

Offer § 15497. Local Control and Accountability Plan and Annual Update Template

Introduction:

LEA: Sacramento City Unified School District Contact Dr. Sara Noguchi, Interim Superintendent, superintendent@scusd.edu (916) 643-7400

LCAP Year: 2014-2015

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and annual update template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs should comply with instructions and use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parent involvement: *efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

	<p>Assistance Program explained the Local Control Funding Formula. Chief Business Officer Ken Forrest presented early funding predictors for SCUSD, followed by breakout groups that gave introductory discussions of the 8 state priorities with examples of relevant District work within each priority. Qualitative feedback was provided by community partners, students, district staff, school administrators, student advocate groups, community organizations representing EL, Foster Youth and low-income students. 70% of school sites were represented.</p>
<p>December 16, 2013 Parent Advisory Committee Meeting</p>	<p>Chief Business Officer Ken Forrest presented on the 2014-15 budget and fiscal outlook, touching on rising costs, decline in enrollment and impact of the state's new local funding formula. A handout was provided with information on the eight priorities and attendees could choose three priority sessions where they heard more in-depth information and participated in a discussion.</p>
<p>January 22, 2014 Parent Advisory Committee Meeting</p>	<p>Attendees broke into smaller groups to discuss and give feedback on 4 of the 8 state priorities: <u>Student Achievement</u>, <u>School Climate</u>, <u>Course Access</u>, and <u>Implementation of Common Core Standards</u>.</p>
<p>February 13, 2014 Parent Advisory Committee Meeting</p>	<p>This Parent Advisory Committee Meeting focused on continuing to learn about the state priorities: <u>Student Engagement</u>, <u>Parent Engagement</u>, <u>Basic Services</u> and <u>Other Student Outcomes</u>. Input and feedback were recorded.</p>
<p>April 2, 2014 Parent Advisory Committee Meeting</p>	<p>A DRAFT LCAP was presented to the Parent Advisory</p>

District personnel attended District Advisory Group meetings, presented the DRAFT LCAP, and gathered feedback from each of these critical stakeholder groups. A survey on the DRAFT LCAP was created and PEVs shared the survey through their networks. Answers to questions gathered at these meetings are posted along with the answers to those posted by the Parent Advisory Committee at www.scusd.edu/LCAP.</p> <p>The draft LCAP was posted on the district website and shared broadly at various advisory committee and community group meetings in order to gather feedback from all stakeholders.</p> <p>LCAP discussions were included on agendas of regular meetings with all labor partners throughout the engagement process to ensure their involvement in discussions. Surveys and information on LCAP meetings were all distributed widely to all district staff.</p> <p>Responses to the draft LCAP and updates to the 2014-15 budget from the May Revise were instrumental in developing revisions to the draft and the completion of the final LCAP which was brought to the local Board of Education for approval with the District 2014-15 budget.</p>

Section 2: Goals and Progress Indicators

*For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, for **each** state priority and any local priorities and require the annual update to include a review of progress towards the goals and describe any changes to the goals.*

Instructions: Describe annual goals and expected and actual progress toward meeting goals. This section must include specifics projected for the applicable term of the LCAP, and in each annual update year, a review of progress made in the past fiscal year based on an identified metric. Charter schools may adjust the chart below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33. The metrics may be quantitative or qualitative, although LEAs must, at minimum, use the specific metrics that statute explicitly references as required elements for measuring progress within a particular state priority area. Goals must address each of the state priorities and any additional local priorities; however, one goal may address multiple priorities. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site. The goals must reflect outcomes for all pupils and include specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to "Engagement" (e.g., pupil and parent)?
- 4) What are the LEA's goal(s) to address locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for subgroups as defined in Education Code sections 42238.01 and 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific predicted outcomes/metrics/noticeable changes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority and/or to review progress toward goals in the annual update?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?

11) In the annual update, what changes/progress have been realized and how do these compare to changes/progress predicted? What modifications are being made to the LCAP as a result of this comparison?

Section 3: Actions, Services, and Expenditures

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require the LCAP to include a description of the specific actions an LEA will take to meet the goals identified. Additionally Education Code section 52604 requires a listing and description of the expenditures required to implement the specific actions.

Instructions: Identify annual actions to be performed to meet the goals described in Section 2, and describe expenditures to implement each action, and where these expenditures can be found in the LEA's budget. Actions may describe a group of services that are implemented to achieve identified goals. The actions and expenditures must reflect details within a goal for the specific subgroups identified in Education Code section 52052, including pupils with disabilities, and for specific school sites as applicable. In describing the actions and expenditures that will serve low-income, English learner, and/or foster youth pupils as defined in Education Code section 42238.01, the LEA must identify whether supplemental and concentration funds are used in a districtwide, schoolwide, countywide, or charterwide manner. In the annual update, the LEA must describe any changes to actions as a result of a review of progress. The LEA must reference all

B. Identify additional annual actions, and the LEA may include any services that support these actions, above what is provided for all pupils that will serve low-income, English learner, and/or foster youth pupils as defined in Education Code section 42238.01 and pupils redesignated as fluent English proficient. The identified actions must include, but are not limited to, those actions that are to be performed to meet the targeted goals described in Section 2 for low-income pupils, English learners, foster youth and/or pupils redesignated as fluent English proficient (e.g., not listed in Table 3A above). List and describe expenditures for each fiscal year implementing these actions, including where those expenditures can be found in the LEA’s budget.

