<u>Recommendation</u>: Approve the 2019-20 Second Interim Financial Report with a Negative Certification.

Background/Rationale: Education Code Section 42130 requires school districts to prepare Interim Financial Reports each year. The intent of these reports is to provide an "early warning" system to indicate whether a district can meet its current or future year financial obligations. This is the second of three interim financial reports presented to the Board of Education for the 2019-20 year. The report provides financial information as of January 31, 2020.

Financial Considerations: The District is working closely with the Sacramento County Fiscal Advisor to address the disapproval of the 2019-20 adopted budget and the negative certification of the Second Interim Financial Report. This status indicates that the District certifies that it will not meet its financial obligations for the current fiscal year or two subsequent years. The District's Multiyear Projections indicate a negative ending balance in fiscal year 2021-22.

The District must maintain its required 2% reserve for economic uncertainties. Under current projections, the district is deficit spending in subsequent years. Budget adjustments are needed for 2020-21 and 2021-22 to prevent the district from running out of fund balance.

LCAP Goal(s): Family and Community Empowerment; College, Career and Life Ready Graduates; Operational Excellence

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

I. Overview/History of Department or Program:

Interim budget reports provide a picture of a district's financial condition during the fiscal year. The Governing Board of a school district certifies the district's financial condition to the county office of education through these reports. The Second Interim Report is from July 1st through January 31st, and projects financial activity through June 30th. In addition, the Second Interim Report contains summarized and detailed budget information, multi-year projections, and estimated cash flow reports. The State budget and budget guidelines as provided by the county office of education, School Services of California, and other professional organizations provide the guidance for district to develop and modify their budgets

This is the second of the interim financial reports presented to the Governing Board for the 2019-20 fiscal year.

The District's 2019-20 revised adopted budget was disapproved by Sacramento County Office of Education (SCOE) due to the District's projected negative ending fund balance in 2021-22. The Governing Board voted to waive the formation of the Budget Review Committee which was approved by California Department of Education. The District has been working with the Fiscal Advisor assigned by SCOE. The 2018-19 Revised Adopted Budget was also disapproved by the Sacramento County Office of Education (SCOE) due to the multi-year projected negative ending fund balances.

The 2018-19 disapproved budget qualified the District to receive independent auditing support from the Fiscal Crisis and Management Assistance Team (FCMAT). At no cost to the District, FCMAT conducted a Fiscal Health Risk Analysis Study of the District in October 2018. FCMAT presented the findings to the Governing Board at the December 13, 2018 Board Meeting. A matrix titled <u>FCMAT Fiscal Health Risk Analysis</u> was created to track the District's progress to correct the findings. The District and the SCOE assigned Fiscal Advisor have worked together to implement FCMAT's recommendations.

The District provides regular updates on the progress made to address the FCMAT findings with each interim financial report. Below is a summary of the findings attempted, completed and remaining as of March 11, 2020.

A report of the updated findings is included in the 2nd Interim documents and can also be found on the District's financial webpage at <u>https://www.scusd.edu/fcmat</u>.

II. Driving Governance:

- Education Code Section 42130 requires school districts to prepare interim financial reports each fiscal year. The requirement includes filing two interim financial reports. The Second Interim Report, as of January 31st, requires Board approval by March 15th. If the District is in qualified or negative status, a Third Interim is required as of April 30, and requires Board approval by June 1st. All reports required shall be in a format or on forms prescribed by the Superintendent of Public Instruction.
- Education Code section 42131 requires the Board of Education to certify, in writing, whether the district is able to meet its financial obligations for the remainder of the fiscal year and, based on current projections, for the subsequent two fiscal years. Certifications shall be based on the Board's assessment of the district budget. The certifications are classified as positive, qualified, or negative. A "positive" certification indicates that the district will meet its financial obligations for the current fiscal year as well as the two subsequent fiscal years. A "qualified" certification means that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A "negative" certification means that the district is unable to meet its financial obligations for the current fiscal year or the future fiscal year. This education code section also outlines the role of the County Office of Education.

III. Goals, Objectives and Measures:

Follow the timeline and take action on all necessary budget adjustments. It will be important to reduce the reliance on one-time funds used to balance the budget.

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

IV. Major Initiatives:

Use the Second Interim Financial Report information to guide budget development for FY 2020-21 and 2021-22.

