2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>The Crocker/Riverside Staff extends a warm welcome to all the students and their parents. Crocker/Riverside School is an excellent neighborhood school with a dedicated staff, academically-minded students, and involved and supportive parents. We are committed in all our activities to provide a quality education for all our children. Our goal is to guide children to become fully participating citizens by giving them a strong academic education in a nurturing environment that recognizes diversity, promotes healthy choices, and embraces community involvement.</p> <p>Students receive a challenging and rigorous academic curriculum supported with enrichment activities, hands-on and real-life</p>

2024-25 School Description and Mission Statement

experiences, community resources, and active parent participation and involvement. Parent and community participation is outstanding and continues to provide vital assistance to our educational program. In addition to instruction in the core curriculum, students are provided learning opportunities in physical education, hands on science experiences through our Science Docent program, singing and music in the classrooms, library times, art through the Art Docent program, outdoor education through the Garden Docent program, classroom exchanges, and strong ties to the neighborhood middle and high schools, all of which enhances the school culture. There are many field trips and assembly opportunities, including annual trips to the Crocker Art Museum, a living history day at Sutter's Fort (4th Grade), Sacramento Ballet (3rd Grade), local historical sites, and a week-long outdoor science camp for our 6th graders. Our school's Parent Teacher Organization and School Site Council are very active and highly committed to supporting and improving the educational program and school environment through their involvement with the school and its many planned school and family activities.

There are a number of before and after-school programs, provided by outside vendors, including orchestra, band, choir, coding, art, chess club, Debate Cubs, Young Actors, Girls Scouts, Cub Scouts, Early Engineers, and a running/fitness program for the students. Our 4th-6th grade students participate in District-wide flag football, basketball, and indoor soccer leagues. Before and after-school child care is provided for a fee on our campus through the Sacramento City Parks and Recreation's 4th "R" program.

Crocker/Riverside School is a wonderful neighborhood school with a tradition of high student achievement, academic success for all students, and outstanding parent involvement. We believe in our students, and their educational success is our focus.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. This process occurred throughout the months of August and September 2024 and was approved by the board on September 18, 2024. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

School Facility Conditions and Planned Improvements

Crocker/Riverside Elementary School, located at 2970 Riverside Blvd , was built in 1939. It sits on a 4 acre site and houses 24 classrooms.

The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe, and functional. The district Operations Department takes great pride in following a work order process that provides efficient

School Facility Conditions and Planned Improvements

and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The Sacramento City Unified School District award winning facilities master plan outlines the modernization of SCUSD schools and facility buildings, many of which are over 50 years old. The plan is a living document, reviewed regularly. It can be viewed at scusdplan.org.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>We welcome parents/guardians and encourage them to be actively involved with the school's program. Parent/Guardian participation and involvement are very integral pieces of our program. Parents/Guardians are involved in all aspects of the academic program. They assist teachers in the classroom with tutoring, student projects, field trips, art programs, science programs, garden programs, etc. We have parent-run docent programs that rely entirely on parent volunteers for our science, art, and garden docent programs. We have have a morning no idling curbside drop off program that relies on parents/guardians each school morning for staffing. The school also has a very strong and active PTO that supports the teachers and school by providing a variety of school events and activities that enhance and enrich the children's educational experiences. Parents/Guardians are actively recruited for school social functions, PTO events, and as school helpers/volunteers. We have a strong School Site School, currently chaired by a parent/guardian, whose membership of ten includes five parents/guardians. Many of the educational experiences for the students are made possible through the efforts of parent/guardian involvement.</p> <p>In addition, many of our teaching staff members have an open door policy, where they are available to meet with parents/guardians to discuss their student's needs before or after school and via phone or email. Parent-Teacher Conferences occur twice per year, and Progress Reports are sent home up to three times per year where parents/guardians are encouraged to contact the teacher with questions or concerns. Where there are persistent academic or behavior concerns, Student Study Teams are convened, which include the parent/guardian, to discuss the concerns and implement needed student supports.</p> <p>Kindergarten Orientation occurs every year prior to the start of school to welcome our new students and their families, as well as to inform them of involvement opportunities. Some of these include classroom support, docent opportunities, chaperoning field trips, and volunteering at events such as Book Fairs, Back to School BBQ, Fall Carnival, Jog-a-Thon, Pancake Breakfast, Spring Jubilee, Sports Day, Read Across America Day, Drop 'n Go, etc. Parent informational meetings are held throughout the year with regard to grade-level specific matters, including language arts and math curriculum, living history, outdoor science education, student safety, and student enrichment. Two Book Fairs are held each year, staffed by parents, including two family nights.</p>

Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides meaningful and relevant opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to and benefit from culturally responsive high-quality instruction, universally designed and differentiated instruction, and anti-bias/anti-racist practices in a robust multi-tiered system of support. District leaders and partners also provide professional learning and resources specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture & Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: student engagement, culture and climate, standards-aligned curriculum, universally designed and differentiated instruction, and assessment for teaching for learning. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the

Professional Development

opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.
