7.1 *Recognition of and Comments by Outgoing Board Members*

Member Cochrane reflected on her time as a Board Member with the District.

Public Comments:

None

Board Comments:

President Ryan has the honor of recognizing outgoing Board member Ellen Cochrane who was one of the most remarkable educators and among one of the hardest working Board members. Sad to see her move on to her next endeavors but have a tremendous amount of gratitude for her time on the Board. Many do not know, after her first year serving on the Board, she left her job teaching so she could dedicate her time to serve her schools as a Board member.

2<sup>nd</sup> Vice President Minnick admires Member Cochranes leadership and advocacy not only for area but entire district. Our community is lucky to have you.

Vice President Woo thank you Member Cochrane for your dedicated service. Really values your position and the way you presented it. Appreciates the dialogue shared.

Member Vang going to miss serving alongside you. You have an unwavering commitment to our students and schools. Your insight as a public school teacher has been so important. It has been an honor serving alongside you. Proud of your work, advocacy for all of our students.

Member Pritchett being a Board member is a lonely place sometimes. It is really hard work. I know I have said being on the Board is like a puzzle, you are a piece of that puzzle. Having the expertise of being a teacher, you enlightened the Board on certain subjects. Definitely have sacrificed a lot.

Student Member Halbo thank you for dedication to our students. So glad to be represented by such a strong woman. Will be missed.

Superintendent Aguilar thank you for your commitment to SCUSD. You were very clear in expectations. Seen commitment you have for all students. Suspects we will continue to see articles authored by you. Appreciates memories and looks forward to seeing work you do in the next phase of your life.

Member Cochrane taught for twenty years and served on the Board for four. This is a door silently closing behind me. This is something that will always be close to my heart. Thank you for all your kind comments. I know I will see all of you and I am looking forward to that.

## **9.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES**

*9.1 Receive Information from Fiscal Crisis & Management Assistance Team (FCMAT) Fiscal Health Risk Analysis Report (Dr. John Quinto)*

Michael Fine, Chief Executive Officer, FCMAT and Michelle Giacomini, Deputy Executive Officer, FCMAT presented the Fiscal Health Risk Analysis for information.

Public Comments:

Bob Hammes

Cecile Nunley

Board Comments:

President Ryan we have been asked time and time again what happened that resulted in the current situation of fiscal distress. In reviewing report cover to cover, we have talked about this over reliance on one time funds; a

growing unfunded liability; our special education expenditures outweighing the revenues we are receiving. But that tipping point, based on the fiscal analysis, that in our last year we entered into contractual obligations that exceeded our ability to sustain those obligations post one time funds. Michelle Giacomini responds, until last year you [SCUSD] were doing a much better job when entering into agreements for expenditures, you [SCUSD] were balancing the budget. But last year you [SCUSD] started deficit spending.

President Ryan would like to do an assessment of what we have in place if anything and how we can move forward with policies around the SST. Recalls when reading the audit, there was wide variance in how our SST's were being implemented across the district. That is quite concerning.

2<sup>nd</sup> Vice President Minnick thanks the FCMAT for the way the information was communicated. Appreciates clarity.

Vice President Woo thanks FCMAT for their work. As the most senior member on dais, apologizes if past mistakes were made. Welcomes FCMAT.

Member Murawski appreciates work. This report offers a good overview of our [SCUSD] fiscal habits. It offers a roadmap for us [SCUSD] to correct. Looking forward to being the chair person on the fiscal transparency and accountability committee. Asks for recommendations on what to address first. Michelle Giacomini responds, priority wise as a Board, you need to move faster than you are right now. Time is running out. Start to balance budget. In the report there are a lot of suggestions to help get started.

Member Pritchett thank you for bringing all of this to our attention and for this honest conversation. We [Board] don't know what we don't know. But what we do know is we have seen issues. We [Board] do know we have seen departments working in silos and we have brought this out. One thing known is with our Superintendent being only a year into this job, he is breaking down those walls and has brought things to our [Board] attention prior to this report. Such as sweeping positions and trying to solve our budget. The next six months are definitely going to be crucial. Would like Superintendent to respond on what our plan is to fix these findings and what our plan is over the next six months.

Mr. Aguilar responds, he would like to first thank Mr. Fine and Ms. Giacomini for their presentation and for spending three days with our staff. Everything we face in SCUSD, even while it may not have been the fault of sitting Board members or sitting Superintendent, these are our opportunities and challenges to confront. That is the spirit of operation every day. Very confident that we have both the will and commitment to take action on these items. Certainly will not see any future proposal that looks to use one time funds for ongoing expenses. That is not going to happen. We have put a spending freeze and have instituted a more streamline approach to ensure that there is a Cabinet to Cabinet accountability in our district related to the budget process. The idea of position control is that we had many positions open or vacancies and we budgeted for those even if not filled. Under Dr. Quinto's leadership we are ensuring to reconcile those positions on a monthly basis.

Member Garcia thanks FCMAT for very sobering report and analysis. Many questions had earlier already have been answered. This is definitely a road map that we need to work from. We have no time to spare. Would like to get a better sense of what happens next relative to your [FCMAT] role. Mr. Fine responds they will continue to partner with the District and communicate with the county appointed fiscal advisor to do whatever needs to be done to provide assistance so the district does not go further down the path.

## 9.2 *College Application Process Update (Vincent Harris and Christina Espinosa)*

Vincent Harris, Chief Continuous Improvement and Accountability Officer; Christina Espinosa, Director, Guidance and Counseling and Jim Peterson, Principal, Luther Burbank High School presented this item for information.

### Public Comments:

None

### Board Comments:

Member Pritchett if what we are doing at Burbank is going so well, what are we doing to ensure that it's at all of our high schools. Ms. Espinosa responds, this was the first time collecting data during the application cycle that's exactly what they hope to replicate.

President Ryan wants to commend team on what is pretty remarkable. When looking at the movement seen in students meeting UC/CSU requirements, the gains we have seen should be something we are celebrating. Appreciates Principal Peterson for going above and beyond.

Member Vang many of our students don't have the opportunities. What we are doing at SCUSD and what Luther Burbank is doing is actually creating that system change to ensure that we don't actually base it on luck. To ensure that every student actually can go to college. It also takes an incredible team to get the outcomes that we see tonight and incredible leadership. Wants to publicly acknowledge Principal Peterson for the incredible work he has done at Luther Burbank.

Member Garcia mentioned data was received late from partners so some students missed the deadline application. Ms. Espinosa responds, no we were not able to get real time data applicant data during the cycle from some campuses. That's just by virtue of how their system works. So from CSU partners and Los Rios it was easier for them to download applications because they are using the same platform so it's more from a technical perspective that their inability to share with us in real time who applied and who had not. The supports were still provided and deadlines were still communicated to students. Member Garcia continues you are tracking completion and submission of the application are you also tracking enrollment and completion? Ms. Espinosa responds those are our next steps.
