

# THE BRIDGE

*Sacramento City Unified School District: Human Resource Services*

## **Our Mission**

It is the responsibility of the Human Resource Services to find, keep and grow extraordinary adults to serve the children in the Sacramento school community. We see ourselves as the architects of the employee experience in Sac City; we work to ensure employees feel valued, honored and supported and that they have opportunities to develop, excel and be recognized for their efforts.

# Talent Management

Our work is driven by what is best for students, families and our entire school community.

Welcome back!

Together we are the **Bridge to Success**, for our students and the staff we are carefully selecting to serve our school community.

As we continue to work with each of you to carefully select adults to serve the precious students of our school community, we are excited to announce a new arm of the Human Resource team.

This newsletter is one vehicle we will use to share relevant and valuable information. As indicated here in this first edition, we will share resources and tips designed to help you as an administrator; we also will soon launch a website that will feature resources for potential employees. Our commitment is to excellence. Excellence happens when you try each day to both *be* and *do*, a little better than you were yesterday.

Yours in Service,

*Tiffany*

*Kiki*

We are working on increasing our presence in our community. We would love to partner with you to support community members in completing Ed Join applications or support in other ways with the job application process. Reach out to us if you would like to visit your school community at an upcoming event.

We hosted Work Together Wednesdays in July, we offered more than 150 conditional job offers for a variety of substitute positions. We were fortunate to receive media coverage on ABC Channel 10 and run a Public Service Announcements on 7 local radio stations through iHeart radio.
