**SUPPORT PROPOSITION 58 –The LEARN Initiative**

**ADOPT A RESOLUTION  
For the November 2016 Election  
Support Multilingual Education!**

Over the next few months, boards of education and organizations can support the passage of Proposition 58—LEARN, a ballot initiative on the November 2016 ballot that will support the continued teaching of English in our schools, open the avenues to multilingual education, for all students and amend parts of Proposition 227. Proposition 58—LEARN is a result of a bipartisan vote in the Legislature sponsored by Senator Ricardo Lara (originally known as the Ed.G.E. Initiative.)

Proposition 58 gives school districts more local control, weaving the process into the Local Control Funding Formula's procedures and removing costly mandates including the current expensive waiver requirement. A more detailed summary of the Initiative's provisions is included in this packet.

We want to provide our students with the highest quality education and prepare them for college and careers. Extensive research has shown that students who choose to participate in multilingual programs attain high levels of academic achievement, including English and other language proficiency.

Proposition 58 supports English instruction for all students and provides schools and parents with a broader opportunity to offer multilingual programs and prepare our students with the global skills they need for success in the 21<sup>st</sup> century global economy. A recent UCLA study found that two-thirds of employers preferred to hire a bilingual employee over a similarly skilled non-bilingual employee.

The California Teachers Association (CTA), the Association of California School Administrators (ACSA), the California Schools Boards Association (CSBA), the California Latino School Boards Association (CLSBA), the Los Angeles Chamber of Commerce, United Teachers of Los Angeles (UTLA), California PTA (Parent Teachers Association), CABE, Californians Together, numerous individual school districts and public officials currently support Proposition 58.

## **Why do we need Prop 58?**

Under our current system, too many California students are being left behind and not given the opportunity to learn English with the most effective teaching methods possible.

This is because of an outdated nearly 20--year--old law, Prop 227, which restricts the instructional methods school districts can use to teach English. This old law also limits the ability of English--speaking students to participate in language immersion programs.

Prop 58 amends the law to ensure all students can learn English quickly as possible.

It's time to remove barriers to learning for all students by supporting Prop 58!

## **Prop 58 Expands Opportunities for English Speakers to LEARN a Second Language**

The California Department of Education reports that only 312 out of 10,393 schools offer multilingual programs.

Prop 58 removes barriers to school districts offering language immersion programs.

Prop 58 encourages school districts to provide effective instruction so native English speakers can become proficient in a second language.

## **Prop 58 Helps Students LEARN English as Quickly as Possible**

Prop 58 requires schools to offer a structured English immersion program to English learners, based on what teachers and parents agree are the most effective instructional methods for those students.

## **Prop 58 Helps Students LEARN to Compete in a Global Economy**

Students with a strong proficiency in English who also speak another language are better prepared to compete in the global workforce. The advantages of being multilingual include higher paying jobs, increased creative thinking and being more connected to work and community.

Extensive research has shown that students who choose to participate in multilingual programs attain high levels of academic achievement, including English and other language proficiency. In fact, they repeatedly demonstrate greater achievement and higher scores than English--only students.

## **Prop 58 Restores Local Control to our Schools & Gives Parents a Bigger Voice**

Prop 58 eliminates decades--old legal restrictions imposed on local school districts, allowing them to choose the most effective language instruction methods to help our students learn.

Prop 58 gives parents the ability to choose a language acquisition program that best suits their child. Parents must be consulted when the school district decides on the language courses it will offer. Parents can also join with other parents to request a specific language instruction program at their school.

## **Prop 58 Has Broad-based Support from Local School Districts, Educators, Parents and Employees**

Giving local schools the tools they need to help students learn is not a partisan or political issue. Prop 58 was placed on the ballot by a bi--partisan vote of the legislature.

Support for Prop 58's common--sense reforms to improve language instruction in our schools is broad--based and includes:

- Local school boards (the California School Boards Association)
- Teachers (the California Language Teachers Association, the California Teachers Association, the California Federation of Teachers)
- Parents (California State PTA)
- Employers (including the San Jose/Silicon Valley and Los Angeles Chambers of Commerce)
