School Description

Luther Burbank High School is a comprehensive four-year high school located in South Sacramento. The school is dedicated to preparing our diverse student population for the challenges of college and career. In order to fulfill that promise the school provides programs that range from English Language Development to International Baccalaureate Diploma. Our Latino, African American, Pacific Islanders, South, South East and South West Asian students, among others, all share in the rich fabric of diversity the school culture provides.

In an effort to create an educational environment based on relationships and individual learning, the school has been organized into Small Learning Communities (SLC). Rather than a single large school of approximately 1700, we are a campus of six small learning communities, each centered around an academic pathway theme, where students are placed into groups of approximately 300 students and share the same "core" teachers, as well as a geographical area of the school site itself. The smaller learning communities allow for a more personalized instructional experience. In addition to more personalized instruction, the themes of the small learning communities allow the campus to better connect to the community at large, making instruction more relevant to students as they see, and experience, how curriculum translates to the world beyond our walls. The themes of our small learning communities are: Food and Health Sciences, Law and Social Justice, Media Arts and Technology, Building Trades Academy, World Cultures and Global Studies.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district has crafted a high quality professional learning program that is focused on Literacy (including ELA Common Core Standards), English Language Learners, Mathematics, Science, Physical Education and Visual and Performing Arts. Since the onset of Distance Learning in the Spring of 2020, we have provided all teachers and administrators with professional learning on Universal Design for Learning, and the professional learning we have made available is geared to distance learning. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

School Facility Conditions and Planned Improvements (Most Recent Year)

Luther Burbank High School, built in 1961, received Facility Inspection Tool (FIT) overall repair rating score of “good” from its most recent facility inspection in September 2018. The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe and functional. The district Operations Department takes great pride following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The passage of Measure Q, the district’s 2012 general obligation bond, provided facility upgrade funding to all district schools. The district performed Quick Strike projects during the summer of 2014, which allowed schools to pick from one of the following improvements: 1) marquees, 2) closed-circuit television (CCTV) surveillance, 3) exterior painting, or 4) seal coating and striping of parking lots or playgrounds. Fire alarms at all the district schools were upgraded. Additional 10 million dollars have been allocated for safety and security upgrades, which are expected to begin in 2019.

Funding from the federal government through Universal Service Administrative Company (USAC) provided for technology infrastructure improvements to the district’s wireless connectivity. The improvements, which are expected to be completed by the end of 2019, will increase classroom internet access and digital voice communication.

Luther Burbank High School received additional Measure Q allocation in the categories of Core Academic Renovation, Modernization, Repair and Upgrades that have been designated to be used to renovate ten science classrooms scheduled to start in winter 2019.

In addition, the State’s Emergency Repair Program funded the east parking lot asphalt and concrete upgrades, interior campus concrete replacement, kitchen repairs, new auditorium drapes, and 4-H building replacement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Luther Burbank has a parent center on campus. The parent center is currently staffed four hours per day and coordinates the Parent Home Visit Project, parent-teacher conferences, translation for parent contacts and Parent University. Additionally, five parents serve on the school's Site Council. Contact Jim Peterson for information and opportunities for parents to be involved with the school.

For more information, contact Jim Peterson at Jim-Peterson@scusd.edu

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	10.2	9.5	6.2	5.6	3.5	3.5
Expulsions	0.1	0.1	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	7.3	3.7	2.5
Expulsions	0.00	0.01	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers.

To that end, the district has crafted a high quality professional learning program that is focused on Literacy (including ELA Common Core Standards), English Language Learners, Differentiation of Instruction, Data Inquiry, Culturally and Linguistically Relevant Teaching and Learning, and Conceptual Understanding of Mathematics. The learning opportunities afforded through this program deeply align with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design.

Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

Types of Services Funded

SCUSD and district schools provide supplemental programs and services through categorical funds and other sources to support the needs of all students, including GATE, students with disabilities and English learners. Programs and services such as enrichment program, family engagement activities, supplemental instructional materials, and academic, social and emotional support programs help our students achieve grade level readiness, mastery of the California Common Core State Standards (CCSS), and college and career readiness. Luther Burbank High School and district supplemental programs and services include:

- Reduced teacher: student ratios
- Technology and supplemental reading and math materials
- Tutoring
- Extended day classes
- Fees for International Baccalaureate classes
- Bilingual tutors and materials
- Supplementary bilingual classes.

Please check with your child’s principal to receive information regarding the services that are specific to your child’s school.

Career Technical Education Programs

The College and Career Readiness Department provides high quality support to all schools in Sacramento City Unified as they move to adopt a “Linked Learning” approach preparing students for career and post-secondary experiences. The department also works closely with industry and community partners as well as post-secondary institutions to support our schools in preparing our students to be successful after graduation.

Linked Learning is a career-themed approach to learning that prepares students for their future: academic preparation for college and professional skills for success in the workplace. Students study through a profession that interests them, learning challenging academics and professional skills in the classroom while getting real world experience through internships. No matter which professional interest they choose, Linked Learning students develop into adults who are prepared for college, career, and life after high school.

The CTE programs offered at each of the SCUSD high schools are diverse and unique to the specific culture and needs of each school. The Career Technical Education (CTE) pathways represent the twelve (12) Industry Sectors identified by the state.

CTE programs and courses are reviewed by CTE District Wide Advisory Committee comprised of a variety of people including, but not limited to, business partners, community leaders, parents, students, educators and other interested parties. The committee discusses awareness, recruitment, placement, and retention of middle, high school students in CTE classes; local labor market, and school/business partnerships. Career technical education updates, evaluations and funding will also be reviewed. The committee is also responsible for approving the SCUSD Career Technical Education Plan.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