Continue to work with the Fiscal Advisor and staff to implement FCMAT's recommendations.

V. Results:

Budget development for FY 2020-21 will follow the calendar and timeline approved by the Board. Required Board actions will take place in a timely manner to ensure a balanced Adopted Budget is in place on or before July 1, 2020.

VI. Lessons Learned/Next Steps:

Follow the approved calendar with adjustments made as necessary. Continue to monitor the state budget and its impact on the district finances. Continue to monitor the District and state fiscal health. Continue to engage stakeholders in the budget development process through community budget meetings. Meet and communicate with bargaining unit partners. Ensure compliance with all LCFF and LCAP requirements.

Sacramento County Letter Regarding the 2019-20 First Interim Period Report:

On January 14, 2020 the Sacramento County Office of Education (SCOE) issued a letter to the District in response to the District's submission of the 2019-20 First Period Interim Report. SCOE's letter recognized that based on the District's multi-year projections and assumptions, the District will meet the 2% required reserve for the fiscal years 2019-20 and 2020-21 but will not meet the required reserve in 2021-22. Therefore, SCOE agreed with the District's negative certification. SCOE also acknowledged that the District's 2019-20 First Interim Report Fiscal Recovery Plan was consistent with the State Audit Report's recommendations to resolve the District's fiscal crisis.

SCOE also requested the following:

- Compliance with Government Code Section 3547.5 and the California Code of Regulations Title V section 15449 prior to any action on a proposed collective bargaining agreement and submission of the public disclosure of the collective bargaining agreement to SCOE for review at least ten (10) working days prior to the date the governing board will take action
- Notify SCOE and the fiscal advisor and provide for review any changes to the budget

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

 Continue to monitor enrollment trends and inform SCOE of budget adjustments if enrollment trends fluctuate

SCOE recognizes that the District has identified and implemented most of the non-negotiable items and therefore, recommended that the District and labor partners work together to agree to a solution.

Student Centered Fiscal Recovery Plan

We believe that students should be at the center of all budget decisions and that we must work collaboratively to protect funding for core academic programs and services. The District is committed to identifying areas where savings may be achieved in a manner that is fair and equitable without substantial disruptions to our educational programs. The District will continue to evaluate its programs and staffing levels, and other supply and services expenditures in order to determine whether additional non-negotiable savings may be achieved.

As we continue this work, we are guided by our core values and reminded that these values are not limited to our students, but should be applied when making decisions related to our employees.

The District's \$27 million shortfall will not be resolved without negotiated solutions. The District is seeking to return to District healthcare benefit contributions that are in parity to comparable school districts while maintaining high quality benefit plans for employees. The following table shows the impact of implementing a \$27 million budget solution effective July 1, 2020.

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

Second Interim 2019-20 Budget:

School district budgets are not static, but instead are constantly being revised to respond to decisions at the State and Federal levels, as well as to the expenditure needs of the district. District staff closely monitor enrollment, average daily attendance, State and Federal revenue and other areas that could impact the budget in the current or outlying years. Therefore, school district revenues and expenditures are subject to continuous change throughout the year.

The Second Interim Financial Report includes assumptions and projections made with the best information available for the reporting period and the documents attached are primarily State-required reports but also included District documents that provide additional related financial details. Key information includes the budget assumptions, multi-year projections, and cash flow reports.

Following is a comparison of the 2019-20 First Interim Report to the Second Interim Report and an explanation of the changes.

Education Protection Account:

Proposition 30 provides that a portion of K-14 general purpose funds must be utilized for instructional purposes. Revenues generated from Proposition 30 are deposited into an account called the Education Protection Account (EPA). The District receives funds from the EPA based on its proportionate share of statewide general purpose funds. A corresponding reduction is made to its state aid funds.

Illustrated below is how the District's EPA funds are appropriated for 2019-20. The amounts will be revised throughout the year based on information received from the State.

