School Description

Albert Einstein Middle School Community shares a vision of excellence and equity for every student. We have established a positive learning environment that focuses upon student achievement through quality instruction, strategic planning, and student activities. Our mission is creating the maximum number of opportunities for our students so they have the greatest number of options for high school, and ultimately for college and their careers. Albert Einstein Middle School is a California Distinguished School and a California Title One Academic Achieving School. Our drama program produces two plays each year, Our STEM and athletics programs are phenomenal, as are our award winning band and orchestra programs.

Students at Albert Einstein are exposed to a rigorous curriculum derived from the Common Core Standards. We are committed to our students having the greatest number of high school options upon promotion. Courses include: English/Language Arts, Math 7, Math 8 & Math 1, Science, Social Studies, Physical Education, and an Elective Programs that includes Visual Arts, Digital Media, Computer Concepts, Yearbook/Publications, Student Leadership, Spanish, Band, Orchestra and Robotics. The Gifted and Talented curriculum is offered in English/Language Arts, Science, and Social Studies. A two year advanced math programs allows students to complete Math 7, Math 8, and high school level Math 1 during their two years at Albert Einstein Middle School. Students that need specific instruction to support individual needs may qualify for programs that include English language learners for all levels, Special Education, and intervention programs in reading and math. The library and computer labs are easily accessible for all students before/after school and during lunch for research projects. Extra-curricular activities include volleyball, boys' and girls' basketball, wrestling, soccer, softball, track, golf and dance. The after-school program includes Mathletes, Robotics, Drama through the Sacramento Theater Company, and Science Club, Chess Club, Computer Club, math lab, tutoring, and the Sacramento Chinese Community Service Center.

Our faculty is committed to all students meeting or exceeding grade level standards. Our Staff development is focused on improving instructional practices that increase student achievement and engagement. The staff is dedicated to creating a smooth transition from elementary to middle school for each student in order to fully prepare them for the greatest array of high school options. Furthermore, site-based mentors, as well as tutors funded by Sac State provide support for our most vulnerable students.

Albert Einstein parents support and encourage students to demonstrate responsible behavior and promote a positive learning environment. The Parent Teacher Student Association (PTSA) works hard to increase membership and parent involvement at the school. Special efforts by PTSA have included funding campus projects, hosting staff luncheons, organizing the Book Fair, and working with business partnerships to provide awards for student attendance and academic achievement. School Site Council and the English Learners Advisory Committee are active parent groups on campus. Parents are welcome and all three parent groups work together to provide opportunities for families to get acquainted and to support each other in the community. There is strong collaboration among the Einstein staff and the feeder elementary schools and between Einstein and Rosemont High School.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The district instructional material evaluation committee, consisted of members representing teachers, administrators, other staff, students, parents/guardians, and community, ensures that the selected textbooks, technology-based materials and other educational materials effectively support the district's adopted courses of study and meet current curricular goals and California Content Standards. Teachers, students, parents/guardians and community members have the opportunity to review and provide input about the instructional materials being considered for adoption. Recommendations for the adoption and/or withdrawal of instructional materials by the instructional material evaluation committee are presented to the Board by the Superintendent or designee and include documentation supporting the recommendation. In some instances, the considered textbooks and/or instructional materials are piloted for a period of time before being recommended for adoption to the Board of Education.

School Facility Conditions and Planned Improvements (Most Recent Year)

Albert Einstein Middle School, built in 1954, received Facility Inspection Tool (FIT) overall repair rating score of “good” from its most recent facility inspection in May 2018. The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe and functional. The district Operations Department takes great pride following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The passage of Measure Q, the district’s 2012 general obligation bond, provided facility upgrade funding to all district schools. The district performed Quick Strike projects during the summer of 2014, which allowed schools to pick from one of the following improvements: 1) marquees, 2) closed-circuit television (CCTV) surveillance, 3) exterior painting, or 4) seal coating and striping of parking lots or playgrounds. Fire alarms at all the district schools were upgraded. Additional 10 million dollars have been allocated for safety and security upgrades, which are expected to begin in 2019.

Funding from the federal government through Universal Service Administrative Company (USAC) provided for technology infrastructure improvements to the district’s wireless connectivity. The improvements, which are expected to be completed by the end of 2019, will increase classroom internet access and digital voice communication.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	44.0	40.0	39.0	40.0	48.0	50.0
Math	35.0	32.0	31.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents are encouraged to participate in a variety of school activities. Parent Lunch Days bring out upward of 200 parents to the school at the end of each designated month. Parents also participate through Community Service Days, Set-Building Days, The Parent Teacher Home Visit Project and involvement in the governance of the school through the combined Site Council and ELAC committee.

Communication occurs through automated phone calls, emails, and personalized follow up communications. We communicate in English, Spanish, and Russian. A yearlong calendar keeps parents informed about upcoming events, classes offered by the district, student activities, and announcements for volunteer opportunities. The school website includes current information and is managed by students in the Yearbook/Publications class. Infinite Campus Parent Connection offers on-line information for parents regarding their child's grades, homework, behavior, and more. Parents may also check the and use teacher voice mail or email to contact teachers for information about their children.

For more information, contact Tarik McFall Principal or Mikko Lopez, Office Manager at (916)395-5310

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Professional Development provided for Teachers

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional program that is focused on Literacy (including ELA Common Core Standards), English Language Learners, Differentiation of Instruction, Data Inquiry, Culturally and Linguistically Teaching and Learning, and Conceptual Understanding of Mathematics. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our strategic plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

Types of Services Funded

SCUSD and district schools provide supplemental programs and services through categorical funds and other sources to support the needs of all students, including GATE, students with disabilities and English learners. Programs and services such as enrichment program, family engagement activities, supplemental instructional materials, and academic, social and emotional support programs help our students achieve grade level readiness, mastery of the California Common Core State Standards (CCSS), and college and career readiness. Einstein Middle School and district supplemental programs and services include:

- Class Size Reduction
- Tutoring: Math, Language Arts, and ELD
- Supplemental instructional materials and books
- Enrichment programs
- Access to technology
- Student Rewards Assemblies
- Social Services
- Student/Family Primary Language Support
- Translation for Home-School Communication
- Counseling (academic and career)
- Gifted and Talented Education (GATE)
- Special Education
- Professional Development
- Support Staff, such as instructional assistants and counselors
- Supplemental Education Services
- School Choice: High School Articulation support, Elementary to Middle School Articulation

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/>, that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