- C. Describe the LEA's increase in funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5). Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charter wide manner as specified in 5 CCR 15496. For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state priority areas. (See 5 CCR 15496(b) for guidance.)

Sacramento City Unified School District (SCUSD) serves over 43,859 students (2013 CBEDS) on 72 campuses. The student population reflects significant diversity: 37.1% Hispanic or Latino; 17.4% Asian; 1.7% Pacific Islander; 1.1% Filipino; 17.7% African American; 18.8% white, and .8% American Indian. About 6% of students are of two or more races or ethnicities. Residents within SCUSD speak more than 40 languages; 38% of students do not speak English at home and 22.7% of students are designated as English Language Learners. Approximately 74.6% of students are designated as low income, and 1% or 576 students are Foster Youth. In SCUSD, the percentage of total students within the target subgroups is approximately 75% of the overall student population or 3 out of 4 students meet the definition of unduplicated students. The estimated supplemental and concentration grant funding is \$30,614,870. Out of this amount, approximately \$9,227,176 of LCFF supplemental and concentration grant funds was budgeted district-wide for expenditures to meet the needs of all students. Through an examination of student data and feedback from our parent advisory and stakeholder groups, the following expenditures were identified as best practices for serving our target subgroup students on a district wide basis:

Increased staff time for professional development and professional learning communities in order to increase the effectiveness of staff, examine students data and plan instruction for students based on data: End of furlough days - \$1,598,407

Counselors – additional needed to work with target subgroup students and their families to assist with educational planning and success: \$3,000,000

Restoration of custodians and plant managers to maintain clean and healthy learning environments: \$2,650,000

Restorative Justice Programs - \$200,000

School Resource Officers – to augment and support safe schools/anti-bullying programs: \$300,000

District librarians – to provide supplemental literacy support to target subgroup students through increase hours and assistance and with maintenance of school libraries and media centers: \$1,000,000

District wide translation services for students and families: \$678,769

- D. Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

The calculated percentage by which services must be increased for the unduplicated students is 10.95%. As mentioned above in Section 3C, these funds were allocated to all schools that have low income and English Learner populations. Schools that previously did not get an allocation for these groups of students due to low percentages, are now getting a portion of LCFF supplemental funds. These school sites will now be able to provide increased services to these students. Proportionally, schools with higher concentrations of low income, ELs, and Foster Youth and students with disabilities are getting higher LCFF funding. We must increase our spending for low income students, Foster Youth, and English Learners as follows: 2014-15: \$3,353,299; 2015-16: \$2,324,809; 2016-17: \$1,703,638. Each SCUSD school has a diverse students population with varying and differing needs. School sites employ staff working in supplemental positions and implemented specific support programs based on their student needs. SCUSD allocated \$9,800,000 to 61 school sites based on their unduplicated numbers of EL, Low Income, and Foster Youth to ensure that schools could make decisions to best meet the needs of the targeted subgroups at their sites, based on stakeholder feedback. Examples of school site expenditures to support their target subgroup students include:

Site instruction coordinators to guide, support and ensure effective Common Core instruction and supplemental support - \$1,128,371

Teacher Extra Duty Pay for teacher professional development and to provide instruction during extended learning time for students - \$632,861

Training specialists to provide additional professional development to teachers in order to meet the instructional needs of low income, English learners, and foster youth - \$354,231

Resource teachers to provide a variety of learning supports including differentiated instruction - \$2,243,605

Additional counselors to provide support and guidance specifically, to EL, low income, and foster youth and their families/guardians - \$314,781

Instructional Assistants to provide support additional assistance in the classroom in order to allow the teacher small group assistance time - \$715,839

Student Outreach Workers, Learning Support Specialists, and Social Workers to provide support to low income students, ELs, and Foster youth and their families with academic and attendance issues - \$354,346

Supplemental instructional books and materials – to enhance instruction for EL, low income and foster youth, including primary language materials - \$1,683,701

School staff and School Site Councils aligned their Single Plans for Student Achievement (SPSA) to the goals and action in the approved LCAP. School sites will need to reference the LCAP and SPSAs when submitting requisitions to ensure that expenditures of LCFF supplemental and concentration grant funds meet the intent of the LCAP actions and provide support to target subgroup students.
