School Description

The Crocker/Riverside Staff extends a warm welcome to all the students and their parents. Crocker/Riverside School is an excellent neighborhood school with a dedicated staff, academically-minded students, and involved and supportive parents. We are committed in all our activities to provide a quality education for all our children. Our goal is to guide children to become fully participating citizens by giving them a strong academic education in a nurturing environment that recognizes diversity, promotes healthy choices, and embraces community involvement.

Students receive a challenging and rigorous academic curriculum supported with enrichment activities, hands-on and real-life experiences, community resources, and active parent participation and involvement. Parent and community participation is outstanding and continues to provide vital assistance to our educational program. In addition to instruction in the core curriculum, students are provided learning opportunities in physical education, hands on science experiences through our Science Docent program, singing and music in the classrooms, library times, art through the Art Docent program, outdoor education through the Garden Docent program, classroom exchanges, and strong ties to the neighborhood middle and high schools, all of which enhances the school culture. There are many field trips and assembly opportunities, including annual trips to the Crocker Art Museum, a living history day at Sutter's Fort (4th Grade), Sacramento Ballet (3rd Grade), local historical sites, and a week-long outdoor science camp at Alliance Redwoods (6th Grade). Our school's Parent Teacher Organization and School Site Council are very active and highly committed to supporting and improving the educational program and school environment through their involvement with the school and its many planned school and family activities.

There are a number of before and after-school programs, provided by outside vendors, including orchestra, band, choir, coding, art, chess club, Debate Cubs, Young Actors, Girls Scouts, Cub Scouts, Early Engineers, and a running/fitness program for the students. Before and after-school child care is provided for a fee on our campus through the Sacramento City Parks and Recreation's 4th "R" program.

Crocker/Riverside School is a wonderful neighborhood school with a tradition of high student achievement, academic success for all students, and outstanding parent involvement. We believe in our students, and their educational success is our focus.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Textbooks and instructional materials are reviewed and then piloted across the district. Subsequent adoption by the Board of Education is consistent with the cycle of textbook approval by the State, California School Board. Textbooks are chosen for their alignment with California Content Standards, California Frameworks, and appropriateness for Sacramento City Unified School District students. Textbook sufficiency data is collected annually.

School Facility Conditions and Planned Improvements (Most Recent Year)

The main campus was built in 1939. This school has 20 permanent classrooms which include a multipurpose room, a library, and an administrative building. The school also has 2 portables. During the 2004 and 2005 modernization, renovations and upgrades were made in the following areas: interior, exterior, plumbing, HVAC, portable buildings, and miscellaneous upgrades.

The district takes great efforts to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all the schools in the district. A summary of these standards is available at the school office, or at the district operations office. The principal works directly with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The State Legislature established the Deferred Maintenance Fund (DMF) in 1980 to assist districts in maintaining facilities and sites. The District has participated in the Deferred Maintenance Program since its inception. The program requires both the local district and the State of California to share equally in the cost of major deferred maintenance projects, with the maximum contribution from the State limited to approximately one-half of one percent of the District's General Fund and Adult Education Fund operating budgets. For fiscal years 2008-09 through 2012-13, the Deferred Maintenance Program has been included in the State's Tier III Flexibility Program. Therefore, DMF funds received by the District are deposited in the General Fund, and are unrestricted. Due to state budget cuts for 2010-11 these unrestricted funds have not been designated to deferred maintenance purposes. The funds were used as part of the Tier III recommendations approved by the Board on the May 6, 2010 Board Meeting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

We welcome parents/guardians and encourage them to be actively involved with the school's program. Parent participation and involvement are very integral pieces of our program. Parents/Guardians are involved in all aspects of the academic program. They assist teachers in the classroom with tutoring, student projects, field trips, art programs, science programs, garden programs, etc. We have parent-run docent programs that rely entirely on parent volunteers for our science, art, and garden programs. We have a morning no idling curbside drop off program that relies on parents/guardians each school morning for staffing. The school also has a very strong and active PTO that supports the teachers and school by providing a variety of school events and activities that enhance and enrich the children's educational experiences. Parents/Guardians are actively recruited for school social functions, PTO events, and as school helpers/volunteers. We have a strong School Site School, currently chaired by a parent, whose membership of ten includes five parents/guardians. Many of the educational experiences for the students are made possible through the efforts of parent/guardian involvement.

In addition, many of our teaching staff members have an open door policy, where they are available to meet with parents/guardians to discuss their student's needs before or after school and via phone or email. Parent-Teacher Conferences occur twice per year, and Progress Reports are sent home up to three times per year where parents/guardians are encouraged to contact the teacher with questions or concerns. Where there are persistent academic or behavior concerns, Student Study Teams are convened, which include the parent/guardian, to discuss the concerns and implement needed student supports.

Kindergarten Orientation occurs every year prior to the start of school to welcome our new students and their families, as well as to inform them of involvement opportunities. Some of these include classroom support, docent opportunities, chaperoning field trips, and volunteering at events such as Book Fairs, Back to School BBQ, Fall Carnival, Jog-a-Thon, Pancake Breakfast, Spring Jubilee, Sports Day, Read Across America Day, Drop 'n Go, etc. Parent informational meetings are held throughout the year with regard to grade-level specific matters, including math acceleration, living history, outdoor science education, student safety, and student enrichment. Two Book Fairs are held each year, staffed by parents, including two family nights.

For more information, contact Daniel McCord, Principal at (916) 395-4535.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college career and life, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on the ELA and math Common Core State Standards, the Next Generation Science Standards, English Language Learners, Balanced Literacy and Instructional Strategies for Addressing the Needs of Diverse Learners. These areas of focus were derived from needs assessments coupled with the analysis of student learning of specific content and that is ongoing with follow-up opportunities, models effective practices, and uses assessments to guide and monitor progress. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

These learning experiences, which are offered during the school day and after-school are supported with on-site coaching, are complemented with the required collaborative time built into the school day on Thursdays, which is designated for teachers to engage in collaborative professional learning at their respective school sites. Such communities of practices, under the leadership and guidance of site administrators, afford our teachers the opportunity to deepen their content knowledge, strengthen their instructional repertoire, improve their assessment strategies, and foster a shared sense of responsibility. As a result, every teacher will help to promote and nurture a community of learners in which the individual school staff is not only enriched, but the district as a whole is enhanced.

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