Routine Restricted Maintenance Account:

Per Education Code Section 17070.75, school districts are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total General Fund expenditures and other financing uses for that fiscal year. While school districts have taken advantage of multiple flexibility provisions over the past decade, school districts must now comply with the 3% contribution provision beginning in 2019-20 due to the interpretation of Education Code Section 17070.75(b)(2) (B-C) by the California Department of Education. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total General Fund expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the General Fund)
- The 3% contribution incorporates RRMA and CalSTRS on-behalf expenditures
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures
- The actual contribution will be audited as part of the School Facility Program Bond Audit

2019-20 Second Interim Fund Balance Component Summary

The Government Financial Officers Association (GFOA) recommends a prudent reserve of 17%, representing two months' average payroll – for the District two months' average payroll is approximately \$86M. The District's reserves above the statutory reserves for economic uncertainty are projected at well below the GFOA recommendations.

Cash flow Reports:

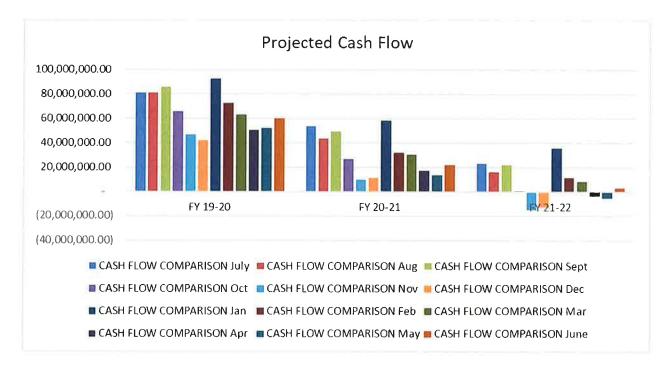

The District prepared cash flows based on the SACS multi-year report. reports, the District will have major cash challenges starting in October 2021. Cash is always closely monitored in order to ensure the District is liquid to satisfy its obligations.

Average Projected Cash Flow Needs 2019-20

| Month(s) | Cash Needs | Notes: |

| July | \$8M | Lowest |
| August | \$18M | Lower than average |
| June | \$57M | Highest |

Based on 2019-20 projected cash flow

Effective for fiscal year 2019-20, the Governmental Accounting Standards Board (GASB) issued Statement 84, Fiduciary Activities, to address how to identify, report and disclose fiduciary activities. This impacts all state and local governments, including school districts. The District uses the Fund 76 Payroll Clearing Account to accumulate resources from employee payroll withholding and accrued employer payroll taxes. GASB 84 determined that the payroll clearing account should no longer be reported in a fiduciary fund because the District is holding the

Business Services

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

amounts for its own benefit, i.e. its own employees. The amounts are liabilities of the District and not being held in a fiduciary capacity.

As a result, the District will report the payroll clearing account activities in the General Fund beginning this fiscal year. There is no impact to fund balance since the assets are offset by recorded liabilities some of which include statutory benefits, health benefits, TSAs, HSAs, etc. and net to zero.

At Budget Adoption, the District projected enrollment at 40,236 and current enrollment is trending around 40,309. The District's unduplicated count has declined by approximately 300 students compared to the prior year which results in a decrease of supplemental and concentration revenue. The District's multi-year projections have been revised to reflect the improved enrollment and decline in unduplicated count.

2019-20 Second Interim Multi-Year Projections

Risks:

Federal Funding

President Trumps' Administration recently released its budget proposal for fiscal year 2021-22, which includes an overall spending reduction of \$6.1 billion or an 8.4% cut to the US Department of Education from last year. The K12 area of the budget proposal would consolidate 29 programs including Title I, II-A, III English Learners and IV-A into one block grant to states called the Elementary and Secondary Education for the Disadvantaged (ESED) Block Grant. The new block grant represents an almost 20% cut in K-12 spending. The proposal would consolidate nearly all existing K-12 formula and competitive grants programs into a single \$19.4

Business Services

2019-20 Second Interim Financial Report and FCMAT Update April 2, 2020

billion fund. The total appropriations for these individual programs last year was over \$24 billion. Specific details on the exact funding formulas, allowable uses of the funds, existing set asides, and fiscal requirements that would be applicable to the prosed block grant were not outlined in the budget proposal.

Sustaining programs that have limited or no funding.

