assessments to guide and monitor progress. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

These learning experiences, which are offered during the school day and after-school are supported with on-site coaching, are complemented with the required collaborative time built into the school day on Thursdays, which is designated for teachers to engage in collaborative professional learning at their respective school sites. Such communities of practices, under the leadership and guidance of site administrators, afford our teachers the opportunity to deepen their content knowledge, strengthen their instructional repertoire, improve their assessment strategies, and foster a shared sense of responsibility. As a result, every teacher will help to promote and nurture a community of learners in which the individual school staff is not only enriched, but the district as a whole is enhanced.

Types of Services Funded

Each district school receives categorical funding to provide supplemental services to assist students reach grade level proficiency and above, master grade level content standards and successfully graduate from high school. Services throughout the district include:

- Class Size Reduction
- Tutoring: Math, Language Arts, and ELD
- Supplemental instructional materials and books in mathematics, reading/language arts and ELD
- Enrichment programs
- Access to technology
- Student Rewards Assemblies
- Social Services
- Student/Family Primary Language Support
- Translation for Home-School Communication
- Counseling (academic and career)
- Gifted and Talented Education (GATE)
- Special Education
- Professional Development
- Support Staff, such as instructional assistants and counselors
- Supplemental Education Services
- School Choice: High School Articulation support, Elementary to Middle School Articulation

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
