SACRAMENTO CITY UNIFIED
LEADERSHIP PROGRAM

What is SCULP?

It is a partnership between Sacramento Unified School District, Sacramento County Office of Education and National University. Participants will earn their clear credential through the process.

Why?

Early this year, in February, The National Association of Secondary School Principals (NASSP) released an alarming report based on their national survey of secondary school principals, the results indicated a looming exodus of principals from preK-12 schools.

A staggering **4 out of 10 principals** surveyed expected to leave the profession in the next three years. The pandemic and increased political tensions are among the factors they cite for accelerating this decision.

Impact

- Impact on student achievement
- Impact on teacher satisfaction and retention
- Impact can support an inclusive school culture