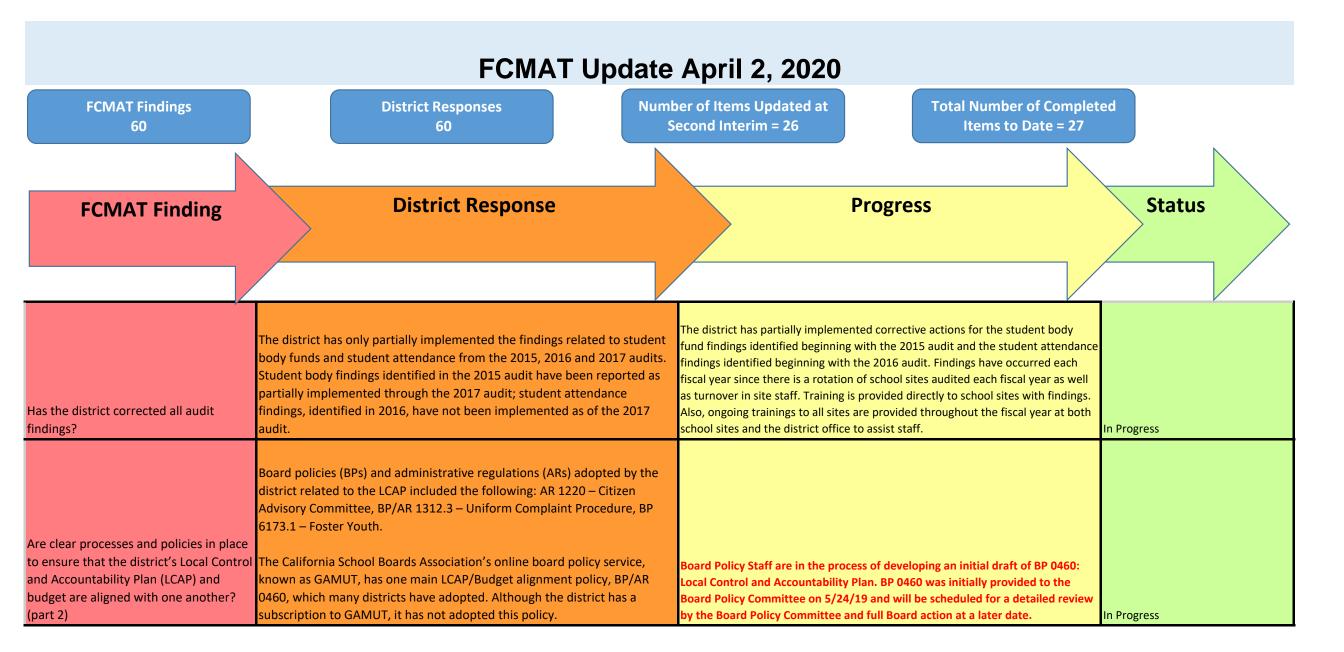

Opportunities:

The Governor's May Revise Budget for 2020-21 will be released in the next few weeks and may include improved funding for K12 Districts.

Conclusion:

The multi-year projection supports that the District will be able to meet its financial obligations for the current and subsequent year, but is currently projecting that it will not be able to meet its financial obligations during the second subsequent year 2021-22 unless am ongoing \$27 million solution materializes.

Over the past year the District has made significant on-going and one-time budget adjustments and any additional non-negotiable adjustment will be minimal. The District's \$27 million shortfall will not be resolved without a negotiated solution.

| | | 3/10/2020 Update: On October 25, 2019 the District received its updated Other Post Employment Benefit (OPEB) liability amount in our latest GASB 75 actuarial report for fiscal year ended June 30, 2019. The latest valuation reports the District's Total OPEB Liability at \$599 million, a \$181 million decrease from the prior report of \$780 million. This is a result of lower than projected medical premium growth and increased interest rates. While a portion of the change in interest rates is market-based, being able to maintain the higher interest (discount) rates is contingent upon sustained and/or increasing contributions to the OPEB trust. Failure to do so would likely result in a reduction to these rates in the future and revert to a higher Total OPEB Liability. | |

| Has the district addressed any deficiencies the county office of education has identified in its oversight letters? (part 2) | In letters dated December 7, 2017, January 16, 2018, and April 16, 2018, the county office discussed and outlined its concerns with the district's ongoing structural deficit, and the need for the district to submit a board-approved budget reduction plan to reverse the deficit spending trend. On August 22, 2018, the county office disapproved the district's 2018-19 adopted budget, and the district was instructed to revise its 2018-19 budget and submit a balanced budget plan that supports ongoing expenditures from ongoing revenue sources, and that has a timeline showing when and how adjustments would be implemented no later than October 8, 2018. On October 11, 2018, the county office notified the district that its revised adopted budget was also disapproved based on their review. That budget showed that the district's unrestricted general fund balance would decrease by approximately \$34 million in 2018-19, approximately \$43 million in 2019-20 and \$66.5 million in 2020-21. The district was instructed to develop a viable board-approved budget and multiyear expenditure plan that would reverse the deficit spending trend, and to submit this plan with its 2018-19 first interim report, which is due December 14, 2018. | Ongoing: Working towards a balanced budget. Reductions in central staff and non-negotiable items have resulted in over \$20m in savings and as a result at 2nd interim: \$2.2m (19/20) and \$50m (20/21). 6/13/19 Update: District has made approximately \$45 million in adjustments through the 2019/20 Proposed Budget. Additional adjustments of \$26 million are needed through negotiations. As of the 2019-20 Revised Adopted Budget the District has implemented \$50.2M in ongoing budget adjustments and \$12.1M in one-time budget adjustments. These adjustments were made during the period of December 2018 through September 2019 and are not in addition to the previous adjustments listed above. Additional adjustments of \$27M are still needed to eliminate the deficit and achieve fiscal solvency. This information can be found in the Revised Adopted Budget 2019-20 presented at the October 3, 2019 Board Meeting. 3/10/2020 Update: The 2019-20 First Interim Financial Report and FCMAT Update was presented at the December 19, 2019 Board Meeting with a negative certification. A negotiated solution will be required to address the District's \$27M shortfall. The Fiscal Recovery Plan was presented at the February 6, 2020 Board Meeting and included proposals to to achieve the \$27M solution. These proposals require negotiations. | In Progress |

| | Of most concern is the district's ongoing support of the Sacramento New Technology Charter School for several years. Because this is an ongoing fiscal burden on the district, it needs to be discussed and remedied. The district has also given financial assistance in the past to George Washington Carver Charter School, though not every year. The district also needs to further study Sacramento Charter High School operated by St. Hope Public Schools to determine whether it is a going concern. The district's charter schools are dependent from the standpoint of governance because they are part of the district and are under the authority of the district's governing board. However, charter schools are not intended to have budget deficits that make them dependent on a district financially. Under California Code of Regulations (CCR), Section 11967.5.1(c)(3)(A), a charter school must have a realistic financial and operational plan. Part of that includes having a balanced budget and | Update: SCOE Fiscal Expert currently conducting analysis on all charter schools. Due 6/30/2019. Update 7/23/19: Over the next several months, SCOE's fiscal advisor is performing a comprehensive review of the processes and documentation of the District's authorized charter schools, focusing on the ten independent charter schools operating in the District as direct funded charter schools with their own boards and separate financial system and audit reports. As of the 2019-20 Revised Adopted Budget, four dependent charters schools were projected to need financial assistance from the District in future years. The District has since met with each school to address the fiscal issues and three of the four have revised their budgets or are working on a plan that will remedy their deficit. New Technology Charter (New Tech) remains a concern. Over the years, New Tech has experienced an ongoing enrollment decline which has reduced the revenue and although expenditures have been reduced, the deficit is projected to persist. Cabinet will continue to work with New Tech. The remaining work to be finalized is the comprehensive review of the processes and documentation of the ten independent charter schools. This work is being completed by the SCOE Fiscal Advisor. 3/10/2020 Update: The 2019-20 First Interim Report provided the update on District staff meeting with Charter school administration to address the projected transfers from the District. 3 of the 4 schools have implemented the necessary adjustments to eliminate or reduce the need for a transfer. | Has the district settled the total cost of the bargaining agreements at or under the funded cost of living adjustment (COLA), and under gap funding if applicable? | The district entered into a multiyear agreement with the SCTA on December 7, 2017. The agreement granted salary increases of 2.5% effective July 1, 2016, an additional 2.5% effective July 1, 2017, and an additional 6.0% (i.e. 2.5% and additional 3.5% to restructure the salary schedule) effective July 1, 2018. The district and the SCTA disagree on the implementation date of the additional 3.5%, and the matter is being pursued in superior court. If the additional 3.5% is implemented on the date SCTA interprets as correct, it would result in a fiscal impact in 2018-19 of close to 7% for salary rescheduling rather than the 3.5% the district agreed to. | 7/22/19: No new agreements at this time. | Does the governing board adopt and revise policies and administrative regulations annually? | Although board policies and administrative regulations are brought to the board sporadically for revision and/or adoption, there was no evidence of an intent to review the information annually or to ensure that it is a priority to communicate the permissions, limitations and standards of the board. | Staff, in conjunction with the Board Policy Committee, has begun developing structures to ensure new and current BPs/ARs are systematically reviewed, revised, and readopted as needed. 3/10/2020 Update: In order to maintain fiscal solvency, restore stability and address the long term financial issues, the District presented for consideration revisions to Board Policy (BP) 3100 : Business and Noninstructional Operations which include: 1 . The increase of the general fund expenditure reserve from the minimum 2% to a 5% reserve level. 2 . One-Time funding should be used for one-time expenditures and shall only be used for an on-going expenditure as a last resort. As part of the approval of the annual budget, the Board shall consider any proposed use of One-Time funding and shall take separate action to approve such uses. BP 3100 was presented to the Board at the February 6, 2020 Board Meeting as a First Reading. | |
| Are newly adopted or revised policies and administrative regulations communicated to staff and implemented? | When it brings policies to the board for revision or adoption, the district has no process for communicating the information to staff or implementing the policies in detail. A communication is sent to staff after each board meeting that summarizes the meeting, but for staff to fully understand changes in board policy and administrative regulations, further detail and instructions are needed. | Staff will develop a structure to ensure adoptions and revisions to policies and administrative regulations are communicated to staff once a system is in place to ensure BPs/ARs are reviewed, revised, and adopted on a regular basis. 3/11/2020 Update: Staff is finalizing guidance regarding the process for adopting and implementing new or revised policies on a regular basis. Following cabinet and Board approval, the process will include steps for dissemination to the impacted staff, departments, and schools through appropriate memorandum, meetings, or trainings. | |

The district currently uses the same position control number for multiple positions, and for full- time equivalent (FTE) positions that have the same title, instead of creating a unique position control number for each board-approved position or FTE The district's current practice leads to lack of clarity about which positions are being filled and about the site to which each belongs, because the same position number can exist at multiple sites if the same title is assigned. During that time, site administrators and department managers are scheduled to mee in a district office conference room on days set aside for that specific site or department. The site administrators and department managers are provided a funding estimate from the business department, then work collaboratively with the business and human resources staff (using updated staffing costs) to determine staffing and other expenditure levels for the upcoming budget year. All information is input into the financial system during the meeting, and because appropriate approval authorities are physically in the conference room, approvals are obtained and actual staffing is determined for the next fiscal year. This is a more expedited process than the typical routing of position change forms between departments to obtain various approvals, and it ensures that staffing decisions, and thus layoff notices for the next school year, are determined by the March 15 deadline. | Does the district develop and use written budget assumptions and projections that are reasonable, are aligned with the Common Message or county office of education instructions, and have been clearly articulated? | Guidance provided in the May Revision Common Message stated that districts were "not to balance their budgets based on one-time revenues." The narrative included with the district's 2018-19 budget presented to its governing board on June 21, 2018 states that the district is using "\$13.2 million of one-time funds to meet the increase of labor contract negotiations." The district cited and used appropriate assumptions related to percentages and amounts per unit of average daily attendance (ADA); however, the district did not follow the guidance included in the Common Message, the governor's statement about one-time funds, or other industry-standard guidance, which expressly state not to budget one-time funding for ongoing costs. That one-time funding was an estimated \$344 per ADA at that time. The approved state budget enacted subsequent to the May Revision decreased the one-time per-ADA funding amount from an estimated \$344 per ADA to \$185 per ADA, which created an approximately \$7.4 million deficit in the district's 2018-19 budget due to the district's action to fully commit the one-time funds to ongoing costs. This action will also have severe impacts on future years because the one- time funding will likely be unavailable to the district, leaving a \$13.2 millio deficit moving forward. The district's restricted general fund ending fund balance increased from \$4,456,029 in 2014-15 to \$10,224,117 in 2017-18. S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

General Fund Definition

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. The General Fund also contains categorical programs such as Educator Effectiveness, Every Student Succeeds Act (ESSA), Title I, After School Education and Safety (ASES), and others.
